

2026 Fine Art Show and Sale Pricing Instructions

Simply type in your information where indicated on the fillable price tag form.

You can move between sections by using the Tab button.

Please keep pricing simple – rounded to the nearest dollar.

Item Categories must be one of the following:

- Assorted Creations
- Book(s)
- Fiber Art
- Glass
- Jewelry
- Mixed Media
- Note Card(s)
- Painting
- Photography
- Pottery
- Resin
- Woodworking

You were given a choice of up to 6 categories (including the Assorted Creations category) on your registration. Your price tag categories need to match those. If they do not, the item will be entered as an “Assorted Creation”. If you need to change or add to the categories you registered with, contact [Joe Freeland](#) so he can update the data base.

The [Additional Information](#) Section is for your use and/or clarification for our customers. You can use this for size, title, or a more specific description. This information will not get entered into the database. If you wish to have your price tags back after the show reconciliation is finished, please let us know.

Some of our members have experienced a printing issue with the price tags where the last two on the page split out on a different page. Please test your first page so you know if you have to adjust.

Because this is an Excel-based document, if your cursor is in a specific area, you may be asked to define the print area. Simply move your cursor to outside the field of print and that notice will go away.
