

Face to Face Conversations

Be Curious. Share. Engage. Connect.

Cathy Printon MA.Ed
Founder and CEO

Unlock Student Potential: Empower conversations about the future

Help your students dream bigger, understand more about themselves and their options - and talk about it!

Family Stories

Preserve the past,
connect to the present.

Financial Literacy

Money smarts for
everyone!

College Prep

Getting there and
beyond.

Life Skills

What we should be able
to know and do.

Career Planning

Get ready for the
working world.

Consult with Cathy to host an interactive professional learning session designed to equip educators and families with practical conversations, strategies, and tools to engage students in meaningful discussions where they drive the conversation. Cathy is a proven skilled professional with 30 years of family engagement, college and career transitions, and creator of Face to Face Conversations.

Why Conversation Starters?

Conversations happen everywhere. At Face to Face Conversations, we intentionally create spaces and opportunities where curiosity and engagement thrive. Our prompts are non-judgemental and non-leading - it is our intention that students, educators, and family members are able to start where they are in their experience and understanding of the conversation concepts. Space is given to share understandings and practices - and allowance is made for deeper conversation that invites shared experiences, discussion, and where you might find resources.

K-12 Education

- Advisory and homeroom
- College and career exploration and readiness
- Social-emotional learning programs
- School counselor toolkits
- After-school programs
- Family engagement programs

Why

Teachers and counselors often need quick, ready-made prompts for:

- Career day discussions with peers, families, and professionals
- Building student awareness and confidence
- Creates an understanding of our individual and group knowledge and practices
- Student practice for real-world decisions and experiences
- Continue to learn and involve with information, discussion, and growing experience

Higher Education

- First-year experience programs
- Academic success centers
- Career services
- Orientation programs
- First generation student groups
- Resident advisor community building activities

Why

- Help students reflect on identity and family background
- Making educational and career decisions
- Understanding and building financial and life skills

Nonprofits and Community Organizations

- Mentoring programs
- Parks and recreation programs
- Parent child centers
- Libraries educational programming
- After-school and summer programs
- Family retreats and activities

Why

- Mentors bond with mentees and build relationships
- Parents create opportunities to engage with their kids
- Offers structure for volunteers in social group
