

ECONOMIC IMPROVEMENT COUNCIL

Head Start Program Medical and Dental Services

Each Head Start child will receive speech, language, hearing, vision, developmental and social emotional screenings. Every child will also have a dental examination by a licensed dentist. Parents must accompany their child/ren to all medical and dental appointments. Parents are informed in writing of all scheduled appointments and follow-ups.

Health Services Include Medical and Dental:

1. Screenings and Examination

2. Parental Involvement in the health care process

3. Classroom Activities

4. Emergency Preparedness
