

BSides South Florida

Security BSides is a framework of events that enables individuals to expand the spectrum of conversation beyond the confines of traditional media. Events such as BSides enable individuals to drive the event, shape the media, and encourage participation. BSides are free, community events put on by local individuals with the express goal of enabling a platform for information dissemination. BSides is an 'unconference' that follows the 'open spaces' format. This varies from structured presentations to smaller break-out groups, but both provide a direct connection between speakers and the audience. Thousands of people have attended and written about their experience at BSides events worldwide. BSides are community-organized, volunteer-driven, and corporate-funded.

BSides South Florida is a local non-profit that was founded by several of the region's leading security executives to bring this unconference to our local area. The goal of the conference is to open up opportunities to students, researchers, and industry veterans alike, sharing what South Florida has to offer. You can find the profiles of the leadership team on our website.

Support and Sponsorship

The Value of Sponsorship

The goal of BSides is to offer small, intimate events where all participants can engage with each other to help develop connections, friendships, and network with different industry professionals.

We recognize the value in engaging a smaller audience and being the big fish in a small pond. Every organization will have different goals and priorities, which is why we offer different levels of participation for every individual, group, or organization. We specifically designed several different options for any-sized organization to participate and support this event.

Reasons to Show Your Support

BSides South Florida isn't your typical cybersecurity event; it's a **grassroots gathering fueled by curiosity, collaboration, and community**. Built by and for security professionals, BSides exists to **break down barriers**, not build up booths. We're here to spark real conversations, elevate unheard voices, and create space for security leaders and newcomers alike to **connect, learn, and grow**.

- Reach practitioners and **decision-makers** in security, DevOps, and compliance
- Support **local security education**, diversity, and workforce development
- Recruit from a pool of **engaged and skilled security professionals**
- Be seen as a **thought leader** and brand ally in cybersecurity
- Position your company in the **fast-growing South Florida tech ecosystem**

Brand recognition and awareness: Depending on the level of sponsorship, you may recognize your brand placement at some or all of the following: t-shirts, signage/lanyards, meal sessions, Happy hour, or attendee badges. Based on your level of participation, creative and custom branding may be arranged

Big fish, small pond: For some, sponsoring large events is not within their price range, leaving them with no option for communicating their message. BSides is just the place for you! This small, community atmosphere brings together active and engaged participants who want to absorb information. Sponsoring a BSides event enables you to be that big fish in a small pond and better communicate your message to an active audience.

Stay in touch with the industry: BSides enables its supporters and participants to identify and connect with industry leaders and voices. These participants represent the social networking of security. They are the people whom you want to engage to solicit feedback and bring a voice to your conversation.

Stay abreast of the next big thing: Nobody knows what the “next big thing” will be, but these events are community-driven with presentations voted upon by the volunteers. There is no magic to how it works, but we believe that listening to cutting-edge researchers can help prepare you and help identify what the next big thing might be.

Local leaders and cyber experts: BSides is *locally driven*. Our goal is to bring together not just the technical experts, but the executive leaders from the region as well. With our offering of both technical and leadership tracks, you can be sure that all levels within the market will be in attendance.

Sponsor Raffle

At the conclusion of the event, each sponsor will have the opportunity to draw a name from their collected entrants. The raffle will kick off the happy hour and will have everyone's full attention on your company's name and product. What you choose to raffle is up to you and is completely optional, but it is yet another opportunity to have your company highlighted in front of the entire attendee group.
