## Designed by Us, Personalized by You.

Your style, your space, your needs. At Americh, we believe that you know what's best for you. If your bathroom is your sanctuary, our goal is to make sure that our products meet your standards.

Americh provides you with a comprehensive palette of designs, features, accessories, sizes, and bathing systems from which to choose supported by outstanding customer service and exacting environmental standards. Our skilled artisans will build your bathtub according to your specifications, right here in the United States.

In these pages, you'll see our bathtubs in a range of styles: classic and contemporary, individual and shared, cozy and chic. Our customized approach produces bathtubs that fit seamlessly into any bathroom, any life, any style.

## All things Americana!

Our new look pays homage to a few fantastic American artists who have given the world some of the most iconic images from the United States. Using color, and a little audacious creativity, our fantastic team brought our new look to life. We hope to take you on a fun, thought provoking journey showcasing our original products and ideas, and the amazing work of the people who bring our products to life every day.

## History

In 1982, as the one-size-fits-all mold was broken, Americh made a splash in the industry, creating an exciting and unique customized bathing experience. Expertly crafted Americh designs reflect timeless elegance and classic lines, energized by subtle European influences.

We believe simplicity is the essence of quality and enduring style. Our extensive collection of designs, broad palette of colors, and selection of finishing touches create endless possibilities, allowing the customer to design a personalized bathing experience.

For more than 35 years Americh has remained true to our founder's philosophy of providing clients with cutting edge designs and a level of quality that is unmatched in the industry. Americh has been known for its innovative ideas and a flair for stimulating the imagination of designers and home enthusiasts alike. At its very heart, Americh is about facilitating the transformation of an ordinary bathroom into a personal refuge and sanctuary of self-care.

## Made in the USA

Proudly crafted and always unique, Americh began production in North Hollywood, California. In 1985 Americh expanded its production capabilities to Charlotte, North Carolina, enabling more efficient product delivery and a full 12 hours of customer service and technical support each day. Our employees are dedicated to providing customers with the highest quality service and products.

## Freestanding Collection

Ranging from elegantly traditional to minimalist contemporary, the styles of our Freestanding Collection are widespread. The expertise of our skilled artisans in making seamless, beautiful, stand-alone baths transcends all luxury expectations.

# Live in Color

Every design has a story, a theme, and a color scheme. Select your desired color(s) and Americh will apply it to your bathtub. Our colorizing process can match any color and our team of skilled craftsmen can build your bathtub with 1 or 2 tone color schemes.

When we say,

“Designed by Us,  
Personalized by You”

We mean it.

## Drop-In Collection

Americh offers the largest selection of drop-in style acrylic bathtubs in the industry. Whatever size, shape, or design, you can create a personalized bath to fit seamlessly into your space.

From contemporary, classic, traditional or the most unique stylistic design, Americh has it.

At Americh, If you can dream it, we can build it.

## Shower Base Collection

Americh offers two distinct collections of acrylic shower bases with over 100 different sizes to choose from.

In our Standard Collection, choose from single, double, neo angle and barrier free bases, to meet your specific showering preferences.

Our Designer Collection offers a more contemporary design, a low profile threshold and a choice of square or channel drains. These shower pans have been designed to accommodate neo angle, single, double, triple and freestanding applications, giving you the flexibility to design the shower that fits your style.

# CHOOSING A SHOWER BASE

Our two full shower base collections, Designer and Standard, offer distinct looks, features, and configurations for the perfect fit.

## Select Your Experience

### Soaking Bathtubs

Submerge yourself in an environment of profound serenity and blissful healing. Extra deep Americh® soaking bathtubs provide superior heat retention, along with sensitive ergonomic designs for refined comfort.

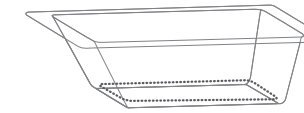

### Whirlpool Bathing Experience

Imagine the healing benefits of a deep tissue massage combined with warm circulating water. Our highly advanced hydro-massage system penetrates hidden tensions, stimulates circulation, and restores vital energy sources.

Various pressure and direction levels give you personal control of your massage. Americh's hydro-massage jets have the lowest profile in the industry.

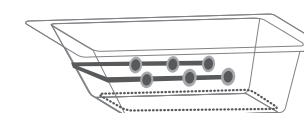

### Airbath Bathing Experience

Airbath® II  
or Airbath® V  
Perimeter

Surprise your senses with gentle bursts of warm air bubbles, invigorating your body and spirit with restorative energies. The Airbath® II system (perimeter-placed jets) also has a luxurious heated back.

### Whirlpool-Airbath Bathing Experience

Whirlpool & Airbath® II  
or Airbath® V Combo  
Perimeter

For the ultimate pampering, indulge in the restorative powers of a combination system. Enjoy the deep muscle massage of whirlpool, the soft sensuous touch of Airbath®, or revel in both sensations simultaneously; our combo systems offer the maximum range of therapeutic, invigorating, and pleasurable options.

### Americh Nanobubble Experience (ANEX)

#### ANEX is a facial for your body

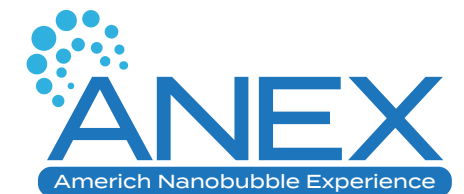

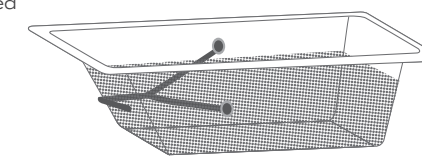

Oxygen and water play an important role in the health of our largest organ, our skin. Americh Nanobubble Experience (ANEX) deep cleans your skin, allowing your skin to absorb the maximum amount of oxygen which enhances skin cell growth, improve functioning of blood vessels and stimulates the body's immune system.

#### ANEX is not a massage system but a skin conditioning therapy

It has proven to be helpful with skin problems like eczema, psoriasis, rashes, itching and redness. Leaves skin feeling hydrated, soft and supple. This experience can be added to any tub that can accommodate other hydro massage options.

#### Nanobubbles

Skin conditioning with oxygen, not chemicals. The Nanobubble supersaturates the water with oxygenated nanobubbles. As the nanobubbles enter the water, they form a dense cloud that envelops the body in a milky looking bath. Because the Nanobubbles are only 10 microns in diameter and the skin pores are approximately 50 microns they enter the pores, exfoliating and cleaning skin pore impurities while removing oily deposits.

## Ozone

Energize your tub with Ozone! Ozone, or energetic oxygen, uses natural UV light as a powerful oxidizer of contaminants in the water. Ozone purifies naturally, even oxidizing soaps, deodorant, hair spray, cologne, makeup, perfume, body lotion, hand cream, to name a few. In addition it helps clean the water from the natural oils on your skin. It also helps destroy bacteria, viruses, and algae. Ozone offers that care-free environment that enhances your bathing experience. The Ozone accessory is only available on whirlpool and airbath systems.

Ozone

## Pillows

Americh offers two styles of comfortable gel pillows to maximize the bather's comfort. These pillows include a light, cleanable adhesive backing so pillows will stay in place.

## Pumps & Heaters

### Syllent Pump - SYLLENT IS GOLDEN & WARM TOO!

As the quietest pump available, the Syllent pump provides a truly peaceful and relaxing hydrotherapy experience.

The Syllent pump also maintains a constant water temperature through heat transfer which not only eliminates the need for an inline water heater but consumes 60% less energy while increasing the water flow by 15%.

The Syllent pumps unique design allows the bather to listen to the movement of water instead of the hum and vibrations of a standard pump.

\*The Syllent pump is included with the Platinum Series and available as an upgrade on both the Builder and Luxury Series.

Syllent Pump

**Inline-Heater** – designed for the whirlpool bath and operates whenever the whirlpool system is running.

Inline Heater

**Serenity Soak** – designed for non-jetted bathtubs and is a low voltage water circulation system that operates with minimal water movement.

# Accessories

## Remote Control

Our completely waterproof remote control is ergonomically shaped, lightweight and fully submersible. The remote attaches to the side of your bathtub with strategically placed magnets for effortless access.

## Thermal Comfort System

The Thermal Comfort System enhances your bathing experience with a special heating pad built right into your neck and shoulder areas while you soak! Easier yet; you can simply sit in the bathtub without water and enjoy the feel of heat penetrating deeply to soothe your sore and aching muscles.

## Tile Flanges

Our tile flange options are great for one, two or three wall installations. The tile flange provides a barrier to assure water does not drip behind the tub which could cause unnecessary water damage.

Metal Tile Flange (Factory installed)

Rubber Tile Kit (Field installed)

Molded Tile Flange (Factory installed)
