# Culinary Faucet Spring Options

Unique to California Faucets is the ability to choose an alternate Coiled Spring finish. The optional Coiled Spring finish is pre-determined by the faucet finish, as indicated on the chart below. If the selected faucet finish is not indicated below (**Polished Chrome, Satin Chrome, Polished Nickel, Satin Nickel, Satin Copper, Ultra Stainless Steel, White, and Biscuit**), the Coil defaults to standard Stainless Steel.

When specifying a coil finish other than standard Stainless Steel, replace 150 with 150F. For example: K50-150F-BST.

**Optional Custom Spring Coil Finish add \$149**
