

Anders Family Farm

Spring CSA • March 7 – May 23

What is a CSA? A CSA (Community Supported Agriculture) is a subscription where members purchase a share of a farm's harvest in advance and receive a box of fresh, seasonal food each week directly from the farm.

Fresh • Local • Non-GMO • North Carolina Grown

Greens, microgreens, fresh herbs, seasonal vegetables, and edible flowers are grown by Anders Family Farm.

Additional items are sourced from trusted local North Carolina farm partners.

Typical Weekly CSA Box (Feeds 2–4 People Generously)

- 5–7 items per box
- Hydroponic lettuces, fresh herbs & microgreens (no dirt, never dried)
- Seasonal vegetables & local fruit
- Items rotate weekly but stay consistent in size and value

Greens & herbs may include romaine (red/green), buttercrunch (red/green), green or red leaf, mizuna, basil, parsley, dill, mint, microgreens, and edible flowers. Vegetables and fruit rotate seasonally (tomatoes, peppers, squash, carrots, cucumbers, onions, corn, potatoes, radishes, beets, and local fruit).

Boxes are thoughtfully packed using what's freshest each week. Requests to exclude specific items may be made at sign-up.

Optional Meat Add-On

- 2 lbs pasture-raised meat weekly, rotating selections may include:

Ground beef • Chicken breasts • Pork
