

The Fall Trends are here! Almost anything goes this season and we even have some carry-over on details from last season. One of my favorite things to see in the new seasons are the colors chosen for each season. Ten stunning colors make up the Pantone trend color report and there is something for every Color Code. Here they are with their corresponding Color Codes.

<p>Warm Soft Deep Clear</p>	<p>Deep Warm Cool</p>	<p>Light Cool Clear</p>	<p>Soft Warm Light</p>	<p>Cool Soft Warm Light Deep Clear</p>
<p>PANTONE® 17-1558 Grenadine</p>	<p>PANTONE® 19-1725 Tawny Port</p>	<p>PANTONE® 13-2808 Ballet Slipper</p>	<p>PANTONE® 16-1341 Butterum</p>	<p>PANTONE® 19-4029 Navy Peony</p>
<p>Cool Light Soft</p>	<p>Cool Soft Warm Light Deep Clear</p>	<p>Warm Soft Deep</p>	<p>Light Cool Clear Soft</p>	<p>Warm Deep</p>
<p>PANTONE® 17-4402 Neutral Gray</p>	<p>PANTONE® 19-4524 Shaded Spruce</p>	<p>PANTONE® 16-0543 Golden Lime</p>	<p>PANTONE® 17-4041 Marina</p>	<p>PANTONE® 17-1145 Autumn Maple</p>

This is an excellent mix of neutrals and pop colors for a well-rounded offering. Many pair well together, like the Ballet Slipper and Navy Peony for a classic combination or Shaded Spruce and Golden Lime for a trendier look. The key is to always keep your Color Code in mind when shopping for the new season. Contact me about discovering your Color Code.
