

**This Is the picture that started it all.....  
The hunt.**

**Nov 25 2022 a.k.a the day it started, it all started the local obsession, a picture posted on social media by user @ALocalHbBoy1! . of a scared boy facing toward a portal.**

**Cpooo0rtals3,3b:0:0:K,hInT,#Findme&helpX(  
#hblibrary#amihalucinating#notAprank**

**Was the title/Thumbnail  
Presumably a code.**

**A code that we will crack today. Dear diary  
and readers a.k.a weird kid who opens up my  
locker where I will hide all the clues.**

**If adventure you seek I deliver!**

**My Background:**

**I'm Detective Shane a.k.a the weird kid at  
my school, if that already wasn't obvious.  
But that's not the point, the point is, I will  
crack the code.**

**First of all, this is easy. "C" is the third  
letter of the alphabet. Next that word  
obviously says portals, then next it says 3  
books hint. Then for the hint it's clearly the hb  
library, Boom, it's in the hb library, lets go fast!**

**A quick Car ride later.....  
Here At last, i must find this Fast.  
So where should I check?**

**Kid Zone PATH RED**

**Outside PATH BLUE**

**For a Fast read Recommend RED PATH.  
For a long read Recommend BLUE PATH.**

**PATH BLUE**

**So we check outside I see , let's Look through  
the flowers no Hmmm, the garden nope Let's  
check the park wait blue aura let's check it  
out. It's a stone tablet with a code, hmmm i see  
it seems to be in a different language**

**A LATROP UOY KEES EHT DIK ENOZ LL'UOY  
TEEM**

**Hint: put it up to a mirror**

**So if you don't understand this code, it's the  
old school trick called reverse writing. but  
anyways, it's like the person who made these  
portals don't want us to find them weird right  
but any ways To The Kid Zone  
Skip To RED PATH.....**

## RED PATH

Ok in the kid zone, ok not in the bookshelves.  
Not in the computer zone or play zone.  
THE THEATER OF COURSE! no way, a red  
aura behind that door, could it be?

A puzzle ok read hmm read capitals and  
underscores only

bkjhbdhjdsKTHn asd,bc  
dflyE\_kbsdlxvsgwidxvkqjvvygcADUovfcfjLxv  
T\_ZfytdfgjrONE

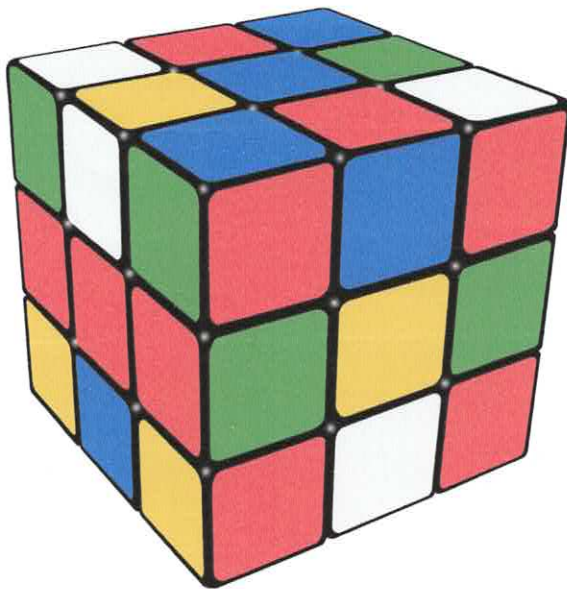

The code says go to the adult zone

## PURPLE PATH!!!!!!

So at the end of the library portals, I suppose  
where should I go? The waterfall? The  
bookshelves? THE LOUNGE! Ok A purple aura  
Let's do this. I really can't take the puzzles  
anymore.

This final challenge is a challenge of skill. It says in a scary font **THIS IS A CHALLENGE OF PURE SKILL** uh oh no ahhhhh it's a rubix cube my worst nightmare, i'm so bad at these.

Wait Jason's great at these, ima call him. Yes Jason, can you come to the library? ya this cubes pretty hard thank you bye-bye

Ok credit to jason he solved the puzzle

***THANKS JASON***

It was so easy for him so i'm going to put it in solved and Boom. now the stone door should open and boom ok soo

***FWOOSH*** woah its here its actually real. I can't believe it, well here goes nothing.

**weeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeeee**

**What?! A book is my prize :( oookayy i'll read it. Three portals three books wisdom, power & courage this, is the book of wisdom when all three put together rewarded a priceless prize of timelessness the next location the book of power in pacific city**

**Yayyy no more puzzles!!!!**

**To Be Continued.....**
