The world's most amazing beach discovery

One day I went to the beach and went scuba diving and found a chest at the bottom of the ocean. First, I went to get the chest and broght it to shore and opened it and inside was a diamond turkey. Next, I went to a real estate and bought the beach I opened it on and also bought a turkey, mashed potatoes, gravy, cranberry sauce, stuffing, pumpkin pie, and vegetable roots. Lastly, I invited my friends to the beach to have thanksgiving dinner and play in the water. After we finished our dinner, we ate our dessert, pumpkin pie and when it was time to go home I split the diamond turkey into 9 pieces and when we went home we all said " happy thanksgiving!"

THE END
