

# Balnarring Medical Centre Privacy Policy

The objective of this privacy notice is to provide you, our patient, with clear information on how your personal information is collected and used within the practice. Occasionally we also need to share your personal information to involve others in your healthcare and this policy outlines when, how, and why we share your information.

## 1. Who can I contact about this policy?

For enquiries concerning this policy, you can contact [admin@balmed.com.au](mailto:admin@balmed.com.au)

## 2. When and why is your consent necessary?

When you register as a patient of this practice, you provide consent for the GPs and practice staff to access and use your personal information to facilitate the delivery of healthcare. Access to your personal information is restricted to practice team members who require it for your care. If we ever use your personal information for purposes other than healthcare provision, we will obtain additional consent from you.

It is important to us that as our patient, you understand why we collect and use your personal information.

## 3. Why do we collect, use, store, and share your personal information?

The practice collects, uses, stores, and shares your personal information primarily to manage your health safely and effectively. This includes providing healthcare services, managing medical records, and ensuring accurate billing and payments. Additionally, we may utilise your information for internal quality and safety improvement processes such as practice audits, accreditation purposes, and staff training to maintain high-quality service standards.

## 4. What personal information is collected?

The information we will collect about you includes your:

- names, date of birth, addresses, contact details
- medical information including medical history, medicines, allergies, and adverse reactions immunisations, social history, family history and risk factors
- Medicare number (where available) for identification and claiming purposes
- healthcare identifier numbers
- health fund details.

## 5. Can you deal with us anonymously?

You can deal with us anonymously or under a pseudonym unless it is impracticable for us to do so or unless we are required or authorised by law to only deal with identified individuals.

## 6. How is personal information collected?

The practice may collect your personal information in several different ways:

1. When you make your first appointment, the practice team will collect your personal and demographic information via your registration. We will also ask you at time to update this information if there are any changes.
2. During the course of providing medical services, we may collect further personal information. Information can also be collected through My Health Record and electronic transfer of prescriptions (eTP).
3. We may also collect your personal information when you visit our website, send us an email or SMS, telephone us, make an online appointment, or communicate with us using social media.
4. In some circumstances, personal information may also be collected from other sources, including: Often this is because it is not practical or reasonable to collect it from you directly. This may include information from:
  - Your guardian or responsible person.
  - Other involved healthcare providers, such as specialists, allied health professionals, hospitals, community health services, and pathology and diagnostic imaging services.
  - Your health fund, Medicare, or the Department of Veterans' Affairs (if relevant).
  - While providing medical services, further personal information may be collected via:
    - electronic prescribing
    - My Health Record
    - online appointments.

Various types of images may be collected and used, including:

- **CCTV footage:** Collected from our premises for security and safety purpose. Cameras are located at reception and at the entry of the building.
- **Photos and medical images:** These can be taken using personal devices for medical purposes, following the guidelines outlined in our guide on using personal devices for medical images.

## 7. When, why and with whom do we share your personal information?

We sometimes share your personal information:

- with third parties for business who work with the practice for purposes, such as accreditation agencies or information technology providers – these third parties are required to comply with APPs and this policy
- with other healthcare providers (e.g. In referral letters)
- when it is required or authorised by law (e.g. court subpoenas)
- when it is necessary to lessen or prevent a serious threat to a patient's life, health or safety or public health or safety, or it is impractical to obtain the patient's consent
- to assist in locating a missing person
- to establish, exercise or defend an equitable claim
- for the purpose of confidential dispute resolution process
- When it is a statutory requirement to share certain personal information (e.g. some diseases require mandatory notification)
- When it is provision of medical services, through electronic prescribing, My Health Record (e.g. via Shared Health Summary, Event Summary).

Only people who need to access your personal information will be able to do so. Other than providing medical services or as otherwise described in this policy, the practice will not share personal information with any third party without your consent.

We do not share your personal information with anyone outside Australia (unless under exceptional circumstances that are permitted by law) without your consent.

## 8. Will your information be used for marketing purposes?

The practice will not use your personal information for marketing any goods or services directly to you without your expressed consent. If you do consent, you may opt out of direct marketing at any time by notifying the practice in writing.

## 9. How is your information used to improve services?

The practice may use your personal information to improve the quality of the services offered to patients through research, analysis of patient data for quality improvement and for training activities with the practice team.

We may provide de-identified data to other organisations, including South Eastern Primary Health Network (SEMPHN), to improve population health outcomes. The information is secure, patients cannot be identified, and the information is stored within Australia. You can let reception staff know if you do not want your information included.

## 10. How are document automation technologies used?

Document automation is where systems use existing data to generate electronic documents relating to medical conditions and healthcare.

The practice uses document automation technologies to create documents such as referrals, which are sent to other healthcare providers. These documents contain only your relevant medical information.

These document automation technologies are used through secure medical software [Pracsoft/Medical Director](#)

All users of the medical software have their own unique user credentials and password and can only access information that is relevant to their role in the practice team.

The practice complies with the Australian privacy legislation and APPs to protect your information.

All data, both electronic and paper are stored and managed in accordance with the Royal Australian College of General Practitioners [Privacy and managing health information guidance](#)

## 11. How are Artificial Intelligence (AI) Scribes used?

The practice uses an AI scribe tool to support GPs take notes during their consultations with you. The AI scribe uses an audio recording of your consultation to generate a clinical note for your health record. The practice AI scribe service is Maiscribe.

### Maiscribe

- does not share information outside of Australia
- destroys the audio file once the transcription is complete.
- removes sensitive, personal identifying information as part of the transcription

The practice will only use data from our digital scribe service to provide healthcare to you.

## 12. How is your personal information stored and protected?

Your personal information may be stored in various forms. Information is stored in electronic records, visual records (e.g. x-rays, CT scans, videos and photos) and older paper records.

Our practice stores all personal information securely. Electronic records are backed up daily and password protected. Paper records are held in secure areas. All staff comply with confidentiality principles and confidentiality agreements are in place for all staff and contractors.

## 13. How can you access and correct your personal information at the practice?

You have the right to request access to, and correction of, your personal information.

The practice acknowledges patients may request access to their medical records. We require you to put this request in writing addressed to the Practice Manager at:

**Balnarring Medical Centre**  
**50 Balnarring Road**  
**Balnarring Victoria 3926**

The practice will respond to any requests to access or correct your personal information within 30 days

Fees will be charged to cover reasonable costs of providing these records (as permitted under Health Records Act 2002). The Health Records act also details the timeframes in which we will respond to your request.

The practice will take reasonable steps to correct your personal information where the information is not accurate or up to date. From time to time, we will ask you to verify your personal information held by the practice is correct and current. You may request we correct or update your information, and you should make such requests in writing addressed to the Practice Manager, Balnarring Medical Centre, 50 Balnarring Road, Balnarring, Victoria, 3926.

## 14. How can you lodge a privacy-related complaint, and how will the complaint be handled at the practice?

We take complaints and concerns regarding privacy seriously. You should express any privacy concerns you may have in writing, addressed to the Practice Manager at:

**Balnarring Medical Centre**  
**50 Balnarring Road,**  
**Balnarring, Victoria, 3926**  
**Telephone: 03 5983 1355**  
**Email: [admin@balmed.com.au](mailto:admin@balmed.com.au)**

We will then attempt to resolve it in accordance with the resolution procedure and will respond to you within 30 days.

If you do not feel we have resolved your issue You may also contact the Office of the Australian Information Commissioner. The Office of the Australian Information Commissioner will require you to give them time to respond before they investigate. For further information visit [www.oaic.gov.au](http://www.oaic.gov.au) or call the OAIC (Office of the Australian Information Commissioner) on 1300 363 992.

## 15. How is privacy on the website maintained?

Information about Balnarring Medical Centre is available on our website including information on privacy and a copy of our Privacy Policy.

Our website uses cookies, which may collect your personal information to allow us to more effectively provide information to you through our website and to allow us to perform website analytics. You are able to opt out of using cookies when entering our website.

We may collect your personal information when you provide it to social media accounts administered by us through your choice to follow our account/s and interact with our account through comments, likes or other actions available to you. We may use this information to provide responses to your queries and/or to assist in provision or improvement of our services.

## 16. Policy review statement

Our privacy policy is regularly reviewed to ensure compliance with current obligations.

If any changes are made:

- They will be reflected on the website.
- Significant changes may be communicated directly to patients via email or other means.

Please check the policy periodically for updates. If you have any questions, feel free to contact us.
