

AEROSIM CHECKRIDE™

- Mobile self-study
- High fidelity cockpit graphic
- Pan and zoom capabilities
- Cockpit panel location and familiarization
- Aircraft cockpit data at your fingertips
- Add and save notes

Features & Benefits

The Aerosim Checkride™ App available on the App Store, provides pilots with a self-study tool to help prepare for the oral exam and checkride through an educational cockpit experience.

Checkride™ provides cockpit panel information ensuring accuracy and clear functional descriptions of each switch, pushbutton, and light/annunciator.

Apple and iPad are trademarks of Apple Inc., registered in the U.S. and other countries. App store is a service mark of Apple Inc.

This application helps pilots become familiar with the panel functionality without pulling out bulky aircraft manuals and paper cockpit posters. This tool reduces study preparations and time by bringing the aircraft manual information together in an easy-to-use, efficient App that truly prepares pilots for the oral exam and checkride.
