ABOUT US

Strategic Partner Group (SPG) is a global business consortium dedicated to driving business growth, fostering international collaborations, and unlocking market potential. With a robust presence in **Africa, India, Europe, South America**, and the **United States**, we create opportunities for companies seeking cross-border expansion, strategic partnerships, and access to capital.

Our team consists of seasoned experts with deep industry knowledge and a proven track record in finance, business development, and strategic advisory. Our worldwide network of industry leaders, investors, and stakeholders enables us to deliver customized solutions that generate growth, increase revenue, and revitalize communities.

WHO WE ARE

We are catalysts for business transformation. SPG provides innovative solutions for companies aiming to expand their market presence, secure funding, and build strategic alliances. With expertise in **global market expansion**, strategic partnerships, and business development, we empower clients to achieve their objectives through tailored strategies and impactful collaborations.

We excel at forging powerful, strategic connections and alliances that drive growth and open new opportunities. Our ability to facilitate **cross-border strategic partnerships** makes us a vital link for companies looking to grow globally, break into new markets and strengthen their industry influence. SPG serves as a vital bridge between **public and private sectors in the business community**, fostering mutually beneficial relationships that drive business success.

EMPOWERMENT INITIATIVES

SPG is currently working on a number of empowering initiatives including working with **veteran groups from around the world**, championing their growth through business opportunities and empowerment initiatives. SPG is also committed to **neurodiversity** and the **empowerment of women**, ensuring inclusivity and diversity are at the core of our business strategies. SPG provides innovative solutions for companies aiming to expand their market presence, secure funding, and build strategic alliances. With expertise in **global market expansion**, strategic partnerships, and business development, we empower clients to achieve their objectives through tailored strategies and impactful collaborations.

We excel at forging powerful, strategic connections that drive growth and open new opportunities. Our ability to facilitate **cross-border partnerships** makes us a vital link for companies looking to grow globally, break into new markets, or strengthen their industry influence. SPG serves as a bridge between **public and private sectors**, fostering mutually beneficial relationships that drive business success.

OUR PHILOSOPHY

INNOVATION

We thrive on creative problem-solving, identifying unique opportunities, and implementing forward-thinking strategies that align with dynamic market trends. By leveraging cutting-edge technology and industry insights, we help businesses navigate complex challenges and seize emerging opportunities.

BEYOND CAPABILITY

Our capabilities extend far beyond traditional consulting. We combine global market expertise with local knowledge, enabling us to deliver practical, results-driven solutions. Our team's diverse experience in **finance, procurement, and strategic growth** allows us to structure transactions and partnerships that yield high-impact results.

COMMITMENT

We are dedicated to creating sustainable business ecosystems. By fostering partnerships and promoting economic development, we empower companies to expand, create jobs, and drive positive social change. Our commitment to **community revitalization** transforms business growth into long-term prosperity. Through our involvement in local and global economies, we strengthen infrastructures, create employment opportunities, and empower underserved communities.

INTEGRITY

Trust and transparency are the foundation of SPG. We build lasting relationships by delivering consistent, dependable, and ethical services. Our clients rely on us for **honest guidance**, reliable execution, and unwavering support. With SPG, you gain a trusted strategic partner committed to your success.

OUR IMPACT

SPG's work has a measurable impact on businesses and communities alike. Our initiatives:

- **Enable cross-border growth:** We help companies expand into new international markets, establishing strong and sustainable partnerships.
 - **Facilitate capital access:** Through our extensive network, we connect clients with investors, lenders, and funding opportunities.
 - **Drive community revitalization:** By fostering business growth, we create jobs, stimulate local and global economies, and promote long-term prosperity.
 - **Empower nations and emerging markets:** Our targeted initiatives in **Africa, India, and South America, as well other regions throughout the globe** focus on capacity building, infrastructure development, and empowering business and entrepreneurs.
-

OUR TEAM

Sam Jacobs – President

Sam Jacobs brings over four decades of experience in banking and finance, having raised over **\$500 million** in loan transactions. His leadership drives SPG's mission to help businesses access capital and achieve growth. Sam's expertise in **funding strategies and business financing** makes SPG a premier partner for companies seeking financial expansion and operational success.

Rick Reese – Operations Director

Rick Reese is an accomplished senior consultant, US military veteran, and entrepreneur with 40+ years of experience in **business development and operations**. His expertise in **strategic planning, military systems acquisition, satellite operations, logistics, and procurement strategies** strengthen SPG's ability to deliver high-impact solutions and drive measurable business outcomes.

GLOBAL PARTNERS

Our team includes industry experts and strategic advisors situated around the world. Their diverse backgrounds and extensive networks empower SPG to deliver exceptional results for clients across industries and continents. Our partners bring decades of experience in finance, procurement, technology, and business development, ensuring that SPG provides comprehensive, world-class solutions.
