

## Assembly Instructions

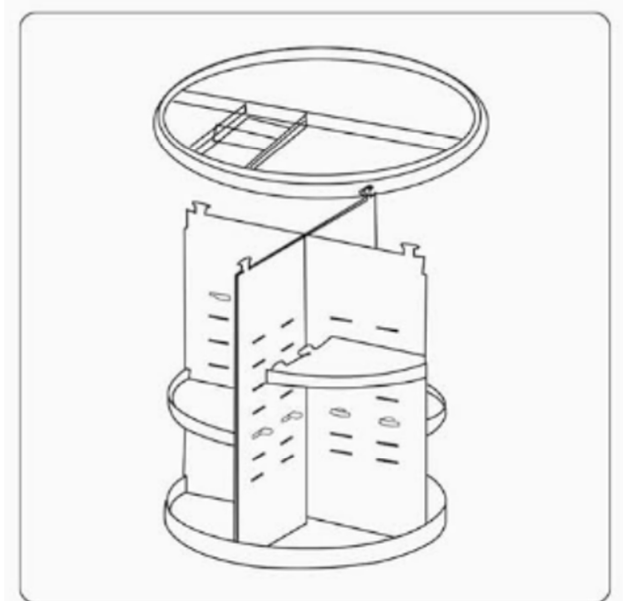

1. Insert one of the rectangular plates into the rotating base as shown above.

2. Insert the other rectangular plate into the first plate using the center grooves to attach.

3. Insert the triangle shaped trays into the slots on the plates. Customizable - Arrange them to best fit your planned storage needs.

4. Place the circular top plate on top of the assembled organizer.

*Note the Organizer is now complete, but if desired use the supplied small rubber bands on all attachment points for extra stability.*
