Sustainability For Directors

3,10,17, 24 & 31, May 2024 | 9.30 AM to 2.30 PM GMT

“Proficient Directors make
Effective Boards, and Effective
Boards Deliver”

www.thesustainabilitypractitioners.com

About The Program

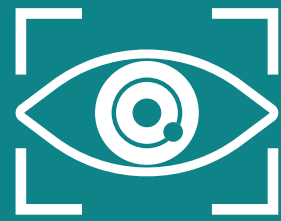

Board directors need to understand sustainability to be able to provide effective oversight. Sustainability has gone mainstream in the corporate world. The board of directors have a decisive role to play in leading their organization's sustainability efforts. Understanding the risks and opportunities associated with sustainability and ensuring that their companies are well-positioned to emerge as a profitable responsible business in a world that values sustainability and social responsibility, squarely falls in their area of responsibility.
