

RYA POWERBOAT INTERMEDIATE

Overview

The RYA Intermediate Powerboat: Covers the practical use of pilotage and passage planning by day on coastal waters using both traditional and electronic navigational techniques. It aims to teach the standard required to complete a short coastal passage by day.

This course builds on the foundation knowledge of the Level 2 course and is suited to those who aim to drive larger more powerful powerboats. During the course you will cover cruising at planing speed and more advanced boat handling.

It is recommended for anyone considering moving on to the Advanced course. The course can be conducted on a planing or displacement boat.

Seagrass Marine run this course on our vessel Seagrass Pogsea, a fully coded 6 metre Humber Destroyer Rigid Hulled Inflatable Boat (RHIB), however we can also offer own boat tuition if you have a suitable and insured boat – please contact us to discuss your requirements.
