OF COVID-19 BY THE CHIEF
JUSTICE OF NUREMBERG 2.0

COVID-19 AND THE PLOT
FOR A NEW WORLD ORDER
4THREICH.COM

Rise & Fall of the 4th Reich V 1.0 is a new book by the Chief (260 pages with 2600 sources) with click-able links in the PDF. This is not a fiction paper-back book with no sources. The Nuremberg 2.0 public international criminal court website is an ongoing public grand jury against all Covid-19 emergency measures and aspects of The Great Reset.

Since this is a crime in progress and there is website updates, daily news, blog posts, new video's and new revelations, This E-Book will be updated every 3 months with the latest information on each chapter and sub-section, the latest news on each subject and analysis by the Chief Justice; to include new blog posts and video's. You will be sent the latest update to the book every 3 months with updates from previous versions in BOLD and corrections in STRIKE-OUT.

The Chief Justice has provided the public with over 10,000+ pages of evidence, 330+ blog posts as proofs, 100+ video's, 30,000+ news stories and 50,000+ sources at www.NurembergTrials.net and www.4thReich.com that is directed to elected representatives, lawyers, law enforcement and the public in order to know the extent of this crime, who is involved in the conspiracy —so that this never happens again. Interweaved throughout is a message of life, death, humanity, love and the ultimate battle between good and evil.

Introduction

It was time. The time was neigh. Covid-19 War for the World began December 26th 2019 at 1AM, the time George Washington was crossing-the-Delaware; and while you were sleeping & dreaming about Santa Claus. At that moment, Chief Justice of Nuremberg 2.0 was prepared to single-handedly defeat the PTB (powers that be); The 1000 year reign of the 4th Reich. Or 1000 years of peace? The Cabal and the Covid-19 Hoax. WW3 being the worldwide war on terror or the war for terror; if you ask GHW Bush Jr. And in this case, YOU are the Terrorist, the Plague and the Leper. WHO threatens “anti-vaccine activists” and labels unvaccinated a “major killing force”. YOU were presented with a Soul Contract by the Italian mob-boss, Fauci, the name meaning Sickle Maker, of the Grim Reaper, BAAL Gates & the 7 Headed Hydra; called The Faucian Bargain aka The Devil's Bargain with the idea of a Fake Alien Invasion of Satan's Snake executed by the 4 Hoaxmen of the Apocalypse; the Black Pope, & Jesuits; Jesuit Gatekeepers, the Vatican's Army, the Masons, Red Cross & Switzerland etal; by The Royal Family of the German Saxe-Coburg-Gotha; with their Shadow Government of Global Vaccine Regime Rockefeller Foundation, the Bill & Melinda Gates Foundation, UNICEF, the CDC, GAVI, USAID, and the World Bank... using Omicron; the all-knowing, omniscient and invisible entity; in order for the Satanic Cult and the Mask Cult to take over the human body and steal your soul. The MK-NAOMI black magic mind control program of Virology is designed for you to commit suicide by vaccine, the suicide gene? and by suicidal thoughts. See Exorcising the Devil: “Drink the poison yourself” from the magic of the ancients. See Cambridge University on “Ancient medicine between hope and fear: Medicament, magic and poison in the Roman Empire”. Ala Black Magic. Ala Flattening-The Curve; despite curves can't be flat; for the Woke. A self-sacrifice to the Devil, otherwise known as Baphomet, organ harvesting, KidneyX project, and child sacrifice to Moloch and be doomed forever into Hades. Why? Because in the 1908's Psychologist Stanley Milgram found that only 20% of people on Earth had critical thinking. The other 80% are obedient and do as they are told. As-In “You're Stupid”! The Covid Plot? Tim Truth presents The Pied Piper Of Roman Mythology A Burnt Offering... The resultant solution to Virology of the need for Mark of the Beast Vaccine's for everything comes from the word Pharmakon (Pharma) being defined as Poison from original Greek aka a Witches Brew & The Devil's Chemists. This is the Apocolypsis, the Unveiling, the Revelation! Versus the Covid Cult of a Godless Modernity, Nihilism Evolution vs Helocentrism and Parochial & Pathological Altruism that leading to the prisoner's dilemma of social loyalty, obedience a fealty. WW4 and the next pedal-to-the-metal Great Reset began as the Last Survivor of WW2 Died, January 5th 2022. Their next trick, The WEF reveals the -ongoing agenda- for Davos 2023. This year's event was titled “History at a Turning Point”. If you disagree, you're the terrorist: By January 2021, at the beginning of the vaccine roll-out British State Deployed Counter-Terrorism Unit to crush social media and scientific dissent on vaccines and lockdowns. On February 7th 20022, The U.S. DHS puts out a National Terrorism Advisory for people who disagree with Covid-19 measures from vaccines to masking.

Skipping to the end, although the Chief Justice is playing the part in the show as the highest-ranking official in the international public grand jury vs coronavirus measures (and other crimes), he is not the ultimate judge. But is un-officially known as Saint Christopher from signs and miracles. “He went to the king who was reputed to be the greatest, but one day he saw the king cross himself at the mention of the devil. November 7th 2022 Mandatory Covid Shots are Nuremberg Violation Level Racketeering. Alex Jones breaks down the nuremberg level violation and racketeering behind the globalist plan to use Covid to lock down and control the population. On December 13th 2022, Florida Governor Ron Desantis calls for grand jury investigation into covid vaccines and covid crimes. He states that public integrity in health is bankrupt and a huge political farce. Full Video. Josh Sigurdson reports on the calls by many politicians from Kari Lake to Senator Rand Paul to launch a "Nuremberg 2.0" type trial against covid tyrants including Dr. Fauci for the discrimination against unvaccinated, the lockdowns, the mask mandates and more. While it is nice to see the calls for justice (including in places like India, the EU and elsewhere) it is important to note that government itself is organized crime and government investigating itself for wrongdoing will not be of much help. Anyone remember the 9/11 commission report? In this video, we talk about how one should fight back and be prepared and the growing calls for justice. December 15th 2022 WHO head is 'hopeful' that COVID will no longer be a global health emergency some time in 2023. What was Covid-19? The common cold and the flu. China Inadvertently Admits Covid IS The Seasonal Cold. Government inadvertently admits Covid IS The Common Cold: Govt experts oppose downgrading Covid, citing excess cardio deaths as pointing to the government's own data showing Covid having similar CFRs to the Flu. "FLUVID-19.com" is the simplest way to help them understand that COVID-19 was a HOAX.

It was that day of the End, September 19th 2022, my Dad died, Covid died and the Queen. Her family a German Saxe-Coburg-Gotha, had her funeral. The Queen Bee allegedly died of a broken-heart I might add. A broken-heart because her hero in mass-murder; Prince Phillip died; the one that called for human depopulation using a (fake) and not very much of a killer virus with a 99.7% Survival Rate, stating "If I were reincarnated I would wish to be returned to earth as a killer virus to lower human population levels," Prince Philip told a Deutsche Press Agentur reporter in 1998". The Reign of Queen Elizabeth II: 70 Years of Colonialism, Neo-colonialism, Wars, Mass Mortality and Genocide. And on that day, first CJ called an End To Covid, and on that day, then Biden called for an End To Covid. And, it would be a Covid love story. A love story of lovers in the face of fear, and terror. Or "fear psychosis". The love story began with a sign or miracle on April 11th 2019 at the Eiffel Tower in Paris, the City of Love in Chris Brown's video Back to Love stating "take me to the river". The story of Covid-19, began with France and ended in France. France is the nick name given in March 2020 to the Chief Justice (CJ) of Nuremberg 2.0 by his fiancée; who he met in love-at-first-sight and became his lockdown partner. Will Love prevail? Does it re-start at the Garden Of Eden? The Creation-Fall-Redemption-Restoration ala Pandemic Tribunals post Covid-19? Revelation 16:16 "The

Euphrates River at the Garden Of Eden will dry up and make way for Armageddon. This book should start with "in the beginning...". And we'll see where it takes us!

How could the CJ start the war, fight the war and win the war you might ask. It's simple. God is Love. Love will conquer all. More specifically, the potential energy of Earth, is a Quintillion times more powerful, than all humans and all money ever printed in world history. Any form of perceived "artificial scarcity" of energy to water to food is illegitimate and compared with Earth's "infinite capacity". Leading to these famous quote by Nikola Tesla in 1896 "You can burn all the oil, coal and trees in the world, but Niagara Falls will last forever!" and "incidentally, all the other monopolies that depend on power of any kind will come to a sudden stop. The earth currents of electricity are to be harnessed". Humans only stake "claims" to Earth, but they surely did not create it. All matter that ever existed was created by God, not Man. There is no "matter maker" nor "teleporter", except on TV. Because, Energy is not Matter, E is not M, they are two different things; an invalid-relationship. See "Debunking Einstein" by the CJ. God, being the "matter maker", is the only entity that could bring itself and Earth into existence. And how. With a Uni-Verse; one verse; with the word; a thought; a song. There is logically no other way. And, if God is Love, then God wins in the end. Thus, starting, fighting and winning this battle; the hero's journey; without fear and without consequences was a no-brainer. The Devil, the Hydra, Satan doesn't win in the End. Skipping to The End, "Love Is the Answer". Fear or Love; that's your choice. And, your choice only. Love is the real Social Contagion. IT'S ALREADY HAPPENING BUT PEOPLE DON'T SEE IT - ALAN WATTS. This idea of Love Is the Answer is the reason CJ began, but never completed a rewrite of 1:Corinthians:13, the Book Of Love, and also the reason CJ started his playlist and vocal performances of "From France With Love": 100 Love Songs, 300 Love Songs for Weddings and 300 Messages for Lovers.

But, it's not all your fault, it was planned this way. The "Torture Program" was their means to that end. See the 10 Points of the Nuremberg Codex. All human rights were violated. And, they used your fellow humans to make you submit to the Tyranny, and submit to Evil, and submit to the Devil. Much like in the movie Superman in "Kneel before Zod". These people know about the human condition. And because of the people's own faults in their humanity, all of Earth was turned into a Prison Planet of mind-controlled slaves ala robots, automaton's. Put simply, Covid was one giant mind control operation, using Pharmacia, a Spell, Sorcery, Black Magic, Witchcraft, Poison a Witches Brew; the Mass Formation Psychosis of crowds, the Great Narrative, and Gaslighting Me With Psyops of operation MK-NAOMI, the follow-up program to MK-ULTRA. MK-NAOMI is the mind control program who's goal is to convince you that virus's exist, are contagious and are going to kill you ala "Virology". A Mind Virus. The solution they propose is "vaccines"; to sell you vaccinations. That is their only goal in MK-NAOMI. See: Four cases of Mass Hysteria in History. This was the project that was exposed by Ted Kazensky's Una-Bomber; The Perfect Bomb. His targets were the "Scientific Technocratic Elite" that were building this Bio-Metric and CRISPR GMO technology for vaccines. A clue that was given to the CJ by his late girlfriend, Corinne Marie Eliason, that later died from hospital error, on Thanksgiving 2018, in, aptly named, Eureka, CA. The idea she says is the "perfect bomb"; her words not mine; that only kills humans, while leaving structures un-damaged. It's the "Nuclear War" described by GHWB Jr, and in the movie "Terminator" that involves the nucleus of cells, the Telomere Terminator, not nuclear bombs. The Nuclear Bomb Hoax and Nuclear Power Danger Hoax is also run by the 4th Reich. For example, AZT that killed 500,000 people, is an RNA chain Telomerase inhibitor, ala a

Telomere Terminator. Upon the establishment of the Fourth Reich, German neo-Nazis propose that Germany should acquire nuclear weapons and use the threat of their use as a form of nuclear war. Maybe someone should ask Hitler-Loving, Austrian Arnold Schwarzenegger about his idea, since he's quoted as saying "Screw your freedom, ... anyone who doesn't get vaccinated is a schmuck, an un-American". In her passing, she never knew that she solved the Covid-Hoax.

As of December 2022, 89% have not taken the bi-valent booster; 81% have not taken a Flu shot; 80% say covid is not a major health concern; 72% of the U.S. believes the covid pandemic is over; 69% believe covid measures are the worst thing that has ever happened to their child; 66% are taking no coronavirus measures; 66% will not take any booster shot for any reason; 66% want Nuremberg 2.0 Trials; 66% agree with all the contentions of the Chief Justice; 50% say there should be no mandate for vaccines for school children & 50% of the world now are convinced that Covid-19 was a staged plannedemic, a scamdemic, a fraud, not the top health concern and a massive criminal conspiracy that involved all the countries, leaders and peoples of the world. 44% believe the U.S government is run by The Cabal. 43% of the U.S. will not take any vaccine "for any reason". 38% say vaccines are not very effective or not effective at all 56% for republicans. 35% of parents now believe they should be the ones to decide whether their children receive a slate of childhood vaccines. Only 20% of adults are "fully vaccinated". Vaccinations for Florida schoolchildren are at a 10-year low. Despite constant propaganda, populations across the world are finally rejecting the Covid injection. John D Rockefeller of Rockefeller Oil & Rockefeller Medicine made his money selling "snake oil" laced with alcohol & opium and now vaccines. "William A Rockefeller, was a traveling snake-oil swindler posing as a deaf-mute peddler & hawked miracle drugs". Klaus Schwab of the WEF and The Great Reset & Rockefeller Foundation are the one behind carbon taxes, carbon capture and your carbon allowance. He is also the one behind "Transhumanism" a fusion of our physical, our digital, and our biological identities" to manipulate your behavior.

The Chief Justice has never had, nor will ever have any special interest in any contention made in this book. He has not taken any money, has not followed any outside direction, does not work for any government or political agency, does not have any inside-knowledge of the covid-plot and has solely written all content; and in fact, he has paid for the websites, development, production and marketing for Nuremberg 2.0; out of his own pocket. He did not follow any Covid measures; never bought a mask, never wore it above his nose, never social distanced, never locked down, never closed down, never submitted to any test, never took a vaccine, did not file for covid bailout funds and never asked anyone else to follow these illegal and unconstitutional orders or mandates. But, he did get attacked over 20 times for not following some shtick-head's "orders"; even death-threats. And, he doesn't even own a Tesla. In this book, the CJ will source all contentions, using over 30,000 hand-selected and previously posted daily news stores, the 330+ blog posts and 200+ video's available on the Nuremberg 2.0 website; and including the WHO, CDC & DOD timelines; starting from the false "medical god" named Imhotep, 2000 years BC, to today, making it the most accurate and well sourced historical document in human history. CULT OF THE MEDICS & MEDICAL INDUSTRIAL COMPLEX CHAPTER 1 CULT OF THE MEDICS THE SECRET HISTORY OF THE CULT CHAPTER 2. And A Salute to the Unvaccinated. The real Super-Hero's.

Predicting Covid-19

The Coronavirus Hoax scenario has a long historical record. This scenario is rife with pre-programming. It's easily predictable. And Admitted. There is no need to prove that case here. However, since the scenario is illegal, prima-facia, and a violation of human rights, then the crimes committed are pre-meditated. As predicted at the Rise of the Jedi Podcast, posted December 26th 2019 at 1AM, the scenario is for the purpose of The Great Reset. Hitler's 3rd Reich had failed, as they use this scenario to further Hitler's 4th Reich. The pandemic began in France, is funded by Great Britain, protected by the U.S. and endorsed by the Vatican to be implemented by the United Nations and WHO.

The perpetrators of these crimes are worldwide, unlimited in nature; by virtue of presidential directives and in many cases indemnified of their crimes, by other emergency directives. However, the evidence presented here will lead to the idea that there is no virus, it's not contagious, there is no test and there is no emergency. The evidence, admissions and scientific proofs provided by this second Nuremberg Trial, will be used to determine who is responsible for covid crimes (who gave the orders), what is their crimes and also who are their aiders and abettors. The perpetrators stance is that the Coronavirus Hoax will not go back to normal until "everyone on Earth is vaccinated"; the ultimate goal of Bill Gates. Thus, the primary legal interpretations of crimes against humanity incorporated in the first Nuremberg Trials, will be used as the basis of the case against Hitler's 4th Reich.

Therefore, from the Nuremberg Code, the administration of the vaccines constituted and still does constitute "human experimentation", which was and still is in violation of the Nuremberg Code citing "voluntary consent is absolutely essential". "Any preventive, diagnostic and therapeutic medical intervention is only to be carried out with the prior, free and informed consent of the person concerned, based on adequate information. The consent should, where appropriate, be expressed and may be withdrawn by the person concerned at any time and for any reason without disadvantage or prejudice.". The earliest reference to Nuremberg Trials for the Covid Hoax came on May 27, 2020, when Sara Cunial, the Member of Parliament for Rome denounced Bill Gates as a "vaccine criminal" and urged the Italian President to hand him over for arrest.

The human rights defender (according to UN resolution 53/144) Sarah Luzia Hassel-Reusing is preparing a charge under criminal law to the International Criminal Court (ICC) in The Hague for the application of the shock doctrine under the pretext of corona. The charge will deal with measures, which have reached the gravity of a crime against humanity (art. 7 Roman Statute). Civilians are damaged within the scope of a large-scale and systematic policy in the way of the crimes murder (lit. a), imprisonment or other severe deprivation of physical liberty in violation of fundamental rules of international law (lit. e), torture (lit. f), persecution (lit. h), and other inhumane acts of similar character intentionally causing great suffering, or serious injury to body or to mental or physical health (lit. k). The shock measures serve power, ideology, and profit interests of various circles, which are overlapping with each other."

mRNA that manufactures "Spike" Proteins that can result from the expression of recombinant DNA within living cells are termed recombinant proteins. When recombinant DNA encoding a protein is introduced into a host organism, the recombinant protein is not necessarily produced.[1] Expression of foreign proteins requires the use of specialized expression vectors and often necessitates significant restructuring by foreign coding sequences.[2]
https://en.wikipedia.org/wiki/Recombinant_DNA

2) Two types of "Vaccines" described at the National Institute of Health 1) makes your own cells manufacture the viral genetic material 2) mRNA, recombinant DNA, by definition, physically changes your DNA "expression" by manipulating the "codons" that contains the instructions for manufacturing <https://news.vanderbilt.edu/2021/02/17/sars-cov-2-protein-blocks-an-essential-step-in-host-gene-expression-new-discovery-finds/>. Safety and efficacy studies at the NIH or by the manufacturer are only looking for "Immunoresponses, NOT for Viruses; despite the vaccine companies writing their own studies and fast-tracked. "They use a safe virus to deliver the genetic code (DNA) of the SARS-CoV-2 spike protein to human cells so that the cells can make the protein. JNJ-7843672 uses a human adenovirus to deliver the code for the SARS-CoV-2 spike protein." <https://niaid.nih.gov/diseases-conditions/covid-19-vaccine-faq>.

In the same fashion, Koch Postulates to "Isolate" a "Virus" or duplicated "genetic material" for Covid has only been done with Monkeys, with anal swabs, and only found "virus particles".

3) Covid-19 AI Scenario, the Forced Inoculations and 13 other aspects of the Hoax was predicted by Tesla Leaks as the most likely response to the domination of Tesla & Nikola Tesla; at The Rise of the Jedi Podcast on December 22nd-December 26th 2019 at 1AM Rise of the Jedi Podcast

4) The Great Reset and Plandemic was pre-planned; as their New World Order was at risk of collapse - Joe Biden, January 2016

5) Plandemic was pre-planned at the 2019 World Economic Forum; under the title Event 201 Scenario by Johns Hopkins Center for Health Security in collaboration with the World Economic Forum and the Bill & Melinda Gates

6) Just as their old order of oil, gas, propane, coal and tree burning failed; as their prices collapsed and renewable energy reached "negativeprices"; they shut down Tesla Factories in the U.S and Shanghai

7) Hospitals don't provide or use the words "Cures" to anything, more or less anything for a cold virus, they use the word "Treat"

8) The 2002-2004 SARS outbreak sourced "hospital staff" as the originators of SARS, 500,000 yearly cases of sepsis and other infectious diseases. March 2003 report where 200 hospital staff get SARS and spread it to patients.

9) All real medical cures from Ozone, to UV, to Plasma, to filtering your blood with Electric Fields; are banned by hospitals; while also not covered by Insurance

10) WHO lies about UV-C light and Sunlight; claiming UV-C does-not kill Coronavirus. FDA: UV-C destroys SARS-Coronavirus. The destruction of the protein shell ultimately leads to inactivation of the virus. UV-C is safe for human skin

11) EPA banned peer review of the first study by Trump team on UV-C lights with respirators on humans, citing alleged danger.

12) Governments and Hospitals banned Primatene Mist in 2011 to breath, and instead they use incubators to kill 90% of you. Just 1 mask reduces O2 intake by 20% and causes carbon dioxide poisoning.

13) Mainstream Media ignores real cures of virus and disease. AMA bans electric healing in the early 1900's calling it "quackery" clack clack clack, and Pseudo-Scientific. Electricity Greatest of All Doctors - Nikola Tesla to the IEEE in 1899

14) No authentic pictures exist of Coronavirus; without a Scanning Electron Microscope (SEM) or TEM Microscope and Photoshop. SARS-2 Photoshop Cartoon

15) Covid from Bat guano in China is only #blamed and never has been proven in any way. Chinese Officials Blame US Army for Coronavirus; citing "this is the Black Swan event the Globalists have been waiting for"

16) No #causation ever proven between any particular virus and a particular disease; not even HIV & AIDS; citing "The correlation between antibody to HIV and AIDS does not prove causation" - NIH

17) Hospitals are empty; emergency tents are empty; have been already torn down. U.S. Field Hospitals Stand Down, Most Without Treating Any Covid Patients - PBS

18) Flu disappeared in 2020 all counted as Covid cases and deaths

19) Swab tests, Anal probes and other test look for antibodies or reactions, not for a particular virus - NIH. Tanzania President shows how Goats show false-positives to Covid tests and "has technical errors". Austrian politician presents a False-positive test using Coca-Cola. Coca Cola and Pepsi join the hoax and promote using thier plastic bottles for covid testing.

20) mRNA therapeutics, by definition, changes your DNA. This mRNA "Vaccine" is from the lung tissue of an aborted child from 1966.

21) PCR test copies genetic material; 40X with errors each replication, looks for only "markers", to become anything they want; and not for diagnosing any illness or disease. However, it must be noted that detection of microbes in the CSF does not always indicate a CNS infection, since impairment of the blood-brain barrier may permit transit of microbes. - NIH

22) Temperature readings of 98.8, is not an accurate gauge of a disease. Testing machines are also faulty. The human body is not uniform in its temperature; thus, measurements at different locations can yield varying results. The most accurate way to measure temperature is to take a rectal reading. See China Anal Probe test for Covid.

23) Immunologic Adjuvant "Vaccines" never have been and never will be a cure for anything; other than a poison to solicit a reaction, to reduce or increase T-Cells.

24) All Vaccines contain unregulated nano-particles of protein snippets of #whatchamacallit; nano-organic mercury; nano aluminum, and other so-called adjuvants. The #1 side effect of all mercury derivatives in all inoculations is "brain damage" - NIH

25) Vaccines, by definition, are designed create a cytokine storm of rogue antibodies in which the innate immune system causes an uncontrolled and excessive release of pro-inflammatory signaling molecules called cytokines. Cytokine Storms May Be Fueling Some COVID Deaths - WebMD

26) Trump, Jones, Fauci & NIH claim Hydro-chloro-quine (Hydrogenated Chlorine (Bleech) + Amphetamine (Ine)) + stinky Sulfur is a "cure" for cold virus's. The FDA & NIH and the larger scientific community have warned against the use of the Hydroxychloroquine to treat COVID-19, citing ineffectiveness, lack of benefits and risk of heart rhythm problems. The New

England Journal of Medicine and The Lancet could not verify the data on which the results depended. It's not a Malaria (Hoax) cure either. It simply reduces your T-cells by 40%, reducing the "cases" by 40%, Malaria still ends up killing the patient. Therapies to decrease CD8 immune activation

27) Holes in a paper mask are 1000X bigger than genetic material at .02-.20 Microns. HEPA 2.5 is 10-100X bigger than a Virus. Masks only prevent large particles, not nano-particles. - NIH. To cover for their original lie that "just wear the mask" - Joe Biden; Experts are now claiming you need to wear 2 or 3 masks.

28) Masks in many ways, by touching your ass and face and then mask, foster disease, infection, and even lung cancer it doesn't prevent them. Bacterial Pneumonia (spread by the hospital staff) Caused Most Deaths in 1918 Influenza. - NIH & Foauci, 2008

29) Masks suffocate and train to suffocate children, elderly, asthmatics and others. Wearing a mask can be dangerous or pose a suffocation hazard

30) Join the Dark Side, We have Masks! Masks are worn by Darth Vader, Storm Troopers, Empire's minions and Walmart employees

31) Psychological effects of mask wearing is astounding and innumerable. Evidence suggests that there may be consequential psychological impacts of mask wearing on the basic psychological needs of competence, autonomy, and relatedness - NIH

32) Dead Virus's are not Transmittable, despite what you've been told. No one you know died of Coronavirus, that didn't have 5+ pre-existing conditions. Death Counts are considered "Provisional" - CDC. 94% of U.S. COVID-19 deaths had numerous contributing health problems - CDC. But, the fake news does claim Lions at zoo's can get Coronavirus; while the CDC admits that Some coronaviruses, such as canine and feline coronaviruses, infect only animals and do not infect people.

33) There is no newspaper death notices, funerals etc. for any of the alleged deaths. Since there is no funerals, instead Biden to hold national memorial service for US Covid victims.

34) Children have less than a .2% death rate, even with phony death numbers. Few US children are dying from covid-19 - The Washington Post.

35) There was no dead people in body bags in NY as Trump suggested. He is lying to prop-up the Hoax. Trump Describes Seeing Bodies in Body Bags At NYC

36) There is less overall deaths in 2020 in the U.S. than there was in 2019; when removing the increase in suicide, record drug overdoses, poverty; the reduction in traffic deaths and un-registered illegals being counted as deaths.

37) All the politicians and are actors that said they had Covid, had no side effects whatsoever; Larry King did not die of Covid. - Shawn King. Boris Johnson didn't even clear his throat once in his Live Interview.

38) Lockdowns have officially made 40 Million people homeless; without the Presidential Directive banning evictions. USA Today. Lockdowns made 120 Million Jobless.

39) Lockdowns cause people to congregate at home, the opposite of the reason for a lockdown

.666) The 6' X 6' X 6' social distancing is, you've got it, 666, or 12' X 12' X 12' is, you've got it 3 6's, or 666.

40) The species name of Covid-19 is (HEL1) spoken "hell one" helical virus; categorized as a family of cold virus by the U.S. National Library of Medicine and in the 1989 AMA Encyclopedia. Coronavirus nsp13 SF1 Helicase (HEL1) - NIH

- 41) Psychological effects of social distancing, no hugs, hand shakes, kissing or sex; is astounding and innumerable. No sources needed.
- 42) Rockefeller (Oil) Foundation & US DOS wrote a report on Operation Lockstep; for public policing policy called #lockstep; a prison term. The US Department of State is policing the population policy 1999, NIH. - Rockefeller Foundation is the founder and funder of the World Health Organization.
- 43) U.N. is threatening a global food pandemic of Apocalyptic proportions
- 44) 10 Million people have already starved to death because of lockdowns. 132 Million into Hunger - UN
- 45) 50%-80% of businesses in the U.S. could go out of business, leaving just Taco Bell. Coronavirus Bankruptcy Tracker
- 46) HIPAA medical privacy laws and dozens of others are cancelled by directives & orders. Trump suspends HIPAA penalties with national emergency declaration
- 47) \$6.66T bailouts and free money to the people behind all these scams. U.S printed \$6.66T in phoney currency in 2020.
- 48) Bill Gates said he will make 200X his investment into his operating system Vaccines
- 49) First you needed a Vaccine, now multiple Vaccines, next you'll need 100; and still have to wear 3 masks, social distance and a Tattoo of phosphorescent nano-dots. There are currently more than 50 COVID-19 vaccine candidates.
- 50) CNN admits that you will need a Certificate of Vaccination 2019 (Covid-19) passport to leave your house
- 51) CNN admits the Contact Tracing APP will ensnare anyone you've been near; to be forceably quarantined. Contact tracing will be conducted for close contacts (any individual within 6 feet of an infected person for a total of 15 minutes or more) - CDC. Could your child or pregnant wife be a victim of medical kidnapping?
- 52) Masks, Contact tracing and Temperature readings are all a violation of HIPAA medical and other privacy laws.
- 53) Vaccine Mandates or you will not be able to have a job, get government funds or go outside your house without taking Bill Gate's OS vaccines.
- 54) Citizens around the world have been threatened by merchants, other citizens and police with death from day 1, if they don't do as their told. Police make 6500 arrests in the U.K. for breaking mask and distancing guidelines.
- 55) Once mandatory by December 9, 2020, national guard, police and military will use the Martial Law to National Guard will administer the vaccines force vaccinate you and your family. - Military Times
- 56) Local police are now setting up Mask Squads to round up people not obeying their rules (or whatever else they say)
- 57) Banks are now closing customer bank accounts and destroying your business if you don't wear a mask, or anything else they say
- 58) False-Flag operations are now in effect, to blame truth, freedom and the American Way and/or God. Oregon Senator correctly describes the Capitol "attack" as a False-Flag Operation to treat American's as Terrorists.
- 59) Mainstream news is now lying about every event that happens on the ground, making claims of fact we all know are false; such as proven voter fraud and the phoney attack on the

Capitol. The company Scytel Secure Electronic Voting, S.A., (also stylized SCYTL) is a Spanish provider of electronic voting systems and election technology; that counts the votes for the U.S., then returns the results, It has board members from the Rockefellers, Rothchilds, JP Morgan Chase, Goldman Sachs, Russia & Others.

60) Covid was a cover for the fascist communists to steal the election using dozens of fraudulent vote counting methods. Dominion Voting Systems are a complete fraud. The data is always accessible by the manufacturer.

61) All Presidential Directives, Orders & Mandates are Unconstitutional; the Constitution and Bill of Rights has been CANCELLED! Despite this lack of constitutional authority,...

62) "Rules" are not "Laws"; in the dictionary. To make you think they are the same, they use the term Rule of Law to make it so. A Rule, of a Law, means that government bureaucrats can make-up 1000 rules, to supposedly abide by a particular law.

63) Governments are now making Sex Rules where you must not have sex, but masturbate in front of your partner, social distanced and be wearing 3 masks

64) Homeland Security is rolling out Social Distancing Shock Collars for the Slaves as a "cure" for Coronavirus. Social Distancing is a mis-nomer and worthless. Nano-particles float in the air like smoke for at least 45 minutes. Nano-particles from just speech float for 8 minutes.

((Predictive Programming in Movies: In the 1991 movie "Wedlock"; if you venture too far from your controllers, the shock bracelet around your neck; blows your head off))

[https://en.wikipedia.org/wiki/Wedlock_\(film\)](https://en.wikipedia.org/wiki/Wedlock_(film))

65) Medicare pays \$13K to \$300K to list any case or death as a Covid-19 death

66) Weapons confiscation before the government agents and NWO stooges come to kill you. Pelosi wants security money for Stormtrooper Mask and Body Armor to face the "enemy within" House of Representatives

HOW COVID STARTED IN CHINA BASED ON ANTI-MASKER PROTESTS

Seventeen days before Coronavirus was identified; On 10 December 2019, the Court of Appeal refused to suspend the "unconstitutional" ruling by the Court of First Instance on the anti-mask regulation. As scheduled, a full hearing will commence on 9 January 2020.[61][62] [63] https://en.wikipedia.org/wiki/Anti-mask_law -- 1. The World Health Organization (2020) guidance, based on expert opinion, suggests wearing of masks may be problematic for children, developmentally challenged individuals, those living with mental illness, elderly individuals with cognitive impairment, persons with chronic respiratory or breathing problems (such as asthma/COPD), individuals who have had facial trauma or recent oral maxillofacial surgery, as well as individuals residing in hot and humid environments

Covid-19 Drill Goes Live

So it all began at the WEF, World Economic Forum on October 14th 2019, run by the German, Klaus Schwab. The Johns Hopkins Center for Health Security, Rockefeller Foundation, in partnership with the World Economic Forum and the Bill & Melinda Gates Foundation ran a simulated pandemic exercise called, Event 201 with the main operation centered around the Rockefeller Foundation/NIH plan called "Operation Lockstep". Not that this was the beginning of the Chief Justice predicting the upcoming war for the world, it's just that the Chief Justice watched many previous WEF presentations in the years past. This one, I turned it off. As soon as I saw the Event 201 presentation begin. It didn't interest me. I already knew what the exercise was about, and didn't need to watch it. But, it was a sign that led to predicting the exercise going live on the world. At the same time, there was another significant event that signaled the end to the PTB, the Telsa Cybertruck Unveiling Event held on November 22nd 2019. The PTB had no plans to give you a bullet-proof truck that goes 0-60 in 3 seconds, can travel well over 500 miles on a single charge and the motor will last for a million hours of continuous operation; if not last for a 1000 years. This is where the connection between the old oil based world order, and the new, new Tesla world order come together resulting in the WEF's "Great Reset" and later the "Great Narrative". Both I might add, are failing miserably. World Economic Forum Members include Putin, Zelensky, Trump, Xi, Trudeau, Schwab: Trump shows Xi Peng video clips of his granddaughter Arabella Kushner singing in Mandarin: Full Clip. Today, as of November 16th 2022, The Rockefeller Foundation in league with a host of globalist think tanks already documented in detail the current directives forcing sovereign nations into medical tyranny. Regardless of the scores of medical experts warning against the Covid Vaccines. And the exponential proof linking the vaccines to a massive genocide operation. The G20 summit in Bali ended with the World Economic Forum's puppets declaring to create a Global Health Passport. A passport that will usher in a global chinese model social credit score based on the allowance of carbon emissions to individuals worldwide.

By December 2019, I was back in Las Vegas, at my favorite 24 hour Starbucks. Seeing the signs and miracles and trolls all around. I had to warn the world of what was coming, even though it wasn't set in stone as to what it would be. By December 20th 2019, my brothers birthday, it was clear. Even clearer, was a video that arrived on YouTube entitled "10 industries Tesla will destroy"; that was December 18th 2019. Bright as day. The end of the old world order was at-hand. December 20th was the first day which came whispers of a connection between the unknown pneumonia-like cases appearing in China and the Wuhan Fish Market. Later, a connection was made by the CJ, that the entire Covid scenario from the bat-cave to the fish-market was designed to also ban hunting, fishing and even gardens; and in its place; replaced with only Walmart & McDonalds. A two for one. So, I had to move fast. Since the new Star Wars was just being released that month; I made the decision. To launch my first podcast, the Rise of the Jedi Podcast (ROJP) at <https://facebook.com/riseofthejedi>, and uploaded a copy of Episode 1 to YouTube. Both of those channels began on December 22nd 2019, the podcast and video's still remain there; time and date stamped. CJ set the date of Episode 1, December 26th 2019 at 1AM; the same day and hour that George Washington was crossing the Delaware to defeat the British.

In a post on the Nuremberg 2.0 website entitled "Coincidence Theory"; coincidentally, within hours of uploading the ROJP on December 26th 2019 at 1AM, in China time, the phantom menace virus was given a name, SARS-Cov2. The game was on. WW4 had started. Someone hit the button. Besides the public not being aware of the upcoming Covid-19 scenario, I still proceeded to invite my 33,000 friends and followers to that page; which quickly rose to 1000 like's and 1000 shares. What was in the text of the podcast anyhow? The text spoken by Yoda, predicted the upcoming scenario would include: the New World Order, Great Reset, Tesla vs Gas, Free Energy, Controlling Countries w/ Food & Energy, Staged Wars, Shutdowns /w Walmart Open, Presidential Directives, Emergency Orders, Vaccine BioWeapons, BioTerror, Fear, Crisis, Order out of Chaos, Invisible, Phantom Virus, Forced Injections, Quarantine, Isolation, FEMA Camps, Darth Vader Masks, Fake News, Fake Science, Information Wars, Cancel Culture, Censorship, Military Industrial Complex, Scientific Technocratic Elite, Sovereign Countries & Companies (Pfizer), Government is God, Fiat Currency... It all came true, and then some... All of these predictions will be described, in full, in this book. RISE OF THE JEDI PODCAST EPISODE 6 PT1 - CHIEF JUSTICE PREDICTS 33 PARTS OF COVID HOAX 12/26/2019 1AM.

Then, the signs kept coming. This was "it". While this Evil force was working over the long Christmas and New Years holiday, the next sign appeared. Tesla's Shanghai factory had been completed and the first cars were ready to be delivered; that was December 30th 2019. In coincidence theory, it's only coincidental that the next day, China, Taiwan, and the WHO declared an emergency of SARS-Cov2, a worldwide pandemic. Being that on December 27th, the announcement of the first production cars hit the press. Fast forward, Tesla revealed on Monday, January 27 2020 it has been ordered to suspend operations at its recently opened car factory in Shanghai. Shanghai government has ordered Tesla and all other private companies in the city to close their doors until February 9, my birthday. The start-time of the plannedemic was January 2020; as the public awoke from their holiday slumber; without a clue as to what was coming next. It was that moment, January 2nd, Scientific American reports on Nikola Tesla's method to convert renewable energy to liquified air. January 3rd 2020, a story was released to the press confirming another previously posted contention by CJ; that "Corexit"; the material BP used to allegedly clean up the Deepwater Horizon oil spill, a sulfur based detergent, was one of the 5+ Battery Formula's; previously posted on April 1st, 2020, 6 months before Tesla's official "Battery Day" on September 22nd 2020, that would allow electric cars to travel over 1 Million miles up to 12 Million miles. It was that same day, China alerted the U.S. CDC of a potential worldwide pandemic. The day after the Lock-Down in the U.S.; March 14th 2020. February 27 2020 Serbian Prime Minister Ana Brnabic plans for the production of electric batteries and electric cars in Lozica.

The CJ knew what was coming next. He has a Genetics Minor at Cal Poly SLO; and already learned about mRNA "vaccines" ala "gene therapy" that were portrayed as a cure for genetic diseases; and the Telomere Terminator; the point of the destruction of DNA, and in DNA synthesis with Telomerase, which leads to disease and death or the converse, Immortality. Otherwise known as Nuclear War with "Programmed Cell Death". That was 1994. Up until today, gene therapy hasn't cured one person. That's because genetic diseases are not the cause of cancer and illness; the poison from "Pharmacia" aka "sorcery" ala black magic is the cause. CJ knows about the mandatory Children's Vaccination Act of 2015; as he previously

posted in early 2015 on Facebook; that mandates ALL children, without exception or exemption to take fast-tracked vaccines that would not be tested on anyone. Later, Anthony Fauci, the CDC and FDA would admit that mRNA vaccines would not be tested on humans, nor animals; but using "vaccinology"; aka computer simulated, A.I. bullshtick (tm).

The Covid Agenda

Dutch MP Thierry Baudet's 2nd Speech to Parliament on New World Order, Covid Was Always About Control. Covid Agenda, Vaccine Side Effects, mRNA Experimental Vaccines; Gene Therapy, Vaccinated higher risk of side effects, [Low Death Rate .2% & .05%](#) for Children, Untested, Recurrent Boosters, Masks, The Great Reset & Build Back Better, Lockstep (2), Vaccine Passports, Censorship, Digital ID, IP to Biometric Data, Fascism, Lockdowns, Climate Lockdowns, Loss of Social Construct, Loss & Fights for Common Rights & Freedoms. The Cabal's ultimate goal? depopulation by suicide; by definition. A two for one. The 4th Reich controlling population with mRNA vaccines and GMO food with Codex Alimentarius. This is a blood sacrifice to the Devil using Satan's DNA. An odd coincidence, as Donald Trump, the vaccinator in chief, and Mike Pence, the lockdowner in chief, are also the salesmen for Operation Warpspeed, claims in a tweet "my blood IS the vaccine". CJ posted as-it-happened, as to why COVID-19 mass vaccination is a "military operation" run by DARPA, CERN for CRISPR gene editing for humans and animals bio-labs run by the "scientific technocratic elite" at MIT, Harvard & Koch Institute. The conspirators don't have the guts or the will to kill all of you by hand. They don't want blood-on-their-hands. They believe in God & Hell too. So, they had to make you believe it was not-their-fault, it was the invisible, phantom pseudo "Virus" that's never been isolated. How? "Trust The Science" of Operation Trust. Trust Us! Jeremiah 5:21 "Hear this, O foolish and senseless people, who have eyes, but see not, who have ears, but hear not." For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. Ephesians 6:12. Because of these pre-medicated crimes against humanity, a new Nuremberg Trials, deemed, Nuremberg 2.0 (Nurembergtrials.net & 4threich.com) were started as a public international grand jury vs The Cabal on July 4th 2021, Independence Day. On that same day, Joe Biden declared a goal to get all American's vaccinated. He failed!

Covid-19 Timeline

This Covid-19 timeline will begin with what they call "Novel" SARS-Cov2 allegedly identified on December 10th 2019. However, on December 18th 2022, this story appears: U.S. Department of Defense issued a 'COVID-19 Research' contract in November 2019, before COVID-19 was known to officially exist. Other timelines include: Other researchers are building a timeline of documents that influenced government decisions made in response to the Covid pandemic. Founder of GlobalResearch.ca has developed a timeline entitle'd "Timeline Biggest Lie in World History: There Never Was A Pandemic. The Data Base is Flawed. The Covid Mandates including the Vaccine are Invalid. Doctors for COVID Ethics produced a timeline entitle'd "Vaccine Injury Timeline J'Accuse! The Gene-based "Vaccines" Are Killing People. Governments Worldwide Are Lying to You the People, to the Populations They Purportedly Serve". In the UK, Daily Sceptic produces Matt Hancock's Pandemic Diary Timeline: A Parody. To the Future: A summary of England's pandemic beginning in Spring

2020; please learn from these mistakes. Anders Tegnell of the British Pandemic Response timeline from March 13th and 23rd 2020.

A virologist from the World Health Organization revealed on Dutch television that the WHO has a plan of 10 years of infectious diseases, starting from 2020 to 2030. There is a video removed from YouTube identifying the history of pandemic planning. This one from Yale is entitled 20 pandemic planning drills over the last 25 years. The earliest pandemic plan predicting the Covid Hoax was by The Rockefeller Foundation & GAVI published a paper in 2010 called Scenarios for the Future of Technology and International Development. The latest pandemic planning drill happened this October 23rd 2022 entitled "Catostrophic Contagion" set for 2025. This drill is evaluated in a video by Salty Cracker entitled "Bill Gates Wargames A New Pandemic That Kills Young People & Kids". The most recent plannedemic that predated SARS-Cov-2 was Event 201 scenario drill that happened on October 14th 2019 at the World Economic Forum. Except this report in September 2019, in Italy, allegedly Italian serum samples reveals SARS-CoV-2 RNA and antibodies present two months before the Wuhan outbreak. Despite not having isolated SARS Cov2 genetics by this date. Previously, the idea used by Anthony Fauci to use fake testing methods, fake transmissibility of virus's, and fake cures with the HIV causes AIDS hoax and the deadly cure of AZT began in 1983. The use of Coronavirus as far back as the AMA Dictionary of 1989, and the predictive programming on Television back to 1992, Music back to 2012 and predictive programming in Movies back to 2017. The most recent predictive programming came in the movie "Pandemic"; completed in September 2019. This specific bio-security state started on the day of September 11th 2001, when the NY port authority was running a pre-scheduled bio-terror drill on that same day. The latest, December 19th 2022, The Pandemic Of Everything by LAST AMERICAN VAGABOND.

Trump's Covid Hoax:

Begins on January 1st 2020 with researchers analyzing the text of death certificates from January 1st 2020 to June 30th 2020, again, despite ever isolating SARS Cov-2 genetics. A recap of major events predicted by the Chief Justice from January 1st 2020 to April 1st 2020 is chronicled here:

January 4th 2020 CJ predicts that a fake, staged terror attack against anti-vaxxers and patriots perpetrated by a government is imminent. As on Saturday evening the Department of Homeland Security issued a new "National Terrorism Advisory System Bulletin"

January 7th 2020 In Coincidence Theory, the Doctor who allegedly first discovered the novel Coronavirus, Dies. Coincidentally. January 20th, 2020 U.S. Centers for Disease Control and Prevention (CDC) activated its Emergency Operations Center (EOC) in order to support public health partners.

January 30th 2020 CJ reposts the WHO Vaccination Agenda 2030 for 500 new mandatory vaccines with no-exemptions: a Global PhRMA Strategy.

January 31st 2020 [Health and Human Services declared the novel coronavirus \(2019-nCoV\) a public health emergency](#) on CDC Guidance.

February 5th 2020 CJ predicts "[You can't have your Tesla until you take your Vaccines!](#)" citing Another Brick In The Wall.

February 7th 2020 CJ predicts quarantine's as the [U.S. states quarantine cruise ship passengers](#) under Trump.

February 25th 2020 CJ publishes the 10 Contentions for a "Coronavirus Hoax" on Facebook www.teslaleaks.com

February 25th 2020 "CoronaVirus" & "Test Kit" Hoax to stop Tesla Giga Shanghai Part 1:

Coronavirus Hoax was invented the day after the Rise of the Jedi Podcast Launched, December 26 2019 <https://facebook.com/riseofthejedi> AND December 30th 2019, same day Tesla Giga Shanghai began production Tesla delivers first China-made cars from \$5bn Shanghai factory. <https://theguardian.com/technology/2019/dec/30/tesla-delivers-first-china-made-cars-from-shanghai-factory>

2) Coronaviruses are types of viruses?? Or just the Common Cold! "They used an assay that can not discern SARS-CoV-2 from common cold coronaviruses and MERS. This is one of many issues. Hitler's 3rd Reich

Why the British & The Pope? And who else?? Because the same forces that were in WW1& WW2, Caesar on the Temple Of Rome at the Vatican and the international fascists of NAZI's & Red Shield ft The Keys To Heaven. the "King" of England, British Zionists, the Club Of Rome, the sovereign countries; Switzerland, London, the Vatican, Washington DC & Germanic-Catholic, Austria; and sovereign companies like German owned Pfizer & Moderna & BioNtech, British-Swedish Astrazeneca located in Germanic Boston, Fascist French Dow-Dupont aka The Devil We Know; with a sprinkle of Communism & Fascism; would be the same forces running the Covid-19 plannedemic. Just to be clear, today, much of Britain, and Christian Serbia, have been infiltrated by Arabs from ala Saudi-Aramco/Chevron. Similarly, the scenario of mass immigration of Arabs in Croatia, and into Bosnia-Herzegovina led to the war with Nikola Tesla's hometown, Serbia. So, it's not just the British people per-say. In the Covid scenario, it involved all countries, but not all countries will be covered in this book. Some would ask, what about the Jews? Israel was the first country to mandate vaccines and vaccine passports called the "Green Pass". Later to reverse their position when a petition was filed and date set for a hearing at the International Criminal Court at The Hague in the Netherlands in September 2021 for crimes against humanity. The Covid-19 Experiment is Medicalization, 3rd Reich Emergency Dictatorship in 1931 on auspices of medical or necessity. See Benevolent Dictator. The "Jews" and Israel appear to be only front-men for the plannedemic; the same as the Jewish doctors that were front-men for Hitler; and German pharmaceutical companies; under the 3rd Reich. The Jewish doctors that ran much of the medical experimentation nor the pharmaceutical companies were held responsible at the first Nuremberg Trials in 1945. Hitler's top financier was the German pharmaceutical companies like BASF & IG Farben; who experimented on people in the workers camp at Auschwitz. The "blame the Jews" conspiracy came to a head when in mid-2021 flyers began circulating on social media entitled "All aspects of Covid-19 are Jewish". Should Medically-degreed physicians in the NIH, the CDC, the NIAID and the FDA (all of whom presumably pledged the hippocratic oath at the beginning of their medical careers) who then vigorously promoted the untested (long-term), experimental emergency use authorized (EEUA) Covid-19 Vaccines, be subject to the Nuremberg Code of Ethics? Beginning on February 11th 2021, as the resistance to tyranny begins in haste, the 4th Reich copies the Nazi Book Burning with a modern book burning and cancel culture in order to re-write words new blends include "covidiot," for someone who ignores public safety recommendations; "doomscrolling," which happens when you skim anxiety-inducing pandemic-related stories on your smartphone; and the German term "hamsterkauf," or panic buying, create new words, and to re-write history. See George Orwell's 1984. "Would Censorship Have Stopped the Rise of the Nazis?" That's not to say the Rothschild, red-shield, bankers weren't involved; given that they run the banking and stock markets in Germany, and around the world. Blackstone, Blackwater, Vanguard & State Street in Boston. Blackwater being the private military arm of the 4th Reich, with a Jewish, CEO, Eric Prince and wife at the U.N. that deliver weapons, mercenaries and vaccines to 3rd world countries. A recent video on Hitler Uncensored is a good background on the events of WW2 and the 3rd Reich. These are all the same forces that were running rough-shot on the world for over 5,000 years.

Justice Robert H. Jackson's Opening Statement to the four-nation International Military Tribunal (IMT) at Nuremberg on November 21 1945 -- "At the end if these Nuremberg Trials against Hitler & the 3rd Reich, you'll all be begging for a United Nations". As World War II was about to end in 1945, nations were in ruins, and the world wanted peace. Representatives of 50 countries gathered at the United Nations. The establishment of the World Health Organization occurred on 7 April 1948, when its new constitution was ratified by a twenty-sixth nation. Its establishment followed a period of discussions and consultation following World War II and the formation of the United Nations, of which it formed part.

Doctors Trial at Nuremberg

The Doctors' Trial at Nuremberg cited the testimony of American Doctors who had participated in similar experiments in other countries. "It is worthwhile to remember the physicians who helped the American judges write the Nuremberg Code. By shifting their emphases away from the victims of Nazi medical atrocities, the judges were able to make room for the Code—an important historical document that requires medical researchers to treat study participants as human beings with rights and dignity. In doing so, the judges proclaimed that Nuremberg, "a place of evil," was also "a place of justice." The 23 defendants and one woman (the head of what would be the U.S. CDC), and Hitler's Personal Physician, were respected and distinguished medical scientists and physicians who were charged with murder and torture in the context of unspeakable medical experiments on concentration camp prisoners. The Nazi defense then presented evidence that "civilized" nations such as France, Holland, Great Britain, and the United States had used prisoners as participants in dangerous experiments without their voluntary consent, and thus Nazi doctors only followed this unwritten standard of practice. The American Doctors there, saw firsthand the effects of Hitler's sterilization and extermination programs for the mentally ill, and barely escaped the Gestapo after refusing to conform to Nazi prescribed "treatment." ore than a quarter of a million people were sterilized under the "racial hygiene" program, and this was the beginning of the mass extermination of the Jews, Roma, homosexuals, and those perceived as subhuman. According to Moll, this was symptomatic of a view that human beings were "mere objects" or a "series of biological events" or "mail packages."1(p1991) Leibbrandt testified that this view originated with the publication in 1920 of an influential book, ie Freigabe der Vernichtung Lebensunwerten Lebens Permission to Destroy Life Unworthy of Life) by the jurist Karl Binding and the psychiatrist Alfred E. Hoche. These authors coined the concept of "life unworthy of life" that justified its "destruction" as a "healing act" for the health of the German nation. Binding stated that the doctor's responsibility was to terminate the lives of those who were mentally ill, deformed, or socially useless and was widely accepted by the general German public and with it new values on life and death". - Hitler's Jewish Doctors

Hitler stated the reasoning behind why he chose to use some Jewish doctors in the Nazi regime, called [Hitler's Jewish Doctors](#). "The Fuehrer stated that Dr Bloch was a noble Jew, ("Edeljude"), further stating that "if all Jews would be like Dr. Bloch, there would be no Jewish question"¹ (Figure 2). The Jewish doctors were given special requests for "safekeeping the cards," and a receipt was duly issued for them. The Blochs were allowed to keep their health passports and their money.

The Jewish doctors were involved in Nazi experiments described in this way: "They were then treated aggressively with beatings, electro-shock, and various other punishments, all to bolster their self-esteem and promote a quick return to their unit. Another form of treatment was the "enlightened technique," namely hypnosis. This is the technique that Dr Forster used on Adolf for his blindness: "it was to awake the patriotic duty in a future leader of a country."⁷⁻⁹ On the ascendance of Adolf to Chancellorship of the Reich in 1933, the psychiatric hospital documents and the people involved had to be erased. All the hospital documents "apparently" vanished. He further emigrated to New York in 1945, where he lived until his death in 1954. He is buried in Iceland with his wife, whilst his son, Klaus, (Klaus Schwab?) remained in the United States, practicing medicine."

- Health Passports

It must be understood that Hitler and the Nazi's were big proponents of health passports. That was part of their racial hygiene program. It included passports for immigrants, passports for work and even led to the idea a fumigating immigrants with DDT, just as the USA had done to Mexicans. In 1938, a law was passed that decreed all Jews had to have the letter 'J' stamped on their passport. These measures were just a small part of the Nazi campaign to completely isolate and exclude the Jewish population. It appears the Nazi's were interested in improving the [Lifestyle, health, and health promotion in Nazi Germany](#), but not for the rest of the world. The following presents the "best of the best" of annotations of over 600 tobacco industry documents that tell a nearly 40 year story of the smoking and health research programme sponsored by the members of the [Association of Cigarette Industries of Germany](#) (the "Verband"). Its members include the [German and Austrian cigarette manufacturers](#) as well as the transnational firms of Philip Morris (PM), RJ Reynolds (RJR), and British American Tobacco (BAT). It may seem paradoxical that the robust identification of one of the most important environmental causes of disease of the 20th century occurred in a totalitarian state.

However, in [Hitler's Speech to the Workers of Berlin](#) on December 10th 1940; he made several correct statements about Censorship, Cancel Culture & The Cabal. "In reality, every one of the newspapers has a master, and in every case this master is the capitalist, the owner. This master, not the editor, is the one who directs the policy of the paper. If the editor tries to write other than what suits the master, he is ousted the next day. It is interesting to examine the life of these rich people. In this Anglo-French world there exists, as it were, democracy, which means the rule of the people by the people. Now the people must possess some means of giving expression to their thoughts or their wishes. Analysing this problem more closely, we see that the people themselves have originally no convictions of their own. Their convictions are formed, of course, just as everywhere else. The decisive question is who enlightens the people, who educates them? In those countries, it is actually capital that rules; that is, nothing

more than a clique of a few hundred men who possess untold wealth and, as a consequence of the peculiar structure of their national life, are more or less independent and free. They say: 'Here we have liberty.' By this they mean, above all, an uncontrolled economy, and by an uncontrolled economy, the freedom not only to acquire capital but to make absolutely free use of it. That means freedom from national control or control by the people both in the acquisition of capital and in its employment. This is really what they mean when they speak of liberty. These capitalists create their own press and then speak of the 'freedom of the press.'

- Nazi Racial Hygiene

In The Biological State of Nazi Racial Hygiene: "Nazism was "applied biology," stated Hitler deputy Rudolf Hess. During the Third Reich, a politically extreme, antisemitic variation of eugenics determined the course of state policy. Hitler's regime touted the "Nordic race" as its eugenic ideal and attempted to mold Germany into a cohesive national community that excluded anyone deemed hereditarily "less valuable" or "racially foreign." Public health measures to control reproduction and marriage aimed at strengthening the "national body" by eliminating biologically threatening genes from the population. Many German physicians and scientists who had supported racial hygiene ideas before 1933 embraced the new regime's emphasis on biology and heredity, the new career opportunities, and the additional funding for research. Hitler's dictatorship, backed by sweeping police powers, silenced critics of Nazi eugenics and supporters of individual rights. After all educational and cultural institutions and the media came under Nazi control, racial eugenics permeated German society and institutions. Jews, considered "alien," were purged from universities, scientific research institutes, hospitals, and public health care. Persons in high positions who were viewed as politically "unreliable" met a similar fate."

The Final Solution: At the start of WWII, the Nazis adopted Zyklon B as a fumigation agent at German border crossings and concentration camps. Later, when the Final Solution was put into effect, the Germans found more sinister uses for this extremely lethal pesticide. The fumigation was carried out in an area of the building that American officials called, ominously enough, "the gas chambers." Why Hitler Bathed and Medical Tyrant by fumigating and cleansing for bugs and for people.

According to "The Bath Riots" by René Kladzyk, in 1942, DDT powder dusting replaced kerosene and vinegar showers. Tragically, since DDT is a pesticide, it was found to have "detrimental health consequences including cancer, infertility, miscarriage, as well as nervous system and liver damage." In the 1920s, the United States began using Zyklon B, an extremely poisonous acid gas, to fumigate immigrants' clothing at the border. In a 1937 German pest science journal, a scientist named Gerhard Peters suggested the use of Zyklon B in gas chambers to disinfect for unwanted pests in concentration camps, including two images of El Paso's delousing chambers that he cited as his inspiration. - Sterilization in Nazi Germany

In the 1930's, the Nazis began a massive, compulsory Sterilization in Nazi Germany program inspired by eugenics. It was a form of social cleansing that affected a large segment of the German population. During this horrifying era, the German government forced these medical procedures on many people without their consent. - Nuremberg Trials 1.0 vs 3rd Reich

The Nuremberg trials were held by the Allies against representatives of the ((allegedly) defeated Nazi Germany, for plotting and carrying out invasions of other countries, and other crimes, in World War II. The IMT focused on the crime of aggression—plotting and waging aggressive war, which the verdict declared "the supreme international crime" because "it

contains within itself the accumulated evil of the whole".[1] Most of the defendants were also charged with war crimes and crimes against humanity. Twelve further trials were conducted by the United States against lower-level perpetrators, which focused more on the Holocaust. Although controversial at the time for their use of ex post facto law, the trials' innovation of holding individuals responsible for violations of international law established international criminal law.

Nuremberg Trials: This charter created the International Military Tribunal (IMT) upon which each of the four allied nations (US, UK, France, USSR) appointed a prosecution team and judges for the trials. WAR CRIMES UNDER 3RD REICH:

6. Between September 1939 and April 1945 all of the defendants herein unlawfully, willfully, and knowingly committed war crimes, as defined by Article II of Control Council Law No. 10, in that they were principals in, accessories to, ordered, abetted, took a consenting part in, and were connected with plans and enterprises involving medical experiments without the subjects' consent, upon civilians and members of the armed forces of nations then at war with the German Reich and who were in the custody of the German Reich in exercise of belligerent control, in the course of which experiments the defendants committed murders, brutalities, cruelties, tortures, atrocities, and other inhuman acts. Such experiments included, but were not limited to, the following:

- A) High-Altitude Experiments
- B) Freezing Experiments
- C) Malaria Experiments
- D) Mustard Gas Experiments
- E) Sulfanilamide Experiments
- F) Bone, Muscle, and Nerve Regeneration and Bone Transplantation Experiments
- G) Sea-Water Experiments
- H) Epidemic Jaundice Experiments
- I) Sterilization Experiments
- J) Spotted Fever (Experiments
- K) Experiments with Poison
- L) Incendiary Bomb Experiments

7. Between June 1943 and September 1944 the defendants Rudolf Brandt and Sievers unlawfully, willfully, and knowingly committed war crimes, as defined by article II of Control Council Law No. 10, in that they were principals in, accessories to, ordered, abetted, took a consenting part in, and were connected with plans and enterprises involving the murder of civilians and members of the armed forces of nations then at war with the German Reich and who were in the custody of the German Reich in exercise of belligerent control. One hundred twelve Jews were selected for the purpose of completing a skeleton collection for the Reich University of Strasbourg. Their photographs and anthropological measurements were taken. Then they were killed. Thereafter, comparison tests, anatomical research, studies regarding race, pathological features of the body, form and size of the brain, and other tests, were made. The bodies were sent to Strasbourg and defleshed.

8. Between May 1942 and January 1944 the defendants Blome and Rudolf Brandt unlawfully, willfully, and knowingly committed war crimes, as defined by Article II of Control Council Law No. 10, in that they were principals in, accessories to, ordered, abetted, took a consenting part in, and were connected with plans and enterprises involving the murder and mistreatment of tens of thousands of Polish nationals who were civilians and members of the armed forces of a nation then at war with the German Reich and who were in the custody of the German Reich in exercise of belligerent control. These people were alleged to be infected with incurable tuberculosis. On the ground of insuring the health and welfare of Germans in

Poland, many tubercular Poles were ruthlessly exterminated while others were isolated in death camps with inadequate medical facilities.

9. Between September 1939 and April 1945 the defendants Karl Brandt, Blome, Brack, and Hoven unlawfully, willfully, and knowingly committed war crimes, as defined by Article II of Control Council Law No. 10, in that they were principals in, accessories to, ordered, abetted, took a consenting part in, and were connected with plans and enterprises involving the execution of the so-called “euthanasia” program of the German Reich in the course of which the defendants herein murdered hundreds of thousands of human beings, including nationals of German-occupied countries. This program involved the systematic and secret execution of the aged, insane, incurably ill, of deformed children, and other persons, by gas, lethal injections, and diverse other means in nursing homes, hospitals, and asylums. Such persons were regarded as “useless eaters” and a burden to the German war machine. The relatives of these victims were informed that they died from natural causes, such as heart failure. German doctors involved in the “euthanasia” program were also sent to Eastern occupied countries to assist in the mass extermination of Jews.

10. The said war crimes constitute violations of international conventions, particularly of Articles 4, 5, 6, 7, and 46 of the Hague Regulations, 1907, and Articles 2, 3, and 4 of the Prisoner-of-War Convention (Geneva, 1929), the laws and customs of war, the general principles of criminal law as derived from the criminal laws of all civilized nations, the internal penal laws of the countries in which such crimes were committed, and Article II of Control Council Law No. 10.

Since it is well known that Hitler used the staged Reichstag Fire to declare a national emergency; turning Germany into a Dictatorship; the 4th Reich used the same method using "pandemics" as national security. In the U.S., it began in March, 2020, by the National Security Council. Bill Gates being the operative for pandemic prevention, he announced his Pandemic Prevention System as a worldwide pandemic alert system he describes as Fire Prevention. Today in Germany: The "Dictatorship of Democracy" Secretly Transformed into an "Open Dictatorship". The Federal Ministry of the Interior (BMI) confirms: "Emergency Brakes" Act abrogates fundamental right of inviolability of home and body (1). The renowned legal scholar Volker Boehme-Nedler adds: The planned coercive measures such as de curfews are "unconstitutional, dictatorial and against human nature" (2). The German Bundestag will decide next week on this legislative path to open dictatorship. The 4th Reich using the EU as a New World Order corporate fascist platform started with the influence of tobacco industry in Germany: Mark Neuman and colleagues (April 13, p 1323) highlight how industry lobbying tactics have undermined European tobacco control, with certain European Union (EU) member states, particularly Germany, playing key parts. The 4th Reich continued this operation through the German chemical industry of Dow Chemical and Dupont. In Daniel 2:33, the legs are different from the feet. When Daniel interprets the dream, he states that the fourth kingdom is a divided kingdom: the legs are firm like iron, but the feet and the ten toes are a mixed multitude: they marry each other, but they are not united (Daniel 2:41-43). Also, in Daniel's vision about the beasts, the fourth beast is distinguished from the little horn. EU Project of the 4th Reich

New Order (Nazism) - Historians are still divided as to its ultimate goals, some believing that it was to be limited to Nazi German domination of Europe, while others maintain that it was a springboard for eventual world conquest and the establishment of a world government under German control.[3]. The physical construct of the EU project goes back 40 years, prior to this story written in 1978. Hitler's European Building Programme and The Thousand Year Empire.

Prior to the Covid scenario, several events about the EU project were posted by the Chief Justice on the 4th Reich. SOT, Pavel Gubarev, self-proclaimed "people's governor" of Donetsk (Russian) "I want to say that I very much love Europe, I have visited many European countries. But what I am against and do not like about Europe, it is this false "European Union" which for me is a kind of Fourth Reich." Angela Merkel gives a chilling speech on setting up the 4th Reich in Europe with a European Army. At the beginning of the covid measures, the EU is run by President Ursula Von Der Leyen, a German from Catholic, Austrian Empire, she admits to the Pfizer CEO and the audience that the covid vaccines were "untested" and "never approved". She also admits in this speech that half of the vaccines are manufactured in the EU, and exported to other countries.

At the end of the Covid scenario, many reports on the fascist EU 4th Reich begin appearing: Dr Vernon Coleman covers the 4th Reich on November 11th 2022 entitled "Germany, Konrad Adenauer, the EU and the Nazis". Another report appears on November 22nd, on the idea of the destruction of a European identity entitled The Non-Existent European Identity - The Fall Of The 4th Reich. - Emergency Dictatorship

The Problematic Usage of Emergency Powers in the United States -- "The moment the president declares a "national emergency" a decision that is entirely within his discretion more than 100 special provisions become available to him. For instance, the president can, with the flick of his pen, activate laws allowing him to shut down many kinds of electronic communications inside the United States or freeze Americans' bank accounts. Other powers are available even without a declaration of emergency, including laws that allow the president to deploy troops inside the country to subdue domestic unrest."

From the story:

Absolute Proof President Trump is Directly Responsible for Launching the Global Pandemic and mRNA Vax Operation. But Now I Fear Donald J. Trump, who I have Fiercely Defended and even called The Chosen One, is Controlled Opposition.

President Trump Could Have Been A TRUE CHAMPION of We The People by Simply NOT SIGNING the Continuation of the Following:

THE WAR AND EMERGENCY POWERS ACT OF 1933

PATRIOT ACT / US FREEDOM ACT

(NDAA) National Defense Authorization Act

(MSEHPA) Model State Emergency Health Powers Act

(President Trump should Have Closed All of the Illegal FEMA Camps. Instead, He gave More Power and Authority to FEMA)

President Trump did Not End Weather Warfare (Nor Even Warn the Public It Was Happening)

President Trump Did Not Stop Directed Energy Weapon Attacks that Caused the California/West Coast Fire Storms (Nor Call Out Who Was Guilty, Or Even Warn the Public IT WAS HAPPENING)

If it is President Trump's Intention to Restore our Republic and Rightful Constitution, WHY HAS PRESIDENT TRUMP NEVER PUBLICLY STATED THAT THE UNITED STATES IS A CORPORATION?

President Trump's Nominations to the Supreme Court have Proven Very Bad for Freedom and We the People. My gut told me that Amy Coney Barret was not On Our Side, but I was sucked into the Hype like most everyone else.

To assume that President Trump did not know all of this Viral-Biological Warfare Research and Development was going on behind the scenes is ridiculous

Even if He was being DECIEVED about the Covid-19 Plandemic, the mRNA Bio-Weapons and the ties to the Great Reset and United Nations Agenda 2030 Master Plan that was unfolding Right Under Him-

If you can't bring yourself to believe that President Trump is Complicit in the Global Vaxine Genocide, then you have to admit he was INCOMPETENT.

President Trump Executive Order: 13887 September 19, 2019 Modernizing Influenza Vaccines in the United States to Promote National Security and Public Health

Even if President Trump did not have direct involvement with the Creation of Covid Bio-Weapons and the mRNA as an INTENTIONAL WEAPON-PRESIDENT TRUMP DID AUTHORIZE THE USE OF mRNA VACCINES, OVERSAW THE TRANSFER OF MILITARY mRNA RESEARCH TO BIG-PHARMA VAX COMPANIES, AND MADE DEALS WITH BIG-PHARMA TO FAST TRACK THEIR PRODUCTION FOR PUBLIC USE GLOBALLY. (Ten Years of Testing and Safety Measures were Forcefully Bypassed) And Now We Learn it WAS President Trump who Launched the Global Depopulation Attack on the Worlds Population by setting the Entire Plandemic Process into Motion...

Operation Warp Speed (OWS) was a public-private partnership initiated by Donald Trump and the United States government to facilitate and accelerate the development, manufacturing, and distribution of COVID-19 vaccines, therapeutics, and diagnostics. Trump assigns a Moderna board member head of operation warp speed, uses military to inject 300,000,000 Americans. A military operaton.

- Order Out Of Chaos – Problem-Reaction-Solution

Order out of chaos is the “Modus Operandi” for the New World Order, and the operating function of government and of the Covid scenario used to enslave you. A report appearing in Science Direct under Mental Health describes the mental situation of the population under Covid-19: Order out of chaos: Sense of coherence and the mediating role of coping resources in explaining mental health during COVID-19 in 7 countries. “In the midst of the COVID-19 pandemic and the universal chaos created by it, this study explores the role of sense of coherence (Soc, Antonovsky, 1979) and how it enables coping with a stressful situation and staying well.”. The WEF admits the use of mental health to control populations through novel public-private initiatives entitled “Previous Global Future Council on Mental Health citing “The Emotional Toll of Covid-19”. On May 31st 2022, the CDC analyses this idea in regards to high school students entitled “New CDC data illuminate youth mental health threats during the COVID-19 pandemic”. New CDC analyses, published today, shine additional light on the mental health of U.S. high school students during the COVID-19 pandemic, including a disproportionate level of threats that some students experienced. Some call this idea “The New World Dis-Order”. On December 3rd 2022, Dr David Martin, an alleged CIA member working for GE under Mary, the Queen of Scots, describes it this way “his bosses use order out of chaos in order to program the public to accept genocide or some pre-planned narrative such as in the Cuban missile crisis, anthrax crisis and all other events that you think were accidents; but also hidden in plain sight”.

- Population Control & Depopulation

Since the beginning of time the so-called rulers have been fascinated with population control, and control of populations; by definition. The first major council on population was developed by John D Rockefeller II in 1952, immediately after WW2 called “Population Council”. From their website: For example, the Population Council strives to teach boys that they can be involved in contraceptive methods regardless of stereotypes that limit male responsibility in child bearing. The organization held the license for Norplant contraceptive implant, and now holds the license for Mirena intrauterine system. The Population Council also publishes the journal Population and Development Review, which reports scientific research on the interrelationships between population and socioeconomic development.” The most famous book taught in schools on this issue was written by Paul R. Ehrlich in 1968 entitled “The Population Bomb”. In 1974, the Kissinger Report was released entitled “National Security Study Memorandum 200” promoting the government's agenda enforcing population control under the idea of National Security. Meaning, the human population is the main enemy of the government.

Other promotion of population control appears by the UN, EU, WHO and Agenda 2030. END OF HUMANS BY VACCINE. WHO: Immunization Agenda 2030: A Global Strategy to Leave No One Behind. WHO WORLD ORDER New Constitution. Killing Us Softly: Global Depopulation Policy. Stop the Power Grab: Open Letter on WHO's Pandemic Treaty. March 14th 2022 The goal: Vaccinate 70% of the world against COVID. Scientists are proposing a

reboot. Early in 2021, reporters in India and elsewhere were making the connection between the Super Friends, Bill Gates and Billionaires “saving the world” with vaccines; occurring under the Covid scenario. January 18th 2021 Bill Gates, vaccines and population control make for infectious conspiracy theory.

Under the cover-up of vaccine side effects, the conspirators invented the name SADS (Sudden Adult Death Syndrom); better known as the Covid-19 depopulation injection. In a video by The Expose confirms this hypothesis entitled “Secret Government Data & Confidential Pfizer Documents confirm COVID Vaccination is causing Depopulation and has already killed Millions.”. The MSM inadvertently admits to the idea of getting SADS, 5 months or more after vaccination; so that no connection with the vaccine could be made. May 22nd 2022 Your Government published data confirming it can take just 5 months for the Covid-19 Vaccinated to develop Acquired Immunodeficiency Syndrome whilst they had you worried about World War, the Cost of Living & Monkeypox. It's also a cover up of the video and idea of “Died Suddenly”. #DiedSuddenly Part 1 passes 20M views. Died Suddenly Part 2. White House respond's with Fauci final press briefing: Press room explodes as the question is asked “What about the Origins of Covid?” responding “I'm done with you”. Fauci “Covid (measures) are a moving target”. Deposition. Here's a list of 94 incidences this year when vast numbers of animals have died suddenly. - China's Zero Covid & Tiananmen Square 2.0

A compilation of events on the China protests over zero covid called China's White Paper Revolution aka Tiananmen Square 2.0 begins here: Blank sheets of white paper were a symbol of “no free speech”. Klaus Schwab & Justin Trudeau of WEF “China IS Model For World”. Emergency Censorship. Social credit score coming to the U.S. Digital ID. QR Code and contact tracing. Pushes western mRNA vaccines. Forced Quarantine Camps. Anal Swabs. Business Shutdowns. Lockdowns. Global Tyranny. Zero-Covid Restrictions. Fines for criticizing the government. “The regime has always been a regime of lies, suppression, propaganda and surveillance”. The protests were pre-dated by this story: Panic-buying seen in Beijing as government orders construction of COVID-19 quarantine centers.

In the most ridiculous case of health care in world history, China has been locking down entire cities for just 1 fake “case”; and over a week has less than 1 death per day; in cities with over 20 Million people. While that's going on, reports from China have alluded to 10,000 deaths from the lockdowns. April 28th 2022 Explainer-Shanghai death numbers raise questions over its accounting for 285 COVID “related” fatalities since April 17, from around confirmed 500,000 cases. A 99.995% survival rate, even with a fake “nucleic acid” test . In August, 2020,

Shanghai reports 300K Covid cases w/ fake Tests, 98% having no-symptoms & zero deaths. Mass fake tests uncover Omicron lurking in families in cloistered homes (caused by Lockdowns); from a virus that's never been isolated and who's genetics doesn't even exist.

Another communist quarantine with a zero covid policy chimes in. A massive North Korea military parade has been identified as a Covid super-spreader event in the country with a 99.9666% survival rate. North Korea reports more COVID deaths, says nearly 565,000 under forced quarantine. Nuremberg 2™ Mission Nuremberg 2™ has 2 purposes: 1) Educate each individual on the importance of knowing human rights 2) Require in legislation every individual, institutions are versed in Bioethics & Human Rights Laws, and furthermore, that every political representative of the people (elected individual) and every political representative of the State and corporations (non-elected politicians), must legally pledge to uphold all major International Bioethics and Human Rights Laws, in order that they may retain their political position. It is the moral duty of each individual in such a public service post to ensure that they never act outside of such laws. It is now time that it is also made to be their enforceable legal responsibility to do so. <https://nuremberg2.com/>

The Nuremberg Code (1947) Permissible Medical Experiments

The great weight of the evidence before us to effect that certain types of medical experiments on human beings, when kept within reasonably well-defined bounds, conform to the ethics of the medical profession generally. The protagonists of the practice of human experimentation justify their views on the basis that such experiments yield results for the good of society that are unprocurable by other methods or means of study. All agree, however, that certain basic principles must be observed in order to satisfy moral, ethical and legal concepts: 1. The voluntary consent of the human subject is absolutely essential. This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion; and should have

sufficient knowledge and comprehension of the elements of the subject matter involved as to enable him to make an understanding and enlightened decision. This latter element requires that before the acceptance of an affirmative decision by the experimental subject there should be made known to him the nature, duration, and purpose of the experiment; the method and means by which it is to be conducted; all inconveniences and hazards reasonably to be expected; and the effects upon his health or person which may possibly come from his participation in the experiment. The duty and responsibility for ascertaining the quality of the consent rests upon each individual who initiates, directs, or engages in the experiment. It is a personal duty and responsibility which may not be delegated to another with impunity. 2. The experiment should be such as to yield fruitful results for the good of society, unprocurable by other methods or means of study, and not random and unnecessary in nature. 3. The experiment should be so designed and based on the results of animal experimentation and a knowledge of the natural history of the disease or other problem under study that the anticipated results justify the performance of the experiment. 4. The experiment should be so conducted as to avoid all unnecessary physical and mental suffering and injury. 5. No experiment should be conducted where there is an a priori reason to believe that death or disabling injury will occur; except, perhaps, in those experiments where the experimental physicians also serve as subjects. 6. The degree of risk to be taken should never exceed that determined by the humanitarian importance of the problem to be solved by the experiment. 7. Proper preparations should be made and adequate facilities provided to protect the experimental subject against even remote possibilities of injury, disability or death. 8. The experiment should be conducted only by scientifically qualified persons. The highest degree of skill and care should be required through all stages of the experiment of those who conduct or engage in the experiment. 9. During the course of the experiment the human subject should be at liberty to bring the experiment to an end if he has reached the physical or mental state where continuation of the experiment seems to him to be impossible. 10. During the course of the experiment the scientist in charge must be prepared to terminate the experiment at any stage, if he has probable cause to believe, in the exercise of the good faith, superior skill and careful judgment required of him, that a continuation of the experiment is likely to result in injury, disability, or death to the experimental subject. Nuremberg 2™ will always aim to focus the reader towards those elements of Human Rights that appear to be most important for the current times, as well as those elements that have proven to be persistently important throughout the last century. Highlighted text in bold and underlined is added in order to emphasise these elements to the reader.

The Nuremberg Code Key Extracts “The voluntary consent of the human subject is absolutely essential.” The Nuremberg Code (1947) Article 1 “The person involved [participant in the experiment] should... be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion.” The Nuremberg Code (1947) Article 1 “The person involved [participant in the experiment]... should have sufficient knowledge and comprehension of the elements of the subject matter involved as to enable him to make an understanding and enlightened decision.” The Nuremberg Code (1947) Article 1 “Before the acceptance of an affirmative decision by the experimental subject there should be made known to him... all inconveniences and hazards reasonably to be expected; and the effects upon his health or person which may possibly come from his participation in the experiment.” The Nuremberg Code (1947) Article 1 “The duty and responsibility for ascertaining the quality of the consent rests upon each individual who initiates, directs, or engages in the experiment. It is a personal

duty and responsibility which may not be delegated to another with impunity.” The Nuremberg Code (1947) Article 1 “The experiment should be such as to yield fruitful results for the good of society, unprocurable by other methods or means of study, and not random and unnecessary in nature.” The Nuremberg Code (1947) Article 2 “The experiment should be so conducted as to avoid all unnecessary physical and mental suffering and injury.” The Nuremberg Code (1947) Article 4 “No experiment should be conducted where there is an a priori reason to believe that death or disabling injury will occur.” The Nuremberg Code (1947) Article 5 “Proper preparations should be made and adequate facilities provided to protect the experimental subject against even remote possibilities of injury, disability or death.” The Nuremberg Code (1947) Article 7 “The experiment should be conducted only by scientifically qualified persons. The highest degree of skill and care should be required through all stages of the experiment of those who conduct or engage in the experiment.” The Nuremberg Code (1947) Article 8 “The human subject should be at liberty to bring the experiment to an end... where continuation of the experiment seems to him to be impossible.” The Nuremberg Code (1947) Article 9 “The scientist in charge must be prepared to terminate the experiment at any stage, if he has probable cause to believe... that a continuation of the experiment is likely to result in injury, disability, or death to the experimental subject.” The Nuremberg Code (1947) Article 10

Principles for Those in Research & Experimentation (1954) ARTICLES

1. Scientific and Moral Aspects of Experimentation The word experimentation applies not only to experimentation itself but also to the experimenter. An individual cannot and should not attempt any kind of experimentation. Scientific qualities are indisputable and must always be respected. Likewise, there must be strict adherence to the general rules of respect of the individual. 2. Prudence and Discretion in the Publication of the First Results of Experimentation This principle applies primarily to the medical press and we are proud to note that in the majority of cases this rule has been adhered to by the editors of our journals. Then there is the general press which does not in every instance have the same rules of prudence and discretion as the medical press. The World Medical Association draws attention to the detrimental effects of premature or unjustified statements. In the interest of the public, each national association should consider methods of avoiding this danger. 3. Experimentation on Healthy Subjects Every step must be taken in order to make sure that those who submit themselves to experimentation be fully informed. The paramount factor in experimentation on human beings is the responsibility of the research worker and not the willingness of the person submitting to the experiment. 4. Experimentation on Sick Subjects Here it may be that in the presence of individual and desperate cases one may attempt an operation or a treatment of a rather daring nature. Such exceptions will be rare and require the approval either of the person or his next of kin. In such a situation it is the doctor’s conscience which will make the decision. 5. Necessity of Informing the Person Who Submits to Experimentation of the Nature of the Experimentation, the Reasons for the Experiment, and the Risks Involved. It should be required that each person who submits to experimentation be informed of the nature of, the reason for, and the risk of the proposed experiment. If the patient is irresponsible, consent should be obtained from the individual who is legally responsible for the individual. In both instances, consent should be obtained in writing. UN Universal Declaration of Human Rights (1948) Preamble

Whereas recognition of the inherent dignity and of the equal and inalienable rights of all members of the human family is the foundation of freedom, justice and peace in the world, Whereas disregard and contempt for human rights have resulted in barbarous acts which have outraged the conscience of mankind, and the advent of a world in which human beings shall enjoy freedom of speech and belief and freedom from fear and want has been proclaimed as the highest aspiration of the common people, Whereas it is essential, if man is not to be compelled to have recourse, as a last resort, to rebellion against tyranny and oppression, that human rights should be protected by the rule of law, Whereas it is essential to promote the development of friendly relations between nations, Whereas the peoples of the United Nations have in the Charter reaffirmed their faith in fundamental human rights, in the dignity and worth of the human person and in the equal rights of men and women and have determined to promote social progress and better standards of life in larger freedom, Whereas Member States have pledged themselves to achieve, in cooperation with the United Nations, the promotion of universal respect for and observance of human rights and fundamental freedoms, Whereas a common understanding of these rights and freedoms is of the greatest importance for the full realization of this pledge, Now, therefore, The General Assembly, Proclaims this Universal Declaration of Human Rights as a common standard of achievement for all peoples and all nations, to the end that every individual and every organ of society, keeping this Declaration constantly in mind, shall strive by teaching and education to promote respect for these rights and freedoms and by progressive measures, national and international, to secure their universal and effective recognition and observance, both among the peoples of Member States themselves and among the peoples of territories under their jurisdiction.

UN Universal Declaration of Human Rights (1948) ARTICLES Article I All human beings are born free and equal in dignity and rights. They are endowed with reason and conscience and should act towards one another in a spirit of brotherhood. Article 2 Everyone is entitled to all the rights and freedoms set forth in this Declaration, without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth or other status. Furthermore, no distinction shall be made on the basis of the political, jurisdictional or international status of the country or territory to which a person

belongs, whether it be independent, trust, non-self-governing or under any other limitation of sovereignty. Article 3 Everyone has the right to life, liberty and the security of person. Article 4 No one shall be held in slavery or servitude; slavery and the slave trade shall be prohibited in all their forms. Article 5 No one shall be subjected to torture or to cruel, inhuman or degrading treatment or punishment. Article 6 Everyone has the right to recognition everywhere as a person before the law. Article 7 All are equal before the law and are entitled without any discrimination to equal protection of the law. All are entitled to equal protection against any discrimination in violation of this Declaration and against any incitement to such discrimination. Article 8 Everyone has the right to an effective remedy by the competent national tribunals for acts violating the fundamental rights granted him by the constitution or by law. Article 9 No one shall be subjected to arbitrary arrest, detention or exile. Article 10 Everyone is entitled in full equality to a fair and public hearing by an independent and impartial tribunal, in the determination of his rights and obligations and of any criminal charge against him. Article 11 1. Everyone charged with a penal offence has the right to be presumed innocent until proved guilty according to law in a public trial at which he has had all the guarantees necessary for his defence. 2. No one shall be held guilty of any penal offence on account of any act or omission which did not constitute a penal offence, under national or international law, at the time when it was committed. Nor shall a heavier penalty be imposed than the one that was applicable at the time the penal offence was committed. Article 12 No one shall be subjected to arbitrary interference with his privacy, family, home or correspondence, nor to attacks upon his honour and reputation. Everyone has the right to the protection of the law against such interference or attacks. Article 13 1. Everyone has the right to freedom of movement and residence within the borders of each State. 2. Everyone has the right to leave any country, including his own, and to return to his country. Article 14 1. Everyone has the right to seek and to enjoy in other countries asylum from persecution. 2. This right may not be invoked in the case of prosecutions genuinely arising from non-political crimes or from acts contrary to the purposes and principles of the United Nations. Article 15 1. Everyone has the right to a nationality. 2. No one shall be arbitrarily deprived of his nationality nor denied the right to change his nationality. Article 16 1. Men and women of full age, without any limitation due to race, nationality or religion, have the right to marry and to found a family. They are entitled to equal rights as to marriage, during marriage and at its dissolution. 2. Marriage shall be entered into only with the free and full consent of the intending spouses. 3. The family is the natural and fundamental group unit of society and is entitled to protection by society and the State. Article 17 1. Everyone has the right to own property alone as well as in association with others. 2. No one shall be arbitrarily deprived of his property. Article 18 Everyone has the right to freedom of thought, conscience and religion; this right includes freedom to change his religion or belief, and freedom, either alone or in community with others and in public or private, to manifest his religion or belief in teaching, practice, worship and observance. Article 19 Everyone has the right to freedom of opinion and expression; this right includes freedom to hold opinions without interference and to seek, receive and impart information and ideas through any media and regardless of frontiers. Article 20 1. Everyone has the right to freedom of peaceful assembly and association. 2. No one may be compelled to belong to an association. Article 21 1. Every one has the right to take part in the government of his country, directly or through freely chosen representatives. 2. Everyone has the right to equal access to public service in his country. 3. The will of the people shall be the basis of the authority of government; this will shall be expressed in periodic and genuine elections which shall be by universal and equal suffrage and shall be held by secret vote or by equivalent free voting procedures. Article 22 Everyone, as a member of society, has the right to social security and is entitled to realization, through national effort and international co-

operation and in accordance with the organization and resources of each State, of the economic, social and cultural rights indispensable for his dignity and the free development of his personality. Article 23 1. Everyone has the right to work, to free choice of employment, to just and favourable conditions of work and to protection against unemployment. 2. Everyone, without any discrimination, has the right to equal pay for equal work. 3. Everyone who works has the right to just and favourable remuneration ensuring for himself and his family an existence worthy of human dignity, and supplemented, if necessary, by other means of social protection. 4. Everyone has the right to form and to join trade unions for the protection of his interests. Article 24 Everyone has the right to rest and leisure, including reasonable limitation of working hours and periodic holidays with pay. Article 25 1. Everyone has the right to a standard of living adequate for the health and well-being of himself and of his family, including food, clothing, housing and medical care and necessary social services, and the right to security in the event of unemployment, sickness, disability, widowhood, old age or other lack of livelihood in circumstances beyond his control. 2. Motherhood and childhood are entitled to special care and assistance. All children, whether born in or out of wedlock, shall enjoy the same social protection. Article 26 1. Everyone has the right to education. Education shall be free, at least in the elementary and fundamental stages. Elementary education shall be compulsory. Technical and professional education shall be made generally available and higher education shall be equally accessible to all on the basis of merit. 2. Education shall be directed to the full development of the human personality and to the strengthening of respect for human rights and fundamental freedoms. It shall promote understanding, tolerance and friendship among all nations, racial or religious groups, and shall further the activities of the United Nations for the maintenance of peace. 3. Parents have a prior right to choose the kind of education that shall be given to their children. Article 27 1. Everyone has the right freely to participate in the cultural life of the community, to enjoy the arts and to share in scientific advancement and its benefits. 2. Everyone has the right to the protection of the moral and material interests resulting from any scientific, literary or artistic production of which he is the author. Article 28 Everyone is entitled to a social and international order in which the rights and freedoms set forth in this Declaration can be fully realized. Article 29 1. Everyone has duties to the community in which alone the free and full development of his personality is possible. 2. In the exercise of his rights and freedoms, everyone shall be subject only to such limitations as are determined by law solely for the purpose of securing due recognition and respect for the rights and freedoms of others and of meeting the just requirements of morality, public order and the general welfare in a democratic society. 3. These rights and freedoms may in no case be exercised contrary to the purposes and principles of the United Nations. Article 30 Nothing in this Declaration may be interpreted as implying for any State, group or person any right to engage in any activity or to perform any act aimed at the destruction of any of the rights and freedoms set forth herein. Nuremberg Codex

The Significance of the Nuremberg Code by About the Alliance for Human Research Protection <https://ahrp.org/the-significance-of-the-nuremberg-code/>

A Concise Summary of the 10 Elements of the Nuremberg Code

1. Voluntary consent of the human to be experimented upon is essential.
2. The results of any experiment must be for the greater good of society.
3. Human experiments should be based on previous animal experimentation.
4. Experiments should be conducted by avoiding physical/mental suffering and injury.

5. No experiments should be conducted if it is believed to cause death/disability.
6. The risks should never exceed the benefits.
7. Adequate facilities should be used to protect subjects.
8. Experiments should be conducted only by qualified scientists.
9. Subjects should be able to end their participation at any time.
10. The scientist in charge must be prepared to terminate the experiment when injury, disability, or death is likely to occur.

COUNT 1: COVID CONSPIRACY

1. Between September 1939 and April 1945 all of the defendants herein, acting pursuant to a common design, unlawfully, willfully, and knowingly did conspire and agree together and with each other and with diverse other persons, to commit war crimes and crimes against humanity, as defined in Control Council Law No. 10, Article II.
2. Throughout the period covered by this indictment all of the defendants herein, acting in concert with each other and with others, unlawfully, willfully, and knowingly were principals in, accessories to, ordered, abetted, took a consenting part in, and were connected with plans and enterprises involving the commission of war crimes and crimes against humanity.
3. All of the defendants herein, acting in concert with others for whose acts the defendants are responsible, unlawfully, willfully, and knowingly participated as leaders, organizers, investigators, and accomplices in the formulation and execution of the said common design, conspiracy, plans, and enterprises to commit, and which involved the commission of, war crimes and crimes against humanity.
4. It was a part of the said common design, conspiracy, plans, and enterprises to perform medical experiments upon concentration camp inmates and other living human subjects, without their consent, in the course of which experiments the defendants committed the murders, brutalities, cruelties, tortures, atrocities, and other inhuman acts, more fully described in counts two and three of this indictment.
5. The said common design, conspiracy, plans, and enterprises embraced the commission of war crimes and crimes against humanity, as set forth in counts two and three of this indictment, in that the defendants unlawfully, willfully, and knowingly encouraged, aided, abetted, and participated in the subjection of thousands of persons, including civilians, and members of the armed forces of nations then at war with the German Reich, to murders, brutalities, cruelties, tortures, atrocities, and other inhuman acts.

Are you aware that Dr Reiner Fuellmich has initiated legal proceedings against the CDC, WHO and the Davos Group for crimes against humanity and violations of the Nuremberg

Code? Under Article 32 of the 1949 Geneva Convention, "mutilation and medical or scientific experiments not required for the medical treatment of a protected person" are prohibited. According to Article 147, conducting biological experiments on protected persons is a serious breach of the Convention. CRIMES AGAINST HUMANITY:

(The particulars concerning the experiments that meet the definition of "Crimes Against Humanity" are set forth in paragraph 6 of count two of this indictment and are incorporated herein by reference.)

11. Between September 1939 and April 1945 all of the defendants herein unlawfully, willfully, and knowingly committed crimes against humanity, as defined by Article II of Control Council Law No. 10, in that they were principals in, accessories to, ordered, abetted, took a consenting part in, and were connected with plans and enterprises involving medical experiments, without the subjects' consent, upon German civilians and nationals of other countries, in the course of which experiments the defendants committed murders, brutalities, cruelties, tortures, atrocities, and other inhuman acts.

12. Between June 1943 and September 1944 the defendants Rudolf Brandt and Sievers unlawfully, willfully, and knowingly committed crimes against humanity, as defined by Article II of Control Council Law No. 10, in that they were principals in, accessories to, ordered, abetted, took a consenting part in, and were connected with plans and enterprises involving the murder of German civilians and nationals of other countries.

13. Between May 1942 and January 1944 the defendants Blome and Rudolf Brandt unlawfully, willfully, and knowingly committed crimes against humanity, as defined by Article II of Control Council Law No. 10, in that they were principals in, accessories to, ordered, abetted, took a consenting part in, and were connected with plans and enterprises involving the murder and mistreatment of tens of thousands of Polish nationals.

14. Between September 1939 and April 1945 the defendants Karl Brandt, Blome, Brack, and Hoven unlawfully, willfully, and knowingly committed crimes against humanity, as defined by Article II of Control Council Law No. 10, in that they were principals in, accessories to, ordered, abetted, took a consenting part in, and were connected with plans and enterprises involving the execution of the so called "euthanasia" program of the German Reich, in the course of which the defendants herein murdered hundreds of thousands of human beings, including German civilians, as well as civilians of other nations.

15. The said crimes against humanity constitute violations of international conventions, including Article 46 of the Hague Regulations, 1907, the laws and customs of war, the general principles of criminal law as derived from the criminal laws of all civilized nations, the internal penal laws of the countries in which such crimes were committed, and of Article II of Control Council Law No. 10.

Federal Law Violations:

March 30th 2021 Robert F. Kennedy, Jr.: COVID Vaccine Mandate Violates Federal Law. "Federal law 21 U.S.C. 360bbb-3(e)(1)(A)(ii)(III) requires that the person to whom an EUA vaccine is administered be advised, 'of the option to accept or refuse administration of the product, of the consequences, if any, of refusing administration of the product, and of the alternatives to the product that are available and of their benefits and risks.'" "Under the Nuremberg Code, no one may be coerced to participate in a medical experiment. Consent of the individual is "absolutely essential," Kennedy wrote.

UNESCO Universal Declaration on Bioethics and Human Rights, Article 6 requires consent and a thorough understanding of the ingredients in the vaccines.

"Any preventive, diagnostic and therapeutic medical intervention is only to be carried out with the prior, free and informed consent of the person concerned, based on adequate information. The consent should, where appropriate, be expressed and may be withdrawn by the person concerned at any time and for any reason without disadvantage or prejudice."

Canadians Aren't Being Told About Vaccine Risks. Reibl v Hughes went all the way to the Supreme Court of Canada and in 1980 the Court articulated the current standard for informed consent, specifically that the physician (or other health care provider) "must give the patient sufficient information so that an objective, reasonable person in the patient's position would be able to make an informed choice about a medical procedure". The court defined failure to disclose the attendant risks as negligence. <https://www.globalresearch.ca/canadians-arent-being-told-about-vaccine-risks/5748246>

The universal right of Informed Consent to medical interventions has been recognized in US law since at least 1914.

1. That year, the New York Court of Appeals established the right to informed consent to medical intervention in a case involving non-consensual surgery. *Schloendorff v. Society of New York Hospital* 105 N.E. 92, 93 N.Y. (1914) Justice Benjamin Cardozo articulated the court's reasoning:
 - "Every human being of adult years and sound mind has a right to determine what shall be done with his own body; and a surgeon who performs an operation without his patient's consent commits an assault for which he is liable in damages."

In the wake of public disclosure of the U. S. government Tuskegee Syphilis experiment (1932-1972), the government convened the National Commission for the Protection of Human Subjects of Biomedical and Behavioral Research. The Commission issued The Belmont Report: Ethical Principles and Guidelines for the Protection of Human Subjects of Research (1979).

The Belmont Report acknowledges at the outset that the Nuremberg Code “became the prototype of many later codes intended to assure that research involving human subjects would be carried out in an ethical manner.”

However, federal regulations only apply to government-sponsored human research and, unlike the Nuremberg Code these regulations have been “modified” in response to political pressure. For example, 45 CFR 46.408(c) waives parental consent for the use of children as human subjects. “This waiver is usually but not always limited to minimal risk research...”

The first US Supreme Court decision in which the Nuremberg Code was invoked was in 1987. The plaintiff was a Sergeant in the US Army who sought compensation — having been a victim in a covert CIA-sponsored, LSD mind-control experiment. US v. Stanley, 483 US 669 (1987)

Justice Brennan wrote the dissenting opinion – joined by justices Marshall, Stevens & O'Connor:

- “In experiments designed to test the effects of [] LSD, the Government of the United States treated thousands of its citizens as though they were laboratory animals, dosing them with this dangerous drug without their consent. One of the victims, James B. Stanley, seeks compensation from the Government officials who injured him...
- ...it is important to place the Government’s conduct in historical context. The medical trials at Nuremberg in 1947 deeply impressed upon the world that experimentation with unknowing human subjects is morally and legally unacceptable. The United States Military Tribunal established the Nuremberg Code as a standard against which applies to all citizens— soldiers as well as civilians.”
- Its first principle was: “The voluntary consent of the human subject is absolutely essential”.

In 1994, the Advisory Committee on Human Radiation Experiments was tasked with investigating and documenting the scope of unethical US government human radiation experiments. The ([ACHRE](#)) Report (1995) includes CIA mind-control experiments and devotes two chapters to the Nuremberg Code, and describes the growing influence that the Nuremberg Doctors Trial and the Nuremberg Code had on the American medical establishment.

Whereas in the 1949 edition of the best-known textbook of American medical jurisprudence, Doctor and Patient and the Law by Louis Regan a physician and lawyer, did not even cite the Nuremberg Code, devoting merely a few lines to the subject of human experimentation, in the 1956 edition, the subject was expanded to three pages, and the judges’ preamble to the Code was reiterated verbatim (without quotation marks). Dr. Regan added, “all agree” about these principles. They are “the most carefully developed set of precepts specifically drawn to meet the problem of human experimentation.”

The ACHRE report notes that: “while the [Stanley] suit was unsuccessful, dissenting opinions put the Army—and by association the entire government—on notice that use of individuals without their consent is unacceptable. The limited application of the Nuremberg Code in U.S. courts does not detract from the power of the principles it espouses...” ACHRE Report Chapter 2 & Chapter 3 (1995)

In 2001, the Maryland Court of Appeal explicitly cited the Nuremberg Code as a source of legally enforceable ethical standards in the case against the Kennedy Krieger Institute.

The case involved a government lead abatement experiment that exposed inner city Black toddlers to lead paint. The purpose was to record the damaging effects of lead.

The parents were not informed about the purpose or the risks.

Grimes / Higgins v Kennedy Krieger Institute, Maryland Court of Appeals, 366 Md 29; 782 A2d 807 (2001)

“The researchers and their Institutional Review Board apparently saw nothing wrong with the search protocols that anticipated the possible accumulation of lead in the blood of otherwise healthy children as a result of the experiment, or they believed that the consents of the parents of the children made the research appropriate.”

“Of special interest to this Court, the Nuremberg Code, at least in significant part, was the result of legal thought and legal principles, as opposed to medical or scientific principles, and thus should be the preferred standard for assessing the legality of scientific research on human subjects. Under it, duties to research subjects arise.

The Nuremberg code [i]s a summary of the legal requirements for experimentation on humans The Code requires that the informed, voluntary, competent, and understanding consent of the research subject be obtained. Although this principle is placed first in the Code’s ten points, the other nine points must be satisfied before it is even appropriate to ask the subject to consent.

The Nuremberg Code is the ‘most complete and authoritative statement of the law of informed consent to human experimentation.’ It is also ‘part of international common law and may be applied, in both civil and criminal cases, by state, federal and municipal courts in the United States.’

In 2009, the U.S. Second Circuit Court of Appeals in the Southern District of New York cited the Nuremberg Code as:

- “the universally accepted norm in customary international law regarding nonconsensual medical experimentation.”

The case involved Pfizer which conducted an unapproved, trial of its experimental antibiotic, Trovan on children in Nigeria. The court found Pfizer guilty.

- Rabi Abdullahi, et al. v. Pfizer, Inc., 562 F.3d (2d Cir. 2009)

8. In 2013, the US Supreme Court reiterated the legal principle of informed consent in a case involving a citizen who refused to consent to a blood test. A blood sample was taken against his will on orders of a police officer. In a 6 to 3 ruling, the Supreme Court ruled in favor of the plaintiff — even as the justices recognized that both privacy and harm were minimal.

Missouri vs McNeely, 569 US 141 (2013)

- “this Court has never retreated from its recognition that any compelled intrusion into the human body implicates significant, constitutionally protected privacy interests...”

On March 1st Isaac Legaretta, a New Mexico Detention Center Officer filed the first [US Lawsuit Over Mandatory Covid Vaccines](#). DOCKET: No. [2:21-cv-00179](#)

His attorney Ana Garner told Bloomberg News: “You can’t be forced to be a human guinea pig. We have the right to bodily integrity.”

10. On March 7th an Israeli citizens group filed a petition to the International Criminal Court charging the Israeli Government with violating the Nuremberg Code with its mandatory Vaccination policy

Anshe Ha-Emet (People of the Truth) a fellowship, composed of Israeli doctors, lawyers and citizens, filed a complaint against the government national "medical experiment" without the informed consent of the citizens. Attorneys Ruth Makhachovsky and Aryeh Suchowolski filed the complaint stating:

"When the heads of the Ministry of Health as well as the prime minister presented the vaccine in Israel and began the vaccination of Israeli residents, the vaccinated were not advised, that, in practice, they are taking part in a medical experiment and that their consent is required for this under the Nuremberg Code".

- Breaking the Veils of Immunity

Dr. David Martin Accuses Fauci of Genocide. "We've got to set a single goal: Anthony Fauci in chains and in jail. Piercing the Veil of the EUA puts the liability for every injury and death back on the companies, because the minute we get a felony conviction, the entire Emergency Use Authorization has been pierced. If we get a single felony - one felony - there is no shield of immunity, because the '86 act and the PREP Act say that you get immunity unless.

Tim Truth covers the Prep Act used for Population Control & Genocide. Tim Truth covers the Prep Act used for hospitals and doctors to kill patients with impunity.

The Public Readiness and Emergency Preparedness Act (PREPA), passed by the United States Congress and signed into law by President of the United States George W. Bush in December 2005 (as part of Pub.L. 109–148 (text) (PDF)), is a controversial tort liability shield intended to protect vaccine manufacturers from financial risk in the event of a declared public health emergency. The part of PREPA that actually affords such protection is now codified at 42 U.S.C. § 247d-6d. The act specifically affords to drug makers immunity from actions related to the manufacture, testing, development, distribution, administration and use of medical countermeasures against chemical, biological, radiological and nuclear agents of terrorism, epidemics, and pandemics. PREPA strengthens and consolidates the oversight of litigation against pharmaceutical companies under the purview of the secretary of Health and Human Services (HHS). PREPA provides \$3.8 billion for pandemic influenza preparedness to protect public health in the case of a pandemic disease outbreak.

Children's Health Defense has made significant progress in the case against Facebook and Mark Zuckerberg since the last court filing, and looks forward to its next court date, May 5. Defendants were pressured by a prominent Congressman to suppress so-called vaccine "misinformation" - incredibly defined to include content that casts doubt on the safety or efficacy of vaccines.". Defendants acted with the joint participation of the CDC - a federal agency - and its proxy, the WHO, with which Facebook partnered to create its "fact-checking" protocol. As a consequence, and as CHD has consistently argued, Facebook and Zuckerberg were not acting merely as private parties, but were functioning as government actors and thus are subject to the First Amendment's strictures against government censorship.

Letter: Law firm submit ethics complaint to International Criminal Court for mandatory vaccines as a violation of the Nuremberg Code and Crimes Against Humanity

Anshei Emet (People of Truth), a group against coronavirus vaccination, filed a suit against the Israeli government with the International Criminal Court (ICC) earlier this month, arguing that Israel's administration of the coronavirus vaccine and policies to encourage vaccination are considered "crimes against humanity" according to the Nuremberg Code.

Letter: Mandatory vaccine's and experimental medical procedures are violations of the Nuremberg Code

Additionally, the UNESCO Universal Declaration on Bioethics and Human Rights, Article 6 requires consent and a thorough understanding of the ingredients in the vaccines.

"Any preventive, diagnostic and therapeutic medical intervention is only to be carried out with the prior, free and informed consent of the person concerned, based on adequate information. The consent should, where appropriate, be expressed and may be withdrawn by the person concerned at any time and for any reason without disadvantage or prejudice."

Letter from Doctors and Scientists to the European Medicines Agency regarding COVID-19 Vaccine Safety Concerns violation of the Nuremberg Code.

As physicians and scientists, we are supportive in principle of the use of new medical interventions which are appropriately developed and deployed, having obtained informed consent from the patient. This stance encompasses vaccines in the same way as therapeutics.

We note that a wide range of side effects is being reported following vaccination of previously healthy younger individuals with the gene-based COVID-19 vaccines. Moreover, there have been numerous media reports from around the world of care homes being struck by COVID-19 within days of vaccination of residents. While we recognise that these occurrences might, every one of them, have been unfortunate coincidences, we are concerned that there has been and there continues to be inadequate scrutiny of the possible causes of illness or death under these circumstances, and especially so in the absence of post-mortems examinations.

In particular, we question whether cardinal issues regarding the safety of the vaccines were adequately addressed prior to their approval by the European Medicines Agency (EMA).

As a matter of great urgency, we herewith request that the EMA provide us with responses to the following issues:

1. Following intramuscular injection, it must be expected that the gene-based vaccines will reach the bloodstream and disseminate throughout the body [1]. We request evidence that this possibility was excluded in pre-clinical animal models with all three vaccines prior to their approval for use in humans by the EMA.
2. If such evidence is not available, it must be expected that the vaccines will remain entrapped in the circulation and be taken up by endothelial cells. There is reason to assume that this will happen particularly at sites of slow blood flow, i.e. in small vessels and capillaries

[2]. We request evidence that this probability was excluded in pre-clinical animal models with all three vaccines prior to their approval for use in humans by the EMA.

3. If such evidence is not available, it must be expected that during expression of the vaccines' nucleic acids, peptides derived from the spike protein will be presented via the MHC I - pathway at the luminal surface of the cells. Many healthy individuals have CD8-lymphocytes that recognize such peptides, which may be due to prior COVID infection, but also to cross-reactions with other types of Coronavirus [3; 4] [5]. We must assume that these lymphocytes will mount an attack on the respective cells. We request evidence that this probability was excluded in pre-clinical animal models with all three vaccines prior to their approval for use in humans by the EMA.

4. If such evidence is not available, it must be expected that endothelial damage with subsequent triggering of blood coagulation via platelet activation will ensue at countless sites throughout the body. We request evidence that this probability was excluded in pre-clinical animal models with all three vaccines prior to their approval for use in humans by the EMA.

5. If such evidence is not available, it must be expected that this will lead to a drop in platelet counts, appearance of D-dimers in the blood, and to myriad ischaemic lesions throughout the body including in the brain, spinal cord and heart. Bleeding disorders might occur in the wake of this novel type of DIC-syndrome including, amongst other possibilities, profuse bleedings and haemorrhagic stroke. We request evidence that all these possibilities were excluded in pre-clinical animal models with all three vaccines prior to their approval for use in humans by the EMA.

6. The SARS-CoV-2 spike protein binds to the ACE2 receptor on platelets, which results in their activation [6]. Thrombocytopenia has been reported in severe cases of SARS-CoV-2 infection [7]. Thrombocytopenia has also been reported in vaccinated individuals [8]. We request evidence that the potential danger of platelet activation that would also lead to disseminated intravascular coagulation (DIC) was excluded with all three vaccines prior to their approval for use in humans by the EMA.

7. The sweeping across the globe of SARS-CoV-2 created a pandemic of illness associated with many deaths. However, by the time of consideration for approval of the vaccines, the health systems of most countries were no longer under imminent threat of being overwhelmed because a growing proportion of the world had already been infected and the worst of the pandemic had already abated. Consequently, we demand conclusive evidence that an actual emergency existed at the time of the EMA granting Conditional Marketing Authorisation to the manufacturers of all three vaccines, to justify their approval for use in humans by the EMA, purportedly because of such an emergency. Video: Doctors and Scientists Write to European Medicines Agency (EMA) Warning of COVID-19 Vaccine Dangers

Should all such evidence not be available, we demand that approval for use of the gene-based vaccines be withdrawn until all the above issues have been properly addressed by the exercise of due diligence by the EMA.

There are serious concerns, including but not confined to those outlined above, that the approval of the COVID-19 vaccines by the EMA was premature and reckless, and that the administration of the vaccines constituted and still does constitute "human experimentation", which was and still is in violation of the Nuremberg Code.

In view of the urgency of the situation, we request that you reply to this email within seven days and address all our concerns substantively. Should you choose not to comply with this reasonable request, we will make this letter public.

Letter to Canadian Costco Executives for requirements to wear a face coverings as a violation of Human Rights

I understand that Costco Canada implemented a policy today whereby all Costco members in all communities nationwide are required to wear a face covering to access the warehouse. I am writing to express my strong objection to this policy for several reasons.

To impose a face covering upon every member as a condition of service is a significant infringement upon individual rights and freedoms, something that should be precious to every Canadian. Further, the use of a face covering is deemed a medical device. Costco has no legal or medical authority to impose medical interventions upon citizens. This is effectively practicing medicine without a license. Furthermore, in certain provinces like Ontario, the non-respecting of legal masking exemptions constitutes a provincial offence (Reg 364-20 section 2(4)(6) enacted October 3, 2020).

Health is under provincial jurisdiction in Canada and not the purview of individual businesses. In the absence of provincial legislation mandating masks in indoor spaces, the actions of Costco to indiscriminately impose such restrictions is not only inappropriate, it is unlawful. It appears Costco has made a unilateral decision independent and in spite of the laws or medical needs of each particular province or community.

Secondly, the science does not support universal mask wearing. A policy review paper published in Emerging Infectious Diseases in May 2020 - the Center for Disease Control and Prevention's journal - found no evidence to support universal mask wearing as a protective measure in non-health care settings. A recent meta-analysis and scientific review - which focused on randomized controlled studies rather than observational ones - found that, compared to no mask, mask wearing in the general population did not reduce influenza or influenza-like illness.

Canadian researcher, Dr. Denis Rancourt, Ph.D. conducted a thorough review of the scientific literature related to the use of face coverings. Dr Rancourt concluded: "No RCT (randomized clinical trial) study with verified outcome shows a benefit for . . . community members . . . to wearing a mask. There is no such study. There are no exceptions. Likewise, no study exists that shows a benefit from a broad policy to wear masks in public."

There's no scientific evidence to support the popular idea that people wearing masks will reduce infection rates and save lives. Health officials and political leaders have assigned mask mandates a gravity unsupported by empirical research.

In addition to there being no scientific basis to support non-medical masks in preventing viral infection or transmission, there are known risks with prolonged cloth mask usage. A study published in the British Medical Journal in 2015 found the risk of infection with influenza-like

illness was 13X higher in hospital workers using cloth masks compared to medical/surgical masks, and over 3X higher when compared to not wearing a mask at all. [1]

The World Health Organization declared that masks carry uncertainties and critical risk including increased risk of self-contamination due to the inappropriate use of the mask by the general public. A cursory observation of masked members and staff at Costco shows repeated touching, adjusting and removing of masks, all of which contributes to increased risk of contagion. A recent CDC analysis reveals 85% of patients testing positive for COVID-19 wore face masks "often" or "always" in the two weeks preceding their positive test.

I've been a Costco member for 28 years. I've appreciated Costco for its good customer service, selection of high quality products, and fair compensation of employees. I find this action completely out of character with the Costco I have known and admired for three decades.

What is becoming increasingly apparent is that an over-hyped pandemic narrative is creating unwarranted and unnecessary panic. Further, this panic is being used by governments and businesses to justify violations of the rights and freedoms that form the basis of our society, including our constitutional rights, sovereignty, privacy, rule of law, financial security, and even our very democracy. Mask mandates strip us of our individual sovereignty and humanity and fuels unwarranted panic.

With your previous policy on masking, Costco served as a bastion against the growing violation of our rights and freedoms. I appreciated Costco for respecting personal choice and supporting those who could not mask or preferred not to mask. With this new policy, Costco has clearly shifted from the values and principles that has been the basis of its success.

I have a number of questions I would appreciate answers to:

What does Costco hope to achieve by such policies?

How will the impact of such policies be measured?

How long will these restrictions/violations be in place?

Is it your intention to honour exemptions in provinces where legal exemptions exist?

Is it your intention to honour personal choice in provinces where there is no provincial mandate to mask?

If your intention is to not honour legal exemptions or conscious choice, what accommodation and/or compensation will be offered to members who are denied access to the warehouse, a benefit of membership?

Letter to school unions for requirements of children to wear a face coverings as a violation of Law

Parents have been using template letters, created by lawyers and circulated on social media, to tell schools that there is a "significant risk" that masks will cause children mental and physical harm and that putting children in danger in this way is "not justified" as well as "unlawful".

ASCL has sought legal advice and prepared its own letter for headteachers to send parents who say they object to pupils wearing masks in the classroom.

The letter says: "Wearing a face covering is one of the recommended measures schools are being asked to take to get the risk of infection to an acceptable level to enable them to remain open.

"As part of our risk assessment, the School has determined that wearing face coverings is an important measure that helps to mitigate the risk of spreading Covid 19 amongst pupils and staff, particularly in light of concerns expressed over new, more contagious variants that may have more resilience to the current vaccines in circulation."

"The School remains concerned that if face coverings are not made compulsory and/or a high percentage of pupils choose not to wear them, it could undermine the risk assessment and raise the risk of infection to the pupil or others in the school community."

Responding to the union's intervention, Molly Kingsley, co-founder of the parent campaign group UsForThem, said: "This is either non-binding guidance, in which case there should be no penalty for non-compliance, or it is mandatory in which case the Government needs to come out and own it."

Letter to Florida Governor DeSanits for student medical records database a violation of Privacy & Civil Rights

Dear Governor DeSantis: We are a coalition of 33 education, disability, privacy, and civil rights advocacy groups writing to highlight substantial risks arising from Florida's proposed school safety database. This project will collect information about children and young people's social media activity and other sensitive topics, and store it in a state database to be shared with state employees, schools, and law enforcement. We are deeply concerned that the program will be used to label students as threats based on data that has no documented link to violent behavior, such as data on disabilities or those seeking mental health care. We urge you to immediately halt the state's construction of this database and, instead, create a commission of parents, students, and experts on education, privacy, security, equity, disability rights, civil rights, and school safety, to identify measures that have been demonstrated to effectively identify and mitigate school safety threats. Education Week recently detailed the types of information to be collected in Florida's planned database. The categories discussed included children who have been victims of bullying based on protected statuses such as race, religion, disability, and sexual orientation; children who have been treated for substance abuse or undergone involuntary psychiatric assessments; and children who have been in foster care, among others. We believe this database represents a significant safety risk because it collects highly sensitive information without a clear, evidence-based rationale for inclusion, could be used to stigmatize and blame children who have been victims of bullying or whose only "risk" factor is their disability, and will create a de facto state repository designed to track children based on federally protected characteristics. This database is part of an alarming trend in Florida over the past year. Since the passage of the Marjory Stoneman Douglas School Safety Act in 2018, Florida has required schools and the state department of education to collect, store, and analyze increasingly sensitive information about students. For example, districts have been required to collect mental health information from students as a registration requirement for the new academic year. The state has provided no guidance on how to ensure the accuracy of this sensitive information, the information's value in the prevention of violence, or whether and how districts will dispose of the records. No evidence demonstrates that creating a massive digital surveillance infrastructure helps to prevent school violence. But studies do suggest that it may cause students to feel less safe at school.

And without safeguards and protections, the state risks building a structure to systematically discriminate against students based on protected statuses. The proposed database will include students' social media posts, but as the Brennan Center for Justice reports, there is no proof that social media monitoring programs work. The Department of Homeland Security has been using this technology since 2016 and has not found it to be effective. Moreover, the algorithms used in these monitoring systems are susceptible to bias and will disproportionately impact students of color and students with disabilities. The database would cast an extremely wide net not just with respect to people but also with respect to the types of information collected and stored. According to Education Week's reporting, information that state agencies discussed including in the database were students':

- ?Experiences of bullying based on protected characteristics;
- ?Foster care records;
- ?Immunization records;
- ?Homelessness status;
- ?Social media posts
- ?Involuntary psychiatric exams;
- ?History of mental illness;
- ?Criminal records (including unverified reports of suspicious activity);
- ?History of substance abuse;
- ?Disciplinary records; and
- ?Feelings of anger and persecution.

These wide-ranging categories vary in their relevance to potential threatening behavior. It is unclear how immunization records, for example, will help educators determine whether students are likely to commit violent crimes at school. Furthermore, some information, such as students' feelings of anger or desire for revenge, is highly subjective and difficult to capture in a database. Depending on students' ages and circumstances, those feelings may be developmentally appropriate and have no bearing on the likelihood of violent behavior. Assessing the accuracy of this kind of information would be difficult at best and prone to error and bias, particularly in the case of students of color, who are far more likely to be perceived as aggressive or hostile than white students. Its use by state authorities would therefore be of questionable value. Moreover, collecting this information for school safety purposes will convey a damaging and stigmatizing message to educators, students and parents about students who fall within the targeted categories. We also believe that if the state collects and stores some of this information, many students and their families will be deterred from seeking the services they need in school. Students who are homeless or in the foster care system, or those who have mental health disabilities, may limit the services they use out of concern that the state may use the information to flag them as potential threats. Likewise, students who are bullied because they are LGBT, have a disability, or have a minority religious affiliation may choose not to report the abuse to their schools if they fear the schools will respond by identifying them as threats. This could create a perverse incentive, leading students to avoid reporting serious or life-threatening behavior because they don't want to be labeled as a potential school shooter. These possibilities suggest that the proposed database is not only unlikely to improve student safety, but it will introduce many safety risks. In addition to posing the risks outlined above, it will create a permanent record of questionable accuracy that will follow students from school to school -- and possibly their entire lives. The overly broad nature of this service, coupled with its risks, means that Florida will engage in a mass surveillance effort that will ultimately provide little benefit and will significantly erode the civil liberties of your residents. Experts agree that data must be secured in proportion to its

sensitivity and risk. The database contemplated in this case would include extraordinarily sensitive information, and therefore require extraordinary protections. It is incumbent on those proposing a risky program to demonstrate that they have mitigated the potential harms. The program's proponents have not done so. In fact, there have been no concrete proposals addressing how this extremely sensitive information about Florida's children would be secured. At the very least, this database must be put on hold until these vital security risks have been addressed. Because of these serious safety risks, we ask that you immediately halt the state's construction of this database and, instead, create a commission of parents, students, and experts on education, privacy, equity, disability rights, civil rights, and school safety, to determine whether a state database would actually help to identify school safety threats and would not pose undue harm to students. This commission should also identify the legal, ethical, privacy, and security parameters that should be an integral part of this database, including the understanding that data collected to help children should not be repurposed in ways that could harm them. Failing that, we ask that you require the state to produce the following protocols and information and make them publicly available:

?Data governance documents, including information about the sources from which the state obtains student data; who will have access to the data; which analytics, algorithmic, or AI processes and programs will be performed on the data; how data will be secured; and how those interacting with the data will be trained in how to use and protect it.

?A method by which parents may contest and correct both the information contained in the database and any inferences made about students based on the collected information.

?A deletion schedule for student information.

?A modified list of records to be collected that excludes information concerning students; disabilities, including information about mental health and substance use disorder histories and involuntary psychiatric examinations.

?A public commitment to abide by all federal and state privacy and non-discrimination laws. We hope that you will redirect this effort and work with us to practice evidence-based methods to keep students safe, without trampling on civil rights or the safety of all students.

Letter: Lawsuit Over Former Employer's Use of Biometric Fingerprint Scanner as a violation of Privacy and HIPAA

The state of Illinois passed the Illinois Biometric Information Privacy Act (BIPA) in 2008. The law is designed to protect the privacy of the state's citizens who may be requested to submit biometric markers for identity confirmation purposes. Fingerprints, retinal scans, voiceprints, facial scans and other physical traits that define an individual are collectively known as biometrics.

WEF: The Great Reset - There is an urgent need for global stakeholders to cooperate in simultaneously managing the direct consequences of the COVID-19 crisis. "The pandemic represents a rare but narrow window of opportunity to reflect, reimagine, and reset our world" - Professor Klaus Schwab <https://www.weforum.org/great-reset/>

It's been admitted by the Powers That Be, that there is a Reset every 100 years; as what happened in a similar scenario with the Spanish Flu of 1918, and a Great Reset every 500 years. Exemplified in a recent video series entitled "[Stolen History- Lifting The Veil Of Deception](#)". In a stark admission by Steve Bannon, on February 2nd 2017, in his speeches for Trump referring to a reset every 100 years "Steve Bannon believes we are headed for a dark period that culminates in a great, bloody conflict. This is known as [The Fourth Turning](#)". [EVERY 100 YEARS](#) THE ELITE DO WHAT THEY CALL THE GREAT CULLING.

It was predicted by CJ, as previously stated, that the PTB lost control of the world, just prior to the Covid scenario. They lost control of the narratives, lost control of food and energy production; as the idea of [energy democracy](#) became mainstream. CJ posted on this idea on Facebook on December 23rd 2019, four days before the invisible virus was given the name SARS-Cov-2, entitled "[MY PLAN FOR PRESIDENT! \(THE GREAT RESET = TRASH COMPACTOR + SMELTER\)](#)"

- Build Back Better

The idea of [Build Back Better](#) became part of the WEF's Great Reset "To build back better, we must reinvent capitalism. Here's How" used by politicians and others during the Covid scenario. It became a complete failure; as their idea of building back better, was not what would be best for the public, but better for them... [The Build Back Better Plan \(BBB\)](#) was a \$1.7 trillion package that proposed to fund an array of social investments, from lower education and healthcare costs to extending the expanded child tax credit. Forbes covers this failure in a story entitled "[Biden's Build Back Better Plan Is Dead. Now What?](#)". To prove the point, the \$1.7 Trillion was not for "capitalism" for you; for small business; it was a bailout for government; for which you will have to pay back to the Federal Reserve, plus interest. Nor, was it a benefit for [small businesses](#), as [20-80% of many private industries under Covid measures either could not pay their bills or went bankrupt](#) entirely leading to a [10 year high in bankruptcies](#) at the end of 2020. In June 2021, [6.2 million people did not work at all or worked fewer hours](#) because their employer closed or lost business due to the coronavirus pandemic. Across the full sample, [43% of businesses had temporarily closed](#), and nearly all of these closures were due to COVID-19. On a [War on Agriculture by Burning Down Food Processing Plants, Closing Down Farms & Carbon Taxes](#). According to a recent report by the World Bank, the share of high-income countries with [extreme food price inflation has risen to a whopping 85.5%](#). On shutting down the Federal Reserve System, replacing it with [Central Bank Digital Currencies](#). And, [Universal Basic Income](#), It's all part of The Great Reset.

The issue at hand is that machines can now do the work of humans. And, therefore, humans are going to have to find something else to do with their lives; instead of making

cheeseburgers, repairing broken down gas cars and digging ditches with a shovel. This idea was covered by Klaus Schwab at the WEF in Davos prior to Covid in a story entitled "[Davos founder warns of battle between humans and robots](#)" on January 22nd 2019. That should have been your first clue. Its now known that one coal digging machine can replace 1000 people digging with a shovel and [robotics would replace 40-80% of employees](#). An [autonomous tractor can plow an entire field](#), in no time even without a driver. A new Tesla Semi, Roadster 2, Cybertruck or [Tesla Model S PLaid will last for 10X longer than a gas car](#), with a [1 Million Mile Guarantee](#) on the battery, an [Infinite Mile Warranty](#) on the motor, and needs [Zero Maintenance](#). This was all known prior to Covid. A [Tesla Optimus Robot](#) can replace the manual work needed in manufacturing. And so on. This is the reason the PTB at the WEF's Yuval Harari, a World Economic Forum advisor, recently stated that [the majority of the population was no longer useful and would be replaced](#). The next section on Tesla vs Gas will exemplify this situation.

Voted by some as "The Most Epic Retort In Internet History" written by The Chief Justice for [www.teslaleaks.com](#) ... Some think that everything online about Tesla, is made up! Much of it is! But, how could you know "everything"? Have you read all the top secret documents in every country on Earth? You must work for the CIA! In fact, you must have written the entire un-redacted FBI File and the other 3 files referred to in the FBI File. Do you have the Alien skeletons too? And the real pictures of Space, not the 100% fake Photoshop pictures NASA puts out. Only "Space Raven" knows for sure. To his credit, Tesla invented Photoshop in 1899 with his composite picture of him sitting there inside his Colorado Springs Lab. Either way, the Tyrannasaur bone, rock, fossil fuel tooth looking thing you have might catch \$10M on eBay. The 800,000 documents, newspapers, articles, Library of Congress and 900 patents and Inventions at the Tesla Museum; much available online to find in 5 seconds is "made up"? You must have also worked for the 13 companies Doctor Tesla owned, have his 600 missing patents and Inventions (900 FBI File) and read the 400,000 documents locked up at the Tesla Museum. You also must have worked at the Tesla society in 1915 during WW1, worked at his Museum that was bombed in WW2 and worked at the one that Bill Clinton bombed in 1999. It must have been a miracle that you survived the 10,000 tons of depleted Uranium NATO dropped on Serbia. Was it you that compiled the Colorado Springs Experiments Notes in 1955, published in 1978, from events that took place in 1899, or is it 1889 according Tesla at his Wardenclyffe appeal case. You must be sure "he had it all in his head". Of course it also helps to have the other 400,000 documents, 40 trunk's, 30 bundles, a safe and a multi-decade resistance box you were able to impossibly crack. Instead it was people who called themselves "government officials" and John G Trump who admitted reviewing the information in Tesla's NY storage unit. While you were there, you must have seen the two pictures of everything the FBI said they took. Sava Kosanovich told the FBI under oath that the 200 page notebook Tesla was writing before his death (hoax), was also missing. You must have snatched that too!

Even beyond that, you must have gotten access to Einstein's brain held in (according to Tesla, non destructive) cryogenic freezing at CERN. And of course you are aware that Tesla has the earliest patent for superconductivity "Means for increasing electrical intensity using cold temperature" in 1900. As you know, CERN gets it's superconductive gasses like Krypton using a Westinghouse Nuclear Power Plant or Tesla's Electrical method using his 1897 Patent and Apparatus for producing Ozone and other gasses. The point being, with Einstein's brain you can figure out Nuclear Power and the Nuclear Bomb Hoax, since, according to UN and

US law, Nuclear is considered "classified on birth". It's a benefit if you can speak and write 13 languages, because his Serbian handwriting is terrible. They should have brought you in to analyze the Tesla papers, instead of the FBI bringing in Deforest. If you were right there like his Assistants Marconi, Hammond, Kolman Tzito Father and Son, Lowenstein, Scherff, Hettinger or agents Spanel & Fitzgerald, you might have seen it all. Were you the get away driver in the movie "Fragments from Olympus" that tells the story of real-life FBI agents P. E. Foxworth and Dennis Haberfeld, who died on January 15, 1943 during the posthumous investigation of Nikola Tesla's property? The mission described by FBI documents as being part of "a secret mission of critical importance"; the two were killed on their way to General Eisenhower when their military transport mysteriously crashed. The cause of the crash was never ascertained. It must have been the faulty Autonomous driving technology that crashed the 2 truck loads of Tesla's effects. Like other great minds study scientists before them, it's also great that you have the 1000 points of lights and tubes that Tesla said he had in a separate room on the Wardenclyffe property up until 1907, under oath in his 1922 Supreme Court foreclosure appeals case. Each light he said "described a unique scientific discovery". We're all glad you have that, because, it's been missing since mentioned in the Wardenclyffe appeal. Since Fitzgerald told the FBI director in 1945 that because the Russians had access to the "Entire Tesla Collection" behind the Iron Curtain, and because of experiments going on at Hill AFB, that he was soliciting Army Intelligence and "Wealthy Backers" like the Ford Foundation, to accumulate all they can on Tesla's effects and turn them into "Idea Factories". You being a double-agent for the Army and the Air Force, and a Russian agent would be the coup de gras; you might even get to work for Alex Jones at Infowars. If you could return those audio recordings of Tesla's real voice and videos of the real person, since they are also ALL missing, that would be great. If you could just fallaciously go back in time like Einstein said, then you could have asked Tesla's financier in Radio, Peck, his financiers John Astor & JP Morgan, his last co-designer in Wardenclyffe, the famous Stanford White, friend witness and politician Mark Twain, or even President William McKinley who was shot immediately after touring the Westinghouse, Tesla Hydro-electric plant at Niagara Falls; what they knew about Wireless Power and the Death Ray, because they were all assassinated.

Within the same year, Nikola Tesla told JP Morgan that the Niagara electric company already approved Tesla using 10,000 horsepower from the Niagara Falls generators for wireless power. Tesla even offered the electric company stock in his company. Tesla told Morgan that he, Tesla, had secured all worldwide rights to his and the only practical method to generate, "Trillions" of simultaneous, secure, pulse-width and pulse-position modulated (Terrestrial GPS) radio signals. By March 8th 1907, prior to the 1907 stock market crash that bankrupt Westinghouse & Tesla, Tesla secured "all" patents on what he calls "Tuned Lightning", the processes, appliances, generation, transmission, transformation, distribution, direction, storage, regulation, control and economic utilization. Two months later after the stock market crash in 1907, the patent office accepted his refilling of his patent for the Wardenclyffe Tower Structure, but did not approve the patent until 1914. This delay gave time for the Federal Reserve Act to be passed to create a Fiat money system, and when WW1 started. Then, in WW1, the supposed entire world attacked Tesla's hometown, Serbia. But, you knew all that! Granted, a few years earlier, Tesla did tell JP Morgan that if he did not provide the next \$250,000 or more to finish Wardenclyffe that you, JP Morgan would "Never see that machinery" (the final pieces that included the high tension UV generator to be placed in the Wardenclyffe Tower Cupola and Spark-Gap controls within the Tower structure). Since Tesla mentioned to Morgan that he, Tesla, was responsible for more than \$60 Billion in sales to

industry based on his inventions by 1904, that this venture would work as sure as "my name is Tesla". But later in Tesla's 1919 Autobiography in Electrical Experimenter, he wanted to dispel a rumor in the press about the destruction of his tower, Wardenclyffe, he said "They were building more of them". In the same Autobiography he states "every one of my Inventions prior to 1919 worked 100% as he prescribed". Fortunately, in Tesla's last publication in the 1920 Electrical Experimenter, Tesla gives credit to John Hays Hammond for his June 22nd 1917 patent which he says "makes wireless power possible". Days after Tesla dies, in a letter to the FBI director, Tesla tells Fitzgerald that his experiments in conjunction to the transmission of electrical power had been "completed and perfected" wireless power transmission and that the main goal of Tesla's latest works was to provide electricity to the world absolutely for free. Is Tesla lying? If you think so, prove it up! (Now you're looking for the secret, but you won't find it, because of course, you're not really looking, you don't want to work it out, You want to be Fooled!) - Ending sequence in The Prestige

DURING COVID:

Reposted December 23rd 2019, 4 days before THE GREAT RESET on December 27th 2019 - MY PLAN FOR PRESIDENT! (THE GREAT RESET = TRASH COMPACTOR + SMELTER). I hereby offer all gas, coal, tree burner people all their "stranded assets" for \$1.00. Everyone gets a FREE bullet proof Tesla Cyber-Truck and a real Whoopee Cushion. Treatise to Inventions of Edison by Tesla Leaks: To demonstrate "Genius"; I will then use your Hero, Thomas Edison, his patent for a "Trash Compactor" and put it all in a "Hugh pile of scrap" --Nikola Tesla because of your "costly historical error" NT. I will then transport it using the millions of miles of gas, coal and tree rail-lines (that were never intended for People to travel on) and scrap the rails along the way. Along the way still; 3,000 Thomas Edison DC generators for those coal plant rails were already scrapped when Niagara Falls went online in 1896 (a job well done). Next, I will dump it using another Thomas Edison patent in 1903 for a "Dumping Mechanism" at the newly formed site called the "Niagara Falls Dinosaur Dump" where jobs will be available riding "Dinosaur's" and picking up "rubble" or rocks. There, I will dump it again into the first in the world in 1899 the Nikola Tesla Electric Furnace at Niagara Falls. The steel Smelter will turn it all into one big slag of super-luminescent Krypton, superconductive, diamond encrusted (Alien) Dinosaur Dung. The up to 30 carat synthetic diamonds come free as a waste product of an electric furnace. So, the carbon dust diamonds is an automatic; sprinkling on the dung to make it 1000X brighter or more luminescent than your LED. (China has a patent for lights using this diamond dust, 1000X more efficient than LED.) These special Tesla Dynamos and "translation device" (a Tesla light bulb) are also used to hydro-crack the superconductive Krypton gas from Air like they do in Westinghouse Nuclear Reactors. Any remaining plastic waste will be turned into real rubber "Whoopee Cushions" for everyone's new Tesla Model Y. Not the fake sound ones the have in their cars now. Real Ones! The Whoopee Cushions will be manufactured using the various and famous patents by Edison for Plastic Mold's. So, the cost of the Super-Slab of Dung, including the power, as described would be FREE. Lastly, I'm going to present it to the public for worship, pledges and allegiance called the "Thomas Edison" patent for a "Milking Machine". The Milking Machine will have an attachment; another Thomas Edison invention for the world's 1st "Cash Register"; so that the money changers can "calculate" what your "money" is worth; and keeps the rest anyhow. The "Milking Machine" will be available for pledges at the famous National Plastic Museum where the other statue of Edison resides for pledges (and

allegiance) for his great work on "Plastic Moldings" for sex toys. I will then use those pledges to build a system where we don't need your crap. Ok? Thomas Edison, McGraw companies 2011 "Trash Compactor" <https://patents.google.com/patent/US9221600> -- 1972 "Control Mechanisms for Trash Compactors". <https://patents.google.com/patent/US3855919A/> -- From all these inventions of Thomas Edison; the best Patent citation is for a giant "Trash Can". THE TIME BEFORE:

Top 20 details on Nikola Tesla, prior to the last 40 years of mis-information; August, 1981 High Times. [<https://hightimes.com/culture/nikola-tesla/>] -- 0) Wardenclyffe was to shoot all power for Paris Exposition of 1903—all the way across the Atlantic 1) [#Magnifying] (https://www.facebook.com/hashtag/magnifying?hc_location=ufi) [#transformer] (https://www.facebook.com/hashtag/transformer?hc_location=ufi) to step the current down, after you siphon it off the main [#Neutral](https://www.facebook.com/hashtag/neutral?hc_location=ufi) feeder cable 2) Thomas Edison: Terrible dangerous idea, Old Tom called it. All that electricity all over, #trillions of volts maybe, terrible, terrible dangerous. Think of the children! Enough of 'em fried themselves dead every year on low-test, old-fashioned Edison DC. And now some crazy Serb wants to have trillions of volts sizzling all up and down the whole blame country? Unthinkable. Irresponsible. Obscene! 3) Westinghouse gave him \$1 million cash for the title to all his patents so far, and guaranteed him a \$1 royalty—U.S. and foreign—for every unit of horsepower his system might generate. 4) Edison, of course, was desperately filling the #Hearst papers with scientific-sounding jeremiads about the certain and horrible consequences of this alternating-current #witchcraft. Goddammit, it just produced too much juice, Old Tom wailed, the world wasn't ready for it. "Just as certain as death," he guaranteed the papers, "Westinghouse will kill a customer within six months after he puts in a system of any size." To prove it, Edison got a lot of people physically killed, dead forever, with this newfangled Tesla-Westinghouse AC 5) Edison showed the Hearst papers how you could fry live dogs, calves, and ultimately a horse. But it never got him anywhere. Inside ten years, Edison was renting AC from Westinghouse by the megawatt. 7) This is where he would #galvanize and #disintegrate metal plates with his bare fingers, strobing and flaring magnificently in his tux and cummerbund, before awed thousands at the Academy of Music and Carnegie Hall. 8) He even showed the foremen at Alcoa how most efficiently to use Niagara Falls #electric #arc #furnace to extract aluminum out of bauxite ore. 9) He would free humanity of those stupid copper wires, if it was the last thing he did. "I must first ascertain exactly how many vibrations to the second are caused by disturbing the mass of electricity which the earth contains..." #Schumann #Resonance 10) Tesla bouncing signal impulses up through the magnetosphere, from a land-based transmitter to a land-based receiver, was only prelude to some immensely grander notion about driving signals down into the earth itself and having them burst out elsewhere, immeasurably [#amplified]

(https://www.facebook.com/hashtag/amplified?hc_location=ufi) 11) Lab Fire; Typical of Tesla's life, the lab somehow caught fire just then: all his equipment, models, notes, and a big bundle of hard cash up in smoke, with no insurance. #Insurance?! Nikola Tesla had more important things to do with his money than haggle with insurance agents, those troglodytic slaves to Mammon. 12) Earthquake Machine: By and by they were getting 5, 10, 15 times more energy back out of the ground than it took to run the hammer's air compressor. Eureka! This was something better than [#perpetual](https://www.facebook.com/hashtag/perpetual?hc_location=ufi) [#motion](https://www.facebook.com/hashtag/motion?hc_location=ufi)! 13) Colorado Springs: It had to do with a 200-foot metal mast surmounted by a four-foot copper ball, dominating the lonesome Colorado prairie under Pike's Peak. Below this pylon, in a shed, sat Tesla's "magnifying transformer," extruding a primary coil that wound about a 75-foot-diameter fence and stretched up aloft to make contact with the giant copper ball, or "#electrode." 14) The visual display would be a challenge to #George #Lucas. Tesla was casting lightning bolts as high as the #Empire #State #Building, and that was just the stray skim-off from the 12 million volts he was able to pump through this baby continuously. When visitors wanted impressing, Nikola would put up in the night sky whole extended ballets of many-colored "#globe #lightning" 15) Resonance: Nikola was jamming megafixes of pure juice into Mother Earth, to see how much lightning he could call down out of God's sky to #restabilize the local electromagnetic setup. At least this was one part of what he was doing, as frantically as possible, while the money held out. His broader project had something to do with precisely measuring the exact wattage of #potential resonance between the electricity within the earth and the electricity in the sky above it. 16) Tesla's Wardenclyffe Tower was designed to shoot all the electric power for the grand #Paris #Exposition of 1903—all the way across the almighty Atlantic, no hands, no wires, nothing up his sleeve. 17) Nikola was still #copper-plating his 150-foot-diameter "electrode," 18) When Tesla died in 1943, the FBI went through his place and carried off all his papers while the body was still warm. 19) Sunday-supplement writers found him a dependable source of diverting comment, prattling on about gem-focused "#death #rays," #faster-than-light communications systems, #climate-modifications through magnetic manipulation of the #Ionosphere.

- Tesla (TSLA) vs Oil & Gas in 2022

On March 6th 2022 CJ published a blog post entitled "Oil to \$200/bbl Gas @ \$600/bbl ft Electric vs Gas Car Efficiency" on the idea of the old world of oil and gas vs The all-electric Tesla. On March 9th 2022, CJ makes a blog post predicting the end of Petro Tyrants entitled "Elon Musk & Chief Justice predicted The End Of Petro Tyrants RIP". Narratives that agree with CJ began appearing: April 2nd 2022 "Bankruptcy of all gas car makers is unavoidable". And, March 20th 2022 "Why it's impossible for legacy auto to catch Tesla". On May 29th 2022 the Tipping Point was reached as the latest poll revealed "Global Tipping Point: 52% of car buyers want a Tesla + Gas vs EV". Between this date and today, December 20th 2022, the Tyrants pulled their next trick: Crashing the Stock Market! The S&P 500, the Dow Industrials and the Nasdaq have sold off sharply for December, on track their biggest annual declines since the 2008 financial crisis.

From the blog post: Traders Now Betting On \$200 Oil By The End Of The Month. Electric Cars have a 30-40X better round-trip efficiency than Gas, 10X safer, 10X longer lasting, 10X cheaper to charge & 10X more useful: Tesla Cyber-Truck vs Covid-19 Zombies (nurembergtrials.net) In this case laid out below, Electric Cars with Wireless Roads would 85-90% round-trip efficiency. Tesla estimates the efficiency to be between 70-80% based on the average type of energy used in the United States and the use of A/C power and DC Chargers, not Wireless. Gas cars are less than 2% efficient, round-trip.

Gasoline, Propane or Bio-Fuels have a 2% Round Trip Efficiency vs All Electric + Wireless Charging between 75-90% Efficiency:

1) Acquire land for oil pump-jacks 2) Build pump-jack 3) Power pump-jack 4) Build oil and gas tanker trucks, pipelines and rail lines 5) Pick-up and deliver oil to refinery 6) Build refinery 7) Power refinery 8) Over-build roads and bridges to deliver gas 9) Deliver gas to gas station 10) Build gas station 11) Power gas station 12) Use gas and time to go to gas station 13) Burn the gas in a 20% efficient gas motor 14) Repair 75% of roads broken by gas and oil tankers 15) Clean water poisoned by gas and oil 16) 6 football fields per minute of forests clear-cut and animals murdered for Corn Ethanol production 17) 1 Billion pounds of Corn/Wheat/Soy burnt in your gas tank per year, just in the U.S. 18) Murder 1 Million people per year when your gas car, oil tankers or refineries explodes 19) Murder 100 Million people in Wars to steal oil 20) Poison everything in sight with gas, oil and petrochemicals 21) Get Cancer and Birth Defects

from gas additives like Techron 23) 1.5M dead people per year from Smog 24) \$5.3 Trillion in subsidies per year for fossil fuels. That's just to start!)) Equals less than a 2% efficiency round-trip at a subsidized price of \$10-\$20 per gallon. You have to pay that too!!

The newest Plaid motor with the carbon fiber wrapping has 580HP. The DC-AC inverter between the battery and motor in the Tesla Model S is >98% efficient. The Nikola Tesla (wound coil capacitor) "jelly roll" battery is >99.9% efficient per full charge cycle. If the battery is charged or motor operated by Nikola Tesla's wireless inductive coil charging by the road itself, it's >98% efficient. The Nikola Tesla long distance A/C or D/C power transmission to the road's wireless powered induction coils is >93%+ efficient. Tesla (TSLA) Motors estimates the efficiency to be between 75-80% based on the average type of energy used in the United States, the use of A/C power with Wires & DC Chargers, Other Losses, and not wireless power or wireless charging roads.

Tesla is based on Nikola Tesla. A/C induction motor is 60lbs & 503HP @ 98% efficiency, can last for 500 years, unobstructed & indestructible - Nikola Tesla. Runs at a nominal speed for 1 Million Hours (20-60 Million Miles), was patented by Nikola Tesla in 1887. Nikola Tesla's 1 Million-Hour A/C Induction Motor in the Tesla Model S PLAID (TeslaLeaks.com) (bitchute.com) The longest running hydroelectric plant using these motor/generators (and Heat-Pump) has lasted for 127 years, running 24/7. Four of those independent in-wheel motors will be in the 1680HP Stainless Steel Cybertruck that will last for 1000 years. June 18th 2022 How Long Do Electric Cars Last? This Tesla Has Gone 1 Million Miles! October 15th 2018 Tesla releases impressive pictures of Model 3 drive unit after test, Musk says they drove One Million Miles with "VERY LITTLE WEAR".

Those motors can be equipped today with a non-radiative wireless power, Tesla Coil, operating at 250-500KW (10-100MW for China's wireless trains) at 98% efficiency, (or 1MW DC) powered by an A/C generator at a hydroelectric plant at 95%+ efficiency located 2-3000 miles away, runs a moving car, a 7 seater Tesla Model S at 55-75MPH indefinitely and not even need a battery. The Tesla Plaid can run at 25K RPM's, but Nikola Tesla reported that these motors are capable of 1 Million RPM's. That doesn't put your oil, gas, coal, tree burning and food burning Ethanol out of business immediately?

As soon as the PTB begin to loose, they circle around to fake wars and fake variants as-in Bill Gates predicts Monkeypox March 2021 to March 2022. It's also well known that Ukraine vs Russia is an energy war. The nuclear power plants in Ukraine were built by Nikola Tesla-Westinghouse. And, presented below. Chernobyl was a sabotage. Because, Chernobyl was powering the Russian Woodpecker, the over-the-horizon Radar used by Ukraine. The sabotage destroyed that usefulness of that system. Thirty-Five Years On, Conspiracy Theories Surrounding Chernobyl Disaster Persist. As presented in the links below, the latest attack on Ukraine and Khazakstan was because anti-vaxxers had taken over their governments; leading to an attack from Russia on Ukraine. In a 2 for 1, Ukraine was mining bitcoin with their nuclear power plants. Another reason for Russia to attack Ukraine and cease their nuclear power plants.

- Banning Wildlife Trade & Hunting

At the beginning of Covid scenario, they blamed the Pangolin for the fake animal to human transmission. After no one bought that story, they circled around to more fake stories about the origins of Covid-19. Pangolin - Although a SARS-CoV-2-like coronavirus was detected in the lungs of these pangolins, a direct association between the clinical signs or pathology and active virus replication is not available as we lack evidence from immunohistochemistry or in situ hybridization experiments. The experimental infection of healthy pangolins with pangolin-CoV would provide more definitive answers; however, as pangolins are protected it is difficult to carry out such experiments. Further studies are needed to confirm the role of pangolins in the transmission of SARS-related coronaviruses. Our findings support the call for stronger enforcement of regulations against the illegal trade in pangolins. Owing to the demand for their meat as a delicacy and their scales for use in traditional medicine in China, the illegal smuggling of pangolins from Southeast Asia to China is widespread¹⁸. *International co-operation in the implementation of stricter regulations against illegal wildlife trade (and illegal fish market) and consumption of game meat should be encouraged, as this will increase the protection of endangered animals and help to prevent future outbreaks of diseases caused by SARS-related coronaviruses.*

Mass quarantine and mental health during COVID-19: A meta-analysis

To reveal the complex relationships between quarantine and mental health during COVID-19, a meta-analysis was conducted involving 34 articles and a total sample size of 134,061. As the relationship between quarantine and mental health was found to be affected by the sampling objects and national factors, a random-effects model was applied for the meta-analysis. First, a heterogeneity test and sensitivity analysis were conducted to determine whether there was heterogeneity in the samples, after which a funnel chart, Rosenthal's Classic Fail-safe N test and Egger's test were applied to further determine whether there was publication bias in the included samples. Finally, a sub-group test was used to explore whether the sampling group and the country of origin had a moderating effect on the relationship between quarantine and mental health, which revealed that the relationship between quarantine and mental health was regulated and influenced by the sampled objects

but was not affected by the country categories. The results indicated that: COVID-19 quarantine had varying impacts on individual anxiety, depression, and psychological stress; different groups had different regulatory effects on the relationship between quarantine and mental health; and country of origin had no moderating effect on quarantine and psychology. <https://pubmed.ncbi.nlm.nih.gov/34706447/>

The psychological impact of quarantine and how to reduce it: rapid review of the evidence: The December, 2019 coronavirus disease outbreak has seen many countries ask people who have potentially come into contact with the infection to isolate themselves at home or in a dedicated quarantine facility. Decisions on how to apply quarantine should be based on the best available evidence. We did a Review of the psychological impact of quarantine using three electronic databases. Of 3166 papers found, 24 are included in this Review. Most reviewed studies reported negative psychological effects including post-traumatic stress symptoms, confusion, and anger. Stressors included longer quarantine duration, infection fears, frustration, boredom, inadequate supplies, inadequate information, financial loss, and stigma. Some researchers have suggested long-lasting effects. In situations where quarantine is deemed necessary, officials should quarantine individuals for no longer than required, provide clear rationale for quarantine and information about protocols, and ensure sufficient supplies are provided. Appeals to altruism by reminding the public about the benefits of quarantine to wider society can be favourable. [https://www.thelancet.com/journals/lancet/article/PIIS0140-6736\(20\)30460-8/fulltext](https://www.thelancet.com/journals/lancet/article/PIIS0140-6736(20)30460-8/fulltext)

Quarantine is the separation and restriction of movement of people who have potentially been exposed to a contagious disease to ascertain if they become unwell, so reducing the risk of them infecting others.¹ This definition differs from isolation, which is the separation of people who have been diagnosed with a contagious disease from people who are not sick; however, the two terms are often used interchangeably, especially in communication with the public.² The word quarantine was first used in Venice, Italy in 1127 with regards to leprosy and was widely used in response to the Black Death, although it was not until 300 years later that the UK properly began to impose quarantine in response to plague.³ Most recently, quarantine has been used in the coronavirus disease 2019 (COVID-19) outbreak. This outbreak has seen entire cities in China effectively placed under mass quarantine, while many thousands of foreign nationals returning home from China have been asked to self-isolate at home or in state-run facilities.⁴ There are precedents for such measures. Citywide quarantines were also imposed in areas of China and Canada during the 2003 outbreak of severe acute respiratory syndrome (SARS), whereas entire villages in many west African countries were quarantined during the 2014 Ebola outbreak.

- UN Agenda 21 & Agenda 2030

Despite what you "believe"; UN Agenda 21 doesn't mention "electric cars" nor "solar panels"; now matter what Alex Jones tells you. Agenda 21 is a Control Grid, put in place before electric cars or solar reached even 1% of the market. It's run by the [Rockefeller Oil "Lockstep" public policing policy](#) to include cell phone tracking, contact tracing, geo-fencing and vaccine bio-trackers; put in place long before "Tesla" was a wet dream by Elon Musk. There were zero plans for you to have an electric car. The first "Tesla's" didn't even work and broke down every 5 miles. [Tesla's are still banned in 20+ republican states](#); even after Tesla being in business for 18 years. You don't think your in a technocratic control grid now? Then why is there 20+ license plate reading cameras and facial scanners at every gas station; despite it being impossible to steal gas?

In Alex Jones' Endgame, he correctly describes the technocratic control grid; but blames it on electric cars, and wind turbines; that barely even existed in 2007. Like near 0%. The "New World Order" he is referring to is the [Rothschild Foundations](#) & Rockefeller Oil with Rockefeller Medicine of vaccine's and drugs; all funded by Saudi-Armaco Chevron, Exxon, Arco, Shell, BP... Later, Infowars reports that electric cars is "slavery" and [coal plants is](#)

"freedom". Really? A Tesla that lasts indefinitely with an infinite mileage warranty that I charge up with my free energy, paid-off solar panels and can last for 100+ years; if not forever is "slavery"?

What Al Gore is behind Agenda 21? Al Gore, Rex Tillerson, Hillary Clinton, Barack Obama, Israel, Italy et al. all promoted "propane cars"; and know exactly Zero about a Tesla. That's besides Clinton & Gore want a consumption tax, mileage tax and carbon tax; first proposed by Exxon in the 1980's with the Solomon Brothers; who invented the Petro-Dollar. Lest not get into Bill Gates; he's anti-Tesla, pro-Exxon who wants to sterilize and kill you with vaccines.

Although "renewable energy" was added to UN Agenda 2030; the technocratic control grid stays as the primary goal. THE 17 GOALS | Sustainable Development (un.org) Despite what you "believe" there is no mandates for renewable energy; and are purely voluntary. Meaning, you'll be a slave in a gas car, long before you even hear of electric cars. In addition, Agenda 2021 and Agenda 2030 is self-described as "Sustainable Development"; even while India clears ancient forests for some 40 new privatized coal plants; and as Chevron clear cuts the Amazon & Chevron gets sued for dumping 19 Billion gallons of oil all over Indigenous Lands; Exxon did the same thing in Venezuela, Iraq and elsewhere. Sustainable Development means a destruction of production; reduced consumption, lower population etc. and has nothing to do with renewable energy, electric cars nor solar panels. The UN is also backing the mandatory vaccines, contact tracing and vaccine passports, and again, has nothing to do with electric cars. These shithheads don't know anything about electric cars nor solar panels. Like zero. They are morons. <https://www.weforum.org/projects/frontier-2030>

SNIP: The Great Counter-Narrative: Under construction for 2022 on Writing A New Narrative, Operation Trust & Trust the Science. Concepts they -NEED- you to believe for you to -BUY- Narratives. George Orwell's 1984 "Newspeak" or self-described as "Woke" (R.E.M., Eyes Wide-Shut or Fast-Asleep) to sleep-walk their brain-eaten mind-controlled Covid-Cult zombies into self-destruction and vaccine-suicide.

Newspeak is the fictional language of Oceania, a totalitarian superstate that is the setting of dystopian novel Nineteen Eighty-Four, by George Orwell. In the novel, the Party created Newspeak[1]:309 to meet the ideological requirements of English Socialism in Oceania. Newspeak is a controlled language of simplified grammar and restricted vocabulary designed to limit the individual's ability to think and articulate "subversive" concepts such as personal identity, self-expression and free will.[2] Such concepts are criminalized as thoughtcrime since they contradict the prevailing Ingsoc orthodoxy.[3][4]In "The Principles of Newspeak", the appendix to the novel, Orwell explains that Newspeak follows most of the rules of English grammar, yet is a language characterized by a continually diminishing vocabulary; complete thoughts are reduced to simple terms of simplistic meaning. The contractions in Newspeak, often syllabic abbreviations, are supposed to have a political function already in virtue of their abbreviated structure itself: nice sounding and easily pronounceable, their purpose is to mask all ideological content from the speaker.[1]:310–8 <https://en.wikipedia.org/wiki/Newspeak>

Put Simply: They need you to believe in the Narrative of "Evolution" of virus' in order to get you to believe in a phantom menace that "pops out of nowhere" and "mutates" beyond control. Then, they make a test they claim can "detect mutants"; but only part of the mutant and not other unknown mutants; and that sense, they say they can "predict the future"; but only when using their "AI" generated computer algorithms and their dammed statistics. And, their estimates are always wrong; but only right "when the data comes in"? Trust the Science!! Even knowing that, they create vaccines' and drugs that are not cures and are the actual "bioweapons" that are manufactured in bioweapon labs. With that never ending situation of "problem, reaction, solution", and "free money" "free burgers and fries" they can depopulate the planet like they say they want to. All because of your "beliefs". A false flag operation is an act committed with the intent of disguising the actual source of responsibility and pinning blame on another party. The term "false flag" originated in the 16th century as an expression meaning an intentional misrepresentation of someone's allegiance. https://en.wikipedia.org/wiki/False_flag

Operation Himmler, also called Operation Konserve or Operation Canned Goods, consisted of a group of 1939 false-flag undertakings planned by Nazi Germany to give the appearance of Polish aggression against Germany. The Germans then used propaganda reports of the events to justify their invasion of Poland, which started on 1 September 1939. https://en.wikipedia.org/wiki/Operation_Himmler

MEANING OF "BLUE BLOOD" WITH NANO SILVER

The most commonly described side effect of long-term silver use is argyria, a permanent bluish or grayish discoloration of the skin [172]. In fact, this may have been the origin of the term "blue blood" [1]. <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC4955599/>

CORONAVIRUS IS 1700 VIRUS'S ACROSS MANY SPECIES?

Coronaviruses comprises of a big class of viruses that consists of a core of genetic material (single-stranded RNA genome) enveloped by a spherical lipid layer with spikes like protein structure attached to the surface. This structure gives it a crown-like appearance, and in Latin, corona means crown, so this is why, these viruses are labelled as coronaviruses [3, 4]

FIRST COVID CASES WERE ALL PNEUMONIA PATIENTS

Three adult patients presented with severe pneumonia and were admitted to a hospital in Wuhan on December 27, 2019. Four days after the onset of illness, her cough and chest discomfort worsened, but the fever was reduced; a diagnosis of pneumonia was based on computed tomographic (CT) scan. Her occupation was retailer in the seafood wholesale market. Patient 2 initially reported fever and cough on December 20, 2019

Early Transmission Dynamics in Wuhan, China, of Novel Coronavirus–Infected Pneumonia. On December 29, 2019, the first 4 cases reported, all linked to the Huanan (Southern China) Seafood Wholesale Market, were identified by local hospitals using a surveillance mechanism for "pneumonia of unknown etiology". Pneumonia of unknown etiology is defined as an illness without a causative pathogen furthermore, the initial focus of case detection was on patients with pneumonia. <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7121484/>

No sources. A confirmed case was defined as a case with respiratory specimens that tested positive for the 2019-nCoV by at least one of the following three methods: isolation of 2019-nCoV or at least two positive results by real-time reverse-transcription–polymerase-chain-reaction (RT-PCR) assay for 2019-nCoV or a genetic sequence that matches 2019-nCoV.

CYCLE THRESHOLD WELL ABOVE THE 28 BY THE WHO

A cycle threshold value (Ct-value) less than 37 was defined as a positive test, and a Ct-value of 40 or more was defined as a negative test. There were no cases in children below 15 years of age. When more data become available on epidemiologic characteristics of NCIP, a detailed comparison with the corresponding characteristics of SARS and MERS, as well as the four coronaviruses endemic in humans, would be informative.

A previously unknown betacoronavirus was discovered through the use of unbiased sequencing in samples from patients with pneumonia. Human airway epithelial cells were used to isolate a novel coronavirus, named 2019-nCoV, which formed a clade within the subgenus sarbecovirus, Orthocoronavirinae subfamily. Different from both MERS-CoV and SARS-CoV, 2019-nCoV is the seventh member of the family of coronaviruses that infect humans. Four lower respiratory tract samples, including bronchoalveolar-lavage fluid, were collected from patients with pneumonia of unknown cause who were identified in Wuhan on

December 21, 2019, or later and who had been present at the Huanan Seafood Market close to the time of their clinical presentation. Six coronavirus species are known to cause human disease.⁴ Four viruses — 229E, OC43, NL63, and HKU1 — are prevalent and typically cause common cold symptoms in immunocompetent individuals.⁴ The two other strains — severe acute respiratory syndrome coronavirus (SARS-CoV) and Middle East respiratory syndrome coronavirus (MERS-CoV) — are zoonotic in origin and have been linked to sometimes fatal illness.⁵ Given the high prevalence and wide distribution of coronaviruses, the large genetic diversity and frequent recombination of their genomes, and increasing human–animal interface activities, novel coronaviruses are likely to emerge periodically in humans owing to frequent cross-species infections and occasional spillover events.^{5,10}

PCR TESTS ONLY LOOK AT MARKERS IN "REGIONS" AND COPIED 37 TIMES

Extracted nucleic acid samples were tested for viruses and bacteria by polymerase chain reaction (PCR), using the RespiFinderSmart22kit (PathoFinder BV) and the LightCycler 480 real-time PCR system, in accordance with manufacturer instructions.¹² Samples were analyzed for 22 pathogens (18 viruses and 4 bacteria) as detailed in the Supplementary Appendix. In addition, unbiased, high-throughput sequencing, described previously,¹³ was used to discover microbial sequences not identifiable by the means described above. A real-time reverse transcription PCR (RT-PCR) assay was used to detect viral RNA by targeting a consensus RdRp region of pan β -CoV, as described in the Supplementary Appendix.

Evolutionary studies of whole-genome sequences of SARS-CoV-2 represent high similarity (> 90%) with other SARS viruses. Both these strains evolved from a common Betacoronavirus ancestor; however, it is believed that SARS-CoV-2 first infected humans from a bat host during interspecies viral transmission. In support, it has been reported in China and other countries that bats are the primary reservoirs of SARS-CoV-2 [6,7,8]. Coronaviruses are a large family of viruses reported to cause illnesses ranging from the common cold to severe diseases such as Middle East respiratory syndrome (MERS) and severe acute respiratory syndrome (SARS). SARS-CoV-2 is one of the seven coronaviruses known to cause infection in *Homo sapiens*, which also includes: 229E (HCoV-229E), NL63 (HCoV-NL63), OC43 (HCoV-OC43), HKU1 (HCoV-HKU1), MERS-CoV, and the original SARS-CoV [9,10,11,12].

BATS & BIRDS & HUMANS OH MY!

First Bats, now Humans?? Recently, on the basis of genomic resemblance with previously reported SARS-CoV, the International Committee on Taxonomy of Viruses (ICTV) coronavirus study group named this virus "SARS-CoV-2" [13]. It has been confirmed that SARS-CoV-2 can spread with human-to-human transmission via respiratory droplets (e.g. through coughing or sneezing) or even by contact with contaminated surfaces [14, 15]. <https://translational-medicine.biomedcentral.com/articles/10.1186/s12967-020-02439-0>

EVOLUTIONARY THEORY OF MUTATIONS

Why there is no antiviral drugs? Because, none worked?? This could be the case for SARS-CoV-2, in that viral proteins are actively acquiring mutations due to SNPs and thus escape

from being targeted by antiviral drugs

IF IT LOOKS LIKE A DUCK, QUACKS LIKE A DUCK, MUST BE A DUCK!

Genome organization of all coronaviruses are similar and contain 5' and 3' untranslated regions (UTR's) for characteristic genes coding for ORF1ab, spike, envelope, membrane, and nucleocapsid proteins [24]. An #evolutionary-based study was performed to understand the relationships of SARS-CoV-2 genome with other SARS isolates. #Homology modeling for predicting SARS-CoV-2 RdRp structure was performed with a reference template of SARS-CoV RdRp.

HIGHLY VARIABLE VIRUS'S "May not warrant inclusion into a single test"

Direct comparisons of these different central sequence approaches have been performed for a highly variable pathogen (human immunodeficiency virus, HIV) and shown that the different designs yielded comparable results when synthetic peptides covering these sequences were used to measure virus-specific T cell responses [42,43]. However, the additional costs in terms of peptide synthesis and cells needed for ex-vivo experiments, may not warrant inclusion of all the different variants into a single test set.

SCIENCE BY CONSENSUS

2.1. Consensus Sequence ORF Generation and Entropy Calculation. A nucleotide consensus sequence was generated by keeping all nucleotides present in at least 25% of the sequences in the alignment. 50 reference sequences (RefSeq) with the lowest E-values resulting from a pBLAST search [51] using the ORF-specific consensus sequences (pan-coronavirus alignment) (ii) homologous proteins from 17 viruses representing the Betacoronavirus taxon (beta-coronavirus alignment) or, (iii) homologous proteins from the 7 full-genome sequenced human coronaviruses (including SARS-CoV, MERS-CoV, and common cold species OC43, NL63, 229E, HKU1, human-coronavirus alignment).

For creation of the CoV-2 Consensus sequence, nucleotide sequences from 1731 SARS-CoV-2 genomes were aligned and a full genome nucleotide consensus was created, 23 open reading frames (ORF) were then located in the alignment using the NC_045512.2 and the Finkel et al. [46] coordinates and translated to amino acids. Of the 23 ORF, 12 were canonical ORF as annotated in NC_045512.2 and 11 in alternative reading frames described by Finkel et al. Covid Variability Mismatches between the sequence of in vitro antigen sets and the autologous virus in an infected individual can lead to missed responses. In the CoV-2-cons 15–11 OLP set, mean OLP normalized entropies were overall low (Range: 0.947–0.758) and comparable between OLP covering the canonical ORF (Range: 0.947–0.879) and OLP matching the alternative frameshift ORF (Range: 0.932–0.758).

APPLES AND ORANGES ARE SIMILAR "They are both round"

Based on the SARS-CoV-2 alignment used to design the consensus, only nine amino acid positions in the entire SARS-CoV-2 genome showed two amino acids present in at least 25% of the sequences.

(>90% sequence identity) 125 #similar epitopes were identified. The similar epitopes were found to be derived from the following organisms; SARS-CoV: 71, Human coronavirus 229E: 1, Alphacoronavirus 1: 1, Unknown origin: 3, and Homo sapiens:

However, longer test peptides tend to yield fewer responses and imply bigger efforts for subsequent epitope mapping. Canonical and alternative frame ORF were considered in the present CoV-2-consensus sequence design to ensure an as broad as possible screening for

all potentially expressed protein sequences. Consensus sequence design is highly dependent on the sequences included in the alignments used to construct them. As noted, coverage of sequence diversity for in-vitro antigen test sets is critical as responses to autologous viral variants may be missed if these variant sequences are not matched [27]. To achieve this, peptide synthesis uses mixes of amino acids at variable positions, so that the resulting OLP resembles a mini-peptide library that can achieve an a-priori set coverage of circulating viral variants [64]. This would readily allow to cover more sequence diversity beyond the 25% frequency cut-off that was applied in the present study. For the interpretation of T cell responses, it has to be taken into account that some degree of cross-reactivity can exist among human coronavirus [5,65]. This implies that responses to these regions could be associated with previous infections by other human coronaviruses, some of them triggering much milder infections that can pass unnoticed, like those by coronaviruses causing a common cold.

Such a vaccine could allow to prevent infection not only with SARS-CoV-2, but also with other, clinically relevant coronavirus like SARS-CoV-1 and MERS, and even with new coronaviruses jumping the species barrier to humans.

At the same time, the existence of SARS-CoV-2 homologous regions in the human genome, together with the existence of described epitopes in these regions raise some concern that coronaviruses could be involved in a molecular mimicry process triggering autoimmune diseases like the Guillain-Barré syndrome [66,67,68,69].

The present study is currently limited to the design of the CoV-2 consensus sequence, without functional immune analyses of the OLP sets in samples from infected individuals. included ~30 randomly selected sequences per host family or region to mitigate sampling and surveillance intensity bias. phylogenetic reconstructions for a-CoVs in China suggest an evolutionary origin within rhinolophid and vespertilionid bats (Fig. 2a). suggesting that frequent cross-species transmission events have occurred among bats.

At the genus level, we identified 20 highly supported inter-genus host switches for a-CoVs, 17 of them were also highly significant using the random subset (Fig. 5a and Supplementary Table 6). In order to identify the hotspots of CoV phylogenetic diversity in China and evaluate phylogenetic clustering of CoVs, we calculated the mean phylogenetic distance (MPD) and the mean nearest taxon distance (MNTD) statistics⁵⁰ and their standardized effect size (SES).

COVID-19 CAUSATIVE AGENT "the evolution and diversification of these coronaviruses remains poorly understood"

Bats are #presumed reservoirs of diverse coronaviruses (CoVs) including progenitors of Severe Acute Respiratory Syndrome (SARS)-CoV and SARS-CoV-2, the causative agent of COVID-19. However, the evolution and diversification of these coronaviruses remains poorly understood. Here we use a Bayesian #statistical framework and a large sequence data set from bat-CoVs (including 630 novel CoV sequences). Finally, we present a phylogenetic analysis suggesting a likely origin for SARS-CoV-2 in *Rhinolophus* spp. Bats.

COVID-19 ORIGIN Animal to Human Transmission was "thought" to be the "likely origin"

All CoVs known to infect humans are zoonotic, or of animal origin, with many #thought to originate in bat hosts^{1,2}. (the largest non-segmented RNA viral genome). This phenomenon is thought to have led to the emergence of a number of CoVs affecting livestock and human

health^{4,5,6,7,8,9}. Subsequent investigations identified horseshoe bats (genus *Rhinolophus*) as the natural reservoirs of SARS-related CoVs and the likely origin of SARS-CoV^{13,14,15,16}. This emerging human virus is closely related to SARS-CoV, and also appears to have originated in horseshoe bats^{20,21}—with its full genome 96% similar to a viral sequence reported from *Rhinolophus affinis*²⁰. Closely related sequences were also identified in Malayan pangolins^{22,23}. The emergence of SARS-CoV-2 further underscores the importance of bat-origin CoVs to global health, and understanding their origin and cross-species transmission is a high priority for pandemic preparedness^{20,29}. Host switching of viruses over evolutionary time is an important mechanism driving the evolution of bat-CoVs in nature and appears to vary geographically^{32,33}. However, detailed analyses of host switching have been hampered by incomplete or opportunistic sampling, typically with relatively low numbers of viral sequences from any given region³⁴. However, the macroevolution of CoVs in their bat hosts in China and their cross-species transmission dynamics remain poorly understood. We use a phylogeographic Bayesian statistical framework to reconstruct virus transmission history between different bat host species and virus spatial spread over evolutionary time. We generated 630 partial sequences (440 nt) of the RNA-dependent RNA polymerase (RdRp) gene from bat rectal swabs collected in China and added 608 bat-CoV and 8 pangolin-CoV sequences from China available in GenBank or GISAID to our datasets. #guano

CORRELATION IS NOT CAUSATION

Mantel tests revealed a positive and significant #correlation between CoV genetic differentiation (FST) and geographic distance matrices, both with and without provinces, including fewer than four viral sequences

In our phylogenetic analysis that includes all known bat-CoVs from China, we found that SARS-CoV-2 is likely derived from a clade of viruses originating in horseshoe bats (*Rhinolophus* spp.). For these reasons, we cannot rule out an origin for the clade of viruses that are progenitors of SARS-CoV-2 that is outside China, and within Myanmar, Lao PDR, Vietnam, or another Southeast Asian country. Finally, while our analysis shows that the RdRp sequences of CoVs from the Malayan pangolin are closely related to SARS-CoV-2 RdRp, analysis of full genomes of these viruses suggest that these terrestrial mammals are less likely to be the origin of SARS-CoV-2 than *Rhinolophus* spp. bats^{22,23}. This analysis also demonstrates that a significant amount of cross-species transmission has occurred among bat hosts over evolutionary time. The *Rhinolophidae* comprises a single genus, *Rhinolophus*, and is the most speciose bat family after the *Vespertilionidae* in China⁵¹, with 20 known species, just under a third of global *Rhinolophus* diversity, mostly in Southern China³⁵. This family likely originated in Asia^{52,53}, but some studies suggest an African origin^{54,55}. A significant correlation between geographic distance and genetic differentiation of both α - and β -CoVs has been detected, even if only a relatively small proportion of the variance is explained by geographic distance.

WHAT? THE SPIKE PROTEIN IS USED TO USHER IN THE VIRUS INTO THE HOST CELL?

((The ectodomain region of the spike protein (S) is essential for attachment and eventual entry of the viral protein into the host cell.)) Variation in the extent of host jumps between α - and β -CoVs within the same hosts in the same environment may be due to virus-specific factors, such as differences in receptor usage between α - and β -CoVs^{60,61,62}. CoVs use a large diversity of receptors, and their entry into host cells is mediated by the spike protein with an ectodomain consisting of a receptor-binding subunit S1 and a membrane-fusion subunit S2⁶³. An ectodomain is the domain of a membrane protein that extends into the extracellular

space (the space outside a cell). ...

First, only partial RdRp sequences were generated in this study and used in our phylogenetic analysis as the noninvasive samples (rectal swabs/feces) collected in this study prevented us from generating longer sequences in many cases. The RdRp gene is a suitable marker for this kind of study as it reflects vertical ancestry and is less prone to recombination than other regions of the CoV genome such as the spike protein gene^{16,72}. Second, most sequences in this study were obtained by #consensus PCR using primers targeting highly conserved regions. Even if this broadly reactive PCR assay designed to detect widely variant CoVs has proven its ability to detect a large diversity of CoVs in a wide diversity of bats and mammals^{30,74,75,76,77}, we may not rule out that some bat-CoV variants remained undetected. Using deep sequencing techniques would allow to detect this unknown and highly divergent diversity. Additionally, faster rates of #evolution in the tropics have been described for other RNA viruses that could favor cross-species transmission of RNA viruses in these regions⁸¹. Both SARS-CoV and SADS-CoV emerged in this region, and several bat SARSr-CoVs with high zoonotic potential have recently been reported from there, although the dynamics of their circulation in wild bat populations remain poorly understood^{16,61}.

PCR TESTS AT 40 CYCLES CAN IDENTIFY A SINGLE FRAGMENT AND "OPTIMIZED FOR BATS"?

RNA was extracted from 200 µl swab rectal samples or fecal pellets with the High Pure Viral RNA Kit (Roche) following the manufacturer's instructions. RNA was eluted in 50 µl elution buffer and stored at -80 °C. A one-step hemi-nested reverse transcription-PCR (Invitrogen) was used to detect CoV RNA using a set of primers targeting a 440-nt fragment of the RdRp gene and optimized for bat-CoV detection (CoV-FWD3: GGTGGGAYTAYCCHAARTGTGA; CoV-RVS3: CCATCATCASWYRAATCATCATA; CoV-FWD4/Bat: GAYTAYCCHAARTGTGAYAGAGC)⁸². For the first round PCR, the amplification was performed as follows: 50 °C for 30 min, 94 °C for 2 min, followed by 40 cycles consisting of 94 °C for 20 s, 50 °C for 30 s, 68 °C for 30 s, and a final extension step at 68 °C for 5 min. For the second round PCR, the amplification was performed as follows: 94 °C for 2 min, followed by 40 cycles consisting of 94 °C for 20 s, 59 °C for 30 s, 72 °C for 30 s, and a final extension step at 72 °C for 7 min. PCR products were gel purified and sequenced with an ABI Prism 3730 DNA analyzer (Applied Biosystems, USA). PCR products with low concentration or bad sequencing quality were cloned into pGEM-T Easy Vector (Promega) for sequencing. Positive results detected in bat genera that were not known to harbor a specific CoV lineage previously were repeated a second time (PCR + sequencing) as a confirmation. Species identifications from the field were also confirmed and re-confirmed by cytochrome (cytb) DNA barcoding using DNA extracted from the feces or swabs⁸³. Only viral detection and barcoding results confirmed at least twice were included in this study. Our final datasets include 630 sequences generated for this study and 616 sequences from GenBank. Model selection and phylogenetic analysis. Preliminary analysis were run to select the best-fitting combination of substitution models. TEMPEST showed that both datasets did not contain sufficient temporal information to accurately estimate substitution rates or time to the most recent common ancestor. Therefore, we used a fixed substitution rate of 1.0 for all our BEAST analysis. The MPD and the MNTD statistics⁵⁰ and their SES were calculated for each zoogeographic region, bat family, and genus using the R package picante⁹⁴. All subsequent BEAST analysis were performed under the best-fitting model

PANGOLINS USED TO BAN WILDLIFE TRADE AND BATS TO BAN THE PRIVATE FISHING TRADE?

Here we show that a coronavirus, which we name pangolin-CoV, isolated from a Malayan pangolin has 100%, 98.6%, 97.8% and 90.7% amino acid identity with SARS-CoV-2 in the E, M, N and S proteins, respectively. In particular, the receptor-binding domain of the S protein of pangolin-CoV is almost identical to that of SARS-CoV-2, with one difference in a noncritical amino acid. Our comparative genomic analysis suggests that SARS-CoV-2 may have originated in the recombination of a virus similar to pangolin-CoV with one similar to RaTG13. Pangolin-CoV was detected in 17 out of the 25 Malayan pangolins that we analysed. Infected pangolins showed clinical signs and histological changes, and circulating antibodies against pangolin-CoV reacted with the S protein of SARS-CoV-2. This newly identified coronavirus from pangolins—the most-trafficked mammal in the illegal wildlife trade—could represent a future threat to public health if wildlife trade is not effectively controlled. March–August 2019, and analysed them for SARS-related coronaviruses using reverse-transcription polymerase chain reaction (RT–PCR) with primers that target a conservative region of betacoronaviruses. RNA from 17 of the 25 Malayan pangolins generated the expected PCR product, whereas RNA from the Chinese pangolins did not amplify. Plasma samples of four PCR-positive and four PCR-negative Malayan pangolins were used in the detection of IgG and IgM antibodies against SARS-CoV-2 using a double-antigen sandwich enzyme-linked immunosorbent assay (ELISA). One of the PCR-positive sample reacted strongly, showing an optical density at 450 nm (OD450) value of 2.17 (cut-off value = 0.11) (Extended Data Table 2). The plasma remained positive at the dilution of 1:80, which suggests that the pangolin was naturally infected with a virus similar to SARS-CoV-2. The other three PCR-positive pangolins had no detectable antibodies against SARS-CoV-2. They showed typical coronavirus morphology (Fig. 1e). (It looks like a duck, must be a duck). RT–PCR targeting the spike (S) and RdRp genes produced the expected PCR products: these PCR products had approximately 84.5% and 92.2% nucleotide sequence identity, respectively, to the partial S and RdRp genes of SARS-CoV-2. We obtained the completed coronavirus genome (29,825 bp)—which we designated pangolin-CoV—using the assembled contigs, short sequence reads and targeted PCR analysis. The predicted S, E, M and N genes of pangolin-CoV are 3,798, 228, 669 and 1,260 bp, respectively, in length and the proteins they encode share 90.7%, 100%, 98.6% and 97.8% amino acid identity to the equivalent proteins of SARS-CoV-2 (Table 1). In a Simplot analysis of whole-genome sequences, we found that pangolin-CoV was highly similar to SARS-CoV-2 and RaTG13, with sequence identity between 80 and 98% (except for the S gene) (Fig. 2). In particular, the receptor-binding domain (RBD) of the S protein of pangolin-CoV has only one amino acid difference with SARS-CoV-2. The phylogenetic tree was constructed using RAXML with the substitution model GTRGAMMAI and 1,000 bootstrap replicates. Numbers (>70) above or below branches are percentage bootstrap values for the associated nodes. The scale bar represents the number of substitutions per site. As the S proteins of both SARS-CoV and SARS-CoV-2 have previously been shown to specifically recognize angiotensin-converting enzyme 2 (ACE2) during the entry of host cells^{2,8}, we conducted molecular binding simulations of the interaction of the S proteins of the four closely related SARS-related coronaviruses with ACE2 proteins from humans, civets and pangolins. No animals thus far have been implicated as carriers of the virus. In addition, a bat coronavirus (RaTG13) has about 96% sequence identity to SARS-CoV-2 at the whole-genome level². Therefore, it is reasonable to assume that bats are the native host of SARS-CoV-2, as has previously been suggested for SARS-CoV and MERS-CoV^{12,13}. The SARS-related coronavirus identified in the present study and the metagenomic assemblies of viral sequences from Malayan pangolins¹⁴ is genetically related to SARS-CoV-2, but is unlikely to

be directly linked to the current outbreak because of its substantial sequence differences from SARS-CoV-2. However, a virus related to pangolin-CoV appears to have donated the RBD to SARS-CoV-2. SARS-related coronavirus sequences have previously been detected in dead Malayan pangolins¹⁵. These sequences appear to be from the same virus (pangolin-CoV) that we identified in the present study, as judged from their sequence similarity. Although a SARS-CoV-2-like coronavirus was detected in the lungs of these pangolins, a direct association between the clinical signs or pathology and active virus replication is not available as we lack evidence from immunohistochemistry or in situ hybridization experiments. The experimental infection of healthy pangolins with pangolin-CoV would provide more definitive answers; however, as pangolins are protected it is difficult to carry out such experiments. Further studies are needed to confirm the role of pangolins in the transmission of SARS-related coronaviruses. Our findings support the call for stronger enforcement of regulations against the illegal trade in pangolins. Owing to the demand for their meat as a delicacy and their scales for use in traditional medicine in China, the illegal smuggling of pangolins from Southeast Asia to China is widespread¹⁸. International co-operation in the implementation of stricter regulations against illegal wildlife trade and consumption of game meat should be encouraged, as this will increase the protection of endangered animals and help to prevent future outbreaks of diseases caused by SARS-related coronaviruses.

VACCINOLOGY

Of 932, 94 total sequences were selected that exhibited > 90% similarity with our input RdRp sequence. The best antiviral drug was selected with distinct S-score, root-mean-square deviation (RMSD) Most importantly, clade III—which included the experimental SARS-CoV-2 isolate originating from the Wuhan seafood market Modeling, predictions and estimates. within favorable regions ... Ramachandran plot shows 94.1% in most favored regions. An MLE tree constructed for all validated proteins revealed that most of the proteins shared (close association) with each other. #Similarty, #close relation, #resemblance ... but sufficiently diverge. this virus may show similarity to other viruses based on nucleotide sequences, such as MERS, which could help to find attractive therapeutic options [53, 54, 56, 57]. It has been reported that nucleotide sequence-based analysis of SARS-CoV-2 and SARS-CoV (Bats origin) represent a close relation with each other but sufficiently divergent due to single nucleotide mutations [13, 21, 23, 56, 57]. Most of the viral species examined showed resemblance to each other and clustered together.

First Humans, Now Bats! SARS-CoV-2 whole-genome sequences reported from Hong Kong and USA (MN975262.1, MN997409.1, MN994467.1, MN988713.1) revealed close relation

with each other as they originated from same clade and are considered as sister species (Fig. 1). Our results are consistent with the results of Wu et al. [58], who demonstrated that SARS-CoV-2 and bat-origin SARS-CoV clustered together, revealing similarity in their genomes (Fig. 1). However, the latter group only predicted 10 models, instead of the ~ 100 structures here. In addition, of these possible structures we selected the most suitable among them to predict the 3D structure of the RdRp protein of SARS-CoV. It is suggested that the #close #association between all these RdRps is due to the similarity in their genome organization. Therefore, more research is needed to explore the differentiation between these viral RdRps. <https://translational-medicine.biomedcentral.com/articles/10.1186/s12967-020-02439-0>

However, all these approaches have intrinsic #limitations. Bioinformatic prediction tools are trained on sets of previously described epitopes, but since the available epitope repertoire for many human leukocyte antigen (HLA) alleles is limited, its prediction capacity is also limited [20,21]. Inferences based on epitope sequence homology with other coronaviruses are hampered because past studies on SARS-CoV-1 and MERS only included few selected viral proteins. T cell recognition of epitopes is very sensitive to mismatches and not matching the recall antigen with the autologous virus can lead to missed responses

In nonhospitalized patients with mild to moderate COVID-19 who are at high risk of progressing to severe disease, remdesivir should be started within 7 days of symptom onset and administered for 3 days. March 21st 2022 Russia, Israel & Vatican Nuclear Bomb & Nuclear Power Danger Hoax
<https://nurembergtrials.net/nuremberg-trials-2-0/f/russia-israel-alex-jones-nuke-bomb-nuclear-power-danger-hoax>

SNIP: Put simply Gas, Oil, Coal companies want you to believe nuclear power is dangerous; so they create FEAR it can be turned into a bomb. Nikola Tesla proved "There is no energy in matter, other than from it's environment" and therefore there is no Big Bang no Big Bombs nor Evolution of Humans from Monkeys aka Blasphemy. As-in Energy is not Matter; E is not M. As-in Matter has no Energy in-of-itself. They are two different things in the dictionary; no matter what deceptions appear on your TV. There is no matter-maker nor matter-projector. Nikola Tesla asks Albert Einstein in reference to $E=Mc^2$... quote "If I can send Energy 22 miles away, then why can't I send Matter?"

Nikola Tesla Roasting Albert Einstein: "The theory is a mass of errors and deceptive ideas violently opposed to the teachings of great men of science of the past and even to common sense. The theory wraps all these errors and fallacies and clothes them in magnificent mathematical garb which fascinates, dazzles and makes people blind to the underlying errors. The theory is like a beggar clothed in purple whom ignorant people take for a king. Its exponents are very brilliant men, but they are metaphysicists rather than scientists. Not a single one of the relativity propositions has been proved." –NT ("Tesla, 79, Promises to Transmit Force." ala "Teleforce" aka "Projected Kinetics" New York Times, July 11, 1935.)

If you believe nuclear bombs are real and nuclear power is dangerous; then you must also believe the strong delusion that hiding under your desk with a paper mask will save you from destruction. If you believe that any random human can destroy God's Earth with a push of a button (that doesn't exist), then you are Blasphemous and under a strong delusion. Revelation 12:9-12 And the great dragon was cast out, that old serpent, called the **Devil, and Satan, which deceiveth the whole world**: he was cast out into the earth, and his angels were cast out into the earth with him. 2 Thessalonians 2:7-12 And for this cause **God shall send them strong delusion**, that they should believe a lie: That they all might be damned who believed not the truth. SNIP:

Nikola Tesla's November 5th 1901 patent [US685957A - Apparatus for the utilization of radiant energy](#) is the only invention approved by the patent office as a 24/7 "perpetual motion machine" using "Law Of The Ionosphere". It has 12 referring patents, 3 citations, referring to at least another 1000+ patents, which also have referring patents. The most recent patent citation to Tesla's patent includes a December 28th 2021: Electric or hybrid vehicle with wireless device and method of supplying electromagnetic energy to vehicle.

Called The Most Important Lecture Ever Given On The Subject, Now You Can Learn What Radiant Energy Really Is And How To Harness It." <http://teslasradiantenergy.com>

What if I were to tell you there is a limitless supply of reactive power available every moment to moment (renamed: "radiant energy" or "Primary Solar Rays" by Nikola Tesla and proponents of New Age vernacular)? And that a guy by the name of Oliver Heaviside solved the problem of converting reactive power (which is considered useless power by "knowledgeable electrical engineers") into usable power? Reactive power is considered useful for energizing motor coils, but not for running motors off of this "energizing energy" which may only be borrowed, not spent. Yet, its conversion into useful energy was solved over a hundred years ago when Oliver Heaviside invented what we call his: "Telegrapher's Equations". - Vinyasi [How much power is required by the motor to run the car \(electric car\) in watts.pdf \(vinyasi.info\)](#)

Debunking Einstein & Gravity and on Magnets & Electric Fields:

- 2) "Gravity is Not A Force" - Wikipedia
- 3) Earth's Core cannot be Molten and have an Electro-Magnetic Field. All metals have a melting temperature where the metal "ceases to become magnetic"; and is the reason motors burn out if not regulated or cooled; wrapped in carbon fiber... (1) NIKOLA TESLA U.S. PATENT 428,057 PYROMAGNETO-ELECTRIC GENERATOR, May 26th 1887
SNIP: Then apply to the iron between the coil and the steel bar a flame or other source of heat which will be capable of raising that portion of the iron to an orange-red, or a temperature of about 600° centigrade. When this condition is reached, the iron somewhat suddenly loses its magnetic properties, if it be very thin, and the same effects produced as though the iron had been moved away from the magnet or the heated section had been removed. This change of condition, however, is accompanied by a shifting of the magnetic

lines, or, in other words, by a variation in the magnetic influence to which the coil is exposed, and a current in the coil is the result. Then remove the flame or in any other way reduce the temperature of the iron. The lowering of its temperature is accompanied by a return of its magnetic properties, and another change of magnetic conditions occurs, accompanied by a current in an opposite direction in the coil. The same operation may be repeated indefinitely, the effect upon the coil being similar to that which would follow from moving the magnetized bar to and from the end of the iron bar or plate. - Nikola Tesla

4) Magnets are manufactured in a Machine, and it's field is aligned by another Nikola Tesla high frequency electric machine; not made nor found in Mountains; Just like how synthetic diamonds are manufactured in a Nikola Tesla A/C Electric Arc Furnace, and only 25% of diamonds are mined from Mountains.

Fake News? Benjamin Franklin, who allegedly invents the printing press, fakes the first Newspaper!

https://www.washingtonpost.com/opinions/fake-news-thats-a-very-old-story/2016/11/25/c8b1f3d4-b330-11e6-8616-52b15787add0_story.html

Robert Parkinson, a professor at Binghamton University, pointed out in a piece for the Washington Post that the creation and spread of fake news stories played a role in the birth of the United States. John Adams, Parkinson notes, wrote in his diary in 1769 about creating fake and exaggerated stories that would be published in various early newspapers of the time—stories that were ultimately designed to undermine the King of England's authority in Massachusetts. At around the same time, the governor of New Jersey secretly fabricated long pieces that were featured prominently in U.S. newspapers and journals. One, entitled "The Impartial Chronicle," claimed that the King was sending thousands of foreign soldiers to kill Americans.

<https://facebook.com/Fake-News-vs-Fake-News-963134843789980/>

Even Benjamin Franklin, who at the time was the American ambassador to France, created a fake issue of a real Boston newspaper called the Independent Chronicle, Parkinson said. In it, he told the story of American military forces who discovered bags containing scalps from 700 men, women, and children, allegedly taken by Indians in league with the King.

Historian Tim Stanley noted on Twitter (twtr) that during the hotly contested 1828 election, Andrew Jackson's campaign team started a rumor that John Quincy Adams had bought an American girl in order to satisfy the Tsar of Russia. Adams, meanwhile, spread rumors that Jackson's mother had slept with slaves and even had a child with one.

IF IT LOOKS LIKE A DUCK, QUACKS LIKE A DUCK, MUST BE A DUCK!

Genome organization of all coronaviruses are similar and contain 5' and 3' untranslated regions (UTR's) for characteristic genes coding for ORF1ab, spike, envelope, membrane, and

nucleocapsid proteins [24]. An **#evolutionary**-based study was performed to understand the relationships of SARS-CoV-2 genome with other SARS isolates. **#Homology** modeling for predicting SARS-CoV-2 RdRp structure was performed with a reference template of SARS-CoV RdRp.

The present study is currently limited to the design of the **CoV-2 consensus sequence**, without functional immune analyses of the OLP sets in samples from infected individuals. included ~30 randomly selected sequences per host family or region to mitigate sampling and surveillance intensity bias. phylogenetic reconstructions for a-CoVs in China suggest an **evolutionary origin** within rhinolophid and vespertilionid bats (Fig. 2a). suggesting that frequent cross-species transmission events have occurred among bats.

<https://www.mdpi.com/2076-393X/8/3/444/html>

COVID-19 CAUSATIVE AGENT "the evolution and diversification of these coronaviruses remains poorly understood"

Bats are **#presumed** reservoirs of diverse coronaviruses (CoVs) including progenitors of Severe Acute Respiratory Syndrome (SARS)-CoV and SARS-CoV-2, the causative agent of COVID-19. However, the **evolution** and diversification of these coronaviruses remains poorly understood.

This emerging human virus is closely related to SARS-CoV, and also appears to have originated in horseshoe bats^{20,21}—with its full genome 96% similar to a viral sequence reported from *Rhinolophus affinis*²⁰. Closely related sequences were also identified in Malayan pangolins^{22,23}. The emergence of SARS-CoV-2 further underscores the importance of bat-origin CoVs to global health, and understanding their origin and cross-species transmission is a high priority for pandemic preparedness^{20,29}. Host switching of viruses over **evolutionary time** is an important mechanism driving the **evolution** of bat-CoVs in nature and appears to vary geographically^{32,33}. However, detailed analyses of host switching have been hampered by incomplete or opportunistic sampling, typically with relatively low numbers of viral sequences from any given region³⁴. However, the macroevolution of CoVs in their bat hosts in China and their cross-species transmission dynamics remain poorly understood. We use a phylogeographic Bayesian statistical framework to reconstruct virus transmission history between different bat host species and virus spatial spread over **evolutionary time**.

- The Speed of Science

The “Speed of Science” under Covid-19 is very specifically known as “we don't know the answer”. And, when the computerized modeled data comes in, based on criteria that no one knows, then we'll know the answer. When that data comes in the science will change; and they will move the goal-post to some other scenario. The speed of science is so fast, they don't need clinical trials, proofs of their contentions; only Emergency Use Authorization... When you question their science, and it's speed, they never answer the question, walk away, ban you from social media, fire you from your job, put you in a quarantine camp or haul you off to jail. - Vaccine Damage Cover-Up:

This is the modus opereni for the Cabal over the last 1000 years. They blame their bad actions, on something else. Otherwise, there would be blood on their hands. It goes back to The Plage, and Lepers; where the Vatican would claim their dissidents have some type of contagion or disease, as a reason to put them in a quarantine camp, burn them at the stake or just outright kill them. This idea was exemplified by CJ in a post entitled “Blame It On The Rain” by Milli Vanilli. From the song “Whaever you do, don’t put the blame on you, Blame It On The Rain”. Below are many stories how they blamed their use of the covid protocol early in the fake pandemic; the use of Melazodam & Remdizivir on The Virus, then they blamed their recommendation of HCQ, Ivermectin, Chlorine Dioxide deaths on The Virus, then they blamed vaccine side effects on ... everything but the vaccine. Aka False-Flag or Double-Cross.

Covid Hoax Mode-Of-Operandi “Blame it on the Rain” Contagion Myth
<https://nurembergtrials.net/nuremberg-trials-2-0/f/covid-hoax-mode-of-operendi-blame-it-on-the-rain-contagion-myth>

Quarantine is the separation and restriction of movement of people who have potentially been exposed to a contagious disease to ascertain if they become unwell, so reducing the risk of them infecting others.¹ This definition differs from isolation, which is the separation of people who have been diagnosed with a contagious disease from people who are not sick; however, the two terms are often used interchangeably, especially in communication with the public.²

The word quarantine was first used in Venice, Italy in 1127 with regards to leprosy and was widely used in response to the Black Death, although it was not until 300 years later that the UK properly began to impose quarantine in response to plague.³ Most recently, quarantine has been used in the coronavirus disease 2019 (COVID-19) outbreak.

To Zechariah, they are described as "the ones whom the Lord has sent to patrol the earth" causing it to rest quietly. Ezekiel lists them as "sword, famine, wild beasts, and plague." In John's revelation, the first horseman is on a white horse, carrying a bow, and given a crown, riding forward as a figure of Conquest,[1] perhaps invoking Pestilence, Christ, or the Antichrist. The second carries a sword and rides a red horse and is the creator of War.[2] The third is a food merchant riding upon a black horse, symbolizing Famine. He carries The Scales. [3] The fourth and final horse is pale green, and upon it rides Death accompanied by Hades.[4] "They were given authority over a quarter of the earth, to kill with sword, famine, and plague, and by means of the beasts of the earth." [5] The Christian apocalyptic vision is that the Four Horsemen are to set a divine end time upon the world as harbingers of the Last Judgment.[1][6]

VACCINE INJURIES: Covid-19 mRNA Vaccines Cause Parkinsons & Alzheimers w/ a Cannabinoid Cure?

July 17th 2021 Covid-19 Virus and Covid Vaccines cause Parkinson's Disease and Alzheimers by the (N) protein increases Synuclein Amyloid Fibril Formation leading to Parkinsons. The study indicated when the amyloid proteins were in excess, even higher numbers, 3-4X the α S amyloids, may accumulate on the N protein. Direct causation has been suggested by the occurrence of A β peptide aggregates in cell lines and in animals infected with herpes simplex and respiratory syncytial virus. "Our results suggest that the observed link between SARS-CoV-2 infection and Parkinson's disease might originate from a molecular interaction between virus proteins and α S." Further studies are required to confirm the long-term damage caused by the virus. Certainly, this must be ruled out before using the N protein in vaccines. <https://www.news-medical.net/news/20210419/SARS-CoV-2-nucleoprotein-can-trigger-ceb1-synuclein-amyloid-fibril-formation.aspx>

January 19th 2021 Causes of death and comorbidities in hospitalized patients with COVID-19: WHO: NIH: We found that septic shock and multi organ failure was the most common immediate cause of death. Several comorbidities, such as hypertension, ischemic heart disease, and obesity were present in the vast majority of patients. We therefore suggest that the majority of patients had died of COVID-19 with only contributory implications of preexisting health conditions to the mechanism of death. The risk of death from COVID-19 strongly depends on age and previous health conditions. We considered COVID-19 as the condition leading to cause of death when it triggered the immediate cause of death sequential to another underlying cause that qualified for initiation of the fatal mechanism. <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC7895917/>

Cancel Culture

Cancel culture became a new word in the dictionary in 2020. It was used by the Cabal for the same reason they would call dissidents "Lepers". Cancel culture or call-out culture is a phrase contemporary to the late 2010s and early 2020s used to refer to a form of ostracism in which someone is thrust out of social or professional circles – whether it be online, on social media, or in person. Those subject to this ostracism are said to have been "cancelled".

https://en.wikipedia.org/wiki/Cancel_culture

However, in [Hitler's Speech to the Workers of Berlin](#) on December 10th 1940; he made several correct statements about Censorship, Cancel Culture & The Cabal. "In reality, every one of

the newspapers has a master, and in every case this master is the capitalist, the owner. This master, not the editor, is the one who directs the policy of the paper. If the editor tries to write other than what suits the master, he is ousted the next day. It is interesting to examine the life of these rich people. In this Anglo-French world there exists, as it were, democracy, which means the rule of the people by the people. Now the people must possess some means of giving expression to their thoughts or their wishes. Analysing this problem more closely, we see that the people themselves have originally no convictions of their own. Their convictions are formed, of course, just as everywhere else. The decisive question is who enlightens the people, who educates them? In those countries, it is actually capital that rules; that is, nothing more than a clique of a few hundred men who possess untold wealth and, as a consequence of the peculiar structure of their national life, are more or less independent and free. They say: 'Here we have liberty.' By this they mean, above all, an uncontrolled economy, and by an uncontrolled economy, the freedom not only to acquire capital but to make absolutely free use of it. That means freedom from national control or control by the people both in the acquisition of capital and in its employment. This is really what they mean when they speak of liberty. These capitalists create their own press and then speak of the 'freedom of the press.'

June 15th 2021 The censorship of information is at an all time high, but do people really recognize the extent to which it has been and is being carried out? A recent article published in the British Medical Journal by journalist Laurie Clarke has highlighted the fact that Facebook has already removed at least 16 million pieces of content from its platform and added warnings to approximately 167 million others.

- Non-essential

The International non-essential travel (INET) policy is a legal terminology devised by the European Commission on 16 March 2020 in light of the COVID-19 pandemic. The INET policy is central to the Travel restrictions related to the COVID-19 pandemic. Hitler and the 3rd Reich did the same thing during WW2. He built his army by deeming "Conscription" using the Compulsory Service Act, as essential. The Gesundheit Pass. - White House Disinformation “Dirty Dozen”

July 18th 2021 White House Secret "Dirty Dozen" Covid-19 Hoax: Chief Justice #1
<https://nurembergtrials.net/nuremberg-trials-2-0/f/white-house-secret-dirty-dozen-covid-19-hoax-chief-justice-1>

SNIP:

The Dirty Dozen Exposing Covid-19 Hoax: #1 Chief Justice Wanted for Predicting 13 points of "The Great Reset" Dec 26th 2019 1AM; within hours of "novel" Covid & 10 points of "Coronavirus Hoax" on Facebook Feb 25th 2020 with 1100 likes; removed by Facebook on January 5th 2021. #13 Boobie Prizes shared by Santa Claus for taking the experimental Jab from Fauci & Easter Bunny for acting in place of a lab rat for mRNA Chimera's:

#2 Bugs Bunny wanted for 6 magical incantations such as giving experimental mRNA to Gossamer the Monster, Covid-19 bug spray repellent to Vampire Bat and by mixing the magic

words to "abracadabra" and "hocus-cadabra", Bugs causes the Count to become a mixture of human and bat body parts.

#3 Mickey Mouse wanted for impersonating an mRNA lab rat, Mickey was recently deemed non-essential and replaced with Tony Fauci's rat "models" used in Vaccinology

#4 Bigfoot wanted for illegally breaking social distancing guidelines with an un-registered, un-vaccinated sea-horse; and wanted for giving Covid-19 to the Lock Ness Monster. This is the last known picture of Bigfoot and Lock Ness Monster together. RIP.

#5 Elon Musk and drone army wanted by Space Force for breaking lockdown orders, flying UFO's without a license and future auto-immune related Covid-disabled parking violations

#6 Chupacabra, who was infected with Covid-19 by sniffing Cujo's droppings, is wanted for a no mask violation. It and was last seen in the forest, by itself, taking a crap for a portrait pose for the paint-up artists. Cujo was captured and is now the Covid sniffing dog adopted by Joe Biden for use on visitors to the White House.

#7 Ghostbusters staff wanted for killing the Ectoplasmic Covid-Puff Marshmallow Man by "crossing the streams" and entrapping Ghosts using an illegal CERN "Neutrino Wand"; the particle accelerator generally used to manufacture Covid vaccine's by smashing CRISPR computer generated proteins together at CERN.

#8 Marvin the Martian wanted for being in possession of an illegal CERN, Imodium Q-36 Explosive Space Modulator to destroy Earth (Competing with Klaus Schwab's Great Reset)

#9 Rand Paul wanted for using illegal Covid-Bat Guano from his Coal mines for fertilizer. When of course, the Covid-19 Bat Guano came from deep in a coal mine in East or was it West China Fish Market? Or Mr. Paul, was it's genetic sequence "leaked" digitally from the "gain of function" Bio-weapon labs that manufactures the same sequences for computer generated vaccines?

#10 Ted Cruz wanted for shooting a duck with a shot-gun at the end of his Cruz Commander commercial with Phil Robertson for a presidential election run by trade-secret Dominion Voting Software. Then, 28 days later, the duck was diagnosed with Covid-19, which became it's official cause of death. Both, highly unethical!

#11 Donald Trump wanted for breaking social distancing and masks guidelines; even their usual masks at The Fappening & Epstein Island, in order to kiss Rudy Giuliani who is wearing a wig, a dress and even no underwear. "The first thing I do is grab them in the pussy. Or..."

#12 Alex Jones wanted for "bad acting" by impersonating a sterilized Gay Frog; and therefore breaking LGBTQ-F ethics rules in the vaccine "Woke" community

#13 Booby-prizes go to the Easter Bunny and Santa Claus for their generous contributions to the Coronavirus Hoax. Toni Fauci said he gave Santa Clause the first experimental Covid Jab, himself.

For Easter, the White House is still funding DARPA, CERN & CRISPR who's "scientists" are

working long and hard to save lives by turning a chicken egg into a bunny rabbit with experimental mRNA Gene Therapy.

White House & Chief Justice's Dis-Information Dirty Dozen have at #1 Dr Joseph Mercola. Mercola zoomed to #1 for flip-flopping on Germ Theory Fraud to further Contagion Theory. Says Horse Worm Sterilant Ivermectin Cures Virus. Surely, there is no "cure" for a nonexistent contagion. There is no proof the enzymatic pathway of a female worm sterilant for

horses is useful in humans vs a specific virus. As-in Female worm reproduction has nothing to do with humans or a cure to anything. But does have side effects like liver and kidney failure. Maybe they still need more kidneys from cadavers for their KidneyX Project. Also see Project MK-NAOMI on Germ Theory & Vaccine Bio-Weapons.

A lifelog is a personal record of one's daily life in a varying amount of detail, for a variety of purposes. The record contains a comprehensive dataset of a human's activities.
<https://en.wikipedia.org/wiki/Lifelog>

The central goal for both the 'distressed' and the 'well' in Lifetrack Therapy is the same: health and well-being in the primary spheres of life. The focus of therapy is optimal psychological health in the three spheres, rather than the immediate elimination of distressing symptoms. Efforts are focused in therapy sessions on improving the three spheres far beyond a previous best level of experience. https://en.wikipedia.org/wiki/Lifetrack_Therapy

The jabbed are going to become legally patentable and patented by genetic editing through transfection and reverse transcriptase facilitated through the cationic nano lipids in these inoculations also by mechanism of gene cleavage/deletion. They are also going to become remotely controlled by designer drugs and DREADDS also through RF/ EMF/ optogenetics

facilitated by a nano ferritin and graphene induced cellular and protoplasmic dendrital response and subcutaneous/hematologic/interstitial/optical; galvanic/Faradic/photoactivated vestibular, synapse, neuron and dendrite stimulation and axon excitation. Thus effecting one's efferent motor skills, afferent sensory perception and totally hijacking their cognitive function. Of which they will not be cognizant. The target of these jabs are the limbic system, central nervous system as well as peripheral nervous system which is divided by the autonomic and somatic nervous systems. The lymphatic system is targeted by nano swimmers designed for remote drug delivery. While theragripper based biosensors will be distributed throughout the body. The jabs also contain self assembling nano technology that is driven by mechanism of teslaphoresis which facilitates self assembly of nano routers as part of both a intermural and intramural biometric bilateral wireless human interphase device. This is accomplished through a chronological administration of a predisposed number of injections. One of the major complications of this is what I believe is the mechanism of action causing kreutzfeldt jakobs disease in which gliosis causes a deficit in myelin. This is likely a product of graphene oxide and the toxicological damage to the CNS and being a highly conductive material present in the capillaries of the brain which is compounded by the deficiency in myelin to maintain sheaths. Myelin is a lipid rich material that insulates axons and separates action potentials in excitable nerves. Due to the nature of the piezoelectric effect I believe graphene also serves as a power source to drive, power and charge the nano scale components derived from the jabs.

- Predictive Programming

Predictive programming is a concept that seems to have originated with a man named Alan Watt who defines predictive programming as: "Predictive programming is a subtle form of psychological conditioning provided by the media to acquaint the public with planned societal changes to be implemented by our leaders. Predictive Programming is the primary method used in MK-NAOMI to prepare you for fake pandemics and their solution of vaccines. https://en.wikipedia.org/wiki/Predictive_programming

Or, as Wylie describes it, he was the gay Canadian vegan who somehow ended up creating "Steve Bannon's psychological warfare mindfuck tool". Now, 28-year-old Christopher Wylie goes on the record to discuss his role in hijacking the profiles of millions of Facebook users in order to target the US electorate. In Wylie's stash, including a pitch made by Cambridge Analytica to Lukoil, Russia's second biggest oil producer. In an email dated 17 July 2014, about the US presidential primaries, Nix wrote to Wylie: "We have been asked to write a memo to Lukoil (the Russian oil and gas company) to explain to them how our services are going to apply to the petroleum business. Nix said that "they understand behavioural microtargeting in the context of elections" but that they were "failing to make the connection between voters and their consumers". The work, he said, would be "shared with the CEO of the business", a former Soviet oil minister and associate of Putin, Vagit Alekperov. "It didn't make any sense to me," says Wylie. "I didn't understand either the email or the pitch presentation we did. Why would a Russian oil company want to target information on American voters?" <https://theguardian.com/news/2018/mar/17/data-war-whistleblower-christopher-wylie-faceook-nix-bannon-trump>

MK-NAOMI is the idea of manufacturing a pathogen cover story for the public in the form of a new epidemic to get the public to take vaccines and a cover story for the vaccine damage. MKNAOMI is the code name for a joint Department of Defense/CIA research program from the 1950s through to the 1970s. Unclassified information about the MKNAOMI program and the related Special Operations Division is scarce. It is generally reported to be a successor to the MKULTRA project focusing on biological projects including biological warfare agents. <https://en.wikipedia.org/wiki/MKNAOMI>

Operation Blue Bird was a mission carried out by France's foreign intelligence service, the SDECE, in 1956 during the second year of the Algerian War of Independence. Its aim was to turn several hundred Kabyle people against the Algerian resistance known as the National Liberation Front (FLN). Villagers were brutally tortured, human-rights were violated on a large scale during this period and even pregnant women were forced to give birth to their babies in the presence of the jawans.[1][2] Innocent villagers were tortured by the high-ranked military officials and even some of them were buried alive after third degree torture.[1] More than 300 people claimed to be tortured, 3 women claimed to be raped and 5 claimed of being molested.[3] The villagers were also forced to prepare food for the soldiers for than 2 months until the villagers ended their granary stocks.[3] https://en.wikipedia.org/wiki/Operation_Bluebird

Historical Medicine & Vaccines

- Virology since Imhotep

Imhotep was known as the God of medicine. Portrayed in the movie "The Mummy". Two thousand years after his death, Imhotep's status had risen to that of a god of medicine and healing. Eventually, Imhotep was equated with Thoth, the god of architecture, mathematics, and medicine, and patron of scribes: Imhotep's cult was merged with that of his own former tutelary god. Passages from the Ebers Papyrus may indicate that bloodletting by scarification was an accepted practice in Ancient Egypt.[9][10][11] Egyptian burials have been reported to contain bloodletting instruments.[12] According to some accounts, the Egyptians based the idea on their observations of the hippopotamus <https://pubmed.ncbi.nlm.nih.gov/35907691/tamus>,[13] confusing its red secretions with blood and believing that it scratched itself to relieve distress. Vaccination is the administration of a vaccine to help the immune system develop protection from a disease. Vaccines contain a microorganism or virus in a weakened, live or killed state, or proteins or **toxins** from the organism. In stimulating the body's adaptive immunity, they help prevent sickness from an infectious disease. When a sufficiently large percentage of a population has been vaccinated, **herd immunity** results. Herd immunity protects those who may be immunocompromised and cannot get a vaccine because even a weakened version would harm them. The effectiveness of vaccination has been widely studied and verified. Vaccination is the most effective method of preventing infectious diseases; (**not clean water and sewage treatment**) widespread immunity due to vaccination is largely responsible for the worldwide eradication of smallpox (**LIES**) and the elimination of diseases such as polio (**LIES**) and tetanus from much of the world. However, some diseases, such as measles outbreaks in America, have seen rising cases due to relatively low vaccination rates in the 2010s – attributed, in part, to vaccine hesitancy. (**MORE LIES**)

There is a method in transmutation to turn mercury into gold. They also need alot of mercury for vaccines. Mercury is heavy and found deep in coal mines and deep rocks formerly named hydrargyrum. Oakland was founded on Coal. One of the first charcoal manufacturing plants was started near or on Mt Diablo. Hail Hydra! And, found in or near volcano's. San Francisco is probably sitting on an extinct volcano. Genetech powered by geothermal. Ala Mt. Diablo.

They pipe their poisons from deep pits. And, natural gas. They use that to manufacture their poisons. Alex Jones says he gets his Iodine from the bottom of a 5 mile deep gas pit. Remdesivir is manufactured in a multiple step process of 25 different chemicals. The suicide medicine. Code name VEKLURY Valkyrie.

The Snake, Satan is in the logo for medicine and doctors; and in the NASA logo as well as other logo's of the 4th Reich. It's right in front of you as a badge of honor. In previous blog posts, the CJ revealed how snake venom proteins, viper venom and rattlesnake venom was proposed as an ingredient in Covid vaccines. Those official reports and studies on snake venom have been posted and confirmed. Fake Alien Invasion of Satan's Snake. Are they getting you to inject venom and having your body reproduce the venom in your cells. Dr Bryan Artis has followed this lead. He and other researchers have confirmed this reasoning. In a recent video, he states this: The spike protein is venom genetics, the PTB is looking for these venom proteins in your wastewater with the genetics based PCR test, the blood clotting and d-dimers levels are the result of snake venom poisoning, 50 years ago the CIA developed undetectable ice darts of venom and used it in water supplies to poison their adversaries.

BEWARE OF THE SNAKE- IT TAKES MANY FORMS!

And, that's not all. Here is a short list of carriers, adjuvants and antigens used in vaccines: Examples of materials used for supports include any material capable of forming a solid surface, such as, without limitation, glass, silica, silicon, ceramics, silicon dioxide, plastics, metals (including alloys), naturally-occurring and synthetic polymers (e.g., polystyrene, cellulose, chitosan, dextran, and nylon), and the like. Preferably, a support comprises a portion for producing hydrophobic bonds. A support may be formed of layers made of a plurality of materials. For example, a support may be made of an inorganic insulating material, such as glass, quartz glass, alumina, sapphire, forsterite, silicon carbide, silicon oxide, silicon nitride, or the like. A support may be made of an organic material, such as polyethylene, ethylene, polypropylene, polyisobutylene, polyethylene terephthalate, unsaturated polyester, fluorine-containing resin, polyvinyl chloride, polyvinylidene chloride, polyvinyl acetate, polyvinyl alcohol, polyvinyl acetal, acrylic resin, polyacrylonitrile, polystyrene, acetal resin, polycarbonate, polyamide, phenol resin, urea resin, epoxy resin, melamine resin, styrene-acrylonitrile copolymer, acrylonitrile-butadiene-styrene copolymer, silicone resin, polyphenylene oxide, polysulfone, and the like. Alternatively, nitrocellulose film, nylon film, PVDF film, or the like, which are used in blotting, may be used as a material for a support.

Atrazine gets in your water supplies and lawns as a DOW chemical, made from and as oil soluble, Atrazine used in food as Herbicide for Corn, but also Vaccines, Gasoline leakage and Baby Formula with Melamine. Atrazine, Fluoride and Bisphenol A are the chemicals that Alex Jones admits makes "Gay Frogs" and that are "dumped in your water supplies". By lowering it's "testosterone". He blames it on the **Easter Bunny** and not Vaccines, DOW, or the "Fuel" companies. Atrazine comes from "plastics and petrochemicals cause this "leakage" from fuels... and 2/3 of the frogs near the Houston Oilers are Gay" - Alex Jones

Melamine used as cell culture in RNA Recombinant polyvalent vaccines

As used herein, the term "support" refers to a material which can carry cells, bacteria, viruses, polynucleotides, or polypeptides. Such a support maybe made from any solid material which has a capability of binding to a biological molecule as used herein via covalent or noncovalent bond, or which may be induced to have such a capability. [0087]

Examples of materials used for supports include any material capable of forming a solid surface, such as, without limitation, glass, silica, silicon, ceramics, silicon dioxide, plastics, metals (including alloys), naturally-occurring and synthetic polymers (e.g., polystyrene, cellulose, chitosan, dextran, and nylon), and the like. Preferably, a support comprises a portion for producing hydrophobic bonds. A support may be formed of layers made of a plurality of materials. For example, a support may be made of an inorganic insulating material, such as glass, quartz glass, alumina, sapphire, forsterite, silicon carbide, silicon oxide, silicon nitride, or the like. A support may be made of an organic material, such as polyethylene, ethylene, polypropylene, polyisobutylene, polyethylene terephthalate, unsaturated polyester, fluorine-containing resin, polyvinyl chloride, polyvinylidene chloride, polyvinyl acetate, polyvinyl alcohol, polyvinyl acetal, acrylic resin, polyacrylonitrile, polystyrene, acetal resin, polycarbonate, polyamide, phenol resin, urea resin, epoxy resin, melamine resin, styrene-acrylonitrile copolymer, acrylonitrile-butadiene-styrene copolymer, silicone resin, polyphenylene oxide, polysulfone, and the like. Alternatively, nitrocellulose film, nylon film, PVDF film, or the like, which are used in blotting, may be used as a material for a support. [0088] The varicella-zoster virus of the present invention can be used as an ingredient of a pharmaceutical composition for the treatment, prevention, and/or therapy of infectious diseases. Assessment of Avermectins-Induced Toxicity in Animals

Many studies have reported the negative effects of avermectins like ivermectin, abamectin, doramectin, and eprinomectin on the host animals. These harmful effects arise from avermectins targeting GABA and glutamate-gated chloride channels present both in the parasites and the host animals. Ivermectin: An Anthelmintic, an Insecticide

September 14th 2021 Alex Jonestown Deception w/ Ivermectin Sterilants & Gas Chambers
<https://nurembergtrials.net/nuremberg-trials-2-0/f/alex-jonestown-deception-w-ivermectin-sterilants-gas-chambers>

Chlorine Dioxide | Cyanide Chloride | Zyclon B or DDT

The "Alex Jonestown Deception" ft. Ivermectin worm sterilant, Bleach sterilant & Azatrine-Melamine frog sterilant used in Covid Vaccines. If that doesn't work, goto his Zyklon B & DDT gas chambers with Chlorine Dioxide. What's Alex Jones's newest lie? The virus contagion hoax by sneezing ferrets and aerosolized virus hoax quoting Jonestown & Fauci. When bleach (HCQ) is mixed with ammonia, toxic gases called (Chlorine Dioxide) is produced. Exposure to chloramine gases can cause the following symptoms: Coughing. Nausea. Shortness of breath. Watery eyes. Chest pain. Irritation to the throat, nose, and eyes. Wheezing. Pneumonia and fluid in the lungs. <https://doh.wa.gov/community-and-environment/contaminants/bleach-mixing-dangers>

Now Alex Jonestown and friends wants you to take (Chlorine Dioxide) + Phosphoric Acid, designed for bacteria; not virus, originally used for fumigation like Zyklon B or DDT. Originally Jonestown used it as an inexpensive method to clean his horse-shit from his horse and buggy. Because of course, he won't drive a Tesla. Both are Chlorine pesticides. <https://beforeitsnews.com/u-s-politics/2021/09/as-dc-suppresses-truth-about-chlorine-dioxide-bolivia-approves-it-as-covid-treatment-video-2583329.html>

Safety issues in water and supplements Potential hazards with (Chlorine Dioxide) include poisoning and the risk of spontaneous ignition or *EXPLOSION* https://en.wikipedia.org/wiki/Chlorine_dioxide

Jonestown, Mike Adams and others are now saying "Chlorine Dioxide" is a Bleach they are claiming is a "cure" to Covid. Adams even said he mixes it in his "smoothies". Cyanide Chloride is a commonly known chemical weapon. The highly flammable, Chlorine Dioxide, is the main ingredient, derivative of, precursor or works in combination to Cyanide Chloride, Zyklon B & the explosive, White Phosphorus. <https://www.newsweek.com/syrias-use-chlorine-gas-and-weapons-history-496568%3famp=1>

Jonestown, Mike Adams and others are now saying "Add ZINC" ... Direct effect of chlorine dioxide, zinc chloride and chlorhexidine solution on the gaseous volatile sulfur (HCQ) compounds <https://pubmed.ncbi.nlm.nih.gov/24512204/>

HCQ, Chlorine Dioxide & Zinc is Explosive = Nitroglycerine

Zinc metal reacts with hydrochloric acid (HCQ) according to the balanced equation: $\text{Zn(s)} + 2\text{HCl(aq)} \rightarrow \text{ZnCl}_2\text{(aq)} + \text{H}_2\text{(g)}$ When 0.103 g of Zn(s) is combined with enough HCl to make 50.0 mL of solution in a coffee-cup calorimeter, all of the ZINC reacts, raising the temperature of the solution from 22.5 °C to 23.7 °C. Traditional fumigants, such as formaldehyde (In Vaccine's) and ethylene oxide (In Vaccine's), have been used to decontaminate spaces of microbes, but their flammability and carcinogenicity limit their use as decontaminants [5, 17, 21, 22]. Although ozone gas and hydrogen peroxide vapor have been used as alternatives to formaldehyde (In Vaccine's) [11, 14, 18, 26], so far there is no method employed widely to fumigate laboratory animal areas, which has prompted investigations into alternative methods for environmental disinfection in animal facilities.

Alex Jones' Covid-Chemtrails & Vaccine Sluffing

September 23rd 2021 Alex Jones's Health Ranger, Mike Adams again today "claiming" they are spraying proteins from airplanes like "chemtrails"; making the claim it's aerosolized and Contagious. With no proof of that actually happening of course...

September 20th 2021 Mike Adams, Alex Jones, Sherri Tenpenny & 35 right-wing bullshit-artists make false claims Chlorine Dioxide used in Bleach is another fake "cure" for Covid, make claims they ALL got sick at an anti-vaxx meeting, more unsubstantiated claims that

September 13th 2021 What's Alex Jones's newest lies? His Nuke-Hoax Doomsday Cult staff member plays a video of Fauci "claiming" he saw one ferret sneeze on another ferret and all the ferrets died! Do you have any proof of that?? Then Jones claimed that this was how the Covid "Vaccines" were tested by Fauci. When, we already know Fauci and others already admitted they test all mRNA vaccines with 'Vaccinology' computer models and model mouse, not real animals and not humans.

Then Jones makes up the word "Sluffing" to claim that that virus spreads by breath or sweat. Do you have proof of that Mr Jones? A Spike Protein alone being contagious would like saying some protein you buy at the vitamin store is contagious... **Spike Protein "Sluffing" is a made up word by Alex Jones.** It doesn't exist in the scientific record, at all! **Jones still tells his viewers that the Virus is real, Vaccines are good and the Police are coming to help!** He wants you to believe Covid-19 virus is "real" and "airborne". Better go run and get your vaccine! And the sterilants... Of course, there could be nano-bots that can function as miniature machines inside the body. But, we're still looking for the proof it can exit the body, survive in the sun or air, and transmit to another person, and then infect that person with more nono-bots. We're still waiting on that. <https://banned.video/watch?id=613f868d13839c20f6a64f96>

Zyklon B is Hydrogen Cyanide = HCQ + Remdesivir + Vaccines

NIH: Remdesivir is manufactured from Cyanide: Nitrile 8 was obtained using trimethylsilyl cyanide in the presence of boron trifluoride etherate. (Fluoride & Ethelene are both in Vaccines). Remdesivir + HCQ Hydrochloroquine (Hydrogenated Chlorine) = ZYKLON B

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC8193954/>

/

Zyklon B (German: [tsy'klo:n 'be:] (listen); translated Cyclone B) was the trade name of a cyanide-based pesticide invented in Germany in the early 1920s. Uses included delousing clothing, people and fumigating ships, warehouses, and trains. The Nazis started using Zyklon B in extermination camps in early 1942 to murder prisoners during the Holocaust. Tesch was executed in 1946 for knowingly selling the product to the SS for use on humans.

https://en.wikipedia.org/wiki/Zyklon_B

Hitler's FEMA Camp "showers" were not "fake" nor "fake showerheads". They simply added Zyklon B & Hydrogen Cyanide to shower water. No special "gas chambers" nor furnaces were needed. Furnaces were for burning dead bodies. It only takes 2-5 minutes to die from Cyanide poisoning. When they say "go to the showers"... They mean that they are going to kill you! Featuring, "Don't Drink The Water"!

Today from the fake-news right wing media: 1) They complain about migrants not having a fake PCR test, nor having a vaccine passport etc. 1a) Next, YOU will need a fake PCR test, and vaccine passport 1b) Hitler used to have a health passport (except for the Nazi Jewish Doctors; who got to keep their health passport and their money). 1c) Hitler & U.S. used to spray migrants and citizens with Zyklon B, Hydrogen Cyanide, Gasoline & DDT. See: "The

Bath Riots". **1917 Bath Riots** occurred in January 1917 at the Santa Fe Bridge between El Paso, Texas and Juárez, Mexico. The riots are known to have been started by Carmelita Torres^[1] and lasted from January 28 to January 30 and were sparked by new immigration policies at the El Paso–Juárez Immigration and Naturalization Service office, requiring Mexicans crossing the border to take de-lousing baths and be vaccinated. Reports that nude photographs of women bathers and fear of potential fire from the kerosene baths, led Carmelita Torres to refuse to submit to the procedure. Denied a refund of her transport fare, she began yelling at the officials and convinced other riders to join her. After three days, the discontent subsided, but the disinfections of Mexicans at the U.S. border continued for forty years.

CNN and others try to cover-up for these facts by "claiming" the showers and showerheads were "fake". <https://www.cnn.com/2015/09/01/world/auschwitz-holocaust-showers/index.html> The Holocaust museums and concentration camp sites' showerheads were removed, to help cover-up for this simple fact. Zyklon B is notorious for its use by Nazi Germany during the Holocaust to murder approximately 1.1 million people in (SHOWERS) gas chambers installed at Auschwitz-Birkenau, Majdanek, and other extermination camps. https://en.wikipedia.org/wiki/Zyklon_B

A Cure for Covid-19 & Covid-21 Vaccine Side-Effects?

METHODS TO DESTROY "MICROBES OF A NASTY DISEASE" - NIKOLA TESLA

For Peer Review: (Electric Fields, Nano Silver, THC or CBD, Iodized Salt). In this study provided below "Interactions between SARS-CoV-2 N-protein and α -synuclein accelerate amyloid formation", on Covid-19 causing amyloid proteins to accumulate, eventually -causes- the neurodegenerative diseases Parkinson's & Alzheimer's, it describes a "Helical" Corona of Electricity coming from the combination of the Spike Protein and (N) Shell and Amyloid proteins. A **charge transfer**. This process works in the same fashion in Vaccines, as in mRNA, etc. vaccines having the Trillions of (N) protein shells and the mRNA reproducing the Spike Protein inside the cell; so that your immune system will "see" the Spike Proteins, and attack the cell, creating an "Immune Response". There is charge transfer occurring in that process as well. Taking into the account that the Spike Protein is net-Negative (-) Charge and the (N)ucleocapsid Shell is net-Positive (+); "These proteins bear a positive and negative charge, indicating that **electrostatic interactions occur between them**. With a higher #Salt concentration, these interactions are masked (by salt in blood reducing the rogue proteins electrical charge, the positive charge going towards the affinity of the salt itself, like charging up the salt in a salt-water battery) and this **#Salt prolongs the onset of aggregation**."

Therefore, to destroy pathogens and disrupt their electro-biological pathway you would use **1) "Electrical Bath" or Cold Fire-** Nikola Tesla. A Multiwave-Oscillator, or properly tuned electric field generator of proper voltage, that charges your body with positive electric charge, in order to **break the charge distribution pathway** described between Covid-19 virus or vaccine to the proteins that lead to neurological disorders. The goal is to inhibit or to destroy their biological energy pathway or destroy the (N) shell entirely with over-charging and/or oxidation.

2) Nano-Silver with proper PPM, Size & Structure (The Silver Bullet) also described below. As, this is the process of **light excited silver that kills pathogens by oxidative stress**.

3) THC or CBD Cannabinoids with G-Protein Receptor to regulate and inhibit by "Cell Wall Trapping" the (N) protein snippet from attaching, passing or signaling to the cell membrane. Cannabinoids are also good antioxidants against the oxidation produced by the combination of Electric Field + Nano Silver.

4) Iodized Salt, Iodine or Lithium 1-7, the most positive charged, or least electronegative molecule for **Charge-transfer complexes** that form when iodine is dissolved in polar solvents, hence changing the colour. Iodine is violet when dissolved in carbon tetrachloride and saturated hydrocarbons but deep brown in alcohols and amines, **solvents that form charge-transfer adducts**.^[23].

4a) Electric Charge + Salt Affinity: The salt also makes your blood more electrically conductive to positive charges, which you want to do, as you are trying to induce into your body positive electric charge with the multiwave oscillator, electrostatic generator or high frequency discharge. <https://www.news-medical.net/news/20210419/SARS-CoV-2-nucleoprotein-can-trigger-ceb1-synuclein-amyloid-fibril-formation.aspx>

CURE FOR RECENTLY VACCINATED: Use this Tesla Purple Wand or Violet Ray, 5 in 1 High-Frequency Electrical Discharge Tube immediately after and at the site of the Vaccination. (some with attachments like a repertory catheter of thin fiber optic to get UV into the lungs to kill Pneumonia or plastic tubes for killing tumors in the colon). It will produce High Tension discharge with striking voltage, with varying depth, and Ozone inside and outside the skin, and UV with Neon or IR with Argon for the surface of the skin. This process is known to kill all "virus", artificial spike protein and other pathogens by destroying it's protein shell, energy pathway and oxidative stress. Since about 1899. The Chief Justice of Nuremberg Trials 2.0 has one of these 5 in 1, 500 Watt machines that cures skin disease, infections and wounds for about \$1 in electricity and the machine will last indefinitely.

How Low-Dose Radiation Could Be The Trick For Treating COVID-19 & Pneumonias

Forbes: Promising preclinical data show that LDRT may attenuate immune activation in other settings and could explain some of the observed benefit in the past with infectious pneumonias. This **historical precedent of use of LDRT to treat viral pneumonias**, coupled with our current understanding of COVID-19 pathophysiology and LDRT-mediated immune suppression serves as the impetus for consideration of LDRT for COVID-19.

Virus's were invented simultaneously with the "drugs" sold by Big Pharma. The human coronaviruses were initially identified in the early 1960s coinciding with the discovery of the first antiviral drug, idoxuridine. **Fauci's "Remdesivir" Murder Weapon:** Despite the many

years since the original outbreaks of these viruses, the only drugs that have shown a modest clinical benefit are remdesivir and dexamethasone. (**and no improvement in overall survival**) <https://academic.oup.com/jncics/article/5/1/pkaa103/5991444>

Unrestrained Inflammation by Vaccine:

Spike glycoproteins, membrane and envelope proteins, culminates in transcription of a variety of **proinflammatory interferon** regulatory factors. A Cytokine Storm. Spike glycoproteins, membrane and envelope proteins, and nonstructural proteins because they are broadly shared by different viruses and contribute to infectivity. Sensing of pathogen-associated molecular patterns by PRRs culminates in transcription of a variety of proinflammatory interferon regulatory factors and nuclear factor kappa B (NF- κ B). In a study of 522 patients from China assessing the immune profile of patients with COVID-19, researchers reported that in patients with severe disease, the **total T-cell count (including both CD4+ and CD8+ subsets) was severely reduced**. Importantly, this also correlated with poorer survival outcomes. There was also a reciprocal negative correlation between T-cell count and the serum concentration of cytokines such as IL-6, IL-10, and tumor necrosis factor (TNF)- α . These findings suggest that severe **T-cell exhaustion and widespread cytokine activation may be prime causes of mortality in patients with severe COVID-19 disease** (20).

Older patients and those with comorbidities such as diabetes mellitus, hypertension, obesity, cardiovascular disease, and cancer are at highest risk of requiring ventilator support and dying secondary to acute respiratory distress syndrome (21). **Some evidence suggests that a dysfunctional and compromised immune response in patients with preexisting comorbidities might explain the greater mortality & morbidity seen in these patients.**

Radiation Therapy and the Immune Response

LDRT doses as low as 0.3-0.6 Gy impaired the adhesion and migration kinetics of PBMCs by lowering the expression of E-selectin. This effect correlated with **increased expression of the anti-inflammatory cytokine transforming growth factor beta 1 (TGF- β 1)** (22,23) LDRT is also known to induce apoptosis of PBMCs, resulting in reduced TNF- α and IL-1 production, reduced L-selectin expression, and **increased anti-inflammatory cytokine IL-10 production**.

They found that with radiation doses up to 1.25 Gy, inducible nitric oxide synthase (iNOS) was downregulated (resulting in reduction of nitric oxide production), These reports suggest that **lower doses of LDRT drive an anti-inflammatory M2 phenotype by suppressing iNOS, whereas higher LDRT doses lead to a proinflammatory.**

Clinical Precedent for LDRT Use in Pneumonias

More than 700 patients have been reported in historical medical publications as having received LDRT for pneumonias that failed to abate after other therapies. In the largest series of LDRT for pneumonia, Powell et al. (38) noted that x-ray therapy for lobar pneumonia and

bronchopneumonia reduced the mortality rate to 5% and 13%, respectively, compared with 30% seen in the 1930s. The response to therapy in most cases was rapid, with resolution of symptoms within hours (38,39). Oppenheimer (11,40) reported clinical improvement of interstitial pneumonias in 33 of 36 pediatric patients as well as 45 of 56 adult patients treated with 30-90 Roentgen (approximately 0.3-0.7 Gy), with earlier treatment resulting in better outcomes than when treatment was delayed by 2 weeks.

LDRT-related toxicities are expected to be mild, because there is a long-standing precedent for the use of whole lung radiation of 5-8 fractions of 1.5 Gy per fraction in Ewing's sarcoma and Wilms tumor along with whole-body radiation for bone marrow ablation in transplant-conditioning regimens. These are generally considered safe and have an acceptable safety profile (41,42). Although there is always a concern with use of radiation for any clinical disease, the cost of not receiving these treatments may be far worse than that of receiving these treatments, especially when LDRT is reserved for moderately symptomatic (oxygen-dependent) and severely affected (intubated) patients who have mounted a dysfunctionally exuberant immune response for whom the risk-benefit ratio is favorable.

The median time to clinical recovery was 3 days compared with 12 days for 10 matched control patients, 6 of whom received COVID-directed therapy ($P = .05$) (46). This was also associated with a shorter time to hospital discharge (12 vs 20 days), lower intubation rates (10% vs 40%), and faster radiographic improvement. They also noted faster recovery of serum hematologic, cardiac, hepatic, clotting, and inflammatory markers. Five clinically deteriorating patients requiring supplemental oxygen for radiographically evident pneumonic infiltrates who received radiation noted an improvement in median Glasgow Coma Score from 10 to 14, with 4 exhibiting radiographic improvement and 4 being weaned off oxygen within 4 days. Notably, there were no appreciable toxicities, and 3 patients were weaned off oxygen within 24 hours of radiation.

VACCINE INJURIES: Covid-19 mRNA Vaccines Cause

Parkinsons & Alzheimer's w/ a Cannabinoid Cure?

July 17th 2021 Covid-19 Virus and Covid Vaccines cause Parkinson's Disease and Alzheimers by the (N) protein **increases Synuclein Amyloid Fibril Formation leading to Parkinsons**. The study indicated when the amyloid proteins were in excess, even higher numbers, 3-4X the α S amyloids, may accumulate on the N protein. **Direct causation** has

been suggested by the occurrence of A β peptide aggregates in cell lines and in animals infected with herpes simplex and respiratory syncytial virus. "Our results suggest that the **observed link between SARS-CoV-2 infection and Parkinson's disease** might originate from a molecular interaction between virus proteins and α S." **Further studies are required** to confirm the long-term damage caused by the virus. **Certainly, this must be ruled out before using the N protein in vaccines.** <https://www.news-medical.net/news/20210419/SARS-CoV-2-nucleoprotein-can-trigger-ceb1-synuclein-amyloid-fibril-formation.aspx>

March 2019 The capacity of nanosilver (Ag nanoparticles) to destroy infectious micro-organisms makes it one of the MOST POWERFUL antimicrobial agents, an attractive feature against super-bugs resistant to antibiotics. First, Nano silver is manufactured and Ionized with a Tesla Coil. Second, do some Google searches, but the general idea is the nano Silver is small enough to enter the pathogens; Preferably in the presence of electricity; the silver becomes Oxidized, killing the pathogens. The type of silver to use depends on the pathogens. Size, Ppm and structure of the particles determine what pathogens it will kill.
<https://www.facebook.com/christopher.l.edwards13/posts/10158308686186632>

In folklore, a bullet cast from silver is often the only weapon that is effective against a werewolf, witch, or other monsters. The term is also a metaphor for a simple, seemingly

magical, solution to a difficult problem: for example, penicillin (and nano-silver) is a silver bullet that cured many bacterial infections. https://en.wikipedia.org/wiki/Silver_bullet

The method used to manufacture nano-silver for use in killing pathogens, including HIV, is a Nikola Tesla style A/C electrical generator running at 10,000 Hz. Also, the electrode device is operated at approximately ten thousand volts alternating current (with each silver electrode having an individual voltage supply) as described in the patent.”

The plasma used to ionize the silver is “inductively coupled plasma/atomic emission” from a Tesla Coil

BREAKING: July 25th 2021 New video of Dr Judy Mikovits and other MDs - new information on vaccines here (VIDEO):

"The scientific discoveries made by Judy Mikovits and Frank Ruscetti showed the blood supply and vaccines have been tainted with disease-causing retroviruses for more than three decades, and the U.S. government has been hiding it the entire time.

The leading cause of death among child-bearing women in the world is HIV/AIDS. Chronic fatigue syndrome (CFS), which primarily affects women, is basically AIDS without the HIV but with XMRVs and other co-infections like borrelia, babesia, mycoplasma and mold. It's an **acquired endocannabinoid immune dysfunction**, and can be traced back to contaminated vaccines, biologicals and blood products that have been used for decades,

According to Mikovits, SARS-CoV-2 is a cloned virus manufactured in a monkey cell line and it is therefore a monkey virus. It's the result of a bat coronavirus being grown in a Vero monkey kidney cell line known to be contaminated with retroviruses including XMRVs. Mikovits believes “long-haul COVID” is the SARS-CoV-2 spike protein activating endogenous HERVW and recombining with XMRVs, — introduced via vaccinations. Similar recombination occurs with monkey SIVS in HIV-infected individuals.

Those most susceptible to dying from the COVID shots are those who are already coinfectd with XMRV, HIV, Borrelia, Babesia and other pathogens commonly acquired from contaminated viral vaccines."

Tesla High Frequency Currents in Medicine: Tesla's greatest impact on medicine is his invention of a transformer (Tesla coil) for producing high frequency and high voltage currents (Tesla currents). Tesla currents are used in diathermy, as they, while passing through the body, transform electrical energy into a therapeutic heat. In 1891, Tesla passed currents through his own body and was the first to experience their beneficial effects. He kept correspondence on electrotherapy with J. Dugan and S. H. Monell. In 1896, he used high frequency currents and designed an ozone generator for producing ozone, with powerful antiseptic and antibacterial properties. Tesla is famous for his extensive experiments with mechanical vibrations and resonance, examining their effects on the organism and pioneering their use for medical purposes. Tesla also designed an oscillator to relieve fatigue of the leg muscles. It is less known that Tesla's inventions (Tesla coil and wireless remote control) are widely used in modern medical equipment. Apart from this, wireless technology is nowadays widely applied in numerous diagnostic and therapeutic procedures.

Germ vs Terrain Theory

The Contagion Myth and Germ Theory Hoax For Dummies: The Satanic elite running the show behind COVID are hoping that the populace remains “dummies” with regards to the germ theory. And germs are just that – a theory. This post will be a brief expose on what I’ve learned over the past few months regarding germs and viruses and the truth about what makes us sick. Everyone needs to know this, it’s the only way we are to avoid plunging into a NEW NORMAL of medical apartheid and the loss of nearly all freedoms, assuming one wants to avoid routinely getting jabbed with a dose of poison (vaccines).

- Contagion Myth

Humans have explored the causes of diseases and how they are transmitted for thousands of years. Hippocrates and another Greek philosopher Herodotus discussed diseases such as smallpox. Since 1500 BC, different societies began inventing new ways to treat water and improve the quality. For example, Hippocrates invited the practice of filtering water after 500 BC. Other culture believed diseases were sent from Gods or cast through witchcraft. According to Harvard's Open Library, the belief of contagiousness was often accompanying folk traditions before the late 19th century. People were constantly dying from epidemics and others began looking for explanations on how they were dying. Since they did not have microscopes, people developed theories and concepts of diseases through pure observation. <https://www.cram.com/essay/Germ-Theory-And-Contagion-Theory/04F01FE516AFB734>

- You are the Virus

This is the main concept behind Virology. That “You” are the Virus. Disease comes from outside the body, and not from the inside. This idea is covered extensively throughout the book. In most recent history the HIV causes AIDS hoax is the first to claim that you can get aids from just breathing, just standing next to someone or from toilet seats. This is despite Anthony Fauci in 1983 admitting that there is no evidence of transmission of HIV by contagion. <https://www.bitchute.com/video/TEPbjQMTqddZ/>

- History of the "Virus"

The **social history of viruses** describes the influence of viruses and viral infections on human

history. Epidemics caused by viruses began when human behaviour changed during the Neolithic period, around 12,000 years ago, when humans developed more densely populated agricultural communities. This allowed viruses to spread rapidly and subsequently to become endemic. Viruses of plants and livestock also increased, and as humans became dependent on agriculture and farming, diseases such as potyviruses of potatoes and rinderpest of cattle had devastating consequences.

Smallpox and measles viruses are among the oldest that infect humans. Having evolved from viruses that infected other animals, they first appeared in humans in Europe and North Africa thousands of years ago. The viruses were later carried to the New World by Europeans during the time of the Spanish Conquests, but the indigenous people had no natural resistance to the viruses and millions of them died during epidemics. Influenza pandemics have been recorded since 1580, and they have occurred with increasing frequency in subsequent centuries. The pandemic of 1918–19, in which 40–50 million died in less than a year, was one of the most devastating in history.

Louis Pasteur and Edward Jenner were the first to develop vaccines to protect against viral infections. The nature of viruses remained unknown until the invention of the electron microscope in the 1930s, when the science of virology gained momentum. In the 20th century many diseases both old and new were found to be caused by viruses. There were epidemics of poliomyelitis that were only controlled following the development of a vaccine in the 1950s. HIV is one of the most pathogenic new viruses to have emerged in centuries. Although scientific interest in them arose because of the diseases they cause, most viruses are beneficial. Retroviruses drive evolution by transferring genes across species and bacteriophages play important roles in ecosystems and are essential to life. [Social history of viruses - Wikipedia](#)

2) 20 Covid Tests do not look for a real 'Virus' in nature; they only look for side effects and artifacts; like genetic sequences, proteins, biomarkers or antibodies. Not even the Chinese Anal Swab Test for children or fake Monkeypox. or Stool Isolation or Wastewater nor GAVI's Toilet Water testing.

Original SARS-Cov-2 Genetic Code Doesn't Exist

3) PCR Tests look for 'genetics', not a unique 'thing' in nature. The original SARS COV2 'Virus' was nothing but a "pseudo" computer code genetic sequence that's "fishy" in of itself, was uploaded to the Gene Databank by China January 11th 2020; that code was later removed by China from the Gene Databank in January 2021. On January 14th 2020, the original synthetic pseudo code genetic sequence was then downloaded and made into a vaccine within 3 days. 4) PCR Tests cannot be -SOLELY- used to 'Diagnose' any illness. On-the-box, It is merely an -AID- to diagnosis. Illness must be determined by other factors. Therefore, there is no such thing as asymptotic illness based solely on these tests. KARY MULLIS ON HIS NOBEL PRIZE FOR THE PCR TEST FT VIRUS "TEST-DEMIC". 5) If NIH, Pfizer only had a computer code 'pseudo' genetics of a virus for EUA vaccines; then they have never previously 'Isolated' SARS COV2 from all other things; otherwise, they would have used the original isolate. Alien mRNA Vaccines w/ Mutant Spikes man-made with computer code! It has been shown there is no evidence of SARS COV2, nor any other virus, ever being Isolated from a human. It is impossible to Isolate & show Causation of Illness from a Virus

6) Virus's have not and cannot be shown as the "Cause" of any specific disease. as-in, AIDS is determined by antibody test and having a T-Cell count below 200, and never has had anything to do with any 'virus'. PCR inventor Kary Mullis was the first to question whether HIV was the "cause" of AIDS and never Isolated. What Are HIV & AIDS? | HIV.gov. "They didn't isolate the virus" - China Health Minister. EUA doesn't require clinical studies for accuracy or safety and efficacy

7) Under EUA, no test has to be evaluated for accuracy, safety and efficacy, provide clinical trials, nor provide an ingredients list. Despite the CDC falsely claiming covid vaccines were "safe and effective". Not tested for transmissibility. Nor require "Informed Consent" - FDA. And can allow for "Imprecise Results" - FDA. Pfizer and BioNTech Initiate Rolling Submission for Emergency Use Authorization of Their COVID-19 Vaccine in Children 6 Months Through 4 Years of Age Following Request From U.S. FDA | Pfizer. They can now use "immuno-bridging" and no longer have to have clinical trials, only animal models at best. Nor do they provide for 3rd party testing. FDA has issued "the most serious type of recall" for popular home test kits that indicate whether a person is infected with the coronavirus. At least 2.2 million products may have given false positives. PCR Nasal Swab Test Delivers Mark Of The Beast In The Forehead? DARPA Hydrogel in test swabs. Teslaphoresis self-assembling

carbon nano-tubes. Nasal Swabs for Bio-Specific Weapons? NIH: PCR Tests linked to human cloning.

All Tests have both false positives and false negatives

8) PCR Tests are known to have 80-90%+ false-positives; as the side of the box says; if you test negative twice, keep testing until you test positive. Meaning, it's no more accurate than Flipping-A-Coin or the 33% Placebo-Effect. SARS | Guidance | Lab | Diagnostic Assays in Community Preparedness and Response | CDC "false positive paradox" "risks of testing asymptomatics" | BMJ. Mammograms causing false positives. HIV false positives. CDC: The detected agent may not be the definitive cause of the disease. FDA: it is clearly stated that ordinary seasonal flu genetic material has been used as a test marker in PCR test kits. PCR Test genetic markers are not unique to SARS Cov-2

9) PCR and Antibody Tests have been shown in independent tests and demonstrated on TV in parliament, to test positive for things like coca cola, orange juice, Goat & Sheep, Paw-Paw and more. PCR detects just 20 base pairs from a virus that has 29,000 base pairs in length. This minute fragment of RNA can attach to particulate matter and readily be found in the environment. It has been shown that the alleged Covid genetic sequences match 900+ other things in the Gene Databank <https://www.bitchute.com/video/Yw7gyWKqmrMj/>

There cannot be a test for variants if the original genetics doesn't exist

10) PCR nor Antibody test claim they can detect variants designed without an original virus genetic code. Test makers reporting that they want to create tests without an original viral isolate. FDA: "Covid" PCR test was developed without isolated specific viral samples for test calibration. « *Since no quantified virus isolates of the 2019-nCoV were available for CDC use at the time the test was developed and this study conducted, assays designed for detection of the 2019-nCoV RNA were tested with characterized stocks of in vitro transcribed full length RNA (N gene; GenBank accession: MN908947.2).* For so-called variants like Omicron, the test is designed to find less markers of the alleged original genetic sequence; which simply means the test will report more positive "cases". This test was only authorised for the detection of nucleic acid from 2019-nCoV, and not for other viruses or pathogens. No test for variants (1) Trust the Science! <https://www.newsweek.com/stealth-omicron-meaning-explained-ba-2-covid-variant-subvariant-us-cases-1673022>

'SINS OF OMISSION' <https://archive.vn/SN1ne> Interview with Kary Mullis <https://archive.vn/2AY62> Fauci's First Fraud <https://www.bitchute.com/video/t7nJJiOidzQH/>

Put Simply: PCR Test Inventor Kary Mullis, stated there was a "lack of a chemical mechanism that is necessary to determine the "cause" of death" from AIDS patients. He describes how the scientific law of "**cause and effect**", **Newton's 3rd Law of Motion, must be maintained, an opposite chemical reaction**. The cause and effect "chemical reaction" in your body that actually caused the chain reaction that leads to a death, CANNOT be a dead mRNA material like a Virus. There is no chemical reaction (the same reaction provided by his PCR (Polymerase Chain Reaction test) going on at all with a Virus all by itself; it needs a replicator mechanism (mRNA vaccine) and a host cell to duplicate. The Mysterious Death of Fauci's Notable Critic, Kary Mullis.

Mullis uses Newton's Law for Chemical Reactions & his PCR Test to prove his case:

With PCR, it's impossible to detect a whole virus. That's not what it does. 1) In the case of Covid-19, they created the PCR test for Covid-19 before the genetic code for Covid-19 was available 2) Chinese computer code of "novel" Covid-19 was uploaded to Gene Bank; then recently removed at the request of China from the Gene Bank 3) The level of infection; the amount of the virus in your system, called "viral load"; cannot be determined by PCR. 4) PCR only replicates selected genetic markers, and copies them. It does not tell you how much of the genetic material was in the original sample. 5) Nor if the genetic code material "marker" used in the test is unique to "novel" Covid-19 nor "Omicron". **That's Impossible?:** It's impossible to separate and isolate a specific "virus" from all other genetic material and microbes from your swabs, then use a PCR genetics test to test for infection, then show how that "virus" caused a specific chemical reaction mechanism in a patient necessary for causation that led to a cause of death. **This is where the "died with Covid" vs "died of**

Covid" meme originated. It's called "covering both bases".

Extracted nucleic acid samples were tested for viruses and bacteria by polymerase chain reaction (PCR), using the RespiFinderSmart22kit (PathoFinder BV) and the LightCycler 480 real-time PCR system, in accordance with manufacturer instructions.¹² Samples were analyzed for 22 pathogens (18 viruses and 4 bacteria) as detailed in the Supplementary Appendix. In addition, unbiased, high-throughput sequencing, described previously,¹³ was used to discover microbial sequences not identifiable by the means described above. A real-time reverse transcription PCR (RT-PCR) assay was used to detect viral RNA by targeting a consensus RdRp region of pan β -CoV, as described in the Supplementary Appendix.

PCR CYCLE THRESHOLD:

July 16, 2020, podcast, "This Week in Virology": Tony Fauci makes a point of saying "the PCR COVID test is useless and misleading when the test is run at "35 cycles or higher." WHO says 28 cycles or higher is useless. <https://www.youtube.com/watch?v=A867t1Jblrs>

CYCLE THRESHOLD WELL ABOVE THE 28 BY THE WHO

A cycle threshold value (Ct-value) less than 37 was defined as a positive test, and a Ct-value of 40 or more was defined as a negative test. There were no cases in children below 15 years of age. When more data become available on epidemiologic characteristics of NCIP, a detailed comparison with the corresponding characteristics of SARS and MERS, as well as the four coronaviruses endemic in humans, would be informative. A previously unknown betacoronavirus was discovered through the use of unbiased sequencing in samples from

patients with pneumonia. Human airway epithelial cells were used to isolate a novel coronavirus, named 2019-nCoV, which formed a clade within the subgenus sarbecovirus, Orthocoronavirinae subfamily. Different from both MERS-CoV and SARS-CoV, 2019-nCoV is the seventh member of the family of coronaviruses that infect humans.

Four lower respiratory tract samples, including bronchoalveolar-lavage fluid, were collected from patients with pneumonia of unknown cause who were identified in Wuhan on December 21, 2019, or later and who had been present at the Huanan Seafood Market close to the time of their clinical presentation. Six coronavirus species are known to cause human disease.⁴ Four viruses — 229E, OC43, NL63, and HKU1 — are prevalent and typically cause common cold symptoms in immunocompetent individuals.⁴ The two other strains — severe acute respiratory syndrome coronavirus (SARS-CoV) and Middle East respiratory syndrome coronavirus (MERS-CoV) — are zoonotic in origin and have been linked to sometimes fatal illness.⁵ Given the high prevalence and wide distribution of coronaviruses, the large genetic diversity and frequent recombination of their genomes, and increasing human–animal interface activities, novel coronaviruses are likely to emerge periodically in humans owing to frequent cross-species infections and occasional spillover events.^{5,10}

PCR OR RAPID:

Early signs indicate rapid tests work on Omicron but only if your viral load is high at the time. Yet, the test does not look for quantity, only whether a gene is detected, not whether Omicron is the cause of your sniffles, cold, or flu or anything else. Experts claim you can be

symptomless, and vaccinated but "infect others". PCR doesn't test for "an amount of virus". PCR duplicates genetic material and does not determine "how-much" or the quantity of genetic material was in an original sample. On the day of each person's first positive PCR test, and on the day after, their rapid tests all came back negative, STAT News reported. Through contact tracing, the team confirmed that in four of those cases, infected people passed on the virus to others while still testing negative on rapid tests.

Put Simply: PCR Test Inventor Kary Mullis, stated there was a "lack of a chemical mechanism that is necessary to determine the "cause" of death" from AIDS patients. He describes how the scientific law of "cause and effect", Newton's 3rd Law of Motion, must be maintained, an opposite chemical reaction. The cause and effect "chemical reaction" in your body that actually caused the chain reaction that leads to a death, CANNOT be a dead mRNA material like a Virus. There is no chemical reaction (the same reaction provided by his PCR (Polymerase Chain Reaction test) going on at all with a Virus all by itself; it needs a replicator mechanism (mRNA vaccine) and a host cell to duplicate. December 30th 2021 CAUGHT RED-HANDED: Covid Tests Are Designed to Pick-Up “SARS-CoV-2 Proteins” . . . which the mRNA Vaccines tell your body to produce!!! | (tapnewswire.com)

SNIP:

I outlined in red where you need to pay close attention. On BOTH test boxes, it is clear these tests are NOT approved by the FDA, but are issued under EUA which stands for Emergency Use Authorization.

Both boxes also CLEARLY tell you what they are designed to look for: “SARS-CoV-2 proteins.”

Do you see that on BOTH test kit boxes? The tests look only for SARS-CoV-2 PROTEINS. Now, you all know there are so-called “vaccines” for COVID and that most of these so-called “vaccines” carry a new technology known as messenger RNA which is referred to as “mRNA.”

For over a year, we have all been told that the mRNA vaccines instruct our bodies to manufacture our own spike proteins . . . like the one found on SARS-CoV-2, so that our immune systems will learn to respond when they come in contact with the REAL SARS-CoV-2 disease, right?

Well, there's the fraud. The new tests are looking only for SARS-CoV-2 proteins, while at the exact same time, what did the mRNA vaccines instruct our own bodies to produce? SPIKE PROTEINS!!!! Just like the SARS-CoV-2 protein!!!!

The PCR test kits . . . are picking up the spike proteins that the VACCINES told our bodies to make!!!!

It's a self-fulfilling “outbreak” because all those “positive” tests, are actually picking up the proteins that the mRNA vaccines instructed our own bodies to make!!!!

Then the government turns around and calls it an “outbreak” even though few if any people are actually getting sick, and the whole “lockdown” nonsense starts all over again.

SNIP:

The Great Counter-Narrative on Vaccines as "Cures". As-in, they need you to believe injecting poison into your bloodstream aka Adjuvant that disrupts auto-immune response; the more side-effects, the better, is "Health". For the record, Josef Mengele was not the first Angel Of Death; there were many before, and after such as Imhotep, the false medical messiah, the false Prince of Peace. The same vaccine scam of death by fake "doctors" of the likes of The Red Cross, is the only possible explanation for The Black Plague. There is no possible way to prove the plague came from fleas on a rat; and then the disease disappeared, before vaccinations, before purified water and sewer, and for unknown reasons. The goal was to destroy all of white-Europe while not affecting any other countries. Their mode of operandi? blame it on all on a rat.

200 years ago, Louis Pasteur created 3 "vaccines" before Microscopes, or Isolation nor Causation could ever be determined. His vaccines were made of sewage from the infirmary,

puss from other sickened people, scabs and body parts from the dead, and unknown poison concoctions. <https://www.forbes.com/sites/rebeccacoffey/2021/12/09/15-facts-about-louis-pasteur-and-his-2-big-vaccine-lies/amp/>

This **polio vaccine** caused 40,000 cases of **polio**, 53 cases of paralysis, and five **deaths**. The disease spread through the recipients' families, creating a **polio** epidemic that led to a further 113 cases of paralytic **polio** and another five **deaths**. https://en.wikipedia.org/wiki/Polio_vaccine

In 2019, there were 175 cases of wild polio and **364 (reported) cases of vaccine-derived polio; making the real number closer to 3,000-30,000**. By 1962, after ozone chambers and quarantine, the number of Polio cases had dropped to just 200 [6]. War in Heaven – Apocalypse

As stated at the beginning of the book. This is a war between God & the Devil. Humanity and Transhumanism. Love vs Fear and Apocolypse vs Apocalypse. You've been taught that the end times is an Apocolypse, a destruction of some sort. However, the original Greek meaning of the word is Apocolypsis, meaning a great revealing, a revelation, an unveiling. It doesn't have a thing to do with Asteroids or Alien Invasions. <https://en.wikipedia.org/wiki/Apocolypsis>

The Four Horsemen of the Apocalypse (often referred to as the Four Horsemen) are figures in Christian religion, appearing in the New Testament's final book, Revelation, an apocalypse written by John of Patmos, as well as in the Old Testament's prophetic Book of Zechariah, and in the Book of Ezekiel, where they are named as punishments from God. Revelation 6 tells of a book/scroll in God's right hand that is sealed with seven seals. The Lamb of God/Lion of Judah opens the first four of the seven seals, which summons four beings that ride out on white, red, black, and pale horses. To Zechariah, they are described as "the ones whom the Lord has sent to patrol the earth" causing it to rest quietly. Ezekiel lists them as "sword, famine, wild beasts, and plague."

In John's revelation, the first horseman is on a white horse, carrying a bow, and given a crown, riding forward as a figure of Conquest,^[1] perhaps invoking Pestilence, Christ, or the Antichrist. The second carries a sword and rides a red horse and is the creator of War.^[2] The third is a food merchant riding upon a black horse, symbolizing Famine. He carries The Scales. ^[3] The fourth and final horse is pale green, and upon it rides Death accompanied by Hades.^[4] "They were given authority over a quarter of the earth, to kill with sword, famine, and plague, and by means of the beasts of the earth."^[5]
The Christian apocalyptic vision is that the Four Horsemen are to set a divine end time upon the world as harbingers of the Last Judgment.^{[1][6]}

December 26th 2021 Omikron Video Game! Omikron The Nomad Soul David Bowie 1999 - YouTube video Game in 1999 with David Bowie mirroring the 1963 movie "Omicron" on the Crowned Serpent capturing Souls.

In the Omikron game there is a Omicron Coronae Borealis, a star in the northern constellation of Corona Borealis, "The Northern Crown" is the Crowned Serpent (Viper Venom in Covid Vaccines) (Rattlesnake Venom in Covid Vaccines), Astaroth the Great Duke of Hell, Ishtar, in the first hierarchy with Beelzebub and Lucifer; he is part of the evil trinity. and the 'Nomad Soul'.

In Nomad Soul, The player can engage in unarmed and armed combat, explore the three-dimensional environment of Omikron City, and talk with non-player characters to progress the

story. It follows an investigation into a case of serial killings, which unravels the supernatural truth behind the city's ancient history. At the start of the game, the player is asked by an Omikronian police officer named Kay'I 669 to leave their dimension and enter Omikron within his body. After doing so, the player continues with the investigation of serial killings that Kay'I and his partner were originally working on. The player begins the investigation in the Anekbah sector, where they uncover information that suggests the serial killer they are looking for is not human, but actually a demon. Members of an apparent underground, anti-government movement contact the player and confirm their suspicions. The investigation deepens and uncovers further information; one of Omikron's chief police commanders, Commandant Gandhar, is a demon pretending to be human and luring human souls into Omikron from other dimensions by way of *The Nomad Soul*. Kay'I 669 asking the player to help him turned out to be a trap: supposedly, if the in-game character dies, the real human playing the video game will lose their soul forever. Despite many assassination attempts on the protagonist's life by other demons working behind the scenes, the player destroys Gandhar with supernatural weaponry.[\[3\]\[7\]](#)

After this brief victory, the anti-government movement is revealed to be named "The Awakened", who invite the player to join them. They work in tandem with an ancient religious order led by Boz, a mystical being that exists in purely electronic form on the computer networks of Omikron. The Awakened refer to the protagonist as the "Nomad Soul", since they have the ability to change bodies at will. The Nomad Soul learns afterwards that what is going on in Omikron is merely an extension of an old battle between mankind and demons spearheaded by the powerful Astaroth. Astaroth, who was banished to the depths of Omikron long ago, is slowly regenerating power while using demons to both collect souls and impersonate high members of the government. The Nomad Soul harnesses ancient, magical technology in order to destroy Astaroth. They return to their own dimension, and prevent their soul from being captured by demons.[\[3\]\[7\]](#)

(David Bowie speaks of the "Cobalt Wars" in the video game; Cobalt is Corona Blue in Color (True Blue Sea Glass) and the mines owned primarily by Glencore; is highly valuable to make long lasting Electric car batteries, Cyber-Truck vs Zombies, Solar Fuels, and also the material used to manufacture Gasoline and other fuels using Nikola Tesla's Method with his Ozone Generator (Fischer-Tropsch synthesis (FTS) to produce gasoline-range hydro-carbons (GRHs)). A two-year-long investigation by the campaigning NGO Global Witness shows that instead of going to the people, the profits from the trade in this extraordinarily beautiful blue semi-precious stone are being funnelled into the pockets of senior politicians and top officials, and have also become a major source of income for the Taliban and other insurgent militias. Taliban and Blackrock was just given Afghanistan.

Lapis is a vivid dark blue, like the sky at twilight or the ocean depths. Often it is flecked with specks of pyrite - fool's gold - which sparkle like tiny stars. The greatest reserves of this "blue treasure" are in Afghanistan, where it has been mined from the same small area of a single river valley in

Lapis is the Latin word for "stone" and *lazuli* (Lazuli meaning Lazarus?) is the genitive form of the Medieval Latin *lazulum*, which is taken from the Arabic لازورد *lāzaward*, itself from the Persian لاجورد *lājevard*. It means "sky" or "heaven"; so this is a "sky stone" or "heaven stone". Historically, it was mined in Badakhshan region of upper Afghanistan, but also mined in Lājevard, Persia. *Lazulum* is etymologically related to the color blue and used as a root for the word for blue in several languages, including Spanish and Portuguese *azul*.^{[10][11]} Ghostbusters 3 Afterlife TRAILER: Paul Rudd takes on Zuul (Azul or Blue) in mysterious teaser.

Zuul the Gatekeeper of Gozer is a demigod and minion of Gozer, The Destructor, alongside Vinz Clortho the Keymaster. Zuul is assumed to be female due to being known as The Gatekeeper and for possessing a female host instead of a male host. It possessed Dana Barrett in Ghostbusters. It was worshiped by the Sumerians, Mesopotamians and Hittites in 6000 BC, along with Gozer and Vinz.^{[1][2][3]} <https://ghostbusters.fandom.com/wiki/Zuul> Gozer, also known by its alternate title of Gozer the Gozerian among its other names: Gozer the Destructor, Volguus Zildrohar, Gozer the Traveler, and Lord of the Sebouillia, is the main antagonist of the *Ghostbusters* franchise, serving as the main antagonist of the 1984 supernatural horror comedy film *Ghostbusters*, the unseen overarching antagonist in *Ghostbusters II* and the main antagonist its 2021 threequel *Ghostbusters: Afterlife*. It is an ancient, destructive, ultra-powerful, defamatory, and malignant god-like entity that sought to destroy the world using a legion of evil spirits. Gozer was worshipped as a deity by the Hittites, Mesopotamians, and Sumerians around 6000 BC. Gozer is genderless (though it

first appears as a female in the movie). It was worshipped by the powerful Cult of Gozer (The Covid-Cult). Gozer has two trusted minions, themselves worshipped as demi-gods, that are harbingers and primary agents for its coming, being Vinz Clortho (The Keymaster) and Zuul (The Gatekeeper). Lazarus and the Ray of Lazuli: Christ in Egypt?

This initiation brings you upon the lazuli (blue) path by aligning your 3rd eye pineal gland to the lazuli eye of Horus with Lazarus Prince of Light, guide on Sirius and Ishtar Rose as the audio channel. Oh beautiful blue ray of the heavens and the waters! This lazuli ray brings wisdom, knowledge and aligns you back into your soul nobility. Blending Divine Masculine and Divine Feminine, God and Goddess, the saints of the blues from the Marys to Krishna, and is one with the sacred waters. The Path of the Lazuli is the path of the waters, and the star path of the blue, it connects to the whales and dolphins, aligns to the Blue temple of Sirius containing a portal to one source light, and connects with other star guides of one source Light outside of Sirius such as Pleiades and Venus. (Venus is a Roman goddess, whose functions encompassed love, beauty, desire, sex, fertility, prosperity, and victory. In Roman mythology, she was the ancestor of the Roman people through her son.) Lazarus Long - Wikipedia & The Number of the Beast (1980)

When the character of Lazarus Long is introduced in Methuselah's Children, he is 213 years old, and the breeding experiment that created the Howard Families has proven to be a success, with most "Howards" enjoying a lifespan of approximately 150 years and changing identities periodically to conceal their long lifespans. Ten percent of them have elected to end "The Masquerade" and live publicly, with the approval of the Howard Foundation, but this process has backfired.

The general public of Earth, once exposed to the Howards' lifespan, believes incorrectly that the Howards have discovered an anti-aging process that they are choosing to conceal, and come to resent them. Civil liberties applied to the Howards are suspended and, with the exception of Lazarus, the entire membership of the Howard Families is detained. With the aid of the elected head of the world government, Slayton Ford, Lazarus hijacks the New Frontiers, a starship designed to travel to distant stars, and liberates the Howards. While the New Frontiers was designed to sustain a colony in travel at speeds significantly below the speed of light, a Howard named Andrew Jackson "Slipstick" Libby increases the ship's top speed to nearly the speed of light. With the ship thus modified, the Howard Families, under the leadership of Lazarus Long, escape the Solar System in search of a planet of their own.

What happened to the women of the most powerful man, the richest man and the smartest man to ever live? Answer: Whores of Babylon & Analysis of Revelation 12-13: Beasts From the Sea and Earth + Great Deception of Covid19 <https://owlcation.com/humanities/The-Beasts-from-the-Sea-and-the-Earth-Revelation-13>

Danielle's Beast and the Little Horn

Daniel's Fourth Beast

- It was terrifying, dreadful, and exceedingly strong
- It had great teeth of iron (iron was identified already in Daniel 2:33)
- It devoured, broke into pieces, and trampled the residue (residue left by the previous empires).
- It will be different from all other kingdoms
- It will devour the whole earth, trample it, and break it into pieces
- The ten horns represent ten kings that will arise

Daniel's Little Horn

- Three horns were removed before it
- It had the eyes of man (compare to John's beast having the number of a man)
- It spoke great things (compare to the blasphemies John's beast spoke)
- The little horn is another king
- He will arise after the 10 kings and be different from them
- He will put down three kings
- He will speak words against the Most High
- He will think to change the times and the law
- The earth will be given into his hand for a time, times, and half time (three and half months, three years and 6 months, 42 months)

The 4th Reich: The 4th Industrial Revolution: The 4th Kingdom of Satan

As we read through Daniel, the reader should notice that although Daniel speaks of only four kingdoms, the fourth kingdom always has a division in it, a division that can be interpreted as a time-lapse. In Daniel 2:33, the legs are different from the feet. When Daniel interprets the dream, he states that the fourth kingdom is a divided kingdom: the legs are firm like iron, but the feet and the ten toes are a mixed multitude: **they marry each other, but they are not united** (Daniel 2:41-43). Also, in Daniel's vision about the beasts, the fourth beast is distinguished from the little horn. The actions of the beast are different from the actions of the little horn.

What happened to the women of the most powerful man, the richest man and the smartest man to ever live? Answer: Whores of Babylon & Analysis of Revelation 12-13: Beasts From the Sea and Earth + Great Deception of Covid19 <https://owlcation.com/humanities/The-Beasts-from-the-Sea-and-the-Earth-Revelation-13>

Babylon the Great, commonly known as the **Whore of Babylon**, refers to both a symbolic female figure and place of [evil](#) mentioned in the [Book of Revelation](#) in the [Bible](#). Her full title is stated in [Revelation 17 \(verse 5\)](#) as "Mystery, Babylon the Great, the Mother of Prostitutes and Abominations of the Earth" ([Ancient Greek](#): μυστήριον, Βαβυλῶν ἡ μεγάλη, ἡ μήτηρ τῶν πορνῶν καὶ τῶν βδελυγμάτων τῆς γῆς; [transliterated](#) *mystērion, Babylōn hē megalē, hē mētēr tōn pornōn kai tōn bdelygmātōn tēs gēs*). [Revelation 17 \(verse 18\)](#) states that the woman is actually a representation of "the great city which reigneth over the kings of the earth".^[1]

Revelation 12-13:

In Revelation 12, John the Seer describes a conflict between two opposing figures: the heavenly woman and the Dragon. In verse 9, John identifies the Dragon (δράκων) with a list of names: "the ancient serpent" (ὁ ὄφις ὁ ἀρχαῖος), the "Slanderer" (Διάβολος), "Satan" (ὁ Σατανᾶς), and "the deceiver of the whole world" (ὁ πλανῶν τὴν οἰκουμένην ὅλην). All the names in this list are new except for "Satan," which was introduced in the letters to two of the seven churches (2:9; 3:9).

In this chapter, I will explore the figure of the Beast from the sea (later called the Sea-Beast or the Beast)¹ in Revelation 13: 1 -10. I will focus on the literary and rhetorical levels in order to examine how John the Seer unmasks the deception of the Sea-Beast (symbolizing Roman hegemony) and how this unmasking message would have affected the first-century audience. We should also note that the verb δέαιϋν ("to deceive"), used extensively in the second half of Revelation to convey the motif of deception, does not appear in the vision of the Sea-Beast in Revelation 13:1-10; however,...

Revelation 13:11-15 (English Standard Version) ... and with all wicked deception for those who are perishing, because they refused to love ...

Revelation 13:14, [NIV](#): Because of the signs it was given power to perform on behalf of the first beast, it deceived the inhabitants of the earth. It ordered them to set up an image in honor of the beast who was wounded by the sword and yet lived.

Revelation 13:14, [ESV](#): and by the signs that it is allowed to work in the presence of the beast it deceives those who dwell on earth, telling them to make an image for the beast that was wounded by the sword and yet lived.

Revelation 13:14, [KJV](#): And deceiveth them that dwell on the earth by *the means* of those

miracles which he had power to do in the sight of the beast; saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live.

Revelation 13:14, NASB: And he deceives those who live on the earth because of the signs which it was given him to perform in the presence of the beast, telling those who live on the earth to make an image to the beast who *had the wound of the sword and has come to life.

Revelation 13:14, NLT: And with all the miracles he was allowed to perform on behalf of the first beast, he deceived all the people who belong to this world. He ordered the people to make a great statue of the first beast, who was fatally wounded and then came back to life.

Revelation 13:14, CSB: It deceives those who live on the earth because of the signs that it is permitted to perform in the presence of the beast, telling those who live on the earth to make an image of the beast who was wounded by the sword and yet lived.

N95 respirators do not filter toxic gases, vapors or the smell of smoke. N95 respirators are not effective against the smell of smoke or gases and vapors such as methane and carbon monoxide. masks and surgical masks cannot offer a sufficient level of protection from particles during wildfire conditions or the cleanup process. A wet towel or bandana may stop large particles, but not the fine, small ones that can get into the lungs and cause respiratory problems. N95 respirators may make breathing more difficult and lead to increased breathing and heart rates. Individuals with heart and respiratory conditions should check with their doctor before wearing an N95 respirator. If it does not fit properly, the respirator will provide little if any protection, and may offer a false sense of security. N95 respirators should be worn for a maximum of eight hours and should be replaced regularly. N95 respirators do not provide oxygen so they should never be worn in a confined space with low oxygen levels. N95 respirators have no effect in an atmosphere containing toxic levels of gases or vapors. N95 respirators should not be used in certain industrial applications such as asbestos removal, sandblasting or painting.

Just 1 mask reduces O2 intake by 20% and causes carbon dioxide poisoning

The World Health Organization (2020) guidance, based on expert opinion, suggests wearing of masks may be problematic for children, developmentally challenged individuals, those living with mental illness, elderly individuals with cognitive impairment, persons with chronic respiratory or breathing problems (such as asthma/COPD), individuals who have had facial trauma or recent oral maxillofacial surgery, as well as individuals residing in hot and humid environments <https://www.albertahealthservices.ca/assets/info/ppih/if-ppih-covid-19-sag-evidence-of-harm-from-mask-use-for-specific-populations.pdf>

February 2009: NIH | Face Mask Use and Control of Respiratory Virus Transmission in Households. Masks not recommend due to "lack of qualitative evidence". A recent analysis gives estimates of the effect of school closure (1), and several prospective, randomized controlled trials of handwashing have been published (2–11). However, clinical trial data on the ability of face masks to reduce respiratory virus transmission in the community are limited to 1 published prospective trial, which showed lack of efficacy (12). In addition, adverse effects of wearing masks (particularly respirators) may affect compliance and effectiveness (13–15). Despite the lack of quantitative evidence, many countries have included recommendations in their pandemic plans on the use of face masks (16–18).

June 15th 2021 A group of local parents sent 6 face masks to a lab at the University of Florida, requesting an analysis of contaminants found on the masks after they had been worn. The resulting report found that five masks were contaminated with bacteria, parasites, and fungi, including three with dangerous pathogenic and pneumonia-causing bacteria. Although the test is capable of detecting viruses, including SARS-CoV-2, only one virus was found on one mask (alcelaphine herpesvirus 1). <https://alachuachronicle.com/dangerous-pathogens-found-on-local-residents-face-masks/>

The analysis detected the following 11 dangerous pathogens on the masks:
Streptococcus pneumoniae (pneumonia)
Mycobacterium tuberculosis (tuberculosis)
Neisseria meningitidis (meningitis, sepsis)
Acanthamoeba polyphaga (keratitis and granulomatous amebic encephalitis)

Acinetobacter baumannii (pneumonia, blood stream infections, meningitis, UTIs—resistant to antibiotics)

Escherichia coli (food poisoning)

Borrelia burgdorferi (causes Lyme disease)

Corynebacterium diphtheriae (diphtheria)

Legionella pneumophila (Legionnaires' disease)

Staphylococcus pyogenes serotype M3 (severe infections—high morbidity rates)

Staphylococcus aureus (meningitis, sepsis)

Half of the masks were contaminated with one or more strains of pneumonia-causing bacteria. One-third were contaminated with one or more strains of meningitis-causing bacteria. One-third were contaminated with dangerous, antibiotic-resistant bacterial pathogens. In addition, less dangerous pathogens were identified, including pathogens that can cause fever, ulcers, acne, yeast infections, strep throat, periodontal disease, Rocky Mountain Spotted Fever, and more.

courts with crimes against the Covid-Cultists and put their crimes against humanity on record. These cultists will murder you in a second because of their "beliefs". Their mandates, rules, "I was just following orders" and even private property is not a veil of immunity for crimes. December 22nd 2021 Nikola Tesla's inventions and use of "Low Dose X-Rays" since the late 1890's featuring Xrays, the 1 of 13 Ways to Cure Cancer & Covid-19 ft Donald Trump's Uncle, John G. Trump on his work at MIT with Nikola Tesla's high voltage machines and x-rays on "therapeutic radiology" for curing cancer and curing disease.

May 13th 2020 Forbes: "Low-Dose Radiation is a Cure to Cancer, Pneumonia & COVID-19". How it works: Low Dose Radiation induces a beneficial T-Cell Cytokine anti-oxidant & anti-inflammatory response. Quickly and effectively killing the disease-causing cells and/or curing the wound. Conversely, under high dose X-ray exposure, like those used in hospitals generally for Xray diagnostics, induce an opposite response by T-Cells into a "Cytokine Storm" of pro-inflammatory response.

How to deal with "Woke" Zombies in Public:

If you see any self-proclaimed Covid Cult Zombie blocking your trip to the park with your kids or the Zombies are in the road without a crosswalk, are j-walking or protesting without a license, or are trying to Jab your kid in a Vaxx Van, or for any other reason during the Zombie Emergency; just run them over with your Tesla Cybertruck; it's Stainless steel, Bullet-proof with Shatter proof glass, Sledge-hammer proof, Kevlar tires, independent Air Suspension for running over multiple Zombies, independent 4 Wheel Drive for running over crowds of Zombies & 4X A/C Motors with independent drive and traction control for over 1,420 Horsepower to climb over mountains of Zombies. All without hitting "Non-Zombies" and all in under 3 seconds! <https://nurembergtrials.net/nuremberg-trials-2-0/f/graphene-oxide-hoax-cybertruck-1m-mile-battery-vs-covid-zombies>

As a bonus, your 1000 Year Cybertruck is fully equipped for immediate action against a Zombie attack with an integrated 110V/220V power connection for the 2M Volt Electric Taser, Elon Musk's Flame Thrower and Air Pump for the Blower for "that smell" of dead Zombies or if there is any Zombie smell that gets past the built-in Tesla Bio-Defense Mode filter. For fun, Cybertruck will come with 4X Electric ATV's with attached wirelessly powered Chain-Saws so your kids can be entertained cleaning up any remaining Zombies that are still moving. If your Rottweilers want into the fun, are hungry, or are just tired of sitting in your Tesla on Dog Mode, just roll down the window from your Cell Phone App to let them out to play with the Zombies.

I your ever get tired of actually driving over the Zombies; just turn on Autonomous Mode; a quick getaway in Mad Max Mode or use your Cell Phone App to Remotely Control your Tesla. When your Zombie Response Team is finished with the Zombies, just hit the button on your Cell Phone App to use Tesla Smart Summon to pick you up. And the kicker, you can clear 15-45 miles of Zombies for free from the power of the Sun. Feel free to take appropriate action when provided by Law in Self Defense or during any Zombie Emergency. **Please Note: To clean the Covid Cultist particles off your Cybertruck; just use a fine cloth and some warm water.**

Report sent in for a Nobel Peace Prize in Science, Journalism & Government

Subject: Thank you for your nomination

From: ""Quakers and the Nobel Peace Prize via Quakers and the Nobel Peace" "Prize""
<nobelclerk@afsc.org>

Thank you for submitting a candidate to the AFSC Nobel Peace Prize Nominating Task Group. We will prayerfully consider the information you have provided as we seek to discern this year's nomination.

The AFSC Nobel Peace Prize Nominating Task Group accepts submissions from mid-February through mid-May of each year, and sends its nomination to Oslo by February of the following year. You can expect to hear from the Clerk of the Task Group in the spring regarding the outcome of our process. Again, thank you for your submission.

Rachel Cunliffe
Co-Clerk, AFSC Nobel Peace Prize Nominating Task Group
