

**A Message from Jeremy:**

*Quick stop at Willow Bunch Golf Club located in Jean Legare Regional Park.*

Dear constituent,

Over the past few weeks, I have been enjoying being out and about visiting many local businesses across Cypress Hills—Grasslands and seeing the creative ways many of you are using to reopen while maintaining social distancing. I know that my family and I have been enjoying getting ice cream together and spending more time out of the house and in the community!

I encourage you to go and visit your favourite local stores, restaurants, and hair salons/barber shops to support the community and the many businesses that have been working around the clock to continue to provide great services while still keeping you safe.

My constituency office is also open and we are ready to help you if you need to make use of any of the services we offer. To find out more about what my team and I can do for you, please visit [www.JeremyPatzer.com](http://www.JeremyPatzer.com). You can also call us at 306-778-4480.

Finally, if you would like to see a report of the work that I have been doing in Ottawa so far, please visit [www.jeremypatzer.com/first-session-parliament](http://www.jeremypatzer.com/first-session-parliament) where you can find an outline of my work as well as video clips from committee meetings and the House of Commons.

**WE Scandal:**

While I prefer not to get too partisan with my monthly e-newsletters (I'll save that for my social media platforms, which are linked below my signature), many of you have asked questions regarding Justin Trudeau's \$900 Million Scandal, and with disturbing new details emerging every day, it can be difficult to follow.

For those of you who are interested, here is a very useful timeline of events that is helpful in understanding the Liberal Government's WE scandal:

**Conservative Caucus Fishing Photo Contest:**

Want to win a cool prize pack that includes a Shimano rod and reel, as well as other outdoor goods? Members of the Conservative Hunting and Angling Caucus are hosting a fun fishing contest this summer! If you are interested in participating, contact my office and we'll send you a fishing lure free of charge. Use that lure to catch a fish, take a pic with the lure, and submit! It's that easy.

The deadline to submit photos is September 5th, 2020 and all photos will fall into the following categories: 1) Trout/Salmon; 2) Pike/Musky; and 3) Bass/Walleye.

A panel of fishing experts will be judging the photos submitted and will determine a winner in each category. Winners will be announced on National

Hunting, Trapping and Fishing Heritage Day, September 19th, 2020. For full contest details and rules, click [here](#).

### Strychnine Petition:

Recently, Health Canada banned the use of strychnine for regulating Richardson's Ground Squirrel (Prairie Gopher) populations. In response to this decision, many from across the riding have reached out to me personally to let me know how this decision will negatively affect life in rural Saskatchewan.

I am sponsoring a petition to Health Canada and to the Minister of Health which calls on them to reverse this decision. If you would like to sign this petition, you can do so on the House of Commons website by clicking [here](#).

---

### Saving Canadian History:

I fully reject the growing movement to remove all references to our nation's founding fathers, including Sir John A. MacDonal(d), and many other points in our Canadian history. Sure, our history is imperfect, but let's not forget that we've accomplished incredible achievements and built a great nation on incredible ideals. Rather than focusing exclusively on our flaws, we must engage with our history and our monuments as an opportunity to learn from both Canada's failures and successes alike.

My colleague Warren Steinley, MP for Regina—Lewvan wrote an insightful piece on this issue, which you can read [here](#).

In your service,

**Jeremy Patzer, M.P.**
