A modern interior design studio with large windows, a long sofa, and a coffee table.

OUR PROFILE

Established in 2017, we are a collaboration of Interior Designers and Interior Architects, boasting more than a decade of collective experience in the Construction Industry.

Our primary focus is on serving clients who seek to rejuvenate their homes without undertaking expensive renovation projects.

Our specialization lies in providing a wide array of interior finishing treatments to accommodate diverse design preferences. This encompasses services ranging from the installation of wallpapers and window films to applying epoxy paints on furniture and various wall surfaces.

Our distinctive approach involves maintaining direct control over the installation process rather than outsourcing it to external workers. Rest assured that every step of the installation process will be executed with the Quality Control standards, ensuring workmanship and aesthetics
