

# WARNING

## FECAL CONTAMINATION OF BEACH WATER

Levels of *E. coli* in beach water are present (last tested on DATE) at a concentration where there is an elevated risk of illness from fecal contamination.

**THE BEACH WATER  
IS MOST LIKELY UNSAFE**

Contact with beach water is discouraged until *E. coli* returns to a safer level

Pets are discouraged from swimming in water near the beach

**EXPOSURE TO FECAL CONTAMINATION MAY CAUSE ILLNESS**

Call your doctor or veterinarian if you or your animals have sudden or unexplained sickness.

- This situation will be monitored closely, and additional monitoring and testing is underway.
