

Meet Our Team – Prof. Moshe Gluzman

Aerospace, Innovation & Global Strategy Strategic Advisor

- **Global Cross-Sector Leader:** Built a distinguished international career spanning **aerospace engineering, academia, international business development, and philanthropy**, operating across the U.S., Europe, Russia, Israel, and Canada.
- **Aerospace & Engineering Innovator:** Contributed as an **aircraft systems designer at Tupolev Aviation** while simultaneously advancing academic excellence as a **Professor of Automation and Expert Systems**, bridging theory with real-world aerospace application.
- **Elite Academic & Research Contributor:** Advanced multidisciplinary expertise through **doctoral studies at Hebrew University of Jerusalem** and held a specialized **research position with the Academy of Hebrew Language**, focusing on engineering terminology and applied linguistics.
- **International Business Development Strategist:** Advised and partnered with leading organizations including **Internet Edge International, CSI, Inc., and Active International**, driving **cross-border growth strategies and high-value corporate partnerships**.
- **Joint Venture Architect & Investment Leader:** **Co-founded StarTrade Fund**, a socially responsible mutual fund, demonstrating expertise in **investment structuring, joint ventures, and strategic capital deployment in public markets**.
- **Global NGO & Diplomatic Engagement:** Represented non-governmental organizations across **Italy, Austria, the United States, and Canada**, strengthening **international collaboration, policy alignment, and mission-driven initiatives**.
- **Philanthropic Impact Champion:** Served as **Chairman of the Peter Sheehan Diabetes Care Foundation**, leading initiatives that advanced healthcare awareness, support systems, and community impact at scale.
- **Education & Innovation Pioneer:** Co-founded **Abeema.org**, developing the **Theatrical Elements™ teaching pedagogy**, an innovative model integrating creativity, education, and performance to transform learning environments globally.
