@ipixelight_qatar

product year 2025/26

"Light creates atmosphere, but precision creates impact. At IPIXELIGHT, we bridge artistic vision with technical mastery. From architectural facades to kinetic stages, we deliver end-to-end solutions—blending creative light design with rigorous operational execution. We compliment our state-of-the-art equipment with expert application to ensure your vision is realized with flawless performance."

ILLUMINATING EXTRAORDINARY WITH US
IPIXELIGHT

ARCHITECTURAL & LINEAR LIGHTING

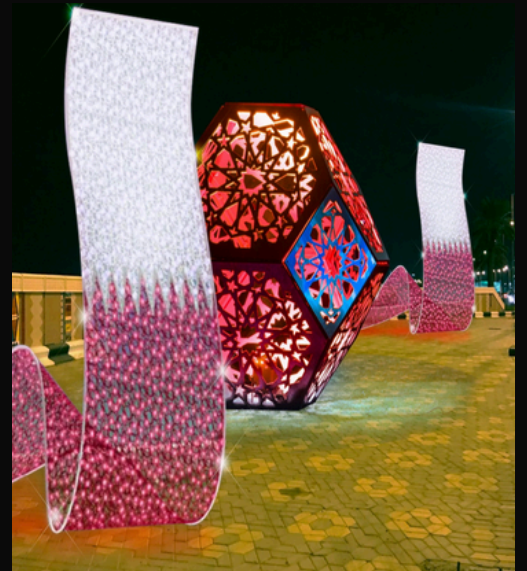

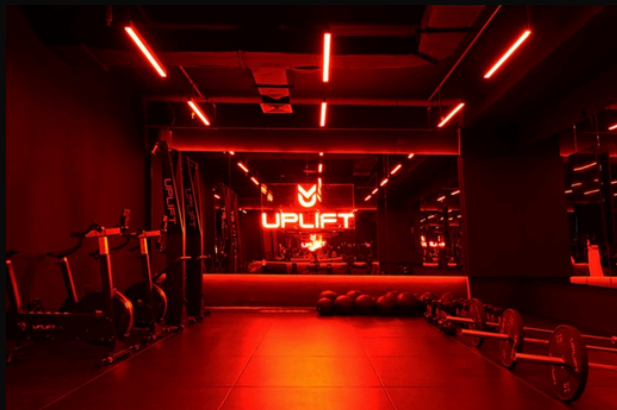

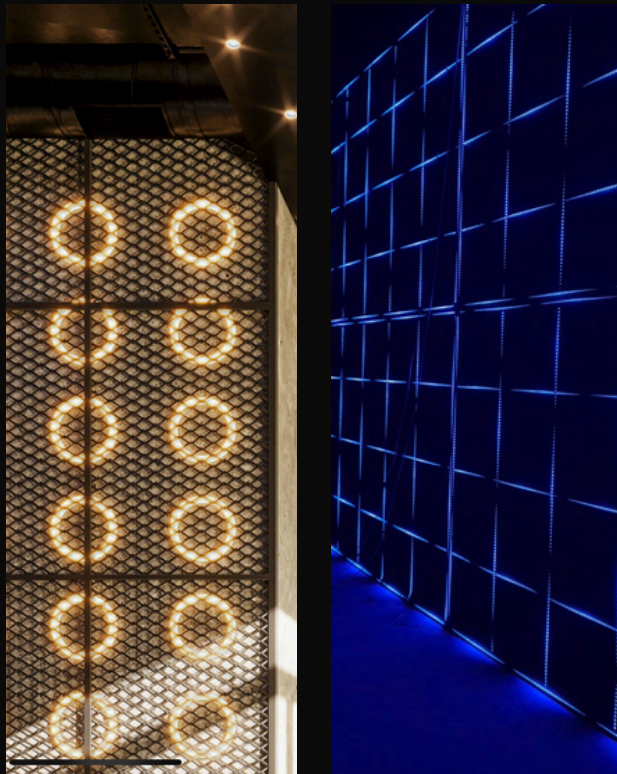

Flexibility, contouring, and mood.

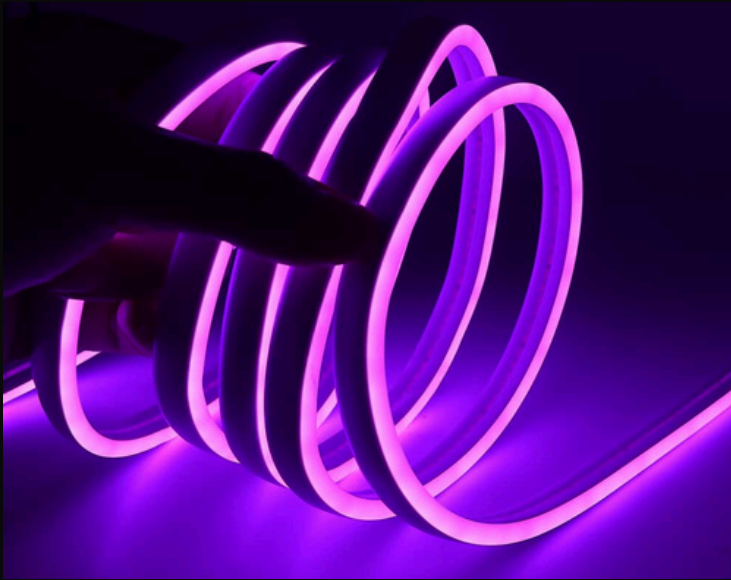

@pixelight_qatar

LED Strips

Flexible, high-fidelity linear illumination designed for seamless architectural accents, cove lighting, and contour definition.

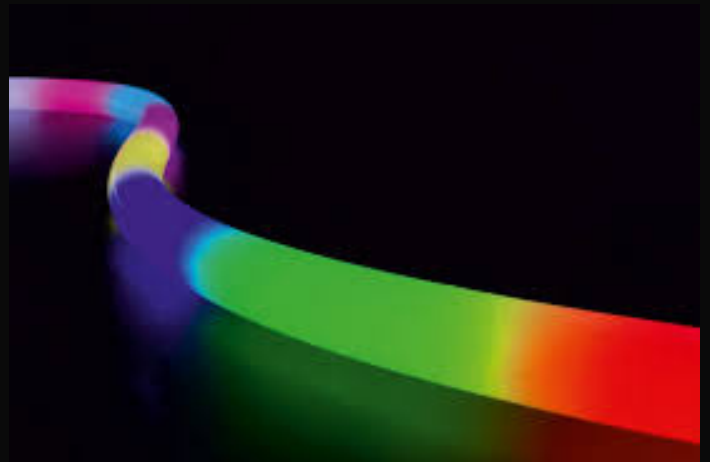

@ipixelight_qatar

ARCHITECTURAL & LINEAR LIGHTING

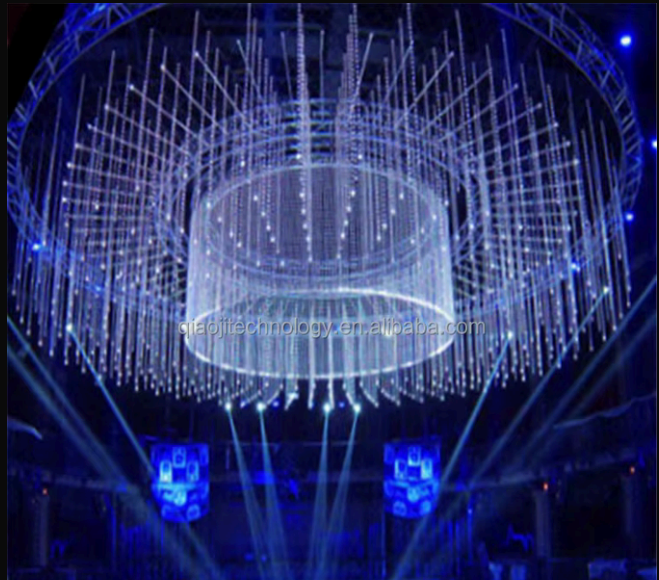

NEON LED

The timeless aesthetic of retro neon combined with the durability, safety, and energy efficiency of modern IP-rated LED technology.

ARCHITECTURAL & LINEAR LIGHTING

@ipixelight-qatar

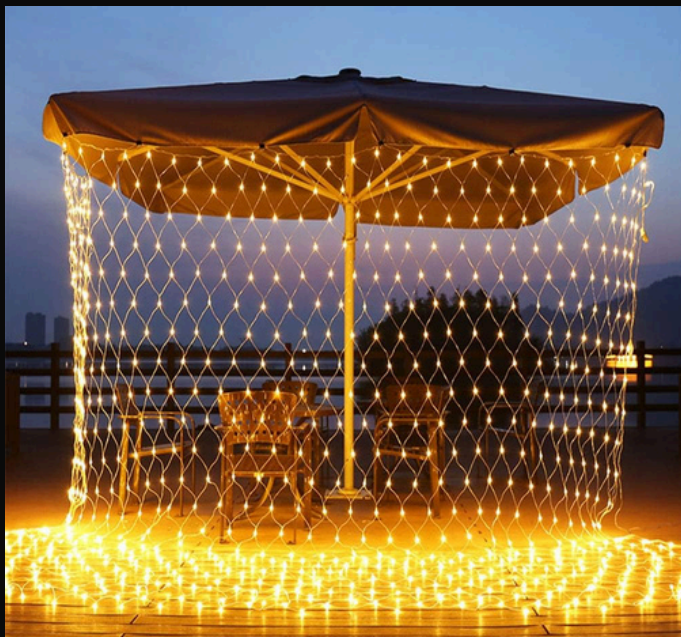

METEOR LED Tubes

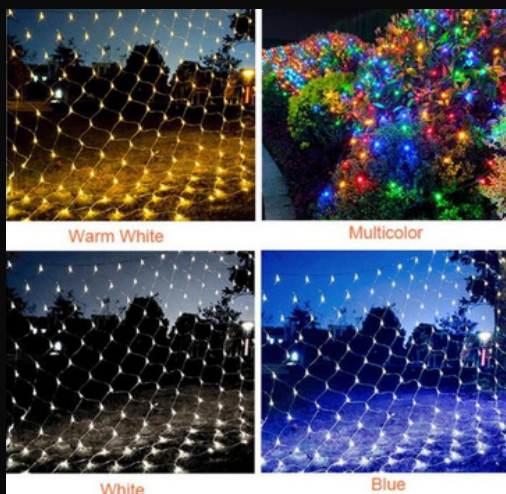

Cascading vertical lights that simulate falling rain or snowfall, adding dynamic verticality to high ceilings and outdoor trees.

@pixelight_qatar

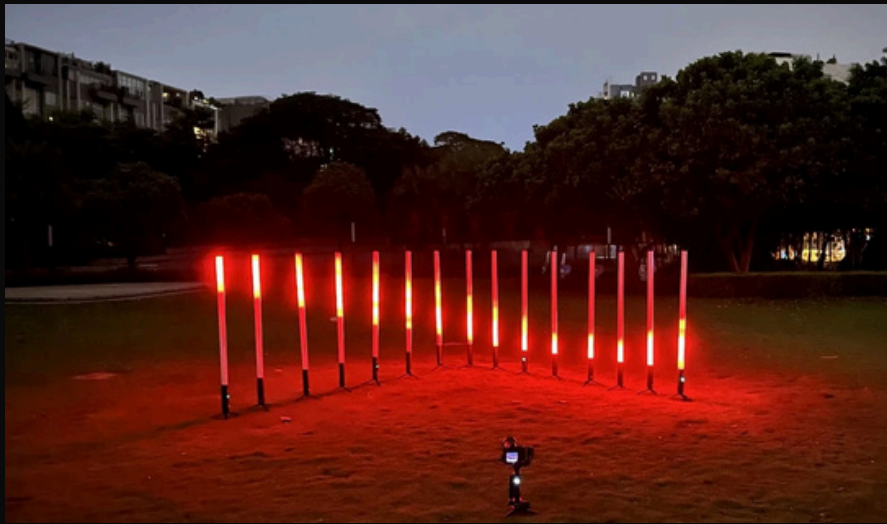

ARCHITECTURAL & LINEAR LIGHTING

LED Net String

Expansive, mesh-style illumination perfect for wrapping columns, draping ceilings, or creating immersive "starry night" canopies.

@ipixelight_qatar

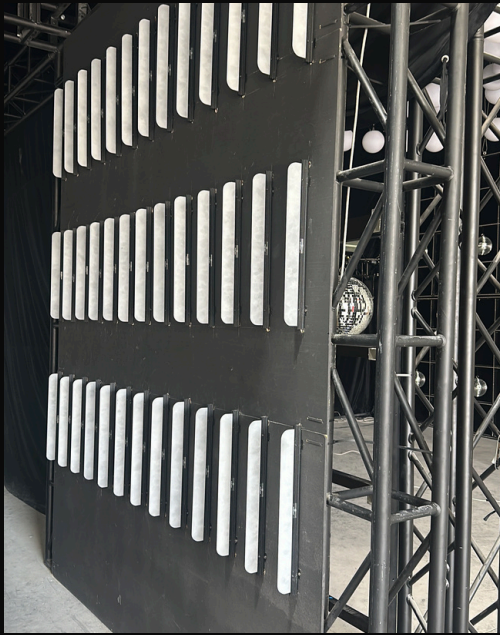

PIXEL MAPPING & 3D EFFECTS

Visual impact, control, and
immersive experiences.

LED Pixel Tube 360

Omnidirectional RGB tubes allowing
for 3D spatial mapping and fluid color
transitions visible from every angle.

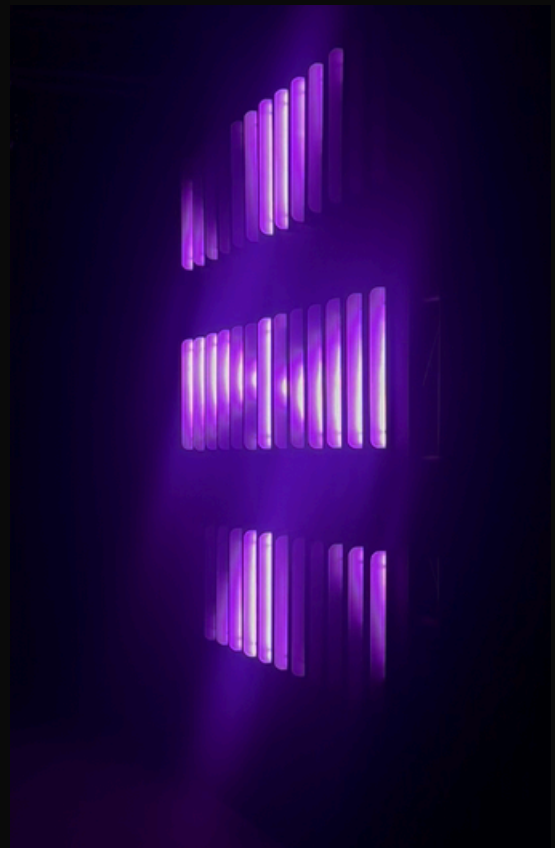

PIXEL
MAPPING
& 3D
EFFECTS

LED Pixel Plate

High-resolution
matrix panels
capable of
displaying vivid
motion graphics,
text, and complex
video content.

@ipixelight_qatar

LED Pixel Tunnel

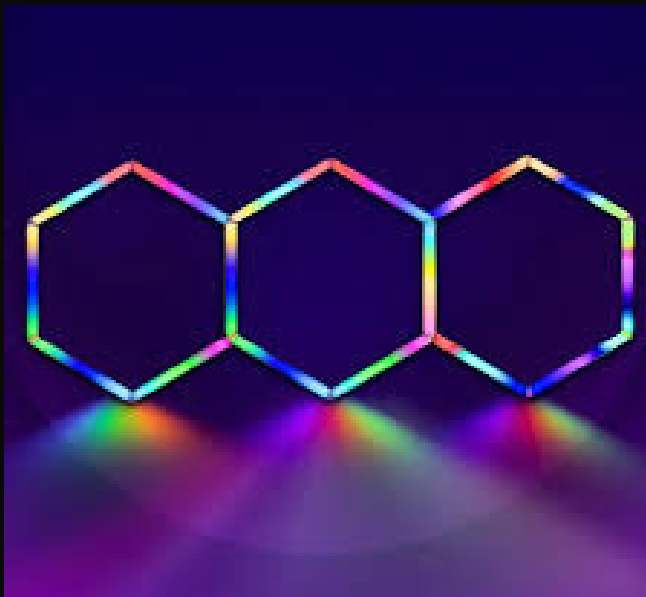

An immersive "infinity" walkway experience, perfect for grand entrances and creating a futuristic photo opportunity.

PIXEL
MAPPING
& 3D
EFFECTS

@ipixelight_qatar

PIXEL MAPPING & 3D EFFECTS

@ipixelight_qatar

LED Hexagon

Modular, geometric fixtures designed to interlock, creating futuristic honeycomb patterns and dynamic wall displays.

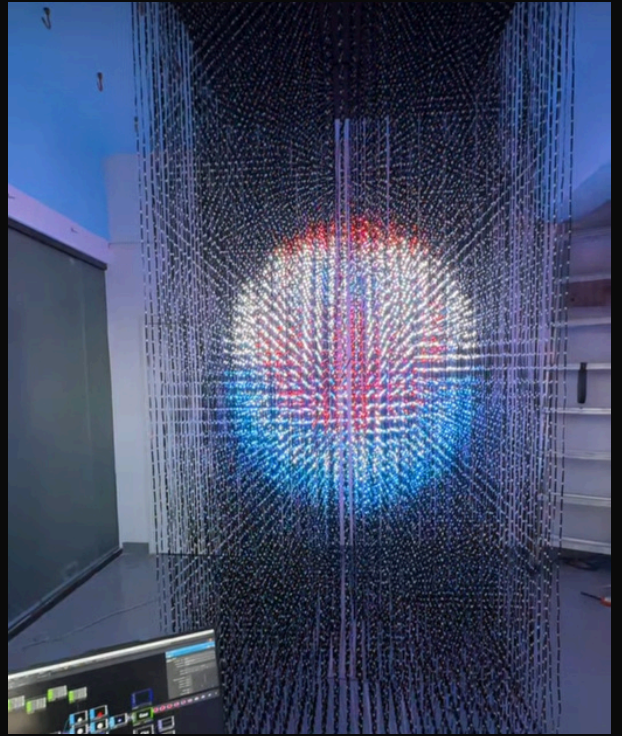

LED String 3D

Circular lighting structures that add depth to stage designs, capable of halo effects and suspended aerial artistry.

@ipixelight_qatar

LED Stage Ring

PIXEL
MAPPING
& 3D
EFFECTS

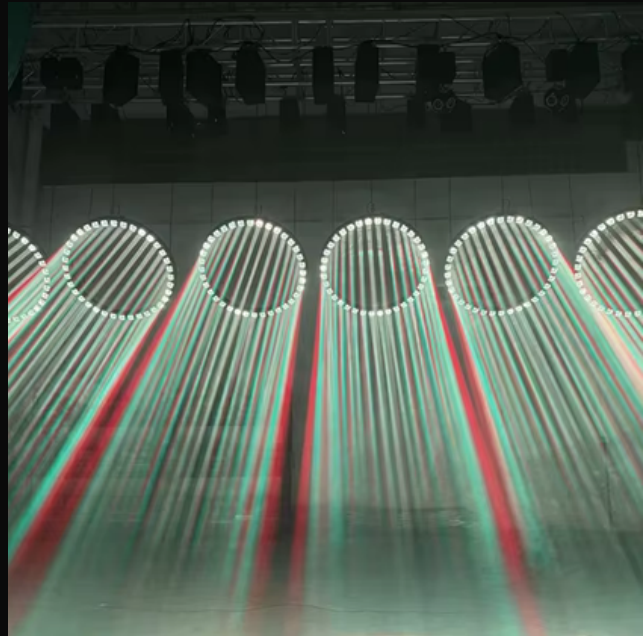

LED PIXEL RINGS

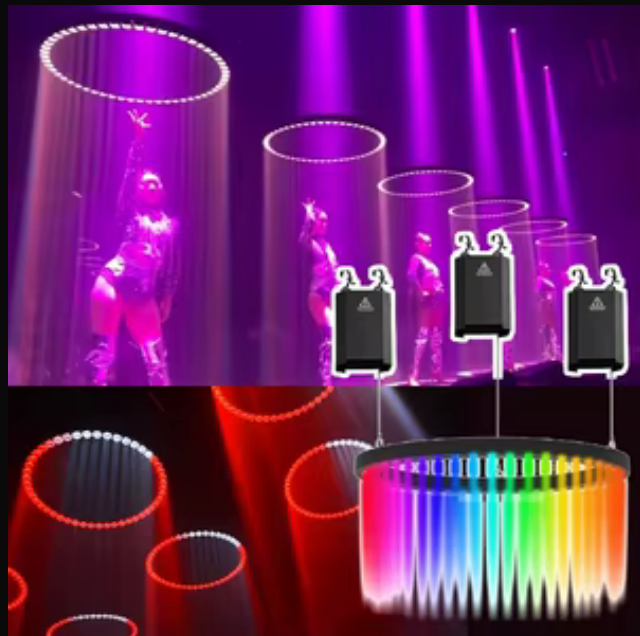

PIXEL MAPPING & 3D EFFECTS

@ipixelight_qatar

RING LED Pixel

Addressable circular
arrays that allow for
intricate chasing effects
and hypnotic spinning
visuals.

@ipixelight_qatar

VIDEO MAPPING

Versatile Power for Any Venue

BARCO HDF W30 FLEX

The Barco HDF-W30 FLEX is the ultimate solution for high-profile events that demand reliability and sheer output.

Powered by 3-Chip DLP™ technology and a single Xenon lamp, it delivers 30,000 lumens of brightness with the superior color accuracy that only Xenon illumination can provide.

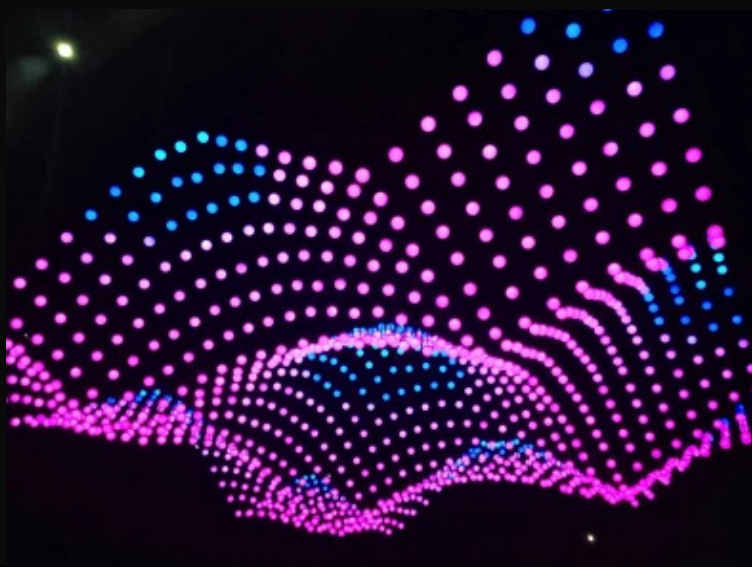

@ipixelight_qatar

KINETIC STAGE DYNAMIC

Movement, energy, and
performance.

Kinetic Balls

Motorized RGB spheres that move vertically to create mesmerizing,
synchronized aerial choreography and floating shapes.

STAGE DYNAMIC

@pixelight_qatar

@RUSSELL_PETERS

Moving Heads

Intelligent, high-output fixtures offering precise beam control, gobo projection, and rapid color washing for concert-grade energy.

@ipixelight_qatar

STAGE
DYNAMIC

Mirror Balls

The classic effect
reinvented;
precision-cut mirrors
designed to scatter
beams and laser light
for room-filling
atmosphere.

EVENT DECOR & AMBIENCE

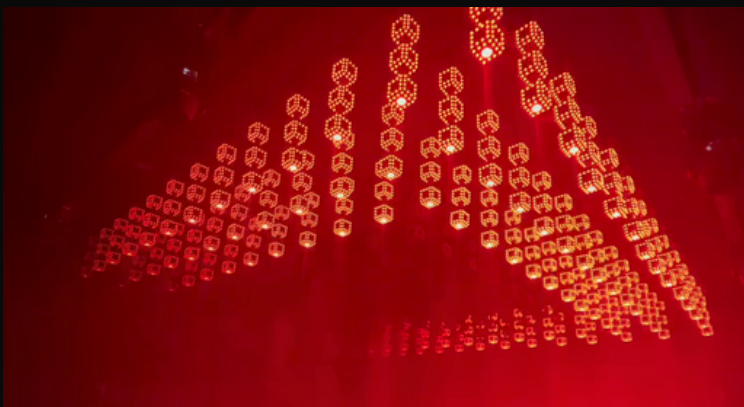

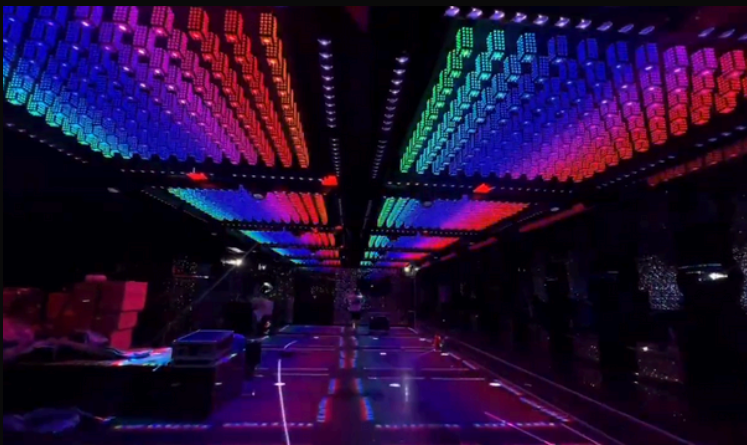

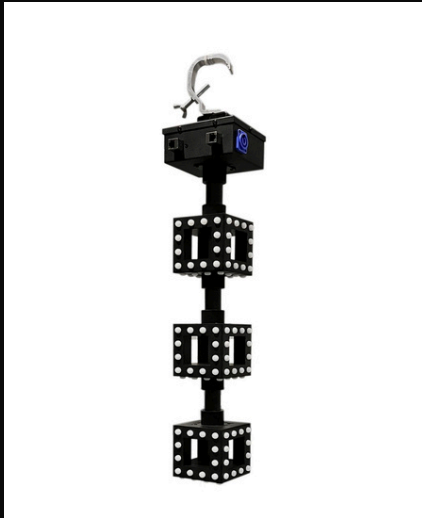

Atmosphere, whimsy, and portability.

@ipixelight_qatar

LED Mushrooms

Whimsical, glowing structures that bring a touch of fantasy and organic shape to garden parties and outdoor landscapes.

EVENT DECOR & AMBIENCE

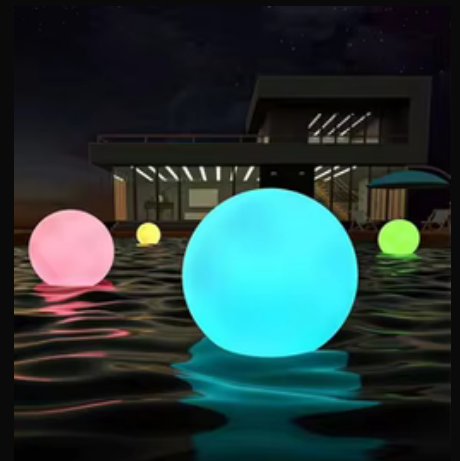

@ipixelight_qatar

LED Battery Balls

Cordless, waterproof floating spheres ideal for illuminating pools, pathways, and lounge areas without cable clutter.

@ipixelight_qatar

EVENT DECOR & AMBIENCE

LED Battery Cubes

Versatile, cordless geometric forms that double as illuminated furniture and ambient decor, offering complete placement freedom for dynamic lounge setups.

INFRASTRUCTURE & STAGING

Stability, scale, and safety.

Orbital Event Tent (60x20m)

A monumental, weather-resistant structure providing a premium, spacious venue for large-scale galas and corporate events.

Stage (15x10m)

A robust, modular performance surface designed to support heavy equipment and energetic performances with maximum stability.

INFRASTRUCTURE & STAGING

@ipixelight_qatar

EXTENSION DECK MODULES (25 m2)

BUILT TO EXTEND
Seamless Add-ons for Walkways, Runways & More

Technical Specifications

- Module Size: 2.5 m x 10 m (25 m² total)
- Use Catwalks, speaker fronts, show thrusts
- Surface: Anti-slip textured steel
- Compatible with main stage height and structure

INFRASTRUCTURE & STAGING

@pixelight-qatar

Stage Deck

Configurable, non-slip platforms that allow for custom stage heights and tiered seating arrangements.

TRANSPARENT FLOOR PANELS (100 m2)

CLEAR & STRONG

For Spotlight Moments and Premium Finishes

Technical Specifications

- Panel Size: 1.25 x 1.25 m
- Total Area: 100 m²
- Material: Reinforced transparent acrylic
- Load Capacity: 350-400 kg/m²
- Use: Feature zones, catwalks, under-lighting

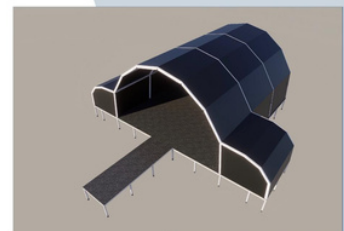

EXTENSION DECK MODULES (25 m2)

BUILT TO EXTEND

Seamless Add-ons for Walkways, Runways & More

Technical Specifications

- Module Size: 2.5 m x 10 m (25 m² total)
- Use: Catwalks, speaker fronts, show thrusts
- Surface: Anti-slip textured deck
- Compatible with main stage height and structure

INFRASTRUCTURE & STAGING

TRUSS

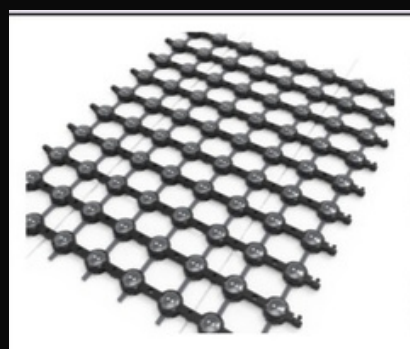

HEAVY-DUTY,
INDUSTRIAL-
GRADE ALUMINUM
RIGGING SYSTEMS
ENSURING SAFETY
AND FLEXIBILITY
FOR COMPLEX
LIGHTING AND
AUDIO ARRAYS.

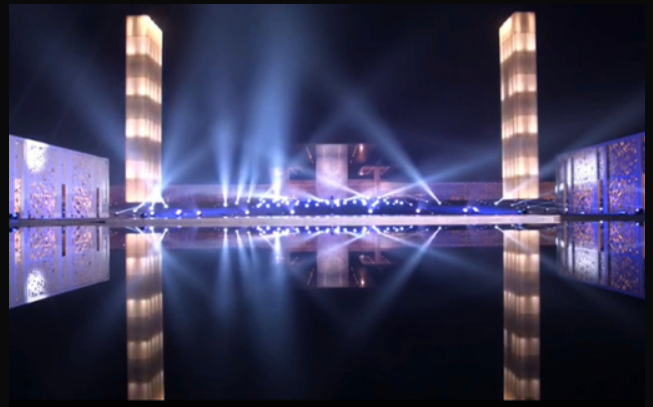

Structural Beauty & Enhancing Brand Visibility

We transform building exteriors into landmarks using weather-resistant, architectural-grade lighting that highlights structural beauty and enhances brand visibility.

@pixelight_qatar

Light Design & Technical Operation

PROJECT	beIN Sports - MARCEL DESAILLY
DATE	1
TIME	16:02:07:05
OPERATOR	RAFAEL LUCAS
PRODUCER	FERNANDO DASILVA
DATE	04/02/2016
TIME	25

From concept to execution, our expert technicians provide end-to-end solutions. We visualize the design, install the infrastructure, and operate the console to ensure a flawless visual performance.

@RUSSELL_PETERS

"Don't just light the space..define it."
