

SAM JAKOBS

***President, Strategic Partner Group
Global Business Strategist | International Business Statesman |
United Nations Advisory Council Member***

Executive Profile

Sam Jakobs is an internationally recognized business executive, strategic growth architect, and global business leader with more than four decades of executive leadership spanning banking, finance, public companies, technology, and international business development. As President of Strategic Partner Group (SPG), he leads a global ecosystem connecting corporations, governments, investors, entrepreneurs, family offices, and strategic advisors to accelerate growth, expand markets, facilitate capital access, and build high-value strategic partnerships. Recognized for uniting business, government, and investment leaders, he was the only American invited to speak at India's national 'Make in India: Making It Work' seminar.

In addition to Mr. Jakobs' extensive background in health and wellness, he serves as President, Global Operations & Marketing for Niner Pharmaceuticals LLC (Dubai, UAE), leading its U.S. market expansion and international strategic partnerships. Mr. Jakobs has been elected and appointed to distinguished international leadership positions recognizing his contributions to global business, economic development, humanitarian leadership, and international cooperation. He was elected Honorary Doctor of International Business Development; Member of Honor of the Royal Heritage Academy; appointed to the Advisory Council of WAFUNIF; and elected Chief of Business, Finance & Human Resources Development for the International Human Rights Observatory (IHRO).
