Dear Valued Contract Management Client,

We are excited to announce that SenSoft International is restructuring. Lisa Satterlee, VP of Contract Management, and her team will be transitioning to Granite Government Group LLC ("Granite" or "G3") effective October 1, 2024. As part of this transition, your dedicated Contract Management Team—Lisa Satterlee, Justin Greer, and Lesah Ashton—will be moving to Granite. They will continue to provide the exceptional Contract Management services you have come to know and trust.

While there will be no changes to the hourly rates or retainer amounts for most vendors, there may be charges in the future associated with the use of certain tools, such as Advantage upload, FCP, and Modification support tools, depending on your specific offerings and activities. We will reach out to discuss any potential charges relevant to your situation.

We deeply appreciate your continued support and trust. This transition is designed to help us uphold our commitment to delivering top-tier Contract Management support services. As always, we are here to assist you with any questions or concerns you may have.

Thank you for your continued partnership.

Lisa Davis Satterlee
