President Woodrum's Monthly Report

Hello, LOCC!

2026 is off to a great start with 80 members attending the January meeting at Tucker's Shuckers. As I emphasized during our meeting, it is time to start focusing on the 2026 CIP show. The show would not be a success without club participation. The sooner we start, the easier it should be. We need to focus on obtaining sponsors, donating silent auction items, signing up for much needed assistance, and telling every Corvette club and Corvette owner we know about the show. If you have any questions or need assistance, please reach out to me.

February will be quiet, so stay warm and safe. In March, there will be the St Patrick's day parade. Our February meeting will be at Wicked Willies on the 15th; there will be a RSVP email sent out the first week in February, along with a limited menu to choose from. If at all possible, attending the meetings is a great way to get to know other club members and get first-hand what is going on in the club.

Linda and I wish everyone a safe and warm February and hope to see you at the next meeting.

Thank you!

New Members

This month, we will start featuring new members of the club. We welcome them and getting to know them a little better will help us do that. Two of this month's new members are Toni Leach and Adam Parker.

Toni Leach and Adam Parker, are the proud owners of a 2015 C7 and thrilled to join this amazing community of Corvette enthusiasts! They are brand new owners, and this is their first time owning a Corvette. She was purchased sight unseen after a whirlwind decision that it was time to make Toni's dream car a reality. Best decision ever!

They enjoy hitting the open road in their Corvette, as well as in Jeeps (they both have one). When they aren't out exploring the lake by car, you can find them on the water boating or reeling in a big catch fish. Sunrise Beach at the 33MM is where they call home.

Toni has been here full time for the last two years, but Adam is still working in Kansas City. He's made the drive from KC every weekend for the last two years, and fingers crossed only two more years until retirement.

Toni has two children and eight grandchildren who love the water, and visit often. Together they have three furbabies—a German Shepherd ,Kingston, and two Heelers ,Bear and Kodabear. They have a passion for all things outdoors and a love of cars. They look forward to sharing their passion for these incredible cars and hitting the roads with fellow Vette lovers.

Toni Leach and Adam Parker

New Members

Another new member is Peggy Welch.

Peggy lived in Kansas City Kansas for 20 years. She moved to the lake full time in 2015. She likes to play Pickleball three days a week and spend time with her dogs. She has a blue 2003 Milestone Edition, which she purchased in April of 2003. She purchased it from a dealer in North Dakota but the car was actually in Florida at the Sebring Raceway. It took the Grand Marshal around the track. She bought her 2025 in September kind of on an impulse. She saw a picture of it and went and purchased it.

The Mecum Experience

To describe the Kissimmee Mecum experience in a couple words is not possible. It is a car enthusiast's dream, a collector's paradise, a bidder's thrill and a spectator's adventure. LOCC members, Mike and Sandy Funk, Bill and Rhonda Stone and Kent Perrin met in Kissimmee on January 15 to partake in four of the thirteen days of pure automobile delight.

Attendees can walk buildings, fields and tents all day and not see every vehicle going across the block. From almost every American make of car ever made, to European exotics and everything in between; if you can think of something rare, it's probably there.

The 2026 Kissimmee Mecum was a particularly special one for LOCC members who are familiar with the Moyer family and Karl Chevrolet. Following the passing of their beloved husband, father, grandfather and great grandfather, the family decided to share 34 pristine examples of Carl's prized collection. The LOCC group was captivated to hear some of the personal history of Carl and his cars. How he would drive one of the '57 Chevy's in front of Jamie and Dave's house to do burnouts, or doing doughnuts on his birthday in the '56 custom Corvette. These stories made the experience of watching the cars go across the auction block even more meaningful for our group. We observed the family members watching the cars sell at no reserve (except for one special '63 split window Z06 that reached the reserve, selling for \$645,000) hoping the cars were going to be just as loved by the new owners. We were excited to see the cars go across the block but also saddened to see the cars being split up. We were grateful for the time Jami and her husband, Dave, as well as her brother-in-law, Jayden (the husband of Carli, Jami's younger sister) spent with us and sharing memories of Carl and his cars.

The small LOCC group was amazed by so many beautiful cars, including Corvettes of every generation, and every color. After the Moyer collection was auctioned, the group also watched a large collection of 48 Ferrari's belonging to the Bachman family go across the block, with a combined total sale of approximately \$125,000,000. That collection did not include the highest selling vehicle, a 1962 Ferrari 250 GTO, the only one in Bianco (white). It sold for \$38.5 M by itself.

Experiencing the Kissimmee Mecum auction is an absolute bucket list, must do. If you do, don't forget your bidder's pass, you never know what you may see that you just can't leave without!

“ADRENALINE MEETS TRADITION”

The mission of the National Corvette Museum is to celebrate the Corvette’s invention and preserve the legendary automobile’s past, present, and future. The Museum will serve as an educational and research model for all to enjoy.

NCM Ambassador Points Program

The National Corvette Museum offers benefits to club ambassadors to recognize and reward dedication in supporting their mission. By providing exclusive perks and incentives, the NCM aims to show appreciation for hard work and commitment, while empowering club Ambassadors to continue spreading the passion for Corvette and the Museum’s legacy.

Through the Club Ambassador Point Program, Ambassadors and clubs will be recognized and rewarded for dedication in furthering the Museum’s mission. The items that are earned can be auctioned off or give way to club members at future events.

How do we earn points? By capturing and reporting activities while interacting with the NCM. Many of these activities we, as a club, have already been doing. New for 2026, I will need your assistance in keeping me informed to capture these events. Armed with this information as your NCM Ambassador, I will write a report and communicate back to the Museum quarterly. Yes, it’s an incentive program and we as club in the greater scope can earn awards to use as we deem appropriate.

Activities to Earn NCM Ambassador Points

Raffle Tickets - \$20 Dollar/Limited Tickets

Delivery Programs - R8C/Experience/Photo Album
