

NINER PHARMACEUTICALS LLC

APRIL 12

NINER PHARMACEUTICALS LLC

Executive Summary

Introduction

At Niner Pharmaceuticals, we're proud to be among the top pharma companies in the GCC, with sister entities registered in various parts of India. Our headquarters are based in Dubai, where we work tirelessly to produce a full range of quality pharmaceutical products that meet the highest standards of WHO, GMP, and the Pharmaceutical Inspection Convention and Co-operation (PIC/S).

We believe that packaging is just as important as the product itself, which is why we pay special attention to ensuring our pharmaceutical products are packaged with care and attention to detail.

“We will not waver in our commitment to integrity, good ethics, and a steadfast dedication to those core values”

At Niner Pharma, our mission is simple: to create a happier, healthier society by making world-class pharmaceutical products available at an affordable price. We're passionate about helping people lead healthier, happier lives, and we believe that by making our products accessible to all, we can make a real difference in the world.

Our mission is clear: we must uphold our social responsibilities and ensure that all members of society have access to the highest quality healthcare services. We will not waver in our commitment to integrity, good ethics, and a steadfast dedication to these core values.

Furthermore, we strive to become a leading force in the global pharmaceutical industry, offering a diverse and innovative portfolio of pharmaceutical products that improve the lives of people around the world. We believe that through our hard work,

determination, and unwavering focus on excellence, we can achieve greatness and make a positive impact on the world.

We will not settle for mediocrity or compromise our standards. We will continue to push the boundaries of what is possible, using cutting-edge research and development to create life-changing medicines and treatments. With our passion and drive, we will revolutionize the pharmaceutical industry and leave a lasting legacy of success and achievement.

Mission

It is with great pride and passion that I today to share our vision for the future of healthcare. As a global healthcare organization, we are committed to becoming the leading pharmaceutical player in the industry by upholding our core values of innovation, quality, and competence.

Our goal is to not only be recognized as a domestic and internationally integrated healthcare and pharmaceutical company, but to also leave our mark on society by creating a portfolio of low-cost medicines available across the globe. We understand that access to affordable healthcare is a fundamental human right, and we are dedicated to making it a reality for all.

Our mission is clear: to always ensure high-quality standards and cost-effective products. We will not rest until our vision becomes a reality. We will push the boundaries of innovation, constantly seeking out new and improved ways to deliver healthcare solutions to those who need it most.

Make no mistake, this is not just a business for us. It is a calling. A calling to use our resources, our knowledge, and our expertise to make a real difference in the world. To create a better tomorrow for ourselves, our loved ones, and our communities.

Emphasis

Our emphasis is not only on being a leading manufacturer of pharmaceutical formulations, but also on delivering exceptional quality and affordability to our consumers. We understand the importance of packaging in preserving the integrity and efficacy of our products, and we take special care to ensure that our pharmaceuticals are packaged according to Regulated Authorities norms.

We are dedicated to meeting the needs of our customers and have established ourselves as a trusted name in the pharmaceutical industry. Our Third-Party Manufacturing services enable us to provide a broad range of products to small, medium, and high pharmaceutical companies, allowing us to make a positive impact on the healthcare industry.

At the heart of our success is our team of highly qualified professionals who share our commitment to delivering quality healthcare products. We are dedicated to investing in our people, processes, and equipment to maintain our position as an industry leader.

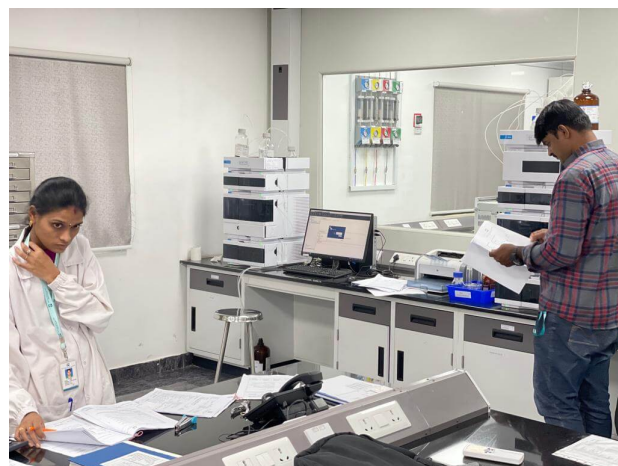

“We are committed to empowering people and improving healthcare outcomes for all”

In summary, OUR EMPHASIS is on delivering high-quality pharmaceutical products at affordable prices, and we are committed to empowering people and improving healthcare outcomes for all.

Sister Companies

R&D

Niner Pharma and its sister entity, Akums, that is set to transform the pharmaceutical industry as we know it.

For years, our companies have been at the forefront of developing innovative new formulations that enhance drug administration, patient comfort, and compliance. And now, we are proud to unveil our latest breakthrough: customized products.

That's right, with our state-of-the-art R&D center and dedicated F&D areas, we are now able to offer a level of customization in pharmaceutical products that has never been seen before. By tailoring our formulations to the unique needs and preferences of each individual patient, we can achieve unparalleled levels of efficacy, safety, and comfort.

But this is more than just a technical achievement. It's a testament to our commitment to putting the needs of patients first. We believe that every person deserves the best possible treatment, and that means taking a personalized approach to their care.

So, join us in this new era of pharmaceutical innovation. Let's work together to make customized products the new standard of care, and ensure that every patient gets the personalized treatment they deserve.
