LOCC Meeting ~ October 11th

Location to be determined

President's Report

Hello Members,

Fall has arrived and soon we will be all be having long drives while enjoying the fall colors.

September was a busy month. We had a great turnout for the Veterans Parade with 28 Corvettes in the parade. Even though the weather wasn't our friend, it was a fantastic tribute to our Veterans. Randy Gross, Don Sturn, Gary Cooper, Marlin Hammond put in countless hours coordinating to make sure this event was a success and I want to thank them all!

We also had our first day trip of the year, led by Ellen Ensminger, to the Aviation Museum in Marshall Missouri. After a spirited drive there, learned a lot about Marshall's role in aviation history. Many thanks to Ellen for arranging and to Bill Riggins for hosting cocktails afterwards at his home.

Looking at October, we will cap off this year with a trip to Eureka Springs on October 1st-4th. Even though the official Corvette weekend was cancelled, we will make our own event! Rudy Willingham has a lot of fun activities planned for us and I am sure, like in other years, it will be a blast.

Our next meeting will be on October 11th. Originally it was scheduled at Red Head's but we will have to find another local venue as they couldn't accommodate us. More to come on the new location.

Pete

SECRETARY'S Report

Pete Spanos opened the September 13th meeting at Captain Ron's by welcoming everyone to the meeting. John Shepard donated a Corvette puzzle to be raffled off at end of the meeting. The winner of that was guest, Rhonda Stone.

Car show update was presented by Hellen and her colorful friend. There is now \$4,000.00 in sponsorship money. For any info or interest call Hellen Gross. Sponsorship is a min of \$100.00. The list of sponsors is growing. Be sure to pick up sponsorship sheets.

Ellen- The Aviation Tour is set for Sept 19th. The group will meet at Menards and leaving around 9:00 am. BBQ and sandwiches will be offered for \$10.00. Tickets are \$10.00 per person and you can also BYOB.

The LOCC Eureka Springs trip is set for Oct 1st – 4th. There are still 2 rooms open for anyone interested in joining in on the fun. Rudy & Kathy have planned lots of things to do. Friday there will be 2 short road trips with a bean bag toss tournament Friday evening. Saturday evening will be the yearly cookout that will sure to prove interesting. Ellen has a parade set up for Saturday that will be a blast.

Oct 10th is the Bothwell car show. Let Ellen know if you are joining so plans for dinner can be made if you want to join.

Mexicali Blues will be hosting a car show Wednesday Oct 16th.

The LOCC Christmas Party is set for Dec 5th at Camden on the Lake. There will be a gift exchange this year for those interested. There will also be a After Party after the dinner. More info to follow. Thank you to Rudy & Kathy and Parker & Marybelle for planning the party events.

Officers Report- Randy Gross reports there are 170 members with 4 new members added today making it 172. There was a great turnout with 33 cars in the Veterans parade. The Veterans were very thankful and appreciative for the recognition and thoughtful of all.

Treasures report- Marlin gave all the updates and also reminded everyone that is in need of lapels or decals and T-shirts to please let him know.

Website Master- Melody reports the website is up to date and please send her any pictures you may have to be posted.

Newsletter- Ellen also reports to send her any pictures or birthdays that need to be posted.

Secretary- Kim reports there were 24 cars and 53 members at the Oct meeting.

New business- Randy Gross is looking for officers to volunteer for with the upcoming new year.

50/50 winner was Jim Brewer \$68.00.

Next meeting place for the October 11th meeting will be determined.

Respectfully submitted, Kim Ehlmann, Secretary

Meeting & Misc. Pics.

I think they "red" the memo! :)

Ambassador News & Views

Greetings to all LOCC Members,

Hope everyone has had a fun filled, and enjoyable summer while driving their Chevrolet Corvette Masterpieces!! It is hard to believe that another summer has come and gone so quickly. However, this just means that as we transition to Fall, it presents additional opportunities for all of us to fire up those Corvettes, and enjoy the spectacular show that will begin in the coming days... "THE FALL LEAVES." What a special time of year to hit the open road, and view the wonders of mother nature, especially here in the beautiful Lake Of The Ozarks.

As the Bowling Green Assembly Plant continues to manufacture the 2020 Mid-Engine Corvette C8, it will also be a transition process, as they begin to ramp up production for the 2021 Model Year in November. General Motors has announced that the base price Stingray will remain unchanged, although some of the optional equipment will have modest price increases. General Motors has also announced there will be two new exterior colors available (Red Mist Tint Coat Metallic and Silver Flare Metallic). Also, new interior colors that will be available are (Two Tone Mix Sky Cool Gray and Strike Yellow Upholstery). Also available will be additional colors in full length racing stripes, and stinger stripes for the hood. As the C8 Mid-Engine Corvette continues to evolve it is comforting to know that the automotive industry continues its high praises for the Chevrolet Corvette Supercar.

I would also like to encourage anyone who is not presently a member of the National Corvette Museum to please consider membership. There are many advantages to becoming a member, which can be accessed on the National Corvette Museum web-site which is corvette.museum.org. As always, feel free to contact me with any questions that you may have at chapman9391@sbcglobal.net.

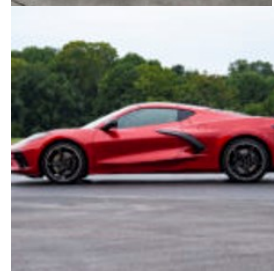

REMEMBER THE WAVE!!!

Dave Chapman, NCM Ambassador

Red Mist Debuts for 2021 By Corvette Museum September 24, 2020

o Thanks to General Motors we were able to get some photos of the new Red Mist color on a freshly painted early build 2021 Corvette. If you're lucky, you might see the car driving around Bowling Green. Corvette Chief Engineer Tadge Juechter shared during his seminar as part of the Museum's 26th Anniversary that he, too, would be driving a 2021 Red Mist Corvette.

The color replaces Long Beach Red, which debuted for the 2016 model year. Production of the 2021 Corvette is anticipated to start sometime in November with an exact date being fluid as production of the current 2020 model year continues.

Trip Report & Pics

The day was bright and windy, cool even for September in Missouri, with a gypsy highway of sparkling Corvettes bursting with colors of jet stream blue, chrystal red, blade silver, and velocity yellow among others. It was the kind of morning in Missouri that lifts your heart and tells you that fall might just be the best season of all. Trip Captain Ellen Ensminger and co-pilot Bill Riggins led a caravan of fourteen Corvettes (and one lowly Audi SUV) from the Lake of the Ozarks Corvette Club on a visit to the Nicholas-Beazley Aviation Museum, located in Marshall, Missouri.

Marshall is a small city of 13,000 residents and serves as the county seat of Salline County which is about 75 miles from Kansas City. The two hour trip ventured through a scenic ribbon of highways and by-ways which was made even more interesting as Ellen drove her lead Corvette like it was stolen, even skipping the traditional pit stop, as she left a trail of smoke to follow. The museum itself is a clean, modern facility which holds a five-star rating by Travel Advisor, which commented "An awesome piece of aviation history in that little town", further attesting to its content and value to both tourists and the local community.

The museum itself features interactive exhibits, video personal stories and rare, completely restored vintage aircraft including the Flying Flea (1937), NB-8 (1937) and the TG-6 Glider (1941) among many others. A tour guide led the group with explanation and stories. Bill Riggins was one of the key people who led a community effort to establish the museum and shared his keen knowledge about the various exhibits. The tour was informative and interesting as members explored the local contribution in the beginning of aviation history, Members were surprised to learn of Marshall residents who played key rolls in pioneering all aspects of early aviation.

The group then shared an excellent BBQ sandwich lunch after which Bill graciously extended an invitation to the whole group to join him for adult libations and delicious snacks at his beautiful home which was a short distance from the museum .It was a great day to enjoy the cars and camaraderie of LOCC members which we have missed during these difficult times. Submitted by Don Sturn

What a good looking group!

Come fly with me...

So many interesting things to see, right Rich?
