● Our Team of Professionals is offering Letters of Credit such as BG and SBLC

- A Letter of Credit is an official document that is typically issued by the importer's bank, but is only secure if you, as the exporter, meet all its strict conditions and deadlines. Worryingly, over 75% of world exporters who do their own Letter of Credit paperwork experience problems getting paid due to incorrect paperwork.
- How can we help?
- We are leaders in export documentation preparation and can take the hassle out of Letters of Credit for your business. Our team of experienced staff will use their strong relationships with all the major global banks to ensure that you receive payment on time for your exports. We deliver a fully managed, comprehensive service that conforms to Letter of Credit requirements with a view to securing payment for your goods.

Export Collection

Export Collection is a payment method frequently used in international trade. This type of transaction is also known as Cash against Documents (CAD), D/P for payments at sight or D/A for Documents against acceptance. In simple terms it is where payment is due at a future date.

1. How can we help?

- **We can assist by either creating certain documentation for you, the exporter, or you can use your own documentation, also obtaining any 3rd party documentation, followed by presenting documentation to your bank on your behalf.**

Open Account

- An open account transaction is a sale where the goods are shipped and delivered prior to the due date for payment.
-
- 1. How can we help?
- We can assist by either creating certain documentation for you, the exporter, or you can use your own documentation, obtaining any 3rd party documentation, followed by dispatch of documents to your client.

- Today it is more and more difficult and burdensome to open new bank
- accounts and foreign companies, moreover, banks ask for many
- documents and references that few have only. You must now take advantage of reserving the most important products and services for carrying out your business. Today it is necessary to have credibility in international business, with the right "visible" credentials, as the business world has become very difficult due to the pandemic and the numerous scams. New strong restrictions are on the way by the Central Banks in the world.
- Just book in advance by August and then pay in two months.
