

## Fatal Crash Claims Life of Branson Woman

Thursday, Apr 24, 2008  
@07:08am CST

This Just Happened!!

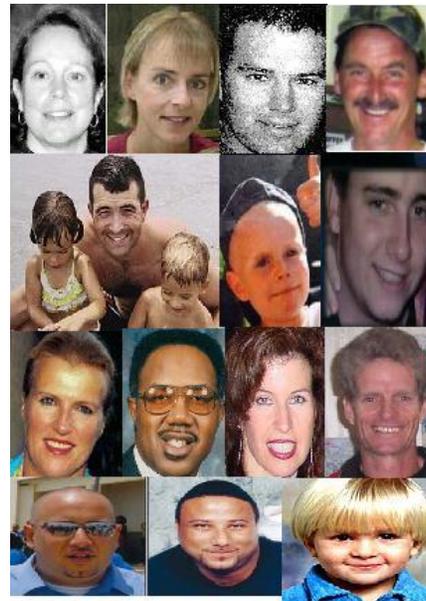

A woman from Branson, Missouri was killed Wednesday in a freak accident in northern Arkansas.

Authorities in Boone County say Lilagay Wagner, 57, was killed when a flatbed trailer hitched to a pickup detached and hit the car she was riding in.

Wagner was a passenger in a car that was traveling south on Highway 65 near Harrison; the truck was going north.

Again we have the same issue. All were killed by loose trailers on the highways.

Please keep in mind that on the roads of Missouri more have been killed I just don't have access to the police reports. In addition some accidents are not recorded correctly.

The Lives above have all perished due to loose trailers  
(Random Acts Of Negligence)  
Who is going to be next?

Look at the facts our government has failed to address this issue in every state. Once again our country does not address issues until the right person gets hurt or killed. Why has nothing been done since 2001? See more at [www.dangeroustrailers.org](http://www.dangeroustrailers.org)

Dangerous Trailers in Missouri (Note) Publication is an attempt to bring awareness to the dangers of unregulated trailers.

In most states anybody can build one and very little training is offered.

Ron J. Melancon  
President  
[www.dangeroustrailers.org](http://www.dangeroustrailers.org)

This publication is an attempt to bring awareness to the dangerous conditions these utility trailers bring onto the roads of the State Of Missouri.

In fact these unregulated trailers under 3,000 are bringing havoc all across this country. This brochure will highlight 3 cases that are factual and will shed some light as to the deficiencies that exist. I will offer any help to the political leaders of Missouri to recommend ways to improve these trailers and to make the roadways safer. We have been successful in making the leaders in Maryland and Washington State aware of this issue.

Police officer Ziegler accident  
September 29, 2001. Married  
father of 4.

Ziegler was in his patrol car heading south on U.S. 67 on the morning of Sept. 29, 2001, when a utility trailer broke loose from a northbound sport utility vehicle. The trailer slammed into Ziegler's car. The 32-year-old officer died the following day at St. John's Mercy Medical Center in St. Louis.

Ziegler was the father of four children. His wife and children became the first in our county to benefit from the recently formed St. Francois County chapter of the Backstoppers. That is an organization that provides financial assistance and moral support to the survivors of law enforcement officers and firefighters who die in the line of duty

Loose Trailer Kills 1 On Hwy. 50  
59-year-old Charles E. Lewis.  
Date January 4, 2006

The accident was reported at about 8:45 a.m. Police said a flatbed trailer came loose from a pickup truck, crossed the median and hit an SUV in the eastbound lanes. AGAIN SAME ISSUE.. what's worse this ...then he became a victim again when after he was killed someone robbed his house neighbor Denise Moss said. "For someone to break into a house, it's
