Sable is the best you can buy (Golden Taklon is a good brand). Handle length is not important, but short is usually easier for beginners. No Bristle brushes – they are not soft enough for our uses. Winsor Newton University or Blick Scholastic are good options.
1 Smooth Surface 9x12 Gessoed Wood Panel. Flat OR with a cradle (wood frame on the back) are both acceptable.	\$4.00 to \$8.00	Surface for your painting. Do not buy canvas, buy a <u>smooth</u> , flat wood panel that has a label stating it has been “Gessoed.” Ampersand is a good brand.

Buying/bringing paint is optional. Enough paint will be provided for your subject in class. Gamblin or Winsor Newton <u>artist grade</u> are best. These tubes mix all the colors you will need for most paintings. Mixing brands is fine, so if one brand is not available in a color, buy a different brand. <b>Look on the back of the tube for the index number</b> corresponding to the numbers listed next to the paint colors on this list. Some colors have the same number...I explain why in class!  <b>PURCHASING YOUR OWN PAINTS ARE OPTIONAL</b> , but needed if you are going to paint at home between classes. Wait for sales to purchase them...some can be expensive but one tube goes a LONG way!
Palette Knife (OPTIONAL)	\$8 - \$60	Straight or bent works but a, narrow blade is best. (OPTIONAL)
