VOTE NO CI-128

Millions of dollars from California, Illinois, and other liberal states are pouring into Montana, to enshrine abortion up till the moment of birth into our state constitution, at taxpayer expense. This proposed constitutional amendment is called CI-128. If passed, this will prevent parents from knowing if their minor child is having an abortion or trying to change their gender, and will allow for statutory rapists, as well as sex traffickers, to take their victims for abortions. It will allow for painful, late-term and partial-birth abortions, and remove the right for women harmed during abortions to seek remedy for medical malpractice, and so much more!
