Standing Rules

I. General

- A. The Standing Rules shall be determined by the Board of Directors.
- B. The Board of Directors shall appoint a Division Chair for each Division. The Division Chair is responsible for all aspects of the team matches within her Division.
- C. Each member club shall appoint a Team Captain. When a club has two or three teams, a Team Captain may be appointed for each team. Team Captains are the liaison between the Association and their clubs.
- D. The Board may appoint people to assist as deemed necessary.

II. Divisions

- A. The teams belonging to the association will be divided into Divisions.
- B. Teams are listed in order of final standings from the previous season for purpose of creating match pairings.
- C. A team may advance to a higher Division by winning its Division. A team in last place will move down one Division. The last place team in Division 6 will remain in Division 6.
- D. A plaque for each Division inscribed with the winning teams' name will be presented to the winning team at the Annual Meeting and retained by the winning club for one year.

III. Format for Teams

- A. There shall be six players on a team, which is comprised of three pairings of two players each, in order as listed on the Team Roster.
- B. Players must be positioned in ascending order of their USGA Handicap Index as of the *December 15* handicap revision. Players with the same index may be listed at the Captain's discretion, but they must play in that same sequence throughout the season. Captains must list players in rank order on Scoring Summary Sheet on Play Day, as ranked on the Team Roster, or be subject to penalties (Rule X.E.).
- C. The first pairing will be the first and second lowest handicapped players; the second pairing will be the third and fourth lowest handicapped players and the third pairing will be the fifth and sixth lowest handicapped players.
- D. A team's players may change from match to match, but the six players for any team must play in order as listed on the official team roster.
- E. The minimum number of players to comprise a team on a given day is three. (See Rule X. Defaults and Penalties)
- F. There is a limit of three teams per club.
- G. No player may play more than 6 matches scheduled in one season.
- H. Substitutions
 1. Substitutions for vacant positions are filled with the next listed lowest handicapped player with all subsequent players moving up in position to fill the voids.
 2. When a club has multiple teams, players will move up in position, according to ascending handicap index, to fill the voids in upper teams. Subsequent vacancies will be filled from the list of substitute players according to ascending handicap index.
 3. If a void is created as a result, the last position on the lowest team (highest handicapped) will play short.

- C. Slow play will be penalized. If a group is 15 minutes behind, or they cannot see the group ahead of them, the rangers will give a warning, follow them and see how long it takes them to play the hole. The group will have one and a half holes to catch the group ahead. If they don't, the rangers will tell the group to pick up their balls and move to the next hole, with ½ point awarded to each team.
