

**ARRYTHMIA RESEARCH TECHNOLOGY, INC.
EXECUTIVE INCENTIVE PLAN (EIP)**

I. Introduction

A. Eligibility

1. Employees eligible to participate in the Arrhythmia Research Technology, Inc. (“ART” or “the Company”) Executive Incentive Plan (the “EIP” or the “Plan”) are those employees of the Company, and its subsidiaries (collectively with “ART”, the “Company”) include the Chief Executive Officer (CEO), the Chief Financial Officer (CFO) and other Executives (“Executives” or “Participants”) as may be presented to the Compensation Committee by the CEO for consideration as an Executive. The Compensation Committee has the sole discretion to determine whether an employee is an Executive, determine their compensation and determine whether the employee is eligible under this Plan. The Compensation Committee may remove any individual from participation in the EIP at any time.

2. The Board of Directors reserves the right to amend, modify or terminate the EIP, in whole or in part, at any time, in its sole discretion including, without limitation, to comply with applicable local law, rules and regulations.

B. Objectives of the EIP

- To enhance the Company’s competitiveness and the Company’s ability to attract, motivate and retain top talent;
- To recognize the role of senior leadership in the success of the Company;
- To reward annual financial and individual performance that complements the Company’s longer-term strategic focus; and
- To encourage collaboration and teamwork across the Company.

II. EIP Elements

A. Bonus Pool

The bonus pool (“Pool”) for the year shall be 10% of net income before bonus, excluding certain extraordinary items (“net income”), per the approved budget. The payout of the Pool shall be measured 90% on net income, and 10% will be discretionary by the Board. For example, if the budgeted net income is \$1.8M then 10%, or \$180K, is added back to net income to arrive at \$2.0M of net income before bonus. Therefore 90%, or \$180k, will be attributed to the net income portion of the calculation while the remaining \$20k shall be at the discretion of the Board.

B. Funding of the Pool

In order for the pool to be funded, actual revenue must equal or exceed 90% of budgeted revenue. Funding of the pool is scaled relative to the extent of achievement of the plan as per the table below. If the net income target shall be exceeded, then the payout shall be as per the table below, with a maximum payout of 150% of target. So, continuing the use of the example above, if net income exceeds budget by 20% (\$2.2M), then the bonus shall be 140% percent of pool, in this case \$301k.

% Plan Achievement	% Target Amount Funded
<75%	0%
>75% but <=100%	Proportionate
105%	110%
110%	120%
115%	130%
120%	140%
125%	150%
>125%	150%

C. Award Components

Bonuses will be established for each Participant. Target Awards are determined by position level and will be typically expressed as a percentage of a Participant's annual base salary rate as of the last day of the applicable fiscal year. Annual base salary does not include other forms of compensation (such as, without limitation, bonus payments, long-term incentives, overtime compensation, stock based compensation and other variable compensation). Target Awards may also be a specified fixed dollar amount.

Target Awards shall be comprised of two components: Cash and Equity. The CEO and CFO Target Awards shall be split and payable 50% in cash and 50% in equity, until such time as stock ownership guidelines are met, at which time the full Target Award may be payable in cash. Target Awards, and the split between cash and equity, for other Executives, as may be determined in accordance with Section I(A)1, shall be determined by the Compensation Committee. Target Awards will be payable in the form of equity may take the form of stock options ("options"), or Restricted Stock Units ("RSU's") at the discretion of the Executive, or other forms of stock based compensation in accordance with the Company's 2010 Equity Incentive Plan. Stock awards may be in the form of stock grants ("grants") at the sole discretion of the Board and in accordance with the Company's 2010 Equity Incentive Plan.

This EIP and Target Awards do not constitute a guarantee of or entitlement to a bonus payment. A Participant's actual bonus payment may vary from his or her Target Award.

D. Valuation

The share price used to calculate the number of shares issued will be the higher of the average closing price of the last ten trading days of the preceding year, or the fair market value of the shares on the date of the award. Shares will not be issued "in the money". Shares paid by grant are automatically vested. Shares paid in the form of RSU's shares shall vest annually over three years.

E. Trap Door

As per the table above, with the exception of the discretionary portion, target categories shall only be eligible for payout proportionately to the level achieved. If a target category shall fall below 75% there will be no payout for that category

F. Long-Term Incentive Plan (LTIP)

The purpose of the LTIP is to reward executives for achievement of the company's strategic objectives that lead to maximization of shareholder value by continual growth of Earnings per Share (EPS).

EPS growth targets shall be determined annually by the Board. Achieving targeted EPS growth shall result in an equity award equal to one times (1.0x) the current year equity portion of the EIP, if awarded, or as otherwise determined by the Board.

LTIP awards shall be awarded 100% in the form of stock-based compensation as stock grants ("grants"), stock options ("options"), Restricted Stock Units ("RSU's") at the discretion of the Executive, or other forms of stock based compensation in accordance with the Company's 2010 Equity Incentive Plan.

The total outstanding shares to be used for the EPS calculation shall be adjusted, with Board approval, for such items including but not limited to changes in accounting policies, extraordinary items, impairments, restructuring activities, stock buybacks and mergers and acquisitions.

G. Valuation of LTIP Shares

The share price used to calculate the number of shares issued will be the higher of the average closing price of the last ten trading days of the preceding year, or the fair market value of the shares on the date of the award. LTIP shares will not be issued "in the money". Shares paid by grant are automatically vested. Shares paid in the form of RSU's shall vest annually over five years.
