

ORDINANCE NO. 27-01

AN ORDINANCE ENABLING CHILOQUIN – AGENCY LAKE RURAL FIRE PROTECTION DISTRICT, dba CHILOQUIN FIRE AND RESCUE (CF&R) TO RECOVER COSTS ASSOCIATED WITH THE DELIVERY OF SERVICES.

Whereas, the Board of Directors, (hereinafter referred to as “the Board”), of Chiloquin – Agency Lake Rural Fire Protection District, (hereinafter referred to as “the District”), being aware of the need to develop adequate policies and regulations that enable the District to recover costs for services provided by District personnel; and

Whereas, the District occasionally is asked to respond outside its boundaries to provide public safety services to unprotected or inadequately protected areas; and

Whereas, the District may respond to aircraft incidents and incidents on transportation routes which could create considerable cost burden upon the district taxpayers; and

Whereas, the District, pursuant to ORS 478.310, shall be paid the contract or reasonable value for use of apparatus and equipment and other expenses reasonably incurred in furnishing services; and

Whereas, the District can use service cost recovery as a financial disincentive to encourage individuals and business owners to correct fire code violations and limit unnecessary impacts on District response and enforcement resources; and

Whereas, the District pursuant to ORS 478.410, has the statutory authority to adopt an ordinance creating a fee for any service provided by the district; and

Whereas, a fee created under ORS 478.410 may not exceed the cost to the District of providing the service; and

Whereas, the District pursuant to ORS 478.965, has the statutory authority to recover costs of suppressing unlawful fires; and

Whereas, fees and charges imposed by this resolution are not taxes subject to property tax limitations of Article XI, Section 11(b) of the Oregon Constitution; and

The District finds it necessary to adopt the following ordinance; therefore

SECTION II -DUTIES AND POWERS

A. The regulations adopted as part of this ordinance shall be enforced by the Fire Chief of the District, who shall have the authority to determine whether, and how much, to recover from those requiring services.
