

WHY YOU NEED PET HEALTH INSURANCE

1 PET INSURANCE IS FLEXIBLE

With plans available to suit all budgets, and multi-pet discounts, your pet can have the accident and illness protection they need.

2 OLDER PETS CAN BE INSURED

With Petsecure, there is no age limit to insuring your pet, allowing senior pets to be covered. Specific medical records are required for dogs over eight and cats over ten years of age.

3 COVERAGE FOR HEREDITARY PROBLEMS

All of our plans cover hereditary problems like allergies or hip dysplasia, as long as there were no signs or symptoms present prior to insuring your pet or during the waiting periods.

4 EASY DECISIONS

The last thing you want to worry about is if you can afford treatment for your pet. This is where pet insurance can alleviate those stressful situations and get your pet on the road to recovery.

5 EMERGENCIES & MORE

Emergency care is covered as well as dental care, massages, acupuncture, and chiropractic and homeopathic treatments!

6 VISIT ANY LICENSED CANADIAN VET

There are no restrictions on the clinic you choose. You can also visit any licensed vet in the USA if you happen to be traveling with your pet.

7 GREAT COVERAGE

Petsecure reimburses up to 80% of the costs of care and vet services, less an annual deductible. Coverage includes exam fees, taxes, prescriptions, hospitalization, and much more.

8 ILLNESS VS. ACCIDENT

75% of claims submitted to Petsecure are for illness, compared to 25% for accident.

9 PROTECTED FOR LIFE

80% of senior and 40% of young and adult pets insured with Petsecure have claims submitted.

10 PICK YOUR PLAN

Petsecure has four different plans to suit your budget, making pet health insurance affordable.
