

If God Said It

Chicago Mass Choir

If God said it (If God said it)

I believe it (I believe it)

For I know (for I know)

He'll make it alright (He'll make it alright)

repeat several times

Oh trials come (trials come)

He said in this life you will have some trials

(trials come)

There'll be some time when your days seem like

night (trials come)

He said weeping may endure for a night

(trials come)

There'll be some nights your pillows wet with tears

(trials come)

There'll be sometimes when you feel so all alone

(trials come)

I tell you trials will come on this Christian journey

(trials come)

Sickness and pain will take all over your body

(trials come)

Oh, but if you hold out (He'll make you strong)

The Lord said He will make you strong, yes

(He'll make you strong)

All your test will be your testimony

(He'll make you strong)

I said all your test will be your testimony (He'll

make you strong)

Oh, He'll make me strong

(He'll make me strong)

Weeping may endure (for I know)

He'll make it alright

(He'll make it alright)

If God said it (He'll make it alright)

He'll make it alright (He'll make it alright)

repeat

Whatever you need (He'll make it alright)

He'll make it alright

He'll give you power

He'll give you power

He'll give you power

He'll make it alright

Have I got one witness

That the Lord made it alright

Can I get one witness

That the Lord made it alright

He'll bless your sould

He'll heal your body

Food on your table

He'll make it alright

If you believe

He'll make it alright

He promised me

If I just hold out

He'll make it alright

For I know (for I know)

He'll make it alright (He'll make it alright)

Do you know (for I know)

He'll make it alright (He'llmake it alright)
