

TheraPay Now Beta Overview

Powered by Clinicians. Designed for Change.

OUR WHY

Built by therapists—for therapists.

TheraPay Now was founded by Dr. Domonique Rice, PhD, IMFT-S, a nationally recognized therapist, supervisor, and systems change leader with over two decades of experience in mental health, public health, and justice-involved care.

After working across correctional systems, government agencies, and nonprofit organizations, Dr. Rice saw the same gaps repeated:

- Mismatched client care
- Burnout from documentation overload
- Platforms designed by engineers not clinicians
- Lack of cultural responsiveness or therapist-centered design

TheraPay Now is the answer.

It's more than a platform, it's a movement to realign the therapy experience through smart tech, equity-driven values, and clinician-powered innovation.

PLATFORM OVERVIEW

What You'll Get During Beta

- AI Client Matching: Built to prioritize clinical fit, communication style, cultural preferences, and outcomes, not just availability
- Smart Documentation Tools: Session notes, treatment plans, and custom templates
- Client Scheduling + Messaging: Streamlined portal with HIPAA-compliant communication
- Therapist Marketplace: Upload, sell, or share tools, guides, and client-facing resources
- Built-In Telehealth: Secure, reliable, and optimized for solo and small practices

BETA BENEFITS

As a Founding Therapist, you'll receive:

- Free, full access to all platform features
- Lifetime discount on future paid plans
- Priority onboarding and training support
- Direct input on product features, UI, and workflows
- Recognition as a Founding Contributor on your public profile

YOUR ROLE

Shape the future of therapy.

This beta isn't just access, it's influence. We're seeking clinicians ready to co-create with us. Your voice will help guide future development, including feature design, feedback loops, and equity-driven improvements.

OPPORTUNITIES FOR THERAPISTS

TheraPay Now isn't just software, it's a professional growth ecosystem.

During and after beta, you'll have opportunities to:

- Publish blogs, clinical insights, and original articles
- Sell digital therapy tools in our Marketplace
- Host CEU courses, workshops, and webinars
- Get featured through cross-promotion and therapist spotlights
- Track revenue and engagement for all contributions

ROADMAP: WHAT'S NEXT

After Beta, we'll be launching:

- Insurance & Medicaid Billing Integration
- Therapist Analytics Dashboard (retention, session trends, revenue)
- Expanded Directory Search by Specialty, Identity, & Language
- Direct Payouts for Marketplace Contributors
- Group Practice & Supervision Accounts
- National Speaker & Trainer Program for CE Providers

WHO THIS IS FOR

- Licensed therapists ready to test a therapist-first platform
- Clinicians looking for new income streams and thought leadership
- Supervisors, group practices, and trainers seeking visibility
- Organizations interested in partnerships, referrals, or content licensing
