# WELCOME TO LENOVA<sup>®</sup>

DESIGN INSPIRED BY FUNCTION

**Discover a company where design is inspired by the beauty of life, nature, and function. Here at Lenova we transform the ordinary into the extraordinary.**

Lenova is known for its impressive handcrafted sinks from an array of fine quality materials from globally sourced stone to sustainable harvested bamboo. We are proud to continue this tradition in our 2018 catalog with an extensive collection of exquisite sinks. You will also be impressed with a complete line of faucets and accessories that will complement your style.

Our award-winning Ledge Sink is a ground-breaking design that won Best of the Year from Interior Design Magazine and 2017 Kitchen Fixtures Best of the Year Honoree for the PermaClean Ledge Apron Front Sink. With its impressive stainless steel construction and functional accessories, your Lenova Ledge Sink will last a lifetime, even in the busiest kitchens.

Our line continues to include a full selection of solid stainless-steel faucets too. Our faucets include a wide variety of models designed to fit any kitchen with styles ranging from sleek and modern to elegantly traditional.

Staying true to our designs inspired by the beauty of life, nature, and function; you can, choose your design crafted sink with elements we offer such as stainless steel, composite, porcelain or glass. Maybe, you are looking for organically-inspired, such as fire clay, stone, copper, bronze or bamboo. The possibilities are endless.

Founded in 2007, Lenova's idea is that luxury design should be stunning and affordable. The visionary behind this concept is Chris Lee, an entrepreneurial spirit with an extensive background in sink manufacturing. Lenova, a celestial-inspired name for our company reflects Chris's dream of establishing a new star in the decorative plumbing industry, one that blazes to new heights of design, quality, and customer service.

As Lenova continues to grow, we have remained true to our vision. We work to help protect the environment with respectable business practices that allows us to be sustainable. We inspire our employees and believe in the quality of our products. Most of all we appreciate our business partners and clients. Our customer service is committed to ensuring each customer has an impeccable experience.

The award-winning **LEDGE SERIES** features an engineered platform in the front and back of each sink that converts it to a food prep center when accessorized with optional stainless steel colander, unique roll-up grid drainer and bamboo cutting board. The double bowl features a low divider so large pans with long handles fit easily. Designed to be either drop-in or undermounted, the sinks are constructed of durable, commercial-grade 16-gauge 304 stainless steel to ensure they will last a lifetime in a busy kitchen. Our **LEDGE SERIES** won Best of the Year from Interior Design Magazine.

**ONE-HALF  
RADIUS  
COLLECTION**

Sink: SS-1/2Ri-S1

In the **ONE-HALF RADIUS** Collection the commercial look and feel of the sink is softened by the 1/2 inch radius easy to clean corners. Hand made with premium grade 304 16-gauge stainless steel, these sinks have an easy to clean satin finish and feature 5-Sides of sound baffling pads and heavy duty insulation and our superior X Channel drainage system.

# ENTERTAINER SINK

The **ENTERTAINER**, it's the center of attention before, during and after the party. A split cutting board hides the sink and preserves precious counter space when not in use, a wine chiller, a condiment station, and bar during the party and then clean up station after the party. The Entertainer is more than the sum of its parts and will prove to be the gathering spot at your next party.

The bamboo cutting boards and all the sink top accessories are included with the sink.

Our exquisite **COPPER KITCHEN COLLECTION** will add a richness that comes only from copper. Made of the highest quality copper in 15-gauge, they are lead and mercury free. Copper is considered to be a living finish that ages with use and develops a beautiful patina. Copper is also naturally hypoallergenic, recyclable and corrosion resistant. Each sink is hand hammered in a process called "work hardening" that strengthens the material. Known as the "red metal" copper possesses a color like no other. It will add a special warmth and beauty to any kitchen.

# THE EMPEROR'S COPPERSMITH

Not far from the gates to the Forbidden City sits the factory that makes our fine copper sinks. Said to be in the same building, with many of the same tools, by the same family that has been there hammering copper for centuries. True beauty is timeless.

# COPPER BATH COLLECTION

Our sensual **COPPER BATH COLLECTION** will give any room a soothing atmosphere. Made of the highest quality copper in 15-gauge, lead and mercury free. Copper is considered to be a living finish that ages with use and develops a beautiful patina. Copper is also naturally hypoallergenic, recyclable and corrosion resistant. Each sink is hand hammered in a process called "work hardening" that strengthens the material. Known as the "red metal" copper possesses a color like no other and will add a special warmth and beauty to any bath or powder room.

# BRONZE BATH COLLECTION

The **BRONZE COLLECTION** casts a bewitching spell with intricate details and organic beauty. Hand cast in high relief from the finest bronze, the collection is a compelling tribute to the natural beauty that inspired it as well as the laborious craftsmanship that created it. There is no mass production here. Each sink is a singular work of art in its own right, individually hand cast and carefully finished by hand to give it a unique rustic patina. The finished result is certain to add an unexpectedly earthy element to any bathroom.

The **GLASS VESSEL** Collection expresses a celebration of water in the form of glass. Made of tempered glass, these vessels undergo an 11-step process through many gifted hands to create beautiful works of art. Choose a basin with translucent colors, clear or frosted surfaces that range from sleek and smooth to elegantly textured to create a chic art-glass centerpiece for your bath

The **PORCELAIN UNDERMOUNT** sink is elegant in its squared top line and curved bottom. Made from our own formula of high quality fine porcelain clay mixed with other special materials, molded to shape and heated to over 2,400 degrees Fahrenheit. Our factory is located in a town with more than 400 years of porcelain making experience. This process, plus our history, is what gives our porcelain its strength and luminous beauty.

The **STONE ABOVE COUNTER** Collection is a stunning example of elegant simplicity. There are few more beautiful elements than natural stone that is crafted and polished to perfection. This process begins with a solid block of 100% natural stone that is then given its rough shape. Then skilled stone craftsmen take up to 10 days to hone each sink to its final form. Since the detailed grain displayed in no two blocks of stone are alike, each sink is a one-of-a-kind creation and an elegant focal point of any bath.

STONE SENSATION

Sink: ST-37-WM Stainless Standard: SVS-36 Faucet: B488SS

# STONE & STAINLESS BATH VANITY

Together LENOVA's solid natural **STONE SINKS** and chic **STAINLESS STEEL STANDS** create a vanity that is at home in any bath design. The warmth of solid stone matched with the sleek lines of a satin-finished stainless steel stand creates an elegantly sophisticated centerpiece for the bath. The sinks are available in three standard sizes and three colors to compliment most bathrooms. The unique hidden drain system in the back of the sink provides a clean look to these handcrafted sinks. The sinks and stands are available separately for maximum flexibility.

Sink: NG03BK Faucet: SK100

The **NOVAGRANITE COMPOSITE APRON FRONT LEDGE PREP SINK** offers all the function of our award-winning Ledge Series paired with the elegance of stone. The **NOVAGRANITE COMPOSITE SINK** is crafted from a proprietary mix that is 85% crushed granite as well as other organic materials and binders. The high density of the granite makes the sink extremely durable and resistant to scratches, chips and stains, and highly heat tolerant. Available in antique white or black, the sink's distinctive stone front brings a touch of earthy elegance to the kitchen.

The **NOVAGRANITE COMPOSITE** Sinks bring a new level of science into the kitchen. The material is a mix of 85% crushed granite powder and 15% organic and non-toxic chemical materials. The high density of granite in these composite sinks makes them highly resistant to scratches, chips and stains. The heat handling capabilities of this composite will allow you to take a hot pan from the stove directly to the sink without danger of burning or marring the finish. Because of the ingredients, **NOVAGRANITE** is completely recyclable. **NOVAGRANITE** combines stone and science resulting in fresh and exciting sink styles.

## OZONE IS MOTHER NATURE'S ANTI-MICROBIAL DISINFECTANT

- Ozone water will improve food's shelf life, remove odors and increase the level of protection from food born illnesses.
- Ozone is 100 times stronger than Chlorine and kills bacteria 3100 times faster.
- Ozone kills ALL common Food Pathogens: E-coli, Listeria, Shigella, Salmonella, Norovirus and Legionella; and removes pesticides.
- Ozone can eliminate the use of hot water and conventional sanitizers.
- Ozone is chemical free; more effective than chemical cleaners, but it produces no toxic by-products and leaves no residues.

The **AQUALOGIC OZONE FAUCET LINE** is the first and only faucet to be a conventional hot/cold faucet and a green, ecologically safe way to clean food and hands and any other water safe surface without any chemicals or chemical residue. The faucet features a small, thin ozone generator that uses regular house current to economically and naturally produce ozone water. The **AQUALOGIC** line is simply as elegant in design as it is extraordinary in function.

This powerhouse faucet hides its extreme cleaning strength in a sleek form with sophisticated curves and modern style.

# TOUCH FAUCETS

Today's busy cooks will appreciate the easy operation of this elegant contemporary faucet, that allows water to flow with just a simple touch of your wrist or forearm on the body of the faucet.

The **TK0 TOUCH FAUCET** is constructed with high-quality, non-leaded brass, and is coated with a state-of-the-art PVD finish to withstand years of use. Powered by four standard AA batteries, this faucet is exceptionally beautiful with a sleek design and smart features that include an automatic shut-off and integrated sensors to indicate water temperature for your safety and comfort.

# STAINLESS STEEL FAUCET COLLECTION

Our **STAINLESS STEEL FAUCET** line includes wide variety of models designed to fit any kitchen with styles ranging from sleek and modern to elegantly traditional, in single lever or dual handles. As with all Lenova products, the faucet line is designed not only for its beauty but is built to last. The type 304 stainless steel construction eliminates the concern associated with lead, and the satin polish on the stainless surfaces insures a lifetime of good looks with minimum care. All the faucets have long-life ceramic disk cartridges, the stream and spray heads are stainless steel a 10 year limited lifetime warranty is standard on the stainless components.
