Welcome to my wholesale bakery in Miami. I can deliver seven days a week with a minimum order of \$500. I open the bakery at 1 a.m. daily, bake all the orders fresh that day, and deliver them between 7 a.m. and 9 a.m.

My experience as Executive Pastry Chef for over 25 years, since I was 16, has been with the Ritz Carlton and Marriott Autograph collection, Paris Hotel Las Vegas, the Opening of The Cosmopolitan Of Las Vegas, Crystal Cruise Line, and Large Convention Centers. I have opened several hotels, competed in 2 World Pastry Championships and over 20 ACF competition medals, and received an invitation to the White House to represent the American Culinary Federation as The ACF Board Chair for all chefs in America.

Below, you will see the different categories of product lines that I can make today. The best pricing method is for me to price out your current menu and present a tasting of 10 items on your menu, and you can compare my pricing and quality to what you are currently receiving and make your own decision.

To order, after the W9 is set up with your accounting department as a vendor, then email your order with the delivery date, and I will return a confirmed email. Effortless thanks, Thomas. Order over \$1K and get 20% OFF.
