

HERITAGE SCHOOL OF INTERIOR DESIGN

MEET THE DESIGNER

Born and raised in the small town of Coushatta, Louisiana my passion for interior design started young, yet it grew at my appreciation for details and desire to make any space a beautiful space.

I have always advised and help design my friends and family spaces but decided to attend Heritage Interior School of Design to pursue my passion and expand my knowledge, skills, creativity, & connections in design.

I believe everyone is deserving of a beautiful space that prioritizes style, functionality, versatility, and creativeness that draws you in with a sense of comfort and beautiful aesthetics. My style blends timeless sophistication with a modern transitional refinement, ensuring each design is a unique reflection of clients' lifestyles. My goal is to transform spaces that doesn't just impress, but inspires.

PROJECT OVERVIEW

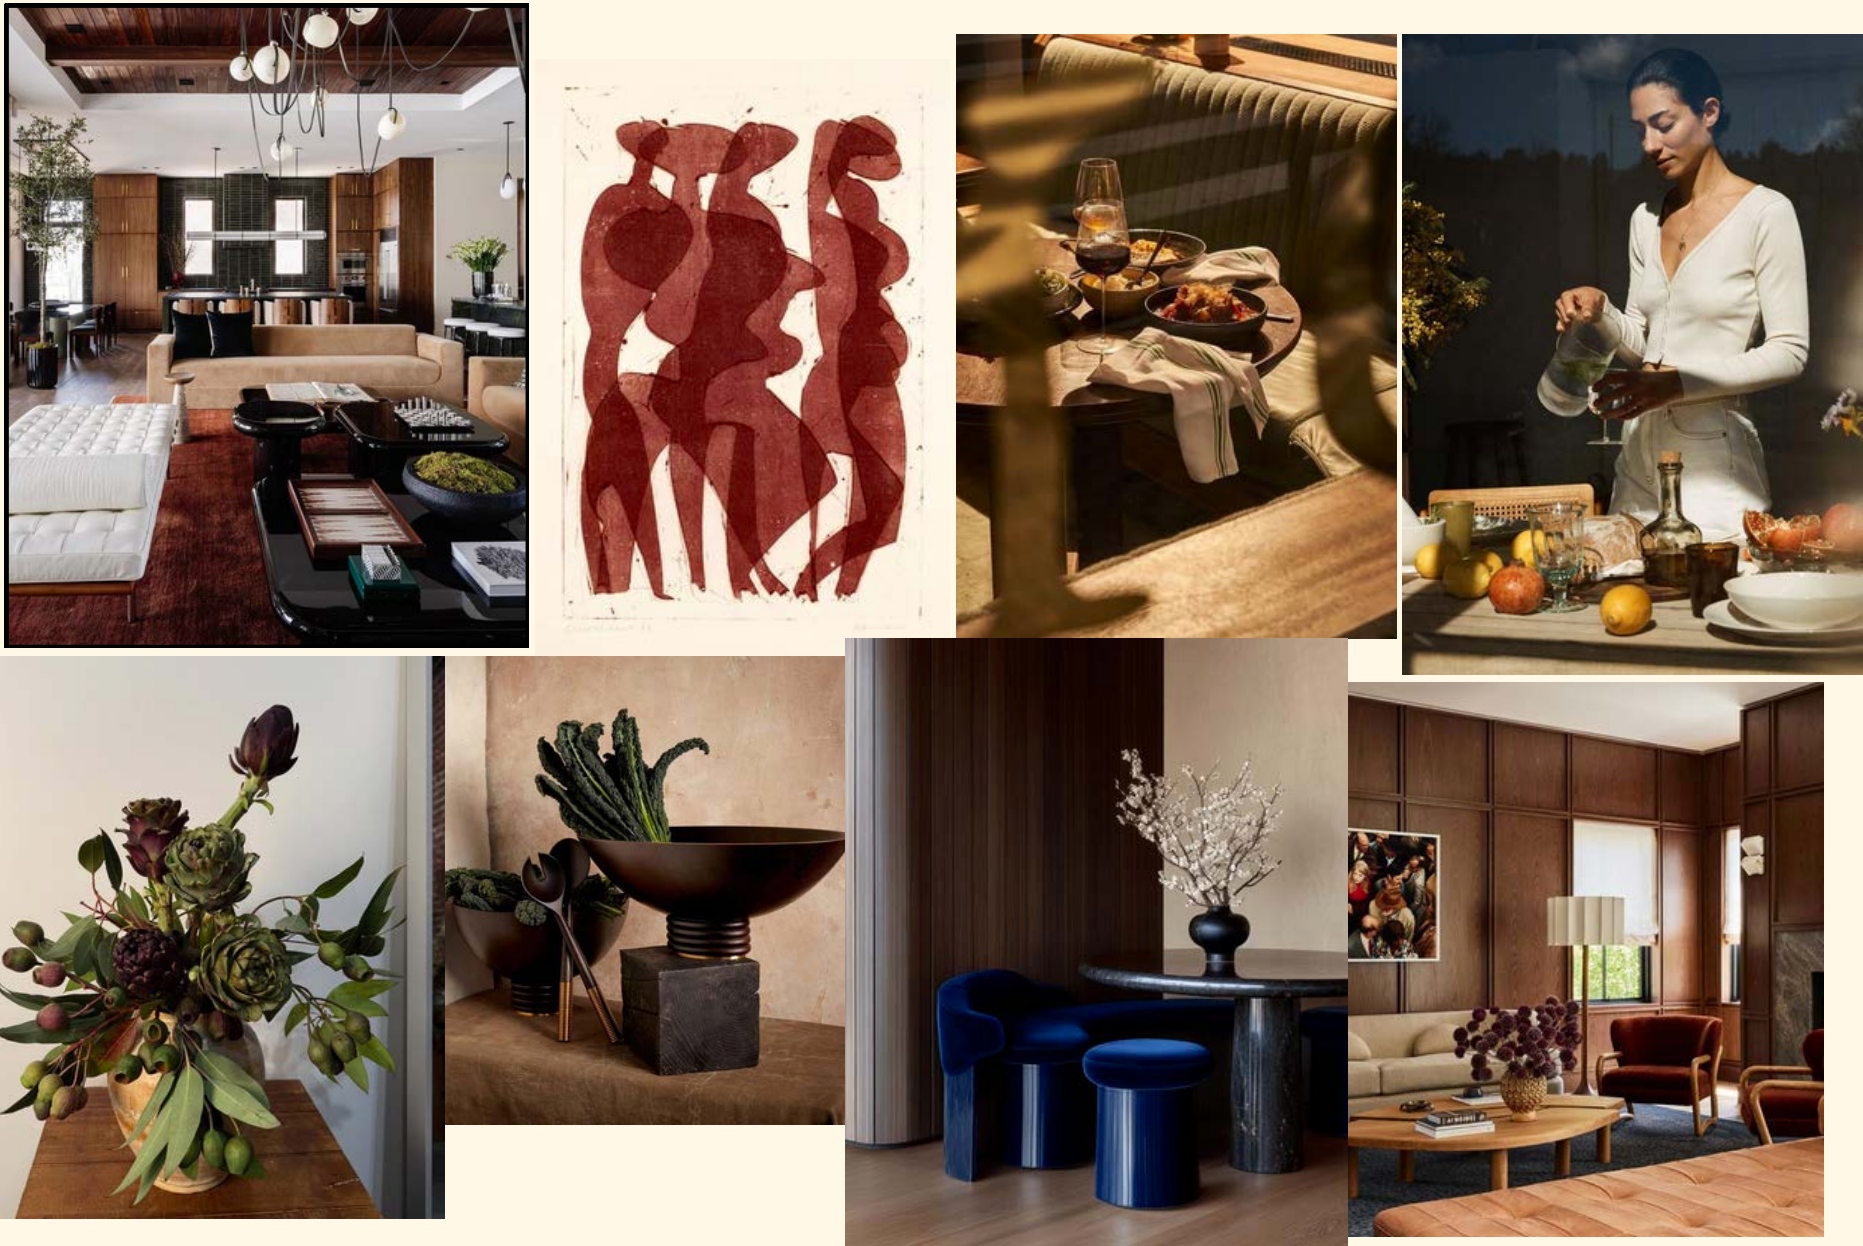

“WHERE MODERN MOODY MEETS EUROPEAN”

Project Ivy is for a Dallas home renovation, where the client Ivy Hennessy, is looking for a European style that brings moody tones, natural elements, and bold design statements. The project calls for a high-end look that accommodates the client’s twin nieces and her hobbies. Architectural details, splashes of color & pattern, and natural light will be used for a timeless take on European modern eclectic.

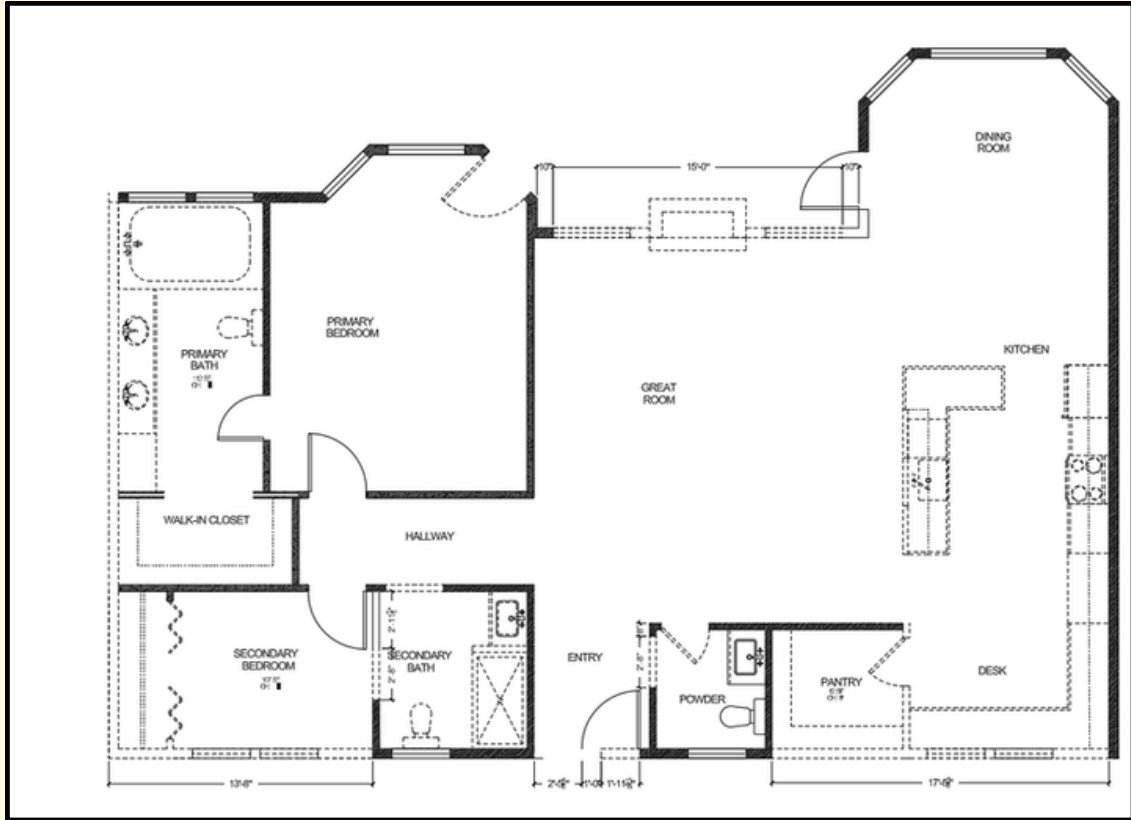

KEY POINTS

- Secondary Bedroom accommodating for 2
- Boxing Gym
- Extra Storage
- More natural light
- Subtle pops of color
- Bold Design moments

PROJECT OVERVIEW

“COZY LIBRARY MEETS MODERN ORGANIC LIVING”

Project Liska is a living room redesign for a fellow design student, Campbell Liska, that loves organic modern living. Based on the client’s living style the design will be inspired by a cozy library aesthetic for lounging and desk working so the space serves as multifunctional living. Natural elements and warm neutral tones will be paired with jewel tone pops of color to create a well-balanced palette that warms the space for a modern timeless design.

KEY POINTS

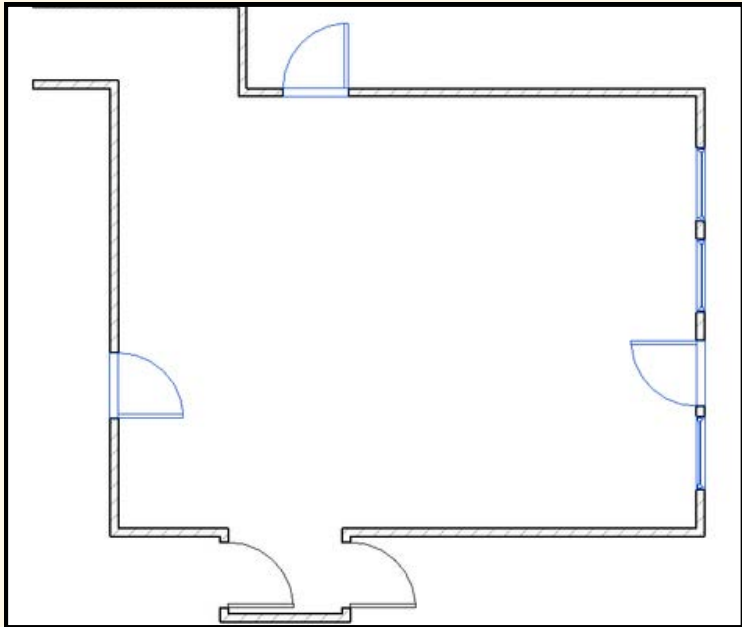

- Warm Organic Modern Style
- Neutrals & moody colors with jewel tone pops of color
- Natural Materials
- Multiple sources of light
- Built-ins for Books and Tv
- Tea & wine snack bar
- Prefer sectional sofa

PROJECT OVERVIEW

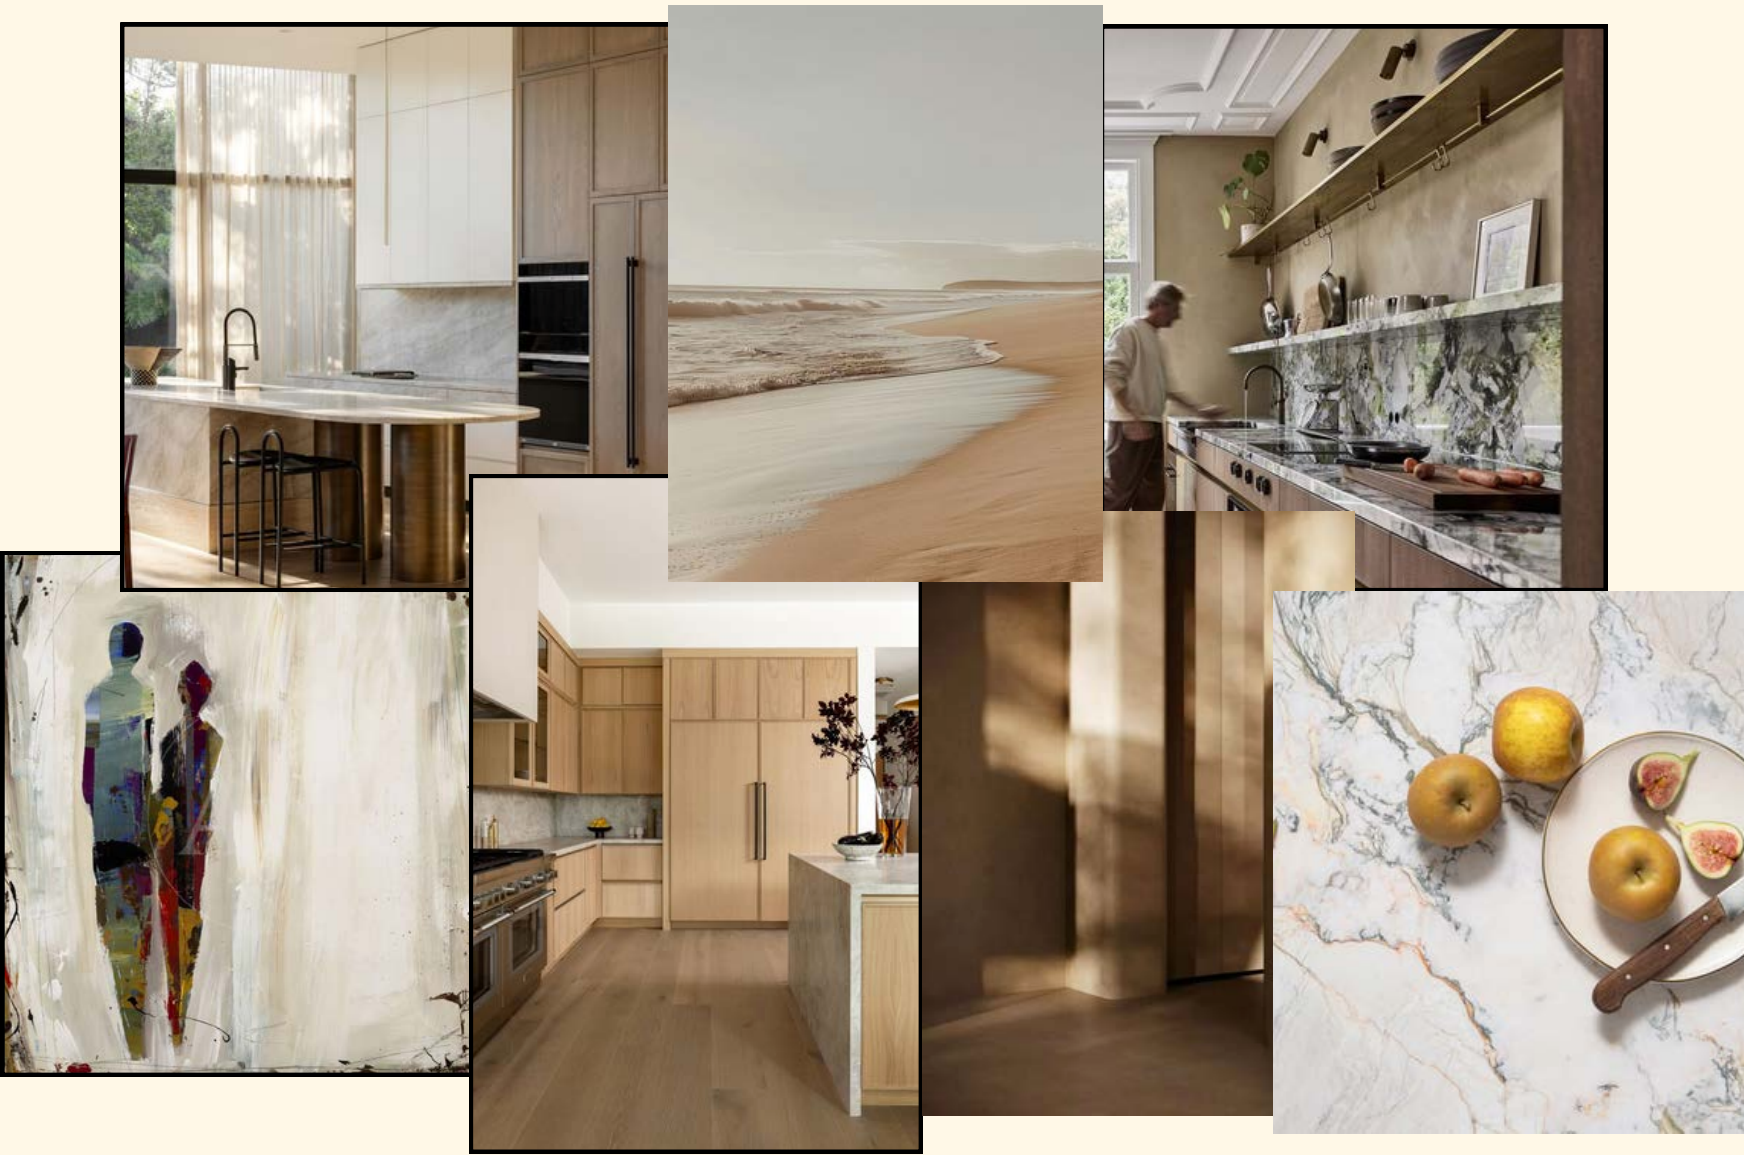

“MODERN MINIAMALIST MEETS CALIFORNIA LIVING”

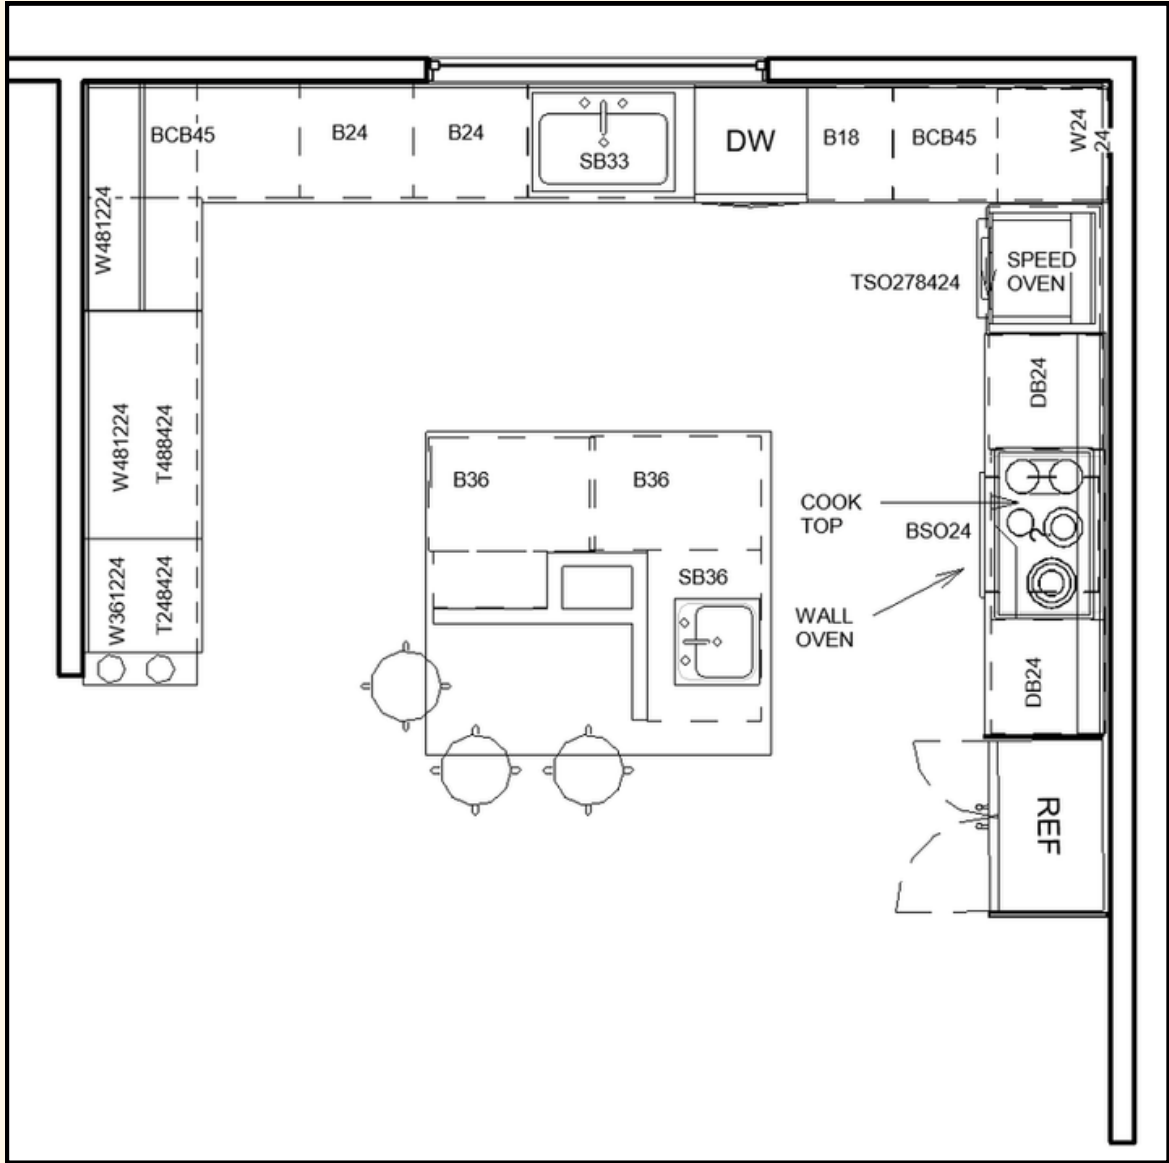

Project Larson is kitchen & bath renovation in Santa Barbra, California for a tech savvy couple, Don & Diane Larson, who is looking to turn their gray toned builder grade kitchen into their personal custom style. The project will be inspired by California living with materials that reflect water, sand, and the bright beach palette that makes the space feel clean, minimal, warm, but rich in details.

KEY POINTS

- Modern minimalist
- Clean lines & bright palette
- Modest/tight budget
- Open to repurpose
- Maintain resale value
- Pet cat
