Ron,
As of tomorrow I need you to remove any and all information of Safety Sentry Inc. from Dangeroustrailers.org. Also any brochures products that is in your possession needs to be returned as soon as possible. I am removing any and all information from my sites as well. As soon as you are ready to ship I will release my account number so that your not out any monies for my products. Good luck with your endeavors. This is now becoming controversial and I am going to do all in my power to make sure credit for accomplishments in the Virginia Law is and has been clear and precise. I will take this all the way to the top of the State to make sure everyone knows where the SB 646 came from a federal law that has been on the books since 2005. No hard feelings Ron but I am tired of spending my money for not. So I will be sending a 1099 and writing off about 100,000,00 off from this fiasco of Virginia Laws and Legislation. I will see what I can do to make sure everything is accredited in the right areas.
