## EXPERT PANEL DISCUSSION

### **Mrs. SANJU KALADHARAN**

Research Scholar (Public Health)  
Amrita School of Business – Kochi Campus,  
Amrita Vishwa Vidyapeetham, Kochi, India

Globally, the rising issue of household medicine waste poses a significant challenge to sustainable development goals. Embracing the concept of medicine recycling, this involves the collection of unused, unexpired, or unwanted medications for responsible redistribution. The process entails establishing systems and infrastructure to ensure secure disposal, handling, and redistribution. Join Mrs. Sanju in a panel discussion exploring diverse aspects, including general perceptions of medicine recycling, regulatory and legal constraints in the Indian context, technological opportunities, channels for facilitating recycling, and fostering responsible consumer behaviour in using medicines. Together, let's unravel the intricacies of sustainable medicine practices.
