Learn more about Eastern Catholic Theology

The 23 Eastern Churches that are in communion with the Roman Catholic Church are distinct in their liturgy, theology, spirituality, and discipline of church life. The Second Vatican Council urged the Eastern Catholic Churches to cultivate and promote their unique share of the tradition. The Eastern Catholic Theology in Action series responds to that mandate and features leading scholars in the field to offer their theological perspectives drawn from the wisdom of the Christian East. To broaden our understanding of the Catholic intellectual tradition, this series draws attention to the vantage points of Christians who worship, think, and pray in continuity with the first 1,000 years of the undivided Church.
