

LATINA LEGAL MINDS

VIDA CIRCLE

Unlearn silence. Share knowledge.
Rise together.

WELCOME TO VIDA

VISION. INTENTION. DIRECTION. ACTION.

The VIDA Circle is an experience for Latina attorneys ready to lead with clarity, confidence, and comunidad.

You'll join a curated circle of mujeres like you who are ambitious, experienced, and done playing small. Together we'll have the real conversations, nothing is off limits – salary, strategy, power, burnout, visibility, and legacy. And we won't just talk. We'll act.

INSIDE VIDA

WHERE CLARITY MEETS COMUNIDAD

You will gain clarity on the future you want and build the confidence and strategy to pursue it. You'll define success on your own terms, set bold intentions, and create a plan of action that aligns with your purpose and power.

Together, we'll have the conversations missing (at least for us) from most legal spaces: navigating power, setting boundaries, advocating for dinero, and building a legacy that truly reflects you.

Each session blends real talk with real action. No fluff. Just a circle of poderosas helping each other rise.

THE VIDA EXPERIENCE

Each 90-minute session blends strategy, reflection, and real-time coaching. You'll engage in powerful discussions, receive peer support, and leave with clear next steps. The VIDA Circle will hold you accountable, asking for the chisme surrounding all your power moves. It's a safe space with a private circle of Latina attorneys committed to growth and amplifying their power.

MY STORY, OUR SOLUTION

From first-generation law student to BigLaw partner, I've climbed a path where I often felt like the only one. The only Latina. The only one carrying family expectations. The only one with pressure to succeed.

I know how heavy that can feel.

I created the VIDA Circle to be the kind of space I wish I had all along. A place where Latina attorneys can be honest, strategic, and deeply supported. A circle where we share knowledge, hold each other accountable, and rise together.

Because we were never meant to do this alone.

You give so much to your clients, your community, your familia. It's time to give something powerful to yourself.

You deserve this time. You deserve this investment. Give yourself what you've always given others: your best.

Take action NOW!
