

Jazz Guitar Fretboard Flashcards

While there are many ways to learn the notes on the guitar fretboard, I recommend flashcards. This method involves learning the notes one fret at a time. Visualize the letter names of notes on the fretboard as well as the placement of each note on the staff. Learning the fretboard notes can be done away from the guitar. Benefits: you will...

- Learn how to read music while learning the fretboard notes
- Learn each string at the same time
- Discover patterns of notes throughout the fretboard that will help you in playing your music
- Gain confidence as a guitarist in knowing every note and fret on your instrument
