This time honored system for conducting business is the clearest way yet devised for getting the maximum amount of business done in the minimum amount of time, regardless of the degree of disagreements amongst the participants. These rules are meant to be used as tools to help us make orderly collective decisions in a cooperative , respectful way in the spirit of our 12 Concepts; please do not use them as weapons against one to another . We encourage all participants to become familiar with these rules of order and to conduct themselves accordingly. Once the meeting is under way, only one matter will be before the committee at any one time and no other discussion is in order.
