

# Verado Supercharger Repair

How to send in your supercharger for repair.

1. Fill out this form neatly and print. **Place a printed copy in envelope and tape to inside, top flap of box.**
2. Make [Appointment](#). Please choose a date that your supercharger will arrive by. Write date here: \_\_\_\_\_
3. Pack your supercharger well. Damage could cost extra time and money.
4. Ship the supercharger to:  
Verado Repair  
600 Diagonal St  
Algona, IA 50511
5. Timeline is 1 to 2 business days (Monday–Thursday) for 99% of units. Your unit will be inspected. If the case and drive pass inspection, your supercharger will automatically be repaired. You will receive a NEW IHI Turbo rotor pack from the factory, using IHI Turbo consumables parts kit with gaskets. The drive will be remanufactured with new SKF bearing, seal, and sleeve. All new units are tested before packing.
6. Payment is AFTER the work is completed.
7. Once completed, supercharger ships back at the speed you request.

Name: \_\_\_\_\_

Street Address: \_\_\_\_\_
