

LOTO Corvette Club,
Thank you, Thank you, Thank you!!!

Dear Valued Supporter,

I wanted to take the time to acknowledge your monetary donation.

We have been busy helping those in our community with their food and nutritional needs. We are currently serving an average of about 550 families a month. Each family receives about 25-35 pounds of food per person in their family. We are averaging 12-15 new families a month that need help with food for their family.

If you know anyone that would like to donate some time, our food pantry/warehouse is looking for weekly, consistent volunteers to help with our mission and goals of feeding and helping families in our community. Stop in and see us, we'll give you a tour. You'll be amazed at what we do!

We couldn't do what we do without your generous support!.
