## **Methodology**

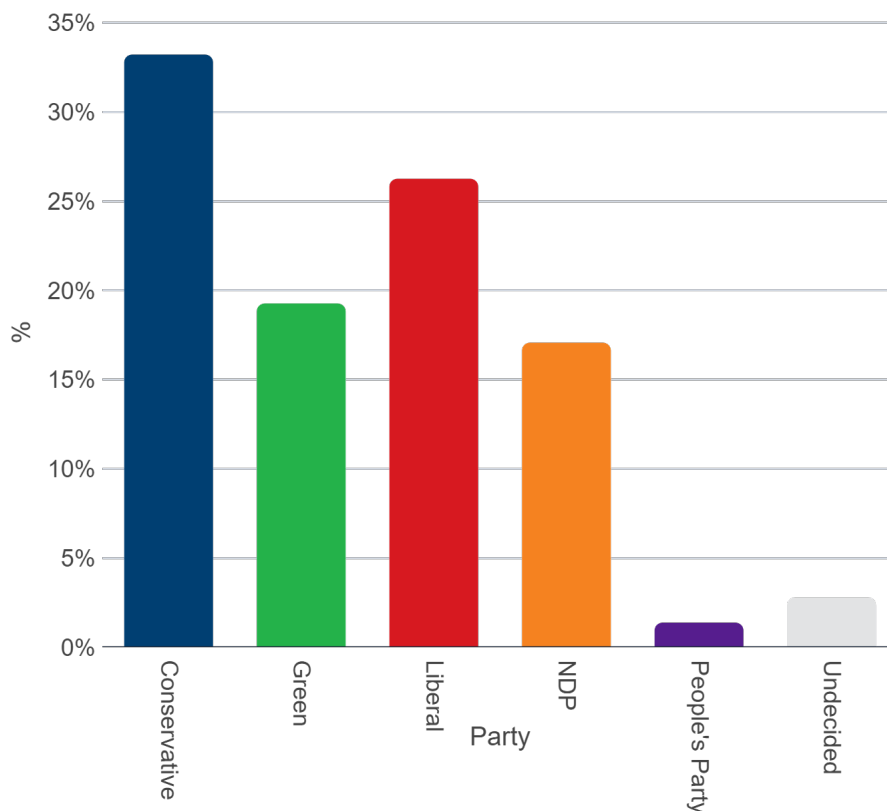

This survey was conducted from April 20 to 21, 2025 among a sample of 307 voters in the riding of Nanaimo-Ladysmith. The survey was conducted using IVR (Interactive Voice Response) to landlines and cell phones.

The data in this report have been weighted to be representative of gender and 2021 federal election voting history of Nanaimo-Ladysmith residents.

After data weighting, the margin of error for a poll of this size is +/- 6.19% at the 95% confidence level.
