

CREATE PROGRAMS Inc.

Being an artsy-craftsy person and I believe everyone has a creative bone in their body. Crafting is easy because... it's creative! It's not supposed to look perfect—it's supposed to be handmade with love.

I enjoy creating projects that are current, fun, easy and suitable for adults, teens and children. I provide a variety of materials and resources for the individual to explore, manipulate and learn with. Also, I aim to ensure that teens learn dignity and gain a sense of usefulness to self and the larger community.

Feel free to visit my website, www.iCreatePrograms.com and Instagram account, **CreatePrograms**, and take a look at photos showing some of the presentations that have been a hit with all.

Presently, I provide my Art and Crafts services to more than 60 Libraries throughout Nassau and Suffolk Counties and I would love to bring my entertaining projects to your location too.

Please contact me by phone, email or on our website at your convenience with any questions. I hope to hear from you soon!
